A friend recently showed me his DX Coins for VU4 and 3Y0X. Hadn't
seen them before. Went on-line to do a purchase but the DX Coins web
site is down. Is this still a going business? Any other place to
purchase these souvenirs? Thanks, Tony N2SS

Unless you do CW and live in a European city without a huge antenna for 160/80m.

So far they have totally ignored every mornig and afternoon opening to central EU on 15,17 and 20m CW and their morning appearance is infrequent at best.

Frustrating.

Hi everyone

Five members of Le Havre Radio Club (F6KOH) will be on Ile du Pilier on the 8, 9 and 10th of september, at a short distance of Noirmoutier Island (IN87TB 47�02,6N 002�21,6W) on the french Atlantic Ocean coast.

The "five magnificents"(operators) : F5IRC F1CNB F5UTL F5THW F5JPG :-P

This event will be valid for :

LH-0622 (Light Houses), EU-064 (IOTA), PB-032 (DPLF) and DFCF 85032 (French Castle and Forts).

The team will work on HF (80 to 10m) in phone, cw, PSK31.

Transmissions will begin after camp and station install on the 8th of september.

QSL manager : F6KOH via buro or direct.

More informations on : http://perso.orange.fr/shtsf.com/SHTSF/index.htm

Hope to meet you on the air.

73's

Gilbert RATS F4ASK
Vice Chairman SHTSF (F6KOH)

AMERICA IN DANGER of its own out-of-control Bio-Terror:
Is 1984 here? Or cripping...   God help us, blinded!
Originally Secret Bio-Aerosols are misused to HARM and Torture in U=2ES.A.

Our government needs TORTURE in U.S.?   See details below...
It has your VOTE, support? Abused...

CRITICS (political/social/cultural) are harassed and secretly persecuted
along with their KIDS in schools/colleges, especially, during tests/exams
(Think: Guantanamo "stress-positions" in the context of 1984-technologies)

Bio-Aerosols and aerosolized chemicals are used to cause:
- severe colds/coughs turning into bronchitis, eye irritation
- bacterial pneumonia/other pneumonia, shortness of breath
- surges of severe headaches, migraines, dizziness, etc.
- fainting collapses by symptoms-mimicking aerosols
- severe stomach pains (sharp, burning, nausea, etc)
- chest-wall pains, heart-muscle inflammations/trauma, etc.

WORSE:
- heart attacks under cover of second-hand smocking
- car crashes/accidents by Vertigo-causing aerosols
- liver/organ failure by small-dose toxins (trace-less?)
- cancer-causing/facilitating - months-long assasinations

This "Yushchenko syndrom" CAN destabilize NATIONs
Waste, Fraud, Cronism and Abuse in HomeSec/FBI
Fabrication of Believable Info/Manufacturing of accidents

U=2ES. mail IS polluted in "anthrax-like" manner to HARM critics
Libraries, airplanes, hotels, offices, buses, trains - all polluted!

A network of Secret Gas-Aerosol Rooms operated in US
(in Philadelphia, Narberth, Lower Merion, PA)
(in Wilmington and Newark, DE)
(in Hampton, Williamsburg and Richmond, VA)
AND ELSEWHERE.... details below...
Bio-aerosols used to hurt and simulate panic attacks, etc.!
Soviets locked critics into nut-houses, now WE do the same!
Symptoms-mimicking aerosols do HARM, weak or ill people.

Say "Stop, I care" - call Senate (202) 224-3121
House of Representatives (202) 225-3121
What IS going on in America? *Print and Post*
Manufacturing of FEAR to grab more Power and Money, of course.

Big Brother spins protection...
And fear is used to clamp.
Democracy needs action!
On which side do you stand?

Looked at this?!! Go to Google/Yahoo newsGroups:

TORTURE IN USA: Secret Aerosol Rooms

US Scientist needs legal help dealing with the secret aerosols rooms (SARs) operated illegally in Philadelphia area, Newark (DE), Hampton and Williamsburg (VA) and other places. Highly volatile aerosols with and without bacterial content cause dry cough, airways a...

Full text was at:
http://buyit.philly.com/findit/search/results.jsp?catId=3Dkrd_philenqda...

This was a new on-line ad placed in Philadelphia Inquirer and Philadelphia Daily News on www.philly.com (see full text below) It was about the secret aerosols rooms in US. One could find it by searching "secret", say, in the ad section of philly.com.

Democracy can not function effectively without the informed public. As a former NASA Langley scientist working in the area of nanotechnology and nanoscale particles, I have been recently exposed to the establishment of secret gas-aerosol rooms inside of United States, at least in the Mid-Atlantic region (from Philadelphia to Virginia). First, the highly irritant aerosols have surfaced at the NASA Langley Research Center in several safety accidents. Investigations were blocked, probably, because of lack of Congressional approval for such financially-lucrative research at NASA. Later, these aerosols had been encountered outside of NASA in Virginia, Delaware and Pennsylvania.

This points out to yet another proliferation of originally-sensitive technologies into domestic American life to hurt and harass people without a proper oversight and much control. This amounts to torture, extra-judicial prosecution and authoritarian intimidation tactics. The use of such irritants and the operations of the secret gas-aerosol rooms are gross violations of human and constitutional rights of American citizens and various domestic and international laws.

-------------------Full text of an ad from Philadelphia's philly.com-------------------------

TORTURE IN USA: Secret Aerosol Rooms

US Scientist needs legal help dealing with the secret aerosols rooms (SARs) operated illegally in Philadelphia area, Newark (DE), Hampton and Williamsburg (VA). Highly volatile aerosols with and without bacterial content cause dry cough, airways and eyes irritation, chest pain and inflammation. FBI and Homeland Security associates are likely operators of SARs, while collaborators may be hotel staff and landlords, who get financial/material or other incentives. US citizens and kids are victims.

Torture is any act by which severe pain, whether physical or psychological, is intentionally inflicted on a person as a means of intimidation, deterrence, revenge, punishment, sadism, or information gathering. At times, medicine and medical practitioners have been drawn into the ranks of torturers, either to judge what victims can endure, to apply treatments which will enhance torture, or as torturers in their own right. http://en.wikipedia.org/wiki/Torture

America in Danger!

     America in danger -
The vice is NOT impeached.
     America in danger -
The public trust is breached.

Big Brother spins protection
    And fear is used to clamp.
Democracy needs action!
    On which side do you stand?

   Which side are you on, boys?
   Which side moves you on?
   Which side are you on, girls?
   Which side did you wrong?
                    (Chorus after F. Reece)

Your church is burned by haters.
       The priests to go to jail?
Your dreams are cheyned by traitors,
       But hope still shines through veil.

Dust rooms came back to gas us
       With neo-Naz (or Con) embrace...

New immigrants do make US!
And not the SSuper-race...

***

The Government of Torture

Our government needs TORTURE?!
It has your VOTE, and, now, support?
But peace (not vice) needs steady nurture
And trustful words of calm rapport.

Beware of loud, but FALSE, ideas
That flame a thirsty hellish torch.
Protect the old and true ideals
And Constitution's civic urge.

Yes, torture IS a hellish torch -
In bloody hands, a blinded sword,
With Constitution used to forge
All laws on rights as mere absurd!

Remember victim's silent cry
And SEE the Christ in all of us.
Don't let your government to spy
And torture with some bio-dust.

There is NO good use for evil torture!
No matter how the need is spinned
By Nixon's men, as bloody sergeants,
While truth is painfully re-skinned.

V. Haryk-Bukovynsky   =A9 VMH

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, ARRL DX Bulletin, K1XN & GoList, NG3K, W3UR & The Daily DX, KP4JRS, N4AA & QRZ DX, W4ZV, WW5L, K8YSE, WZ8C, W0CG, Pete's-DX-Newsdesk, 9M2TO, DK8JB, DL4KQ, DL5AUA, F5NQL & UFT, F6FQK, G0YLM, HB9PL, I1JQJ/IK1ADH & 425 DX News, PA5R, RSGB IOTA, VA3RJ & ICPO and VU2MYH for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 3rd/September, through Sunday, 10th/September there were 206 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4U1I, 4X, 5B, 5H, 5N, 5R, 5V, 5W, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9V, 9Y, A2, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, E3, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, EU, EX, EY, EZ, F, FG, FH, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J3, JA, JD/o, JT, JY, K, KG4, KH0, KH2, KH6, KL, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TK, TR, TT, TU, UA, UA2, UA9, UK, UN, UR, V2, V3, V5, V8, VE, VK, VK9N, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZF, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

4X4/4X70/4Z70, ISRAEL (Special Event). Members of the Israel Amateur Radio Club (I.A.R.C) are hosting a special event museum station honoring 70 years of radio in Israel. The special event station, 4X4IRS, is located in the Holon Gallery of Design & Arts which presents a wide collection of old radios (broadcast), along with a modern FM local radio station. The activity started on August 15th, but will run until September 30th. Most of the operations have been on 20 meters CW, SSB and RTTY. QSL via 4X6ZK.

ADDED NOTE: Also, look for the I.A.R.C to activate 4X70R and 4Z70R to commemorate 70 years of Israeli broadcast ("Kol Israel"-Voice of Israel). The activity will last 2 weeks during mid October 2006 (1600z, October 7th to 2400z, October 21st). Activity will be on 160-10 meters including the WARC bands, CW, SSB and digital modes. QSL via 4Z4TL.

5H, TANZANIA. By the time you read this, John, K1JD, will be on an African Safari in Arusha, through September 19th. He hopes to be active as 5H2JD in his spare time. Activity will be limited to mostly his late afternoons around 14025, 10120 and 7025 kHz. QSL via his home callsign.

9H, MALTA (IOTA/Lighthouse Op). Jo, DL5AUA, will be active as 9H3JC from the Island of Gozo (EU-023), October 23rd to November 2nd. This will be a vacation. Activity will be on all bands and on CW/SSB using 100w and wire antennas. Operations will be close to the Lighthouse-Street of Ghasri (Giordan Lighthouse, ARLHS MLT 003). QSL via DL5AUA.

9M0, SPRATLY ISLANDS. Members of the Malaysian Amateur Radio Transmitter's Society (MARTS) are going to Layang Layang Island betweem March 9-20th (2007). They plan to be active on all bands and modes, with 2-4 stations active 24 hours a day. A total of 20 operators will be there. Operators mentioned are Phoa/9M2KT, Chow/9M2CF, Tex/9M2TO and some JA operators. More info will be forthcoming.

C6, BAHAMAS. Art, N3DXX, will be active (callsign not provided) during the CQWW DX CW Contest (November 25-26th) as Single-Op/All-Band entry. QSL via KN5H.

C9, MOZAMBIQUE (IOTA Op). Marq, CT1BWW, will be active as C91BWW from Maputo, between October 3-7th. He is expected to fly to Bazaruto Island (AF-072, WLOTA LH-0816), in the Inhambane Province, for a one week vacation as C98BWW between October 7-14th. Marq will be using a TS-480SAT, Spiderbeam (5 bands) and a Force12 vertical XK40. QSL via his home callsign. More information can be found at: http://www.geocities.com/c98bww/

E5, SOUTH COOK ISLANDS. Ken, ZL4HU, is now active as E51KH from Rarotonga (OC-013) until September 22nd. Activity will be mainly 20 meters SSB. He was heard this past week on 14201 kHz after 0630z. Ken stated he was using only 60 watts into a dipole.

FO, FRENCH POLYNESIA (IOTA Op). Pierre, F5JFU, wil be active as FO/F5JFU from the French Polynesia between October 21st and November 19th. He plans to visit three IOTA islands while there: Tahiti (IOTA: OC-O42, DIFO FO-002), Moorea (IOTA OC-046, DIFO FO-010) and Bora-Bora (IOTA OC-O67, DIFO FO-003). Planned activity will be on 20/15/10 meters (possibly 40m) with 100w into a vertical and wires, on CW/SSB and maybe RTTY. Pierre will pay special attention to Europe and French station needs. This will be a holiday style DXpedition (tourism oriented), so don't expect too much activity during his daytime hours. QSL via his home callsign, either by the Ref-Union Bureau or direct (w/SASE + IRC) to F5JFU at: Pierre Desseneux, Le Bourg, 58140 ST. Martin du Puy, FRANCE.

IOTA NEWS....................

EU-008. Members of the Workington and District Amateur Radio & IT Group (MX0WRC) will be active as MS0WRC/P from the Edinbane Cottages, Isle Of Skye (IOSA NH-07, SCOTIA CN-14, WW Loc. IO67SL, WAB NG35), Inner Hebrides), between September 30th and October 7th. Operators mentioned are Steve/G0MTD, Mark/2E0MAX, Brian/G0OMB and Paul/M1PAF. Activity will be mainly on the HF bands, 80-10 meters CW, SSB and digital modes. QSL via G0MTD, by the RSGB Bureau or direct to: Stephen Topping, 7 Beckstone Close, Harrington, Workington, Cumbria CA14 5QR, England - U.K.

EU-048. Chris, F8EUK, will be active as F8EUK/p from Houat Island (AT-016 for the French Islands Award) sometime between September 10-17th. He is on holiday, and radio will be at the bottom of his list. He states, "The beginning and the end of activation are not sure; listen for me between these two dates on 30m, 20m, 17m and 15m essentialy on CW. May be a little SSB on 20m. RTX FT 857D Power 100w with multi doublet and vertical antennas, made home. All QSOs will receive a QSL, which will be edited specially for this activation."

EU-052. Marco, IK1RAE, will be active as SV8/IK1RAE/p from Corfu and Paxoi Islands between now and September 16th. The suggested frequencies are: 7045, 14245, 18145 and 21245 kHz.

EU-088. Bernd, DL8AAV, will be active as OZ/DL8AAV/p from Laeso Island (NK-003 for the Danish Islands Award), September 17-30th. His activity will be on 80-10 meters CW and SSB. QSL via his home callsign.

EU-120. Just a reminder! Members of the Chippenham and District Amateur Radio Club will be active next weekend as GB2LI from Lundy Island off the coast of Devon, September 16-21st. They will operate SSB, CW and FM on HF and 2 meters (the generator will be off between 2300 to 0700 local time). Visit their Web page at:

http://g3vre.org.uk/

EU-123. Michael, GM0PHW, will be active as GM0PHW/p from Inchcolm Island (IOSA FF-06, SCOTIA CS-07), Firth of Forth, October 7-8th. Activity will be on 40-10 meters SSB only. A special QSL card will be printed for this operation. QSL is direct only to GM0PHW: Michael Whitehead, 185 Allanton Road, Allanton Shotts ML7 5AX, Scotland, UK. More information can be found at:

http://www.hamcall.co.uk/

NA-066. Members of the Palos Verdes Amateur Radio Club (K6PV) will be active from Two Harbors on Santa Catalina Island (USI CA-016S, Los Angeles County, California), the afternoon of November 12th through the morning of November 15th. Activity will be on 40/20 meters SSB, on the usual IOTA frequencies (mainly 14260 kHz). QSL direct to K6PV (w/SASE) at: Palos Verdes Amateur Radio Club, PO Box 2316, Palos Verdes Peninsu, CA 90274. Visit their Web page at: http://www.palosverdes.com/pvarc/index.htm

J2, DJIBOUTI (Update). Last week we mentioned that Jean-Claude, J28JA, who will be here for about the next two years, has been very active mainly on 20/17 meters CW (with some SSB) between 1330-1400z and again after 1800z. He is expected over the next few months to be active on the lower bands (160/80m). Jean Claude regrets the poor propagation at this time from Djibouti, but he is trying to be on the other bands as often as possible. QSL via F5JFU: Pierre Desseneux, Le Bourg, 58140 ST. Martin du Puy, FRANCE.

JT, MONGOLIA. Czech operators Zdenek/OK1CCK, Josef/OK1ES, Milan/OK1FM and Josef/OK1XC will be active as JT800OK from Ulaan Baatar, now through October 8th. Activity is planned for 160-10 meters CW, SSB, RTTY, PSK31 and SSTV. QSL via OK1XC. Over the past weekend the team was heard on 20/17 meters. Visit their Web page for pictures and online logs at:
http://www.shop73.com/jt800ok

KP4, PUERTO RICO (NA-099). Heiko, DL3VFN, is currenltly planning to be active as KP4/DL3VFN from Vieques Island, between December 28th and January 1st. No other details are available at the present time. QSL via DL3VFN, bureau preferred (no e-QSL) or direct to: Heiko Meier, Rittergutsweg 5, Zwoenitz, D-08297, GERMANY.

LX, LUXEMBOURG. Members of the Dutch Amateur Radio DX & Contest Group will be active as LX/PA6Z from Wiltz between September 30th and October 7th. Activity will be on all bands from 160-10 meters on CW, SSB and PSK31. Special attention will be payed to the WARC bands, 160m, 136 kHz and PSK31. They will try to be active on as many bands as possible for 24 hours a day. This year they will also activate the 136 kHz amateur band on CW, DFCW and QRSS (3-5 sec/dot). The suggested frequencies are around 136.5 kHz �QRM for CW and 137.7 kHz for DFCW/QRSS with RX �60Hz from TX QRG. The callsign on DFCW and QRSS will be LXPA6Z (so without /). Operation will be pure random, so no skeds in advance! QSL is via PA1K. Operators mentioned are: Herman/PA0TEN, Arend/PA2AWU, Frans/PA5CA, Jelmer/PA5R, Peter/PA2PKZ, Dick/PA4VHF, Marcel/PA9M and Harry/PA1H. For further information, visit their Web site at: http://www.pa6z.nl
During the activation there will be an online log running that will be updated once per day.

PJ2, NETHERLANDS ANTILLES (Ops Wanted!). Geoff, W0CG/PJ2DX, is looking for operators for the CQ WW SSB Contest (October 28-29th). The callsign will be PJ2T and they plan to be a Multi-Single (possibly Mult-2) entry in the contest. The station is located on Curacao. Information about the station is available at: http://www.pj2t.org
If interested, contact Geoff at: ghoward@kent.edu

Tom, WW5L, announced that anyone who has QSLed direct to him for his June and July C91TL operation, all cards received direct have been answered. He states, "So far no bureau cards have been received."

The CZECH HAM RADIO DX FOUNDATION (OKDXF) is the QSL Manager for the following stations: 3D2KT, 3D2TN, 3V8BB (April 1996), 3W50K, 5W0VD, 5W0VV, 5W0SZ, 9K2/OK1TYM, AH8K, AT0VLH, E4/OK5DX, FO0/OK1KT, FO0/OK1TN, FO0/OK1VD, FO0/OK5DX, IH9/OK5DX, IH9/OL7N, IH9/OK1TN, IT9/OK1TN, J41YM, J8OK, J8OB, KP2/OK1CW, KP2/OK5DX, KP2/OK1DXB, KP2/OK1TN, KP2AD (November, December 1998), M0/OK1TN, OD5/OK1MU, OH/OK5DX, OZ/OK5DX, S21/OK1FWC, SM/OK5DX, SO7TN/1, SO7TN, SV/OK1YM, T00TN, TA2ZW, YM2ZW, ZA/OK5DX, ZA/OK1TN, ZA9A, ZK1KTT, ZK1TNN and ZS/OK1TN. The OKDXF Web page is available at: http://www.okdxf.cz/e_index.php

KH8SI QSL STATUS. Many reported last week that they have received their KH8SI. A very quick turn around.

QSL ROUTES FOR YZ6AMD. QSOs with Nikola, YZ6AMD, from the Republic of Montenegro, can now be QSLed to QSL Manager EA7FTR for contacts after September 1st, 2006. QSOs before that date or all contacts on UHF and VHF bands must be QSLed direct to YZ6AMD at: Nikola Ilic,
Branka Copica 16, 85340 Herceg-Novi, Republic of MONTENEGRO.

SPECIAL EVENT. The French Ham Expo will be held once again in Auxerre, Burgundy, from September 23rd to October 6th. French Ham Expo is said to be one of the most important ham meetings in Europe other than Friedrichshaffen. This year's special callsign, TM3NV, will be aired by the Yonne area hams, to remember Antoine, F3NV, former past President of the 89th Yonne Division of the National REF-Union. Activity will be on 160m-70cm, WARC and 6m included, using CW, SSB and digital modes. QSL via F2WS, direct or by the bureau.

TK, CORSICA ISLAND. Operators Tom/HA4DX and Laci/HA0HW, will be active from here between November 2-10th. Activity will be on all bands (also 160m), CW, SSB, RTTY and PSK31.

TP20, FRANCE (Special Event). The Council of Europe Radio Amateur Club (CERAC) will be active between September 29th and October 1st, using the callsign TP20CE. Activity is to celebrate the 20th anniversary of the creation of the Radio Club. QSL via F5LGF. Visit the CERAC Web site at:
http://www.coe.int/t/e/tp2ce

TU2, COTE D'LVOIRE. Jean Luc, F5LDY, is now active as TU2/F5LDY from

Republic of Ivory Coast until about September 2007. He reports that the authorities of the Ivory Coast do not allow a full TU callsign unless your stay is longer than 2 years, so they authorized him to use the callsign TU2/F5LDY. According to the Web page listed below, Jean Luc's station is composed of a FT1000 MP with a vertical Cuschcraft R7, a G5RV full size, and a long wire for the 160m. Here are his suggested frequencies (if propagation permits):

CW - 1818, 3508, 7008, 10108, 14008, 18078, 21008, 24908 and 28008 kHz
SSB - 1848, 3748, 7048, 14248, 18148, 21248, 24948 and 28448 kHz
6m - No activity.
RTTY - An interface made by F5KEE, Jean Luc will be active from time to time. No frquencies provided.

Visit the following Web page for update, logs and pictures, at:
http://f5kee.free.fr/tu2-f5ldy/tu2ldy.htm
QSL Manager is F1CGN; by the Bureau or direct: Plet Fabrice, 58 Avenue Rene Lebail, 91210 Draveil, FRANCE.

V3, BELIZE. You still have a few days to work "The Glass Arm DXpedition" from Placencia, Belize, until September 13th. Operators will be using straight keys for the entire operation. Look for: Nancy WZ8C/V31AN, Cal WF5W/V31EA, Eddy K5WQG/V31MR and Bill WB5IUU/V31UU. QSL via the FISTS QSL Bureau.

V5, NAMIBIA. Pierre, HB9QQ, will once again visit Namibia and be active as V5/HB9QQ between now and September 30th. He plans to activate the WARC bands (30/17/12 meters). His mode of activity was not mentioned. Equipment to be used: FT-897D, Dipole by "Kelemen" for 30/17/12m. QSL via HB9QQ.

VP2M, MONTSERRAT (NA-103). Gordon, G3USR, will be active as VP2MSR between October 26th and November 2nd. His activity will be limited because Gordon will be on a holiday and not a DXpedition. Using only 100w and a modest antenna, look for him mostly on 40 and 20 meters SSB only; normal IOTA frequencies preferred. QSL via G3USR, by the RSGB Bureau or direct to: Gordon Rolland, The Lodge, 3B Reeves Lane, Wing, OAKHAM, Rutland, LE15 8SD, England - U.K.

VU, INDIA. Bill, W4ZV, reports that Kumar, VU2BGS, was heard this past weekend (Saturday) on 160 meters (Topband) again. He is still running 70 watts but has improved the radial system for his 10m vertical. Watch for him Saturdays beginning at 2100z.

VU7, LAKSHADWEEP ISLANDS. The National Institute of Amateur Radio (NIAR) sent out the following press release: HAMFEST - VU7, January 15-25 2007.

"NIAR is pleased to announce activities of the #2 Most Wanted Entity, VU7-Lakshadweep, in January 2007. The Government of India conducted a meeting of Inter-ministerial representatives with NIAR in New Delhi and gave in-principal approval for VU7 operations. However formal approval will come later by November 2006.

We are planning to operate as VU7RG (Subject to WPC of DOT Govt. of India agencies to this call) from 3 excellent equipped and well organized sites from 15-25 January 2007. Late Mr. Rajiv Gandhi VU2RG former Prime Minister of India had encouraged Amateur Radio in India. His wife Mrs.

Sonia Gandhi VU2SON is now the leader of UPA in Government in India. It is appropriate this call sign is used.

A group of approximately 70 multinational and 30 Indian Hams are expected to travel from Kochin, India, by boat to Lakshadweep on or about January 12th.

An International Advisory Committe (IAC) is constituted under the Chairmanship of Mr.S.Suri, VU2MY to organise the event successfully. The IAC has broughtout an Memorandum of Understanding to be agreed by participants for better coordination during VU7 operations. (A copy of the same is enclosed.)

A Sub-Committee is constituted by International Advisory Committee with Mr. Frank Rosenkranz DL4KQ, as Chairman, Ms. Kyoko Miyoshi JR3MVF, Mr. Martti Laine OH2BH, Dr. Glenn Johnson W0GJ as members, Mr. S. Ram Mohan VU2MYH as convenor. This Committee will deal with requirements/coordination of all international participants of VU7 operations.

More details will be released exclusively by NIAR as plans and details firm up (www.niar.org) and an official webpage will be set up soon.

We request your kind support and participation to make VU7 activity a successful event. Regards, S.Ram Mohan, VU2MYH"

WP4, PUERTO RICO. Members of the "Trujillo Alto Contest Club WP4WW", will operate as WP4BH during this CQWW DX SSB Contest (October 28-29th) as a Multi-Multi entry. Operators mentioned are: Tomas/WP4BH, Nestor/WP4BL and Jose/KP4JRS. QSL via WP4BH direct, Bureau and LoTW.

Hi everyone

Five members of Le Havre Radio Club (F6KOH) will be on Ile du Pilier on the 8, 9 and 10th of september, at a short distance of Noirmoutier Island (IN87TB 47�02,6N 002�21,6W) on the french Atlantic Ocean coast.

The "five magnificents"(operators) : F5IRC F1CNB F5UTL F5THW F5JPG :-P

This event will be valid for :

LH-0622 (Light Houses), EU-064 (IOTA), PB-032 (DPLF) and DFCF 85032 (French Castle and Forts).

The team will work on HF (80 to 10m) in phone, cw, PSK31.

Transmissions will begin after camp and station install on the 8th of september.

QSL manager : F5IRC via buro or direct.

More informations on : http://perso.orange.fr/shtsf.com/SHTSF/index.htm

Hope to meet you on the air.

73's

Gilbert RATS F4ASK
Vice Chairman SHTSF (F6KOH)

It's like real estate. Location, location, location, and of course the

brand, if it is in direct sunlight, buried, or what have you. The coax might go anywhere from 10 to 25 years. Not much of an answer, but it is in the ballpark..Big ballpark there.

Hello,

Is there anybody who has received the QSL of YV0LIX-expedition ?

Still waiting a few months !!

YX0LIX-cards sponsored and printed by ICOM in Japan,
and will be going out as soon as KU9C gets them.

Recently I sent E-mails to foreign hams about responses to 80 meter QSL's that I sent out 6 to 12 months ago. The responses were good. Most didn't receive my QSL and one said that he had not sent out any yet but was going to soon. These included no DX-peditions.

I have in my mind that this would be a good thing to do on a regular basis (again, big DX-peditions excluded). It looks to me like 6 months is a good point to do this but I wonder what some of you think???

If you sent direct, 6 months is probably long enough wait. If you had sent
via the bureau, that is way too soon to make a query.

Six months is probably good for individuals. I would wait a little
longer for Dexpeditions. Perhaps nine months. I only have one
Dexpedition out more than nine month.

the QSL bureau can be very slow as can some stations before they reply.  I
routinely
receive bureaucards which have been travelling up to 4 years but sometimes
roundtrip takes
only a few weeks.  It depens wethere the bureau uses burro service or not.  Be
patient and
carefull what you write, your card may not arrive for another few years.  Longest
a card
for me took is 25 (twentyfive) years and looking at the writing and discoloring it
was
written 25yrs ago.

Many thanks for the replies to my post. I wanted a few other opinions and I had hoped for some from DX stations also but that didn't happen.

I believe that I will follow the 6 month elapsed time for a follow-up query. I am mainly concerned right now with 80 meter DX contacts. (very hard to get from the Midwest - every one is gold) and of course new countries. DXpeditions take longer and should be allowed longer time before a query. I just did some calculations and find that I get over 92% replies within 6 months. The other 8 percent are received within a year or never come.

Bureau is an entirely different matter and I never use it if I really need something but I do respond to any bureau requests. Over the last 20 years I have lost a lot of confidence in QSL'ing through the bureau. I don't do E-QSL's yet but do use LOTW. I can see that by using the combination one could get the QSL from one and the credit through the other. Hopefully they will both continue to grow. I don't even want to know how much money I have given to the mail thieves over the years. I sure welcome the new methods of QSL'ing though.

Again, tnx for your inputs, Trav, WX0Y

Ohio/Penn DX Bulletin No. 776

The Ohio/Penn DX PacketCluster
DX Bulletin No. 776
BID: $OPDX.776
September 18, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, AA1M, K1XN & GoList, WB2YQH, WV2B, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K8YSE, Pete's-DX-Newsdesk, 9A6AA, CX5BW, DK8JB, DL4KQ, DL5EBE, EA7FTR, F5NQL & UFT, F5SDD, HA1AG, HA5BWW, I1JQJ/IK1ADH & 425 DX News, LZ1ZF, OH2BH, OH2BN, OZ5AAH, PS7AB, PY5EG, RSGB IOTA, SM3CXS, VE2TKH, VA3RJ & ICPO, VE3ZIK and YT6A for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 10th/September, through Sunday, 17th/September there were 215 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4U1I, 4U1U, 4X, 5A, 5B, 5H, 5N, 5R, 5U, 5V, 5W, 5X, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9N, 9U, 9V, 9Y, A2, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, EU, EX, EY, F, FG, FH, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, JA, JD/o, JT, JW, JX, JY, K, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OJ0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, S5, S7, S9, SM, SP, SU, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TJ, TK, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V8, VE, VK, VK9N, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW, YA, YB, YI, YK, YL, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

4O3, MONTENEGRO. During this past weekend you may have heard Martti, OH2BH/4O3B active on a variety of bands, including an entry in the Scandinavian Activity Contest. This activity will continue through Monday morning. QSL 4O3B via OH2BH.

4U1UN, UNITED NATIONS HQ. As this was being typed Sunday morning, 4U1UN was active on 20 meters RTTY. According to "The Daily DX", the operators are LA5IIA, JR3EDE and JJ2RCJ. Activity is to be on CW, SSB and RTTY on the HF bands. Length of their activities is unknown.

5R8, MADAGASCAR (AF-057). Willi, DJ7RJ, will be operating from 5R8-land from October 1-27th. No callsign has been assigned yet, but he plans to be using all bands 160-10 meters CW and SSB. QSL via his home callsign.

9A, CROATIA. Zrinko (Zik), VE3ZIK, will be once again active from here between September 15th and October 1st with callsign 9A/VE3ZIK. He will use all HF bands, CW, SSB and possibly PSK31. Also, he will try to be at least one day active from some of IOTA Islands in the EU-170 group (in that case, he will use callsign 9A/VE3ZIK/p). QSL via DL3PS (don't send QSL via VE3 bureau because he will receive those QSL cards with very big delay). No e-qsl, no LotW. Also, you can request your QSL card at his E-mail address at: zik@tiscali.de

9A, CROATIA (IOCA Ops). Operators Chris (9A/DL9CHR), Georg (9A/DL1GEO), Heli (9A/DH1ABC), Wolfgang (9A/DJ3MWB), Wolf (9A/DG0DE) and Emir (9A6AA/p) will activate various Croatian islands in the EU-170 IOTA group between October 7-14th. Activity will be on 20 and 40 meters SSB. More information about IOCA activities can be found at: http://www.inet.hr/9a6aa/iocaplan.htm

ANTARCTICA ACTIVITIES........

Look for Adam, K2ARB, to be active as KC4/K2ARB, from Patriot Hills Base starting from November 3rd through January 28th, 2007.

Alex, R1ANC/UA1ZCK, from the Vostok Base, is active for Europe every day from 0600-1000z on 14146 or 14152 kHz beaming over the North Pole. QSL via RU1ZC.

Oleg, R1ANF/UA1PBA, will depart for Jubany this upcoming Wednesday. Please listen for LU/R1ANF. More details are forthcoming. QSL via RK1PWA.

CX, URUGUAY. Pedro, CX5BW, informs OPDX that he and a couple of friends will activate the special callsign CX0TTY from his station during the CQWW DX RTTY Contest (September 23-24th). QSL Manager is CX5BW (QRZ.com).

EA1, SPAIN (Attention Police Award Hunters). Ben, OZ5AAH, will activate another International Police Association Radio Club (IPAC) country. Look for him to be active as EA1/OZ5IPA from Vigo September 28-30th. Activity will be on CW and SSB. QSL direct to his home callsign only. Visit the IPARC Web page at: http://www.iparc.nl/

EF8, CANARY ISLANDS. Edu, EA8AUW/EC8AUA is expected to be active as EF8A in the CQWW DX RTTY Contest (September 23-24th) as a Single-Op/Single-Band (20M)/High-Power entry. QSL via EA8AUW, by the Bureau or direct.

EY, TAJIKISTAN. Nodir, EY8MM, will be active in the CQWW DX RTTY Contest (September 23-24th), as a Single-Op/Single-Band (20m)/High-Power entry. QSL via K1BV.

FT5X, KERGUELEN ISLANDS. Gildas (Gil), TU5KG, who has been active as

FT5XP/mm in the Austral Sea (in Southern Indian Ocean) on a fishing boat near/around the Kerguelen Islands. He is expected to be active for two days from Kerguelen Islands as FT5XP during the first week of November. QSL via F4EFI.

HA100, HUNGARY (Special Event). Look for special event station HA100RADIO to be active until September 30th. Activity will be from Budapest on all HF bands, mostly on the CW mode. QSNs show this station was on 40/30 meters this past week. Operations are to celebrate the first telegraph connection in 1906. It was established by the means of spark telegraphs between a land station installed in Fiume Bay (today called Rijeka Bay) and a station built on a ship in Ancona, Italy. QSL cards are available via the Hungarian QSL Bureau (HA5KHC) only.

IOTA NEWS...............

AS-158. Operartors Fan/BA1RB, ChenXi/BD1WC and BD1NNI will lead a team to Guang Lu Island and be active as BY1TX/2 between October 1-5th. Activity will be on 80-10 meters. They will focus on the low bands especially 80m and 30m. It's expected 50% CW, 35% SSB and 15% RTTY on the operating mode. QSL via EA7FTR.

EU-170. If you heard and worked 9A1C this past week, it was members of the radio clubs "Karlovac" and "Duga Resa" that were activating Zut Island (CI-154). They were also planning to activate some of the islands around Zut Island (for the first time the Islands of Babuljas Mali, CI-605, and Ravna Sika, CI-606).

EU-176. Operators Anders/SM3XGV, Classe/SM3GSK, Jorgen/SM3CXS and Staffan/SM3JGG will be active as SG3U from Grimskar Island starting at 1600z on September 22nd to 1100z September 24th. Activity will be on CW/SSB. QSL preferably via the Bureau.

J7, DOMINICA. Just a reminder that operators Karl/N1DL and George/W4LFK will be operating from the Commonwealth of Dominica from September 21-27th. They will operate on all modes with their callsigns J79DL and J79MD but during the RTTY Contest they will use the special callsign J7R from IOTA NA-101. QSL to N1DL: Karl Geng, 285 Grande Way #1803, Naples, FL 34110, USA.

LZ26, BULGARIA (Special Event). Members of the Balkan Contest Club (LZ1KZA and LZ5A) will once again activate the special callsign LZ26ZA between October 1-31st. LZ26ZA counts 10 points for "St. Teodosii Tyrnovski Award" (http://www.balkanclub.8m.com). QSL via the bureau or direct to LZ1KZA: Balkan Contest Club, P.O. Box 36, 4300 Karlovo, BULGARIA.

4O3T QSL STATUS. Ranko, YT6A, 4O3T QSL Manager, reports [edited]:

"As you all know, 4O3T did about 120,000 QSOs. After the festival, we needed some time for collecting photos and designing 9 different QSL cards. Now QSLs are in the printing process. As our QSL policy demands absolutely ONLY EXPERIENCED HAMs are in our QSLing process, it means that we will need hundreds and hundreds of hours for carefully checking of each QSL received and replaying. 4O3T QSL team will make it on highest level possible.

Delivering of all QSLs will start from beginning of October and will take some time. We will display on WEB all information about callsigns, whom and when we send QSLs, and from whom we received QSLs. All bureau QSLs will be sent in two months, too. Thanks to all of you for working us and for understanding. I understand that QSL card is what you only need, but hope you understand that it has to take some time.....73."

FP/WV2B AND FP/VE1AAO QSL STATUS. Duane, WV2B, informs that any who has sent requests, the QSLs are currently being printed. As soon as they are received, requests will start being answered. The cards will be nice, Billy, VE1AAO is a good photographer. QSL FP/WV2B via QSL Manager KA3QLF, Scott. QSL FP/VE1AAO direct to Billy's home address. He is mainly a casual op and doesn't receive cards from the bureau. This was mainly a sightseeing trip for him, but he will answer the requests received direct. Duane has put a few pictures of their FP operation on the following Web site at: http://www.stpaulisland.net/fp2006.html

NEW HA BUREAU ADDRESS. Please note that the address of the Hungarian Bureau has been changed. The new address is: MRASZ QSL BUREAU, P.O. BOX: 144, H-1476 BUDAPEST, HUNGARY. This change was necessary due to the changes in the operational regulations of the Hungarian Post Offices. Please DO NOT send any shipment to the old address (MRASZ QSL Bureau, Box 214, H-1368 Budapest 5, Hungary).

NEW QSL ROUTE. Nenad, VE3EXY, is now the new QSL Manager for C31LJ (including his other prefixes). His old QSL Manager VE3GEJ became a "Silent Key" in May 2006.

QSL SA3C via SM3CZS. Operator was Christer, SM3CZS, using his new vanity callsign during this past weekend's SAC Contest.

VU4AN/VU3CHE QSL STATUS. Charles, K4VUD (VU3CHE/HS0ZCW), reports that his QSL cards are printed, and his dear wife is filling out replies to the incoming mail card requests this week. He mentioned that he received a batch from his son and his Texas address and those will be bulk mailed to his son for remailing in USA. Most incoming arrived in Thailand and those, of course, will be responded to via air mail.

WRTC2006 QSL CARDS. Oms, PY5EG, is pleased to inform that the QSL card for the WRTC2006 stations are printed and ready to be mailed. If you are interested to get a QSL card confirmation for any of the WRTC2006 stations please take a look at their Press Release 070/06 at:
http://www.wrtc2006.com/release70.html

S50, SLOVENIA (Special Event). The 45th International Federation of Railway Radio Amateurs (FIRAC) congress will take place in Ljubljana, September

21-25th. Look for special event station S50FIRAC to be active during the whole month of September. Activity this past weekend has been on 40/20/17 meters. QSL via S59DZL.

SILENT KEY. OPDX was informed that Gene Nadolny, W2FXA, became a "Silent Key" (SK) on September 10th, after a brief battle with cancer. A veteran DXer for over 50 years, he was a #1 DXCC Honor Roll member including the latest KH8 and 406 operations. He was also WPX Honor Roll CW and SSB, IOTA Honor Roll, WPX Honor Roll (#9 in the world) and 5 time Worked All USA County Hunter. He also operated from Bermuda as W2FXA/VP9 and was a Lighthouse enthusiast. He is survived by his wife Marie. His son is Bob, WB2YQH, also #1 DXCC Honor Roll member and DXer who said he taught me everything about the DX game. OPDX and its readers would like to send out our deepest sympathy to Gene's family and friends.

T8, PALAU. Operators Toshikazu/JE1SYN and Toshio/JP1IOF will be active as T88YN and T88AS, respectively, from Koror (OC-009), September 21-24th. They plan to have two stations on 80-6 meters CW, SSB, RTTY and FM. QSL via their home callsigns.

TM, FRANCE (Special Event). The French Naval Air Force air show will be held next weekend at Nimes-Garons. Look for special event station TM8ANG to be active during this event, September 22-23rd. QSL via F6KQK, bureau preferred.

VK6, AUSTRALIA. Operators John/VK6NU, Aleksandar/VK6APK, John/VK6HZ, Keith/VK6XH and Wayne/VK6EH will be active as VK6ANC in the CQWW DX SSB Contest (October 28-29th) as a Multi/Multi or Multi/2 entry. QSL via VK6NE.

VU7, LAKSHADWEEP ISLANDS. The official VU7 Web page is now available online at: http://www.vu7.in
Web site has interesting facts about the islands, but also information about the upcoming VU7RG operation.

XF4, REVILLAGIGEDO (Update). A Mexican and German team of operators are planning a DXpedition to Socorro Island (NA-030), in the Revillagigedo Islands group, to take place between October 17th and November 3rd. The announced callsign will be XF4DL. For a list of operators refer to OPDX.774. Activity will be on all bands, CW, SSB, Digital, EME and the satellites. The team is planning to operate with up to 5 stations with 3 of those 5 for 24 hours a day. Equipment to be used is mainly ICOM and YAESU transceivers, ALPHA 99 for amplifiers plus two FL2100B and transistor amps as spare. Antennas to be installed are Titanex Verticals for the low-bands, Spider-Beams and Cushcraft A3S as well as Phased Arrays for all others. K9AY loops and / or beverages are planned as low-band receiving antennas. Besides their low-band activity the main focus will be on RTTY (digital modes) and WARC bands. The planned operation site is near the air strip and will be optimum for North/South America, Europe and Japan. QSL via N6AWD for North-America, and DL9NDS for the rest of the world. Visit their Web page at: http://www.xf4dl.xedx.org/
As of to date, the landing and transportation permits from the Mexican Navy has already been sent to them (departure date from Manzanillo will

be either Oct 14th or 15th, 2006). The COFETEL has already assigned the callsigns XF4DL and XF4K, and the permits from the Environmental Agency and the Immigration Authority are ok as well. To help cover the high costs of nearly 10,000 USDs for this operation in addition to the air fares of the participants, air freight fees and the equipment they have to buy, they are depending on donation from clubs, companies, organizations and private persons. If interested in helping the team, send an E-mail to Juergen, DL8LE, at dl8le@darc.de or jsturhahn@vogt-electronic.com , or just phone at +49 8591 937110 (office) or +49 8546 973783 (home).

ZONE 2. Steve, VE2TKH, informs OPDX that he will be active as VY0ICE from September 9th, 2006, until May 30th, 2007, on Baffin Island (NA-047, CISA NT001) in the heart of CQ Zone 2. His QTH is Iqaluit, Nunavut. Activity will be on 80-6 meters depending on the conditions there in the Arctic. Modes will be SSB/CW for now. Antennas will be verticals and wire dipoles, with ACOM 1010 amplifier. Most of his activity so far as been on 20 meters CW/SSB at various times. QSL Manager is VIA DIRECT to VE2AWR.

ZV100, BRAZIL (Special Event). Look for special event station ZV100SD to be active from October 1-30th. Activity is to celebrate the 100th anniversary of the first flight in an airplane by the Brazilian Alberto Santos Dumont in Bagatelle, France. Activity will be on all bands. QSL via PS7AHR, direct or by the Bureau. Alberto was a gifted engineer who made valuable contributions to aviation. The airplane (designated 14 Bis) he flew was considered to be the first independent flight, self-propelled to take off, fly, and land without the use of catapults, high winds, launch rails, or other external assistance. This flight was the first public and officially observed from Aero-Club de France and took place on October 26th, 1906. For some more interesting information, please visit the following Web pages at:
   http://www.aerospaceweb.org/question/history/q0189.shtml (english)
   http://www.aeroclub.com/santos_dumont_14bis_14bis.htm (French)

Ohio/Penn DX Bulletin No. 777

The Ohio/Penn DX PacketCluster
DX Bulletin No. 777
BID: $OPDX.777
September 25, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, ARRL DX Bulletins, K1XN & GoList, KA1ZFE, K2FF, N2OO, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, W4MPY, K8YSE, KU9C, Pete's-DX-Newsdesk, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, JA1XGI, ON5KL, ON5NT, RSGB IOTA, TF3AO, TA3YJ and VA3RJ & ICPO for the following DX information.

** EDITOR'S SPECIAL NOTICE: This week's bulletin was sent out earlier than normal to accommodate the late CQWW DX RTTY Contest announcements. Also, we wanted to provide the readers with a consolidated listing of the CQWW DX RTTY Contest participants.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Friday, 15th/September, through Friday, 22nd/September there were 219 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4U1U, 4X, 5A, 5B, 5H, 5N, 5R, 5V, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A5, A6, A7, A9, AP, BV, BY, C2, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HC8, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J5, J6, J8, JA, JT, JW, JX, JY, K, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, R1FJ, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T32, T7, T8, T9, TA, TF, TG, TI, TJ, TK, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V8, VE, VK, VK9N, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW, XX9, YA, YB, YI, YJ, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B8, MAURITIUS. Members of a Slovak Contest Team will be active as 3B8/OM0C during the CQWW DX CW Contest (November 25-26th) as Multi-Single entry. QSL via OM2FY. Operators will be active before and after the contest between November 17-30th. Look for activity on the low bands, especially 160m and RTTY!

3DA, SWAZILAND. Operators Rhy/ZS6DXB, Daniel/ZS6JR and Toni/ZS6GF will be active as 3DA0WW during the CQWW DX SSB Contest (October 28-29th) as a Multi entry. QSL via ZS6DXB. More information will be released closer to their travelling date. Look for info on the following Web sites:

http://www.qrz.com
http://www.zs6dxb.bravehost.com

3XM6, GUINEA. Operator Serge, 3XM6JR, will be active in the CQWW DX RTTY Contest (September 23-24th). Operation class is not known. QSL via UA6JR.

4L, GEORGIA. Operator David, 4L1DA, will be active in the CQWW DX RTTY Contest (September 23-24th) as a Single-Op/Single-Band (20m) entry. QSL via W7LPF.

4O, MONTENEGRO. A group of Montenegrin operators will be active as YT6A during the CQWW DX RTTY Contest (September 23-24th) as a Multi/Multi entry. QSL via operator's instructions or use the address on QRZ.com.

8P2, BARBADOS. Dean, 8P6SH, will be active as 8P2K in the CQWW DX RTTY Contest (September 23-24th) as a Single-Op/Single-Band (20m)/High-Power entry. He will be running a KW to a 2-stack F12 C3E's and a 2-vertical array. QSL via KU9C, direct+SASE or by the Bureau. ADDED NOTE: Dean will also be active as 8P2K in the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (20m)/High-Power entry.

9Q, DEM. REP. OF CONGO. Just before going to press (1855z, September 22nd), Ghis, ON5NT, informed OPDX that he and others just received their official licenses from the Ministry of PTT in the Democratic Republic of Congo. Look for the following operators and callsigns sometime this weekend:

9Q1D - Gus, SM5DIC	9Q1TB - Phil, F5LTB
9Q1EK - George, VE2EK	9Q1NT - Ghis, ON5NT

All operators are all in Kinshasa (9Q1 area). More details will be forthcoming. Ghis tells OPDX, "Unfortunately, after having been here for 10 months I will be leaving the DRC next week Thursday. This came very much unexpected. We did not believe anymore it would happen. Will put up some antennas tonight."

AH2, GUAM. Aki, JR1VAY, will be active as AH2J between October 6-10th. He plans to take part in the Oceania DX Phone Contest (October 7-8th) as Single-Op/All-Band entry. QSL via JR1VAY (JARL Bureau).

AT0, INDIA. Operator Ram, VU3DJQ, will be active as AT0D during CQWW DX SSB Contest (October 28-29th) as a Single-Op/All-Band entry. QSL via EA7FTR.

C6, BAHAMAS. Operators Peter/W2GJ, Edwin/K3IXD and Jim/K4QO will be active as C6APR during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via K3IXD. Operations will be from Crooked Island (IOTA NA-113, Light House BAH-005). After the contest, operators will sign homecall/C6A and be active on 80-6 meters, including the WARC Bands, CW, SSB, RTTY and PSK. If conditions permit, they will try for the first time ever to activate Lighthouse BAH-001, on October 30th or 31st.

CU2, AZORES. Operator Toni, OH2UA, will be active as CU2A during the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band/High-Power entry. QSL via OH2BH.

FG, GUADELOUPE (Special Event). Members of the Radio Club A.C.R.A of Guadeloupe from St. Claude will do their 8th "The Road of the Rum" starting October 29th. They will activate the special callsign TO8RR on all strips of the road for 15 days through November 12th. Activity will be on SSB/PSK31/RTTY. Operators mentioned are: FG5DN, FG5BC, FG5GG, FG5GK, FG5IM, FG5AZ, FG1GW and FG1JD. Look for updates and QSL info on the ACRA club news Web page at: http://acra-radioclub.site.voila.fr

FS, SAINT MARTIN. Operators Nathan/W3ADX, Mike/N3VOP, Rob/K1RH and Clint/W3ARS will be active from here between October 25-31st. Look for the team to be active as FS/WY3P during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via W3ADC. Operators will be active before and after the contest probably signing FS/homecall on 160-6 meters, especially on the WARC Bands and RTTY.

HB0, LIECHTENSTEIN. Operators Rainer/DL1ZBO, Tilman/DJ5BX, Thomas/DK9FEC and Ekki/DF4OR will be active from the Principality of Liechtenstein from Thursday, September 21st until Sunday, September 24th. Their main goal is to participate in the CQWW DX RTTY Contest. The callsign during the contest will be HB0/DL1ZBO, and the category will be Multi-Single/High-Power. Before the contest they will operate on CW (mostly) and SSB (if it cannot be avoided).

HK, COLOMBIA. Siso, HK3SGP, will be active in the CQWW DX RTTY Contest (September 23-24th) as a Single-Op/Single-Band (40m)/Low-Power entry. QSL via HK3SGP.

IOTA NEWS................................

AF-019. Operators Davide/IW9GUR, Angelo/IW9HLM , Andrea/IW9HQP, Riccardo/IT9CVO and Andrea/IT9RKR will be active as IG9/homecall from Linosa Island (IIA AG-003, MIA MI-128, WLOTA LH-0820), October 12-15th. They plan to have three stations active on 160-10 meters CW and SSB. QSL all callsigns via IW9HLM, direct or by the bureau. More information can be found at:
http://www.095dxteam.org

EU-025. Members of the 095 DX Team will be active as IR9K in the CQWW DX SSB Contest (October 28-29th) and CQWW DX CW Contest (November 25-26th) from the Island of Sicily (IIA SC-001, MIA MI-107, WLOTA LH-1362). Operation class is not known. QSL via IW9HLM, by the Bureau or direct to: Angelo Mai, Via Carlo Pisacane 18/a, 95030 Mascalucia Catania, ITALY.

NA-055. Operators Eric/N8YC, Phil/KG8AP, Brian/K4BRI, Lynn/WD8JAW and possibly others plan to operate as K8SCH from Deer Isle (USI ME-014S, Hancock County, Maine), between September 25-29th. Activity will be on 80/40/20/15/10 meters SSB, depending on band conditions. QSL via K8SCH (QRZ.com).

NA-154. Dana, VE1VOX, will be active as VE1OTA from Pictou Island (CISA NS-005, WLOTA LH-0682), between October 12-14th. Activity will be SSB on 80/40/20/15 meters. QSL via his home callsign, by the bureau is "OK" or direct (preferred) to: Dana Rushton, P.O. Box 1862, Truro, NS B2N 6C7, Canada.

IQ, ITALY. Mario, IK1HXN, member of the Associazione Radioamatori Italiani - Sezione di BRA will be active as IQ1RY in the CQWW DX RTTY Contest (September 23-24th) as a Single-Op/Single-Band (80m) entry. QSL via IK1HXN.

LU1/LR5/LR50, ARGENTINA (Special Event). This December look for special

event stations LR50U and LR5U to be activated. This activity is to commemorate the 50th anniversary of the first operation from South Sandwich Islands by an Argentine Ham (LU3ZY). The activity will be on CW and SSB. Members of the Radio Club Pampeano in the city of General Pico (LU1DZ), La Pampa Province, will celebrate this event during various days throughout December. Three operators from GACW will join the locals during this event between December 7-12th. Operators mentioned are: Alberto/LU1DZ, Tito/LU7EE and Fernando/LW2DX. QSL direct only to EA5NI (w/SAE + IRC). For more information, please visit the GACW Web site at:
http://gacw.no-ip.org/

KH2, GUAM. Phil, KH2X, will be active during the CQ WW DX SSB Contest (October 28-29th) as a Single-Op/All-Band/High-Power entry. Phil will arrive in Hafa Adai, Guam, on the 26th and "usually" will operate primarily on 80/40 meters before and after the contest. QSL via KH2X to: Phil Witherspoon, PSC 473 Box 13, FPO AP 96349-0013. On QRZ.com, Phil states that he uploads his logs to LoTW frequently.

MD4, ISLE OF MAN. Operators David/G3NKC, Peter/G4MJS, Martin/G4XUM, Tim/M0BEW, Royce/M0RHI, Phil/GJ4CBQ and possibly others will be active as MD4K during the CQWW DX SSB Contest (October 28-29th) as a Multi/? entry. QSL via G3NKC.

NP2, U.S. VIRGIN ISLANDS. Manny, NP2KW, plans to be active as a portable camper at 1045 ft during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/All-Band/Low-Power entry. He will use a FT847 w/100w into a 6BTV Vertical antenna and a long wire for 160m. QSL via the address on QRZ.com.

P4, ARUBA. Nick, W4GKM, will be active as P40KM for the CQWW DX RTTY Contest (September 23-24th) as a Single-Op/All-Band entry.

QSL INFO AND NEWS...............................

3Y0X QSL UPDATE. Bob, N2OO, reports on the 3Y0X Web page that "All DIRECT QSLs ARE IN THE MAIL (52,342 QSOs -- September 18, 2006)!" The SJDXA QSL TEAM held another weekend QSL session on Sunday, September 17th. They processed ALL remaining direct QSL cards (3Y�X, XR9A, CE�Z) received through September 16th. For more details, please visit the 3Y0X Web page at: http://www.peterone.com/qsl.htm

QSL L55D direct only via LW1EXU: P.O.Box 907, La Plata 1900, Buenos Aires, Argentina.

NOT A QSL MANAGER! Wayne, W4MPY, aka "QSLman - W4MPY" and printer, wants it to be known that "W4MPY is NOT a QSL Manager for any station." He is getting a number of cards each bureau mailing for stations he has PRINTED QSL cards for. In the past Wayne has forwarded them at his expense to the customers but will no longer be doing that.

Nilay, TA3YJ, informs OPDX that besides receiving the QSL cards for YM125ATA, some individuals will get a CD representing Mustafa Kemal ATATURK and modern, contemporary Turkey. This CD will be sent to radio amateurs who have made QSOs with YM125ATA on 3 different bands or 3 different modes and also have their QSL cards sent direct. Inside the

YM125ATA's special CD: *FILMS: Mustafa Kemal ATATURK, Wonders of Turkey, Turkey, Gallipoli, Fire of Anatolia - *PHOTOS: Mustafa Kemal ATATURK - *eBOOK: Who are the Turks? - *INFORMATON: Operating and licence conditions for foreign radio amateurs (CEPT members only) visiting Turkey - *ETC. All the CDs (for direct QSL cards) will be sent after November 10, 2006.

NEW YI9DXX QSL MANAGER. Adam, KA1ZFE, has announced that he is now the new QSL Manager for YI9DXX. Station YI9DXX is an internet remote HF base station by W7DXX. Cards should be sent to KA1ZFE with a Self Addressed Stamped Envelope (SASE) in order to receive a QSL card in return. QSL KA1ZFE either direct or via the Bureau. You can also find information about the YI9DXX station at: http://www.w7dxx.com/
-or-
http://www.ka1zfe.com/portal

YX0A/YX0LIX QSL UPDATE. Steve, KU9C, provided the following short update this week: "I'm still waiting QSL cards from the printer, which was organized by the DXpedition. I've printed most of the labels, and as soon as the cards arrive, I'll begin the next level of fun. I have yet to do a number of log searches for the gaps in the logs, and as soon as the DX team provides these I'll start that process. I do plan to send out partial cards if there was two SASEs sent or enough to send two mailings. Please be patient (I know it's not easy, but the situation is a bit out of my control). I'll do what I can to get these cards out as soon as practical given the arrival of the cards, logs and my work schedule..... 73"

RK2, KALININGRAD. Members of the UA2 Contest Club will be active as RK2FWA during the CQWW DX RTTY Contest (September 23-24th) as a Multi/Multi entry. QSL via DK4VW.

TF, ICELAND. Operators Thor/TF4M, Seli/TF3AO and Jon/TF3PPN will operate as TF4M in the CQWW DX RTTY Contest (September 23-24th) as a Multi-Single/High-Power entry. See Thor's Web page for more info at:
http://www.otradalur.com/tf4m/

TT8, CHAD. Philippe, F4EGS, will once again be active as TT8PK, from September 20th through November 20th. Activity is planned for 40-10 meters, SSB and Digital modes. QSL via Phil's instructions. Skeds are possible via E-mail at: cocheese.cocheese@laposte.net

V3, BELIZE. Operator Hartwig, DL7BC, will be active as V31HK between October 17-31st. His activities will include the Worked All Germany Contest (WAG) (October 21-22nd) and the CQWW DX SSB Contest (October 28-29th) as a Sinle-Op/Low-Power entries. QSL via DL7BC.

VP2V, BRITISH VIRGIN ISLANDS. Dave, AH6HY, will be active as VP2V/AH6HY from Tortola, between September 26th and October 3rd. Activity will be SSB only on 15/17/20 meters. QSL direct or via the bureau to his home callsign. Visit his home Web page at: http://ah6hy.htohananet.com/

VP5, TURKS AND CAICOS ISLANDS. Haru, JA1XGI, will be active as VP5/W8XGI from November 4-7th. Activity will be on all bands, CW, SSB, RTTY and

SSTV. QSL via his home callsign JA1XGI.

WEB PAGE. Glenn, K2FF, would like everyone to visit the Magnolia DX Association (MDXA) Web page at: http://www.mdxa.org

Z3, MACEDONIA. Operators Zorance/Z31GX, Milosev/Z31MM, Igor/Z32ID, Tone/Z32PT, Ozren/Z32XA, Zoran/Z33F, Goran/Z35KG and Venco/Z36W will be active as Z37M during the CQWW DX RTTY Contest (September 23-24th) as a Multi/? entry. QSL via the address on QRZ.com.

The following stations are expected to be active in the
CQ World Wide DX RTTY Contest (September 23-24th, 2006)

Thanks to Bill, NG3K, for providing OPDX readers the following consolidated listing of the participants in the 2006 CQWW DX RTTY Contest. For a more detailed listing (and up-to-date changes/corrections) in HTML format, please visit Bill's Web page at:

http://www.ng3k.com/Misc/cqr2006.html

I need to get QSLs for these two for 160 Meters DXCC credit.

Does anyone have working QSL routes for either UA4WAE (Otto) or EU6AF?

73, Jeff K8ND

My log shows that I have sent and received a QSL from EU6AF by sending
direct to his callbook address (i.e. on QRZ.com or hamcall.net/call.

Anyone have any QSL information for MI0LLL? I worked him last Spring and
sent a couple of green stamps his way. Haven't seen anything yet. Also his
email address MI0LLL@YAHOO.CO.UK as found in QRZ.COM is invalid so I can't
follow-up directly.

Sask. ham radio operator speaks with space station
http://www.canada.com/nationalpost/news/story.html

Published: Saturday, September 23, 2006

SASKATOON - Ned Carroll's amateur radio has connected him with people all over the globe, but now it's given him an experience that's out of this world.

Mr. Carroll spoke on Thursday with Anousheh Ansari, an Iranian-American space tourist aboard the International Space Station (ISS).

The small radio inside Mr. Carroll's farmhouse, west of Davidson, Sask., was tuned to the space station's frequency and picked up its signal at around noon. He heard a slightly accented woman's voice coming through the speakers of his ham radio.

"I heard her say, 'C-Q, C-Q, C-Q,' and of course that means she wants to talk to someone, anyone who is listening," Mr. Carroll said. "And I thought: What the heck, you can't lose by trying."

He rushed over to his radio, grabbed the microphone and said, "V-E-5-N-E-D," his call sign, and anxiously awaited a response. He didn't have to wait long, as the voice responded immediately, repeating, "This is R-S-0-I-S-F," which is the Russian Space Station call sign, and then the voice revealed her name, "Anousheh Ansari."

When Ms. Ansari, co-founder and chairwoman of Prodea System, Inc., lifted off on the Soyuz TMA-9 mission from the Baikonur Cosmodrome in Kazakhstan on Sept. 18, she became the fourth, and first female, space tourist. She reportedly paid US$20-million for an eight-day visit aboard the ISS and was already trying to make contact with Earth.

"I was pretty excited," Mr. Carroll said. "And the next thing I was so excited about was when she said, 'You are the first amateur radio operator that I have contacted from the International Space Station,' and I said, 'Wow!' "

There are thousands of ham radio operators worldwide, but Mr. Carroll is one of a small number of people who have made contact with the space station, said Bjarne Madsen, midwest regional director of Radio Amateurs of Canada.

"It's quite rare," Mr. Madsen said. "There are a great many people who want to [make contact with the ISS] and only a few that succeed because there is, after all, only one ISS and it's only there for a few minutes at any given time and the opportunity to actually make contact with it is very slim."

Mr. Madsen said the space station creates a line a few hundred kilometres wide at best, moving across the Earth as it orbits. A radio operator who happens to fall within that line as it passes by, within an eight- to 10-minute window of opportunity, can communicate with the ISS, he said.

"Not only is it possible to do, but it doesn't take any sophisticated equipment particularly," Mr. Madsen said. "It's really a question of knowing where to listen and when to listen."

Within the small window of time, Mr. Carroll said he and Ms. Ansari were able to give only their locations, comment on how well they could hear each other and then exchange goodbyes. Afterwards, he said, many questions came to his head that he wished he had had time to ask her. But he said he is going to keep his radio turned on in the hope of speaking with her again, even though he knows his chances are slim.

"[Amateur radio] is a wonderful hobby, and every once in a while something like this comes along and you really enjoy it," Mr. Carroll said.

Dee:

When was the QSL sent/received?

I've tried his published address three times in the past
six years without success, trying both IRCs and $$.

I see that I made an error.  It was a different station that I worked in
Belarus.  My apologies.

Perhaps the letter just isn't getting there.  Have you tried sending via the
bureau?  If you don't belong to the ARRL, you can send it directly to the
Belarus bureau (see http://www.iaru.org/iaruqsl.html for bureau addresses).
Or some people report success with registered letters.  If they have to sign
for it, you will at least know if it arrived there.

Dee

Davis "Bury Flex" 9914 (direct bury coax) has a 20 year service life and has very low loss figures nearly the same as 9913. It can be buried directly into the earth and is very abrasion resistant, non-contaminating and requires no further protective conduit, pvc pipe etc.

1. http://www.davisrf.com/ham1/coax.htm#buryflex

These RTTY guys are starting to get on my nerves. They had from 7.030
to 7.065 dominated today and yesterday. They must not have read the
band plan. It would seem that 7.030 is the RTTY DX window now.

GG

Nothing says they have to stay there when the band is busy.

I was listening on 20M a few nights ago and heard a station with the call "GE"...no numeral at all (unless I just didn't copy it).

The op said it was an expedition.

Are special calls assigned without numerals?

Thanks,

John

SY8GE?

I suppose it's possible the British authorities have issued a two-letter callsign, though that would be contrary to the international Radio Regulations and while some countries wouldn't care, the British do seem to observe them. It's also possible it was a pirate but I'd think a pirate would use a callsign that wouldn't stand out quite so much!

Dx'ers

I am still trying to get a 17 meter QSL from a YO operator....I've direct QSL'd a number of YO's but still haven't received any QSLs....YO QSLs are beginning to look like the old BOX 88 Moscow Russian QSL problem...

Anyone on the newsgroup in YO (or anywhere else) who can help?.....I'm tired of sending QSL's and enclosure to YO!

Many thanks...

73 Lou N2TU

I spoke to a YO a week ago and he mentioned that they don't have an outgoing QSL-buro, only incoming. Those who want to send cards via the buro, have to send them to the foreign QSL-bureaus themselves. I am not sure how well direct QSLs to YO work..

> See below for a list of QSO's........
[...]
> 99-12-17,13:21,YQ0TM,17m,CW,,

RXed via buro (manager YO2BP), 17/20/30m.

Another very safe source for QSLs from YO is Arno, YO2/DL1CW.
Maybe you can set up a sked with him, he will stay in YO until
the end of this year.

Just FYI, I have so far received Buro-QSLs from the following
YO-Stations: YO9GJX, YO3/DL4AAZ, YO9KPP, YO9FJW, YQ0TM, YO7LHN, YO3YF,
YQ0KAR, YO7BGA, YO9FJW, YO9AGI, YO9DEF, YO4ASG, YP4O, YO3GRE, YO8YF,
YO2IS/P, YO8CF, YO2/DL1CW, YO7ARY

73,

I've got two Romanian stations in my log, YP3A on 15m CW and YR7M on 40m CW.
I qsl'd direct I believe via the information on QRZ.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 24th/September, through Sunday, 1st/October there were 217 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5V, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C3, C5, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, D6, DL, DU, E4, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FP, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HC8, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J3, J7, JA, JD/o, JT, JW, JX, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PY, PZ, R1FJ, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TK, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V4, V5, V6, V7, V8, VE, VK, VK9N, VP2V, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3RD STRANGE RADIO EVENT. This event is held yearly, however, the Strange Radio Team changes the goal every year. The Strange Radio Event will take place this year between 0000z, October 20th through 2400z, October 22nd. S.R.T. stations are worth 3 points, the special callsigns are worth 5 points and the special station is worth 10 points. These stations can be contacted once every day per single band. To obtain the Strange Radio Event Certificate, a minimum 30 points are requested. More details and rules are available on the SRT Web page listed below. Look for the following special SRT stations and special ARI (Ostia) station to be on the air during the event:

ED8SRT QSL via Oreste, IZ8EDJ
EF8SRT QSL via Oreste, IZ8EDJ
L30BST QSL via Oreste, IZ8EDJ
V55SRT QSL via Oreste, IZ8EDJ
YI0SRT QSL via Oreste, IZ8EDJ
IO0SRT QSL via Simone, IZ0BTV
IO1SRT QSL via Maurizio, IZ1GJK
IO2SRT QSL via Augusto, I2JJR
IO3SRT QSL via Maurizio, IV3ZXQ
IO5SRT QSL via Max, IZ5BTC
IO6SRT QSL via Mirko, IZ6FZS
IO7SRT QSL via Fulvio, IZ7FLT
IO8SRT QSL via Franco, IK8WEJ
IR0SRT (Sardinia Island) QSL via Franco, IS0LFZ
IR3SRT QSL via Stefano, IN3JJI
IU8SRT QSL via Salvatore, IZ8GGF

* The special station will be
*   IQ0OS (A.R.I. Ostia)

Use the following Web pages for updated info/news and a list of SRT members at:

Official Strange Radio Team Web page: http://www.strangeradioteam.com
Published S.R.T. Members List: http://www.strangeradioteam.com/team.asp

4L, GEORGIA. Operator Vaho, 4L8A, will be active in the CQ WW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (20m) entry. QSL via DJ1CW.

4Z0, ISRAEL (Special Event). The Holyland DX Group will operate as 4Z0J from the "Jesus Boat" located near the Sea of Galilee in Yigal Alon's Center on November 3-4th starting at 0700z and ending on Saturday at 1500z. Operators will be Shalom/4Z4BS, Mark/4Z4KX, Ilya/4Z1UF, Ros/4Z5LA, Ruben/4Z5FI, Yuli/4X6HP and Jan/4X1VF. Activity will be CW/SSB on all bands 80-10 meters. The square for the Holyland Award is M05KT. The group also plans to operate mobile from several squares around the main location for the HOLYLAND AWARD program. QSL Manager is Shalom, 4Z4BS. For more info on the "Jesus Boat", visit the Web page at:

http://www.jesusboat.com/imgs/site/site/boat.html

5B4, CYPRUS. Sigi, DL7DF, will be active as 5B4/DL7DF from October 5-12th. This will be a holiday style operation, but look for activity on CW, SSB, RTTY and SSTV. QSL via his home callsign.

600M BAND. The FCC Office of Engineering and Technology has recently granted a Part 5 experimental license to the ARRL on behalf of a group of radio amateurs interested in investigating the spectrum in the vicinity of 500 kHz. Rudy, N6LF, is one of several who has now begun experimental operations on 600m (505-510) kHz. He reported this past week that he is on the air at 506 kHz operating in the beacon mode. The message is:

VVV VVV VVV VVV VVV DE WD2XSH/20 WD2XSH/20 K.

After each transmission there is a 40 second pause and then the message repeats. Rudy's planned operating times will be from 0100-0430z every day if possible. He states, "No doubt there will be some exceptions, but I will do my best to be regular for the next 3-4 weeks." Rudy is using a 130 ft. vertical with a 300 ft. top loading wire running the maximum allowed power, so he should be audible over much of the western USA. Rudy would appreciate any signal reports. Please send them to him at: rudys@ordata.com Rudy believes this will be a very interesting experiment and hopes it will result in a new MF band for hams. He states, "That of course is very much for the future. Right now we need to see what we can accomplish with this experimental license." For more information about 600m, visit the ARRL Web Page at: http://www.arrl.org/news/stories/2006/09/15/104/?nc=1

8Q, MALDIVES. Andy, G7COD, will be active as 8Q7AK from Embudu Island, South Male Atoll, Maldives, between October 3-15th. Activity will be on 80-10 meters mostly SSB with some CW. He will use an Icom IC-7000 w/100w into a MFJ Auto Atu and G5RV antenna 15 meters high. QSL direct to G7COD or by the bureau with cards marked via "G7COD". Cards will be returned via the bureau, or if you do not have access to the bureau, then he will send you an EQSL.

AT6, INDIA (Special Event). Look for special event station AT6MYL to be active during the 2006 World Wide YL Meeting in Mumbai between October 15-29th. QSL only via VU2SWS. Visit the following Web page for more info at: http://www.geocities.com/mumbaiylmeet

C6, BAHAMAS (Change of Plans!). Operators Ken/K2KW, Tom/N6BT and Fredrick/ KE7X will be active from Eleuthera Island between November 19-27th. The original plans were to go to Jamaica (See OPDX.771). Activity will include the CQWW DX CW Contest (November 25-26th) as Single-Op/Single-Band entries. QSL via WA4WTG. Operations outside of the contest will be on 160-20 meters, but they will focus on the low bands. More details are forthcoming (such as individual contest callsigns).

CT3, MADEIRA ISLAND. Operator Jose, CT1BOH, will be active as CT3NT during the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band entry. QSL via LoTW. Visit CT1BOH Web page at: http://www.qsl.net/ct1boh

CT9, MADEIRA ISLAND. Operators Stefan/DL5XX, Detlef/DK3QZ, Nicolas/DK5DQ, Kai/DL3HAH, Marus/DL1EKC and Hans/DL1EMH will be active as CT9L during the CQWW DX CW Contest (November 25-26th) as Multi/2 entry. QSL via DJ6QT.

CU2, AZORES. Operator Toni, OH2UA, will be active as CU2A during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/All-Band/High-Power entry. QSL via OH2BH. ADDED NOTE: He will also be in the CQWW DX CW Contest (See OPDX.777).

DX6, PHILIPPINES. Operators Roberto/DU6BG, Joel/WJ1P, Billy/WE6DX, Leo/WA6LOS, EnriqueUE/WB6RJP, Vhodick/W6BOO, Ramon/DU1KBE, Marlon/DU1KXR and DU7RJA will be active as DX6M during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via W6PDX.

DXCC NEWS. Bill Moore, NC1L, ARRL DXCC Manager reports:

> Reminder -- Applications containing Swains Island credits are not being accepted until October 1, 2006. We are receiving many applications with Swains cards. These applications cannot be logged into the DXCC system and placed in the processing queue (or appear in the DXCC "Applications Received: list on the Web site) until October 1. Note: This will not affect anyone's DXCC Challenge numbers since the cutoff date for the Challenge is now December 31, 2006. Send questions to dxcc@arrl.org

HI, DOMINICAN REPUBLIC. Antonio, IW2OAZ, will be active as HI8/IW2AOZ between October 2-28th. Activity will be on 20/17 meters RTTY and SSB. From October 26-27th, he will be on from Catalina Island (NA-122) using the HI8 prefix. QSL via the bureau.

HR, HONDURAS. A team of Russian speaking hams from New York will be going here between October 22-30th. Operators mentioned are: Andrei/EW1AR/NP3D (team leader), Boris/UU5SY/N3SY, Alex/K2PAL (ex-UB5XAZ) and Joel/KB2PDW. The group will activate Tigre Island (NA-060) together with Javier/HR2J and other HR operators from October 22-25th. The callsign (HQ4?) is TBA. QSL via W3HNK. Activity will be on 80-6 meters, RTTY, CW and SSB. During the CQ WW DX SSB Contest they will be active and on as Single-Band entries. The callsigns and bands are to be announced later.

IOTA NEWS..........................

AS-151. Operators BD1DRJ, BG2QMP and BD2RI will be signing homecall/2 from ChangXing Island between October 1-6th. This will be a holiday style operation while visiting with friends and family. Planned activity is for 40/20/15 meters CW/SSB. QSL all callsigns via BD1DRJ (QRZ.com).

EU-028. Operators Valeriano/IK5ABG, Giovanni/IK5BCM, Oliviero/IK5BQW, Giuseppe/IK5CBE and Giovanni/IK5CRH will be active from the Island of Montecristo (I.I.A. LI-015), October 1-5th. The team has asked for a special callsign, but at moment they may use IA5/homecall since the special callsign has not been issued yet. This island is rather rare, and the last solid operation took place 15 years ago. It is a protected island in the Northern Thyrrenic Sea in the Tuscanian Archipelago. It is impossible to land without permission and usually it is only for 24 hours. It is not allowed to be close to the island (500 meters) with a boat floating. However, the team has received permission to camp on the island for 7 days (September 30th to October 6th). A Web page is under construction at: http://xommer.virgilio.it/gmiross

EU-055. Operators Tom/DL1DVE and Mike/DL3VTA will be active from Sotra Island as LA/homecall, October 9-14th. Activity will be on the HF bands CW, SSB, RTTY and PSK31, maybe also SSTV. He will use only 100 watts and several wire antennas. Tom will also activate JP20 on 2m WSJT. QSL via his home callsign.

NA-112. Remember that some Tennessee Valley DX Association members will be active this week as W4PL from Emerald Island between now and October 6th. Activity will be on 80-6 meters, CW, SSB, RTTY and PSK31. QSL via K4KWK.

OC-115/
OC-153. Operators Derek/G3KHZ, Vincent/G0LMX and Hans/SM6CVX will be active on all bands on the IOTA frequencies from two planned IOTA locations. Look for them on the following:

OC-115 - Signing P29NI from Trobriand Islands between October 2-10th. QSL via G3KHZ.
OC-153 - Signing P29CVX from PNG Coastal Islands South Island Group between October 11-14th. QSL via SM6CVX.

J3, GRENADA. Bill, VE3EBN, will be active from here between October 19th and November 26th. Callsigns to be used are J37LR and J37T. Activity will be on the HF bands, CW, SSB and PSK31. QSL via the address on QRZ.com.

JERSEY SHORE DXPO. Bob Schenck, N2OO, President SJDXA, announces that the South Jersey DX Association and the Old Barney ARC are co-sponsoring "The Jersey Shore DXPO and Dinner" on Saturday, November 11th. This "show" will be held at the Ocean Acres Community Center in Manahawkin, NJ. Doors will open at 11:00 AM. Seating is limited. First come, first served. There will be an assortment of presentations and forums all afternoon starting at 12:00 noon. They have also arranged for DXCC card checking at the show. So, gather up your QSL cards for DXCC and bring them along. Food and beverages will be available throughout the afternoon. There will be a DX Dinner Buffet in the evening after which K4UEE will give the 3Y0X DX Experience Show. There will be door prizes, and you must be present to win. A separate raffle for a special 3Y0X world map autographed by the entire 3Y0X TEAM. Proceeds benefit "DX Expeditions, LLC" for future DXpeditions. Tickets cost 20 USDs each and cover the entire show and the evening buffet dinner. Contact Bob Pantazes, W2ARP, for tickets at:
w2arp@arrl.net
"Day Passes" will be available at the door for 5 USD per person. These passes (good from 11:00 AM until 5:00 PM) give admission to those who can not stay for the evening dinner and show. Please go to the following Web page for full details and current updates on the program at:
http://www.sjdxa.org

KH8S, SWAINS ISLAND. At the end of last week there was an announcement stating that Hrane, YT1AD, with a team operators (K1LZ, K3LP, N6TQS, RA3AUU, RZ3AA, UA3AB, RK3AD, YZ7AA, YU1EA, KD7RCD and other potential members of the team: YU7NU, YZ1BX, YU1DX and YZ1EW), will be head of a DXpedition to Swains Island between September 12th to October 3rd, 2007. Team will stay on Swains Island 10 days and will operate with 6 stations on the air at the same time. The announcement also stated that more info will be available soon on a WEB site. HOWEVER, Larry, AH8LG, President of the American Samoa Amateur Radio Association (ASARA) and friend of the family that owns the island, states, "There is no planned trip to Swains Island by anyone at this time. I do not know where this info came from but they had better check with me before they give out any info on going to Swains Island." As President of the ASARA, Larry was asked (by the Jennings Family) to screen all Amateurs that apply to go to Swains Island.

OH0, ALAND ISLANDS. Ari/OH5DX, and others will once again be active as OH0Z during the CQWW DX SSB Contest (October 28-29th) as a Multi/Multi entry. QSL via W0MM.

P4, ARUBA. Tim, WD9DZV, will be active as P40D from October 30th through November 9th. Activity will be on 160-10 meters CW/SSB. QSL via his home callsign WD9DZV.

PACIFIC TRIP. Rick, AI5P, will be finishing his activity as E51APX this week from from Rarotonga, South Cook Islands. Look for him next from Niue as ZK2PX between October 6-20th. From Niue, he will travel to New Zealand and be active as ZL/AI5P between October 25th and November 2nd. Rick has been working mostly on CW on 40-17 meters running an IC-706 into wire antennas. This past weekend he was really active on 40/30 meters CW. QSL via AI5P.

PJ4, NETHERLANDS ANTILLES. Peter, PA3CNX, will be active as PJ4/PA3CNX from Bonaire (SA-006) between now and November 3rd. Activity will be on all bands 80-6 meters CW/SSB. However, his operating times will be limited due to his holiday activities and wife (mainly between 2000-0200z). Look for him to be an entry in the CQ WW DX SSB Contest. QSL via the bureau or direct (QRZ.com).

Barry, WC5N, informs OPDX that he has recently received the LoTW certificates for his VK9WB (1990; Cocos-Keeling) and V63BW (1992) operations. He states that he would be glad to check the log and confirm QSOs through the LoTW for anyone that may still desire a confirmation from those operations. Send and E-mail to wc5n@arrl.net requesting LoTW confirmation. Barry also would be glad to send a bureau card for those DX stations who would like a "paper" confirmation. Again, just send him an E-mail with the contact info so he can check the log.

YU6AO QSL UPDATE. Team YU6AO, with team leader Hrane, YT1AD, finished their activities with 75000 QSOs. They had 35 hams participate and operators from 9 different countries. As of September 29th, they received 8000 requests and confirmed more than 25000 QSOs for all QSOs between June 28th (2006) and August 15th (2006). All info with photos and on-line logs can be found at: http://www.yu6ao.info

SPECIAL EVENT (ISWL). The International Shortwave League (ISWL), continues with their 60th (Diamond) anniversary celebrations throughout the month of October. Look for the following to be active this month:

GB6SWL - Activity will be October 7-8th from Towcester, in Northamptonshire. Phil, G4DMS, will be the main operator.

GB6SWL - Activity will be October 14-15th from Braintree, in Essex. Keith, M0CLO, will be the main operator.

GB6SWL - Activity will be October 21-22nd from Dagenham, in Essex. John, M0HEM, will be the main operator.

GB60SWL - Activity will be on Sunday, October 22nd, for 1 day from the Cudmore Grove, Country Park in Essex. The Station is being run by the Colchester ARS. (A Club Affiliated to the ISWL).

GB6SWL - Activity will be October 28-29th from Walton on the Naze, in Essex. Herbie, G6XOU, will be the main operator.

The ISWL Club's callsigns GX4BJC/P and MX1SWL/P will also be active throughout October. The ISWL Awards Program is open to non members for a very small fee to cover postage to any country in the world. Please visit the following Web page for all the details, including QSL information and the Special Diamond Anniversay Awards etc... at: http://www.iswl.org.uk

ST2, SUDAN. QSL Manager, Boris, T93Y, reports that after ST0RM license expired, Jovica, T98A (ex. T94FC), will continue his activity from Sudan with his new callsign ST2A. Jovica will continue to operate mostly CW (with some SSB, RTTY and PSK31) on all bands and will do his best to be active on 160m during the coming winter season. Over the past week, Jovica was very active on 40 meters CW between 1900-0200z. QSL via T93Y: Boris Knezovic, P.O. Box 59, BA-71000 Sarajevo, Bosnia and Herzegovina. Visit the Web Page at: http://www.t93y.com/st2a

TIME FOR A REMINDER (Only 3 months left!). Alan, VK4AAR, states, "ATTENTION ALL DXers!! This is a reminder about IRCs. The Universal Postal Union (UPU) has decided that the current style of IRCs will NOT be exchanged for stamps after the expiry date, 31-12-2006 (31st December 2006). I can not accept this type of IRC after that date because the post office will not give stamps in exchange. YOU CAN SEE THAT DATE ON THE RIGHT HAND SIDE, ABOUT HALFWAY DOWN. The new style of IRC looks similar but shows two hands with fingers touching and these are already on sale ... valid until 31-12-2009. Please use THIS type or U.S. dollars. Time to use up these older ones and stock up with the newer ones."

V2, ANTIGUA. Team Antigua, V26B, will once again be in action for the Fall 2006 running in the CQWW SSB Contest. Most of their operators will be arriving the week before and will be active on any and all modes using their own callsign listed below until a few days after the contest. The Team Antigua will be activating V26B for the 13th consecutive year and would love to thank everyone for their continued support over the past years and looks forward to many more years of operating from the fun in the sun from their Island Paradise in the Caribbean Sea, Antigua. The 2006 V26B operator lineup and QSL routes are as follows:

V26B	QSL via KA2AEV	V26MH	QSL via HB9OCR
V26BZR	QSL via W2BZR	V26OC	QSL via N3OC
V26G	QSL via N2ED	V26R	QSL via KA2AEV

Also WX3B will be active, but his Antiguian callsign is unknown at this time.

VP2M, MONTSERRAT. Look for Bill/W4WX and Jan/K4QD to be active as VP2MHX and VP2MQD, repsectively, between October 23-31st. Both operators will enter the CQWW DX SSB Contest (October 28-29th) as a Single-Band entry. Look for activity before and after the contest on 80-10 meters, CW, PSK-31, RTTY and SSB. QSL VP2MHX direct to W4WX and VP2MQD by the Bureau or direct to K4QD. Bill informs OPDX that baggage limits via WinAir between Antigua and Montserrat is only one check-in at 44 pounds, so antennas will be limited.

VU7, LAKSHADWEEP ISLANDS. Pai, VU2PAI, informs OPDX that he is part of an Amateur Radio Society of India (ARSI) group that has obtained permission to operate from Lakshadweep Islands in December 2006. The DXpediton will consist of Pai/VU2PAI, Sarla/VU2SWS, Basappa/VU2NXM, Manohar/VU2UR, Milind/VU2IZO, Gopal/VU2GMN and Rajaram/VU3KKZ. Operators will be signing with the callsign VU7LD. The team will operate on SSB/CW and the Digital modes. More details will be forthcoming. The group is looking for funding and equipment. ADDED NOTE: Pai also mentioned to OPDX that he has been extrememly busy with his office duties and has not been active on the air for more than 1 year. He does have some pending outgoing QSLs but will send them out soon. He states that if anybody needs a QSL from him for any of his previous activations (such as AS-096 and AS-161) or for a regular contact, please E-mail him at: ananthpai@hotmail.com
Pai will be happy to send you a card via direct if you provide him with your QSO details and mailing address.

WORKED ALL BRITAIN (Special Event Station Award). Chris, G1VDP, WAB Awards Publicity Officer, reports: "The intention of this award, apart from that of giving members something to aim for, is to raise awareness of WAB amongst those who activate special event stations. This award will run from 1st January until 31st December each year, commencing 2007. In common with all WAB awards, this is open to SWL�s also. Only contacts with special event stations using a �GB� prefix will be valid. The WAB area of the Event Station should be ascertained during the contact with them. Certificates may be endorsed for any band/mode. A station may only be claimed once during each 12 month period for any particular endorsement. A certificate will be awarded for working/hearing 10 stations, with endorsements for each subsequent 10. On working/hearing 100 stations, a further certificate will be awarded. A claim sheet is available for this award, but if using

your own or any logging program, the WAB area of the station should be recorded. The usual cost of WAB awards applies � i.e. only �1 per certificate and 50p for each endorsement." Further details and sample certificate may be viewed on the WAB web site at:
http://www.worked-all-britain.co.uk

XU, CAMBODIA. Tony, KM0O, will be active as XU7MWA during the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band entry. QSL route will be announced later.

XX9, MACAU. Members of the Macao Amateur Radio Association will be active as XX9C during the CQWW DX SSB Contest (October 28-29th) as a Multi/Multi entry. Activity will be on 160-10 meters. Please QSL via the Macau Bureau: Macao Amateur Radio Association, P.O. Box 6018, Macao SAR, CHINA.

YU3, MONTENEGRO. Hrane, YT1AD, will be active from here during the month of October with his Montenegrin callsign YU3AD. QSLs for this operation is via YT1AD.

ZONE 2 (Operation Cut Short!). Steve, VE2TKH, informs OPDX that his VY0ICE activity from Baffin Island (NA-047, CISA NT001) in the heart of CQ Zone 2 (Iqaluit, Nunavut), will be cut short. His VY0ICE operations will end on October 11th for many personal reasons. "Steve his going back home south to reunite with the love of is life, and is so missing his girlfriend Lyna." However, he also reports that the 2000 QSLs cards from UX5UO are in the hands of his QSL Manager VE2AWR and Serge is replying fast to all direct requests he receives each day. They accept BUREAU cards, but please be aware to send your VY0ICE request to the VE2AWR manager (via the VE2 BUREAU only). To see what the front of the QSL card looks like, visit: http://www.qrz.com/vy0ice

I have no experience being close to these lines.
The local elect. company is downing trees now right behind my house.
So this means this dang thing will be about 100 feet from any thing I use.

I was about to buy a new rig and antennas but looks like it may be a
waste of money with this going next door.

Mom passed away Nov. and I have the house now but may be a
waste of time to put up anything.

Have they killed my ham hobby? WHAAAAA!!! Thanks TVA!

http://www.tva.com/power/projects/500kv_line/index.htm
They could bump this up to a 500-kV line later I suppose.

OT but never been close to this kind a crap.   Any real inputs appreciated.

Last of retirement entertainment turn to crap, I guess.
Wasn't looking for "challenges", wanted relaxation.

Gary K4TWO Clarksville TN @arrl.net too.

Hi

My URL address changed

The new URL of LUXORION is now : http://www.astrosurf.com/luxorion/
(or .org as there will be an alias).

Sorry for the inconvenient but the change will be transparents for users

Regards,

Thierry, ON4SKY, LX4SKY
Luxorion

I am going to buy a radio that I hope will last me many years. I want
to start with a mobile that will also serve as a base station.I am
looking at a YAESU FT-857D. Any comments on the pros or cons of this as
a beginner radio that can stay with me as I develop my skills?

I bought my FT-857 when I was just a no-code Tech. I feel it was a factor in motivating me to learn code so I could upgrade to a General class license. I wanted to have access to ALL those bands on which it was capable of operating. I have been very pleased with the purchase.

Harold
KD5SAK

SB DX @ WW < KB8NW $OPDX.779
Ohio/Penn DX Bulletin No. 779

The Ohio/Penn DX PacketCluster
DX Bulletin No. 779
BID: $OPDX.779
October 9, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, NJ1Q, N2OO, NG3K, W3UR & The Daily DX, K4MQG, N4AA & QRZ DX, K8YSE, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DK8JB, EA3BT, EA5RM, F5NOD, F5NQL & UFT, HA0HW, HK3JJH, HL1VAU, HR2DMR, I1JQJ/IK1ADH & 425 DX News, IZ2DPX, JA1ELY, LU1AEE, LX2A, RSGB IOTA, T93Y, VE2EK, VA3RJ & ICPO and VU2MYH for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 1st/October, through Sunday, 8th/October there were 212 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5V, 5X, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A5, A6, A7, AP, BV, BY, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU,

CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU,
EX, EY, F, FG, FH, FJ, FK, FM, FO, FR, G, GD, GI, GJ, GM, GU, GW, HA,
HB, HB0, HC, HH, HI, HK, HK0/a, HL, HP, HR, HS, HZ, I, IS, J2, J6, J7,
JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX,
LY, LZ, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY,
R1FJ, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T32, T7, T8, T9, TA, TF,
TG, TI, TK, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V5, V7, V8,
VE, VK, VK9N, VP2V, VP8, VP8/g, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW,
YA, YB, YI, YK, YL, YN, YO, YU, YU6, YV, Z2, Z3, Z7, ZA, ZC4, ZD7,
ZK1/s, ZK2, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3C0, ANNOBON ISLAND. Elmo, EA5BYP, informs OPDX that his next DXpedition is to the Island of Annobon (Pagalu). He will arrive via Malabo-Bata-Annobon on October 20th, and will remain on the island for 15 days and be activate as 3C0M. His equipment will be a line amplifier, two HF equipment, a yagi antenna and dipoles. Elmo will be on air on SSB (80-10m), RTTY (20-15m) and CW (160m). He reports that making a radio DXpedition to Annobon Island has been a very difficult and complicated enterprise. Elmo has been talking to different Ministries of the Republic of Equatorial Guinea since 2004 to explain to them that ham radio enthusiasts are interested neither in politics nor religious differences, but to just practice ham radio without paying attention to the frontiers. He hopes with all his efforts that in the future he may launch a multinational ham radio DXpeditions there soon. This DXpedition is costly for only one operator, and he is looking for help in funding his operation.

3W, VIETNAM. Reports indicate that Shim, XV3AA/3W3A, is expected to be active for a couple of weeks starting October 11th. It is suggested to look for him between 2330-0030z on 20 meters. QSL via JA6UHG.

6W, SENEGAL. Jacques, F6BEE, will be active as 6W1RW during the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band/High-Power entry. QSL via F6BEE.

9M0, SPRATLY ISLANDS (Update). Tex, 9M2TO, sent out a press release this week titled "Project 2007 Spratly Island 9M0 DXpedition by Team Blue Marlin Ventures". It reports that the Malaysian Communication and Multimedia Commission has approved Ham Radio operations from Pulau Layang Layang (AS-051) in the Spratly Island group. Operation is scheduled to take place between March 9-20th. Operators will include members of the Malaysian Amateur Radio Transmitter�s Society (MARTS) and a group of JA operators. Malaysian operators mentioned are: Chow/9M2CF, Phoa/9M2KT, Tex/9M2TO and Yasumasa/9M8YY. JA operators mentioned are: Yoshiaki/JA1OCZ, Tack/JE1CKA, Harumi/JF1PJK, Naoyuki/JK1FNL, Yasuyuki/JR1AIB, Kazuyuki/JR1VMX, Miho/JJ2VLY, Yutaka/JQ2GYU, Takashi/JR7TEQ and Kiyohiro/9M2/JH3GCN. The team plans to have a total of 20 operators. They also plan to have 2-4 stations up and running for 24 hours on all bands and modes. The 9M0 callsign and QSL route has not been announced yet.

9N, NEPAL. Tohru, JA0UMV, will be active from Katmandu as 9N7MV between October 26-30th. This is his second DXpedition from Nepal. Activity this time will be on 40/30/20/17/15 meters only, SSB, CW and possibly RTTY. He will participate in the CQ WWDX SSB Contest as a Single-Op/All-band/Low-Power entry. Tohru will operate CW outside of the contest, so look for him on the following suggested frequencies: 7017, 10117, 14027, 18077 and 21027 kHz. QSL via his home callsign: Tohru Kataoka, 15-9 Sakae, Kamo, Niigata 959-1382 JAPAN.

ANTARCTIC NEWS..........................

The French Polar Team is proud to announce the "ANTARCTICA CHALLENGE". The goal of the "Antarctica Challenge" is to promote the Antarctica Hamradio traffic; it should reflect the global and coherent hamradio traffic with the Antarctica. Another main goal of the Challenge is to gather funds to help Antarctica's stations (QSL printing, Materials supply and so on..). The "Antarctica Challenge" is not an Award, but a Challenge. As you will see in the rules it's not simply to count bases and confirm the QSOs, but you must find the exact and accurate Antarctica station positions (on the island). Your Geographic skill and documentations will help you achieve this goal. Visit the Antarctica Challenge Web site at: http://f6kdf.ath.cx/f5nod/

B7, CHINA. A group of hams from BY7-land will be active as B7P during the CQWW DX SSB Contest (October 28-29th) as a Multi-2 entry. Operators mentioned are: Terry/BA7NQ, Junxiang/BD7IN, Jinquan/BD7JLR, Yang/BG7IXG, Xijiang/BG7MCE, Guanqiu/BG7KTA, BG7IBV and BG7KSF.

CT3, MADEIRA ISLANDS. Operators CT1BOH, CT1BOP, CT4NH, CT3BD, CT3DL, CT3DZ, CT3EE, CT3EN, CT3HK, CT3IA, CT3IQ, CT3KU and CT3KY will be active as CT3IA during the CQWW DX SSB Contest (October 28-29th) as a Multi-2 entry. QSL via CQ9K.

DXCC NEWS................................

Bill Moore, NC1L, ARRL DXCC Branch Manager, informs OPDX that the following operation is approved for DXCC credit:

TT8LN - Chad; Operation from February 12th through June 5th, 2006

YU6AO CREDITS ON HOLD! On October 4th, 2006, Bill Moore, NC1L, ARRL DXCC Branch Manager, reports: "A number of DXers have had their YU6AO credits rejected by the DXCC Desk. Although we are entering these confirmations, we are currently not allowing DXCC credit because of possible irregularities in the QSLing process. We have received several independent reports relating to the QSO dates, some QSOs made prior to July 4th, 2006, being post-dated to dates July 4th and later. We take this very seriously, and we are seeking clarification, but our latest attempt to communicate with YU6AO has not been acknowledged. Once this matter is cleared, credits already submitted can be claimed with a note to the DXCC Branch Manager, Bill Moore at dxcc@arrl.org."

EF8, CANARY ISLANDS. A team of EA and EA8 operators will activate EF8A during the CQWW DX SSB Contest (October 28-29th) as a Multi-? or possibly a Multi-2 entry. QSL via EA8URL.

FT5X, KERGUELEN ISLANDS. As this was being written, Gildas (Gil), TU5KG, who has been active as FT5XP/mm in the Austral Sea (in Southern Indian Ocean) on a fishing boat near/around the Kerguelen Islands, was expected to be active from Kerguelen Islands. The reports states, "Gildas is 'full ahead' to Kerguelen Island, he will be FT5XP from 'Port aux Francais' this weekend October 7th (He should arrive this evening) untill 8th. He will also be on Kerguelen the weekend of November 26th (for fuel refill)." QSL via F4EFI.

HR, HONDURAS (Topband). Dan, HR2DMR, is now active on the topband. He will be trying out a new set of antennas on 160 meters during October and November to be ready for the ARRL 160 Contest and CQ 160 Contest. Dan states that this is a good chance to work HR on 160 on CW, SSB and maybe RTTY between 0000-0500z. Suggested frequencies are: 1835, 1830 and 1825 kHz. He was also heard this past week on 40 meters SSB.

IOTA NEWS......................

AF-018. Raf, IH9YMC, is currently a resident of Pantelleria Island (IIA TP-001, MIA MI-124, WLOTA LH-0041). He plans to be active on the bands through January 31st. He has also been active on 160 meters. QSL direct or by the bureau.

AS-093. Operators Han/DS2GOO, Son/DS3HWS, Lee/6K2CEW and maybe a few others will be active from Hong Island (WLOTA 1528, Grid Loc PM24OQ and Korean Distriction Number H32) during October 13-15th. They will sign homecall/4 and D90HE/4. They will concentrate on 80-10 meters SSB but some digital modes like FSK or PSK31 are preferred. QSLs for D90HE/4 go to DS2GOO and all others via their home callsigns. More information and a log search will be available at:
http://myhome.naver.com/dxer2han/as_093/

EU-004. Operator Tom, DK3DUA, will be active as EA6/DK3DUA from the Island of Mallorca (DIE E-021, MIA MB-004, WLOTA LH-1902), Balearic Islands, from October 15-22nd. Activity will be on CW on 80-10 meters with a FD3 and 6 meters with a dipole. QSL via his home callsign, direct or by the bureau.

LIGHTHOUSE ACTIVITY. A team of 8 LU operators will be active from Claromeco Lighthouse (ARG-014) as LU4AAO/D between October 14-15th. Activity will be on all HF bands, on SSB and CW. QSL only via LU4AAO (Radio Club QRM Belgrano). The Claromeco Lighthouse is located in the south of the Buenos Aires Province. More information is available at: http://www.lu4aao.org.ar/ Or you can contact via E-mail at: lu4aao@yahoo.com.ar

LX, LUXEMBOURG. Philippe, LX2A, will be active as LX7I during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/All-Band entry. He informs OPDX that "If you work me on 3 bands you can request 1 direct QSL." QSL is OK via his new callsign LX2A (ex-LX2AJ) by the Bureau, direct and LoTW (no EQSL). His new Web page is: http://www.lx2a.com

NEW OFFICERS FOR 2006-2007. Gary, K4MQG, informs OPDX that the results of the 2006-2007 INDEXA election which ended September 30th are now official and is being distributed for publication. The results are as follows:

President: Ron, ZL1AMO
Vice President: Gary, K4MQG
Secretary-Treasurer: William, W4UNP
Director: Bob, K4UEE
Director: Nellie, XE1CI
Director: Franz, DJ9ZB
Director: Rich, W9RG
Newsletter Editor: John, K8YC

P40, ARUBA. Operators Dave/K9UK, John/W9KXQ, Bill/WW9WW, Dave/WG9J and Tom/W9AEB will be active as P40Z between November 28th and December 5th. QSL via K9UK.

P40, ARUBA (Update/Change). Ken/K6TA and Kay/K6KO will be active from here as P40TA and P40K, respectively, from November 30th to December 21st. Kay plans to be active in the ARRL 10 Meter Contest (December 11-12th) as a Single-Op/High-Power/Phone entry. Also, look for P40TA in the ARRL 160m Contest (December 1-3rd) as a Single-Op/High-Power entry. QSL both callsigns via WM6A.

PJ2, NETHERLAND ANTILLES. Operators Dan/K1TO, John/K4BAI and Vic/N4TO will be active as PJ4A from Bonaire during the CQWW DX CW Contest (November 25-26th) as a Multi-Single/High-Power entry. Before and after the contest, they will use PJ4/homecalls between November 21-28th. QSL all callsigns via K4BAI. The team of operators set the North American Multi/Single record for CQWW DX CW Contest as 8P9Z in 1999. The operation will be from the K2NG/PJ4G "Radio House" on Bonaire. John/K4BAI and Jeff/KU8E, won the Multi/Single category in the ARRL DX CW Contest in February of this year from the same QTH. IOTA is SA-006. Grid is FK52.

QSL 9Q1EK only to the adress mentioned on QRZ.com and NOT to the VE2EK. This is from an E-mail received by Georges, 9Q1EK/VE2EK/ZS1II. The address is: Georges SCHLEGER, UNITED NATIONS-MONUC- RADIO OKAPI, KINSHASA 12 Av. des Aviateurs B.P. 8811, DEMOCRATIC REPUBLIC OF CONGO.

QSL D44TD only direct to CT1EKF: Antonio Jose Xara' Costa, R:Centro Vidreiro 917 Bustelo 3720 262, Oliveira Azemeis, PORTUGAL.

Antonio, EA5RM, announced that the S01R log was uploaded to ARRL's LoTW. Also, bureau cards are starting to go out.

Pedro, HK3JJH, has a new mailing address: PEDRO J ALLINA Cod 9906, PO Box 02-5242, MIAMI FL 33102-5242, U.S.A.

REDUCED "CLOSEOUT" PRICE FOR IRCS: Bob, N2OO, has a limited number of IRCs for sale. All are large-sized IRCs which expire December 31st, 2006. Sale price 1.05 USD each. Minimum quantity: 10. IRCs will be sent postpaid USA (regular mail). PayPal accepted. Contact Bob, N2OO, for more information at: n2oo@arrl.net

Nilay, TA3YJ, reports: "Dear Radio Amateur Friends, Some radio amateurs are complaining about not receiving any reply for the QSL cards they had sent via bureau. TRAC QSL Bureau is doing the distribution in Turkey for the QSL cards that had come for me. Because of different reasons, which do not originated by me, I have not received any QSL cards from TRAC QSL Bureau since April 21, 2006. I recommend my radio amateur friends to send me the QSL cards directly if they need the cards urgently. Best regards from TAnatolia. 73 & 88, Nilay Mine AYDOGMUS, TA3YJ"
TA3YJ QSL Service: http://www.geocities.com/qslservice/ta3yj

VU4AN/VU3CHE QSL STATUS. Charles, K4VUD, reports: "All incoming QSL card requests for VU4AN/VU3CHE are now answered and in the mail. New incoming will be answered fast now and the HS bureau cards will be answered ASAP."

S2, BANGLADESH. An announcement was sent out this past week releasing details of the "Bangladesh 2007 DXpedition" which has been in the planning stages for 2 years. This operation will be carried out by the same group that activated D68BT/D68WL (2001) and TN3B/TN3W (2002). The team will be on the air as S21EA for 7 days between January 10-16th. Activity will be on 160-6 meters including the WARC bands, CW, SSB and RTTY. They plan to have 3 stations on the air. Operators mentioned are: Josep/EA3BT (Team Leader/SSB/Digital), Tony/EA2PA (CW), Nuria/EA3WL (YL/SSB/Digital), Fernando/EA5FX (CW) and Juan/EA8CAC (CW/SSB). QSL via EA3BT, by the Bureau or direct. A Web page is currently under construction for this operation and its URL address will be: http://www.ea3bt.com/s21ea.html

ST2, SUDAN (Bird Activities). Nader, HZ1NH, is back in the Sudan as ST2NH. He will be active on satellites trying to work Europe. His stay in Sudan is unkown. QSL via EA7FTR: Francisco Lianez Suero, Asturias 23, 21110 Aljaraque, HUELVA, SPAIN.

SX1, GREECE (Special Event). Look for special event station SX1VAR to be activated during the JOTA from October 21-22nd. Also, look for special event station SX100VAR to be active during the year 2007 (January 1st to December 31st) to celebrate the 100th anniversary of the Boy Scouts. QSL info will be available on QRZ.com. Look for details to become available soon on how to earn a award for working SX100VAR.

TI8, COSTA RICA. Operators Carlos/TI2KAC, Eddie/K4UN, Bob/W4BW, Keith/W4KTR and Alexis/W4XO will be active as TI8M during the CQWW DX SSB Contest (October 28-29th) as a Multi-2 entry. QSL via TI2KAC, direct or by the Bureau. Look for activity before the contest on 160-10 meters.

TK, CORSICA. Operators Kazik/DL2SBY, Tomi/HA4DX and Laci/HA0HW will be active as TK/homecall between November 2-11th. Their QTH will be on the north part of Corsica (EU-014) near a small village called Sisco. Activity will be on all HF bands (CW, SSB, and Digital modes) but they will focus on the lower bands. On 160m, they will use an Inverted L for transmitting and 2 lambda long beverages for reception, on 80m an Inverted Vee, on 40m a monoband Gp. On the higher bands, they will be using DunaX GPN4B and DunaX GPW3B multi-band Gp antennas. They will use two radios and a small amplifier with 500 watts output. QSL via the operator's home callsign, by his national QSL Bureau, or via the QRZ.com address.

TZ, MALI. Eric, ON4LN, has announced that a team of 4 operators will be active from Bamako, Mali, between April 1-8th next year. No other details were released other than a Web site will be online soon with more info.

V6, MICRONESIA (Also KH2). Four members of the Yamato Club (JA1ZEK) will be active from three different islands of Micronesia between November 1-13th. Look for the following operators: Sasi/JA1KJW (V63JQ), Mat/JA1JQY (V63JY), Hiro/JI1FOP (V63OP) and Kuni/JA8VE (V63VE). Their planned schedule and destination is as follows:

November 1-6th - Kosrae Island (OC-059)
November 7-8th - Pohnpei Island (OC-010)
November 9-13th - Chuuk Island (OC-011)
November 14-15th - Guam Island (OC-026)

They will set up two stations and operate on 160-10 meters, SSB, CW and RTTY. QSL V63JQ via JA1KJW, V63JY via JA1JQY, V63OP via JI1FOP and V63VE via JF1OCQ.

VP2V, BRITISH VIRGIN ISLANDS. Steve, AK0M, will be active from here next year between February 12-19th. His VP2V callsign is unknown as of yet. Operation will be from the Island of Anegada (NA-023), and he plans to be a casual entry in the ARRL DX CW Contest. QSL via AK0M. Look for updates in the future as plans finalize.

VU7, LAKSHADWEEP ISLANDS. NIAR PRESS RELEASE (dated October 6th, 2006): "We are happy to inform you that the Hon�ble Minister for Communications and IT has approved the NIAR proposal for holding Hamfest � a convention of International amateur radio operators in Lakshadweep Islands (VU7). The event will be held during December 1-3rd, 2006. The event also coincides the year of Golden Jubilee celebrations of Union Territory of Lakshadweep. Another major attraction for the event is that Indian and Foreign hams can obtain permission from Government of India to operate their Amateur Radio stations during the HAMFEST being held at Lakshadweep Islands during December 1-10th, 2006.

Several agencies of the Government of India have come together to support Amateur Radio activity in our country, particularly the Department of Information Technology, Ministry of Tourism, Lakshadweep Administration, Ministry of Home Affairs, Ministry of Defence, Ministry of HRD and Department of Telecommunications. This was made possible with encouragement we received from DX agencies like GDXF, Germany and DERA, USA etc.

Hamfest is likely to attract a large number of operators. It has been decided to spread amateur radio stations to different islands to ensure most efficient operations with their physical separation of 10-60 km.

The operations will take place at least from: Agatti Island, Bangaram Island and Kadmat Island.

Lots of attention will be put in the organisation of each island operation site: Experienced operators, carefully selected equipments, large antenna farms, and awareness of conditions to all continents on all bands

In addition NIAR has assigned reliable QSL Managers to ensure quickest and most efficient QSL handling for each of the 3 ITU Regions:

Region 1: German DX Foundation (GDXF)
Region 2: N2OO, Bob Scheck
Region 3: The I-House Radio Club

Your contribution, in any amount, will make you a valued member of our VU7 operation. We need your support! We plan a special acknowledgement for Individual Donators. Further details will follow in due time. More details will be released on the official webpage www.vu7.in as plans and details firm up. Regards... Mohan, VU2MYH"

WRTC 2010. The World Radiosport Team Championship Sanctioning Committee (WRTC-SC) have announced that the 2010 WRTC will be held in Russia. The Soyuz Radiolyubitelei Rossii (SRR) will sponsor the event under the leadership of their SRR President, Roman Thomas, RZ3AA, who will be the host Committee Chairman. The WRTC and the IARU Championship will be held next July 2010.

XU, CAMBODIA. Retu, OH4MDY, reports that the members of the Finnish radio group called the "Pieksamaen Radioamatoorit ry." (OH4AB) will be active in XU with the callsigns XU7MDY and XU7JGE between October 20th and November 5th. Activity will be on 160-10 meters CW. Suggested frequencies are: 1825, 3507, 7003, 10104, 14007, 21007, 24897 and 28020 kHz. There will be an emphasis on the lower bands. Also, look for XU7MDY to be active in the CQWW DX SSB Contest (October 28-29th) as a Single-Band entry (band not provided). QSL only direct and QSL info is available on QRZ.com.

YN2, NICARAGUA. Operators Ed/W5GCX, Mike/K5UO and Frosty/K5LBU will be active as YN2EJ from Granada during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via K5LBU.

I'm editing a memoir that my sister's father-in-law has written about his experience as the sole doctor stationed at Easter Island in 1953-54. In his book he mentions that he set up a ham radio station, CE-0-AC, and that he had QSL cards printed up.

But now he hasn't been able to find any to put into the book! If anyone has a copy of a CE-0-AC card, I'd love to get a good scan to include in the book.

He's Dr. Dario Verdugo-Binimelis, a 90 year old retired Chilean doctor. At the time he was in his late 30s. He, his wife, & 4 young sons up and left for Easter Island for 2 years - no electricity, water from rainbarrels, a leper colony to manage... It's a fascinating story!

Here's what he says about his experiences as a ham:

==

As we approached our second year in the island, I decided to become an amateur radio operator to be able to communicate with our family back in Santiago, so I ordered the equipment from Chile for the next annual shipment. I was proudly granted a ham radio operator's license-my ID was CE-0-AC and I had cards printed with a moai [the big statues], which became very desirable . The Navy base on the island lent me a small electrical generator and some fuel, which allowed me to use the radio equipment on limited occasions. After overcoming many difficulties, especially with setting up the electric power with the generator (for which my son Pedro was the 'expert mechanic') and the installation of the antenna supported by a tall mast erected by my children, I was able to make it work. To my surprise however, a couple of days following the proud launch of our radio station, the Naval Governor showed up at my home with his lieutenant to order me to lower the height of the antenna. In his view, it was inappropriate to have a structure on the island that would be higher than the tallest mast where the Chilean flag flew at the Governor's house. I was unsuccessful in convincing him that I was not being disrespectful to the Chilean flag, nor was I challenging the Chilean sovereign or his authority over the island; I even suggested flying the Chilean flag on our antenna.

As a result of this unsuccessful negotiation with the Governor, we ended up lowering the antenna a few feet after making careful measurements. While it was a good engineering lesson for my four sons, I suspect that it degraded the capability of my ham radio equipment which needed all the help it could get to reach far away distances. (But Pedro did end up studying engineering.)

I was disappointed to realize that in spite of all my effort to connect with Chile, it was either very difficult, or simply impossible. The first and one of the few times that I could talk with my parents I was so overwhelmed by emotions that my words drowned in my throat. A different story was with the U.S., especially California, where I was able to establish many contacts. When I turned on the equipment and started calling , many ham operators tried to reach me, since it was very unique to contact someone from a place so remote and exotic. The reality is that the ham equipment became more of an entertainment and not the tool that I had envisioned for connecting with our loved ones back in Chile.

Having a ham radio as our entertainment, we decided that it would be nice to share some of the music that we could receive from far away stations with the Pascuenses [natives], so we organized occasional musical gatherings by placing speakers in front of our porch. We had just paved the 100-foot walkway from the gate entrance to the front porch. Many Pascuenses came that first Sunday afternoon for our get-together. While they enjoyed the music, especially German marches that they had heard during warship visits during WWII, they were most impressed by the paved walkway. They had never seen such "soft large flat rock", and for them it was a pleasure just to walk on it , to the point of asking if they could come back some other day with their families for a promenade. ...

==

The book, "Life and Solitude in Easter Island", should be available on Amazon by mid-December (hopefully), and this week we're starting to decide where to place the illustrations.

TIA!
Jennifer Simonds

Mark, Just ignore them.

They only tease you because of the stupid things you say when you follow up. Just ignore them and they'll give up.

Stop giving them reasons to tease you. It only makes you look more stupid.

Take a break from the radio groups for a while, Maybe work on your moon bounce some more.

Mark, Just ignore them.

They only tease you because of the stupid things you say when you
follow up.  Just ignore them and they'll give up.

Stop giving them reasons to tease you.  It only makes you look
more stupid.

Take a break from the radio groups for a while,  Maybe work on your
moon bounce some more.

The Discordian People's Most Powerful and Revered Being (without
portfolio)
Economic Left/Right: -7.63
Social Libertarian/Authoritarian: -7.38
Real email should go to gmail.com, otherwise the same as above.

Quotable quotes:
"Three OS's from corporate-kings in their towers of glass,
   Seven from valley-lords where orchards used to grow,
Nine from dotcoms doomed to die,
   One from the Dark Lord Gates on his dark throne
In the Land of Redmond where the Shadows lie.
   One OS to rule them all, One OS to find them,
   One OS to bring them all and in the darkness bind them,
In the Land of Redmond where the Shadows lie."'

"Covert ace nudists in the Vatican!"

"Real men eat me."

"Any priest or shaman must be presumed guilty until proved innocent." --
Lazarus Long

"Laws count, the US Constitution count more, and we need to have judges
on the bench who are going to Carry Out those laws, not Make Law or
Interpret Law." -- John "Easily" Shocked contradicts his own words on
the overriding importance of society's reluctance to accept
homosexuality, in Message-ID: <brIDe.67062$Qo.12613@fed1read01>

"Heterosexuality is not *normal*, it's just more /common/."

"For the most part, morality is universal." -- John "Easily" Shocked

"Gay, straight, they all want blow jobs."

"Bad stories are bad stories. We just call them as they are." -- DBurns
demonstrates his sheer cluelessness on Mar 9, 2002, at 6:25 pm, in
rec.arts.drwho

"Oh, and Snarky, if you're listening: Fuck you, Asshole! Enjoy the few remaining days of your internet access." Kooky troll John Long gets delusional, in Message-ID: <3C36AA50.31DD0...@epix.net>

A sad little top-poster with the nym of "Choirboy" once lamed:

> Well, gee, coming from an asshole like *you* ...
> ESAD, ya 'ho bitch.

Please to be posting proof, you facile fridgemagnet.
-- replied the Aussie rapier, aka fnord/Affinity, in a now-lost message

"I have a dream...that one day the whole world will know the joy of my nipples!" -- Stimpy

"The meek shall inherit the earth -- 2' x ~6' x 6' of it."

"If English was good enough for Jesus Christ, it's good enough for these U-nited States!" -- an unknown politician, in a senate floor debate over bilingual education.)

"The policeman isn't there to create disorder, the policeman is there to preserve disorder" -- Mayor Richard Daley of Czechago, September 23, 1968

"Moral: it's not a plot hole if two eyes and two brain cells can solve it." -- Keith Goodnight, in atbvs, on NNTP-Posting-Date: Mon, 03 Jun 2002 16:46:02 EDT

"Kung fu's useful!"

"Bernadette, you ignorant oaf.
Bernadette, you brainless dullard.
Bernadette, you feeble-minded wag.
Bernadette, you blathering baboon.
Bernadette, you babbling boor.
Bernadette, you depraved dolt.
Bernadette, you stinking slimeball.
Bernadette, you yammering yak.
Bernadette, you lily-livered lush.
Bernadette, you hard-hearted hulk."
-- Mother Be Strange gets very hard on herself, in

> > > bounce some more.

Markie just makes fake EME contacts and lies about it. The only real
moonbounce he does is to sodomize his bedridden daddy.

> > Spammer.
> indeed that may be Robeson it is certainly one of his friends the way
> they defend each other from even the slighest attack

Poor Markie, he has no friends, now go clean up that filthy trash
filled yard.
```

See http://science.nasa.gov/headlines/y2006/15aug_backwards.htm

Seems that the polarity of the magnetic fields of sunspots is used as an
indication of when to start a new solar cycle. The Sun's first new
polarity sunspot just showed up.

Mark, Just ignore them.

They only tease you because of the stupid things you say when you follow up. Just ignore them and they'll give up.

Stop giving them reasons to tease you. It only makes you look
more stupid.

Take a break from the radio groups for a while, Maybe work on your
moon bounce some more.

Mark, Just ignore them.

They only tease you because of the stupid things you say when you
follow up.  Just ignore them and they'll give up.

Stop giving them reasons to tease you.  It only makes you look
more stupid.

Take a break from the radio groups for a while,  Maybe work on your
moon bounce some more.

Mark, Just ignore them.

They only tease you because of the stupid things you say when you
follow up.  Just ignore them and they'll give up.

Stop giving them reasons to tease you.  It only makes you look
more stupid.

Take a break from the radio groups for a while,  Maybe work on your
moon bounce some more.

SC

SB DX @ WW < KB8NW $OPDX.772
Ohio/Penn DX Bulletin No. 772

The Ohio/Penn DX PacketCluster
DX Bulletin No. 772
BID: $OPDX.772
August 21, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX
Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet

Clusters Network, K1XN & GoList, NC1L, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, KA7KUZ, N7MQ, N7NG, K8YSE, Pete's-DX-Newsdesk, DH5JG, DL1EK & The DX News Letter, DL6KAC, DL7JAN, F5NQL & UFT, HA0HW, I1HYW, I1JQJ/ IK1ADH & 425 DX News, LZ1BJ, PA7FM, RSGB IOTA, TA3YJ, UX0FF, VA3RJ & ICPO, VE3EXY, VK4AAR, VK6CQ and YT1HA for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 13th/August, through Sunday, 20th/August there were 201 countries active. Countries available: 3A, 3B8, 3V, 3W, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5U, 5V, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9Q, 9V, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C9, CE, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, E4, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, EU, EX, EY, F, FG, FH, FJ, FK, FM, FO, FP, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J7, JA, JD/o, JT, JW, JY, K, KH0, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TK, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, XX9, YA, YB, YI, YL, YN, YO, YU, YU6, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD8, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3V8, TUNISIA (IOTA Op!). Look for Francois, F8DVD, to be active as 3V8SM from the facilities of the Scout Houm Souk ARC on Djerba Island (AF-083), August 28-31st. He intends to be active on both CW and SSB, on all bands, from 80-10 meters, propagation permitting. Francois will use a FT-767 w/100w into beam and dipoles. QSL this activity ONLY to F8DVD, either direct (SAE + IRC or 1 USD for Europe, and 2 USDs for Africa and elsewhere) or via the French REF-Union Bureau. Please nothing via 3V Bureau. F8DVD's address is: FRANCOIS BERGEZ, 6 RUE DE LA LIBERTE, F-71000 MACON (FRANCE).

4TH AAW. Dates have been announced for the next and 4th Antarctic Activity Week (AAW). Gianni, I1HYW, informs OPDX that Worldwide Antarctic Program's (WAP) Antarctic Activity Week 2007 will be held February 19-25th. If you go to the WAP's Web site, you will find a new banner with the name "Antarctic Activity Week". By clicking on it, you will be moved to the AAW callsigns history list from the first AAW (2004) through the 4th event of 2007. Several stations have already announced/booked for next year�s event, and you can see their callsigns listed in the 2007 session. AAW is an unique world-wide event where Hams are "celebrating and working to improve Worldwide interest around the Antarctic Continent and its related matters, to understand and share what the Nations and Organizations are doing to study and protect this still non contaminated corner of the world and share from there, a message of peace." Apply for your ANT special callsign, and let them know about it in order to issue your WAP reference and be ready on time to join them. For Award collectors, the WAP-ASEA (Antarctic Special Event Award), managed by ARI Cassino, is sponsoring this particular event:
http://www.aricassino.it/diplomi.htm
WAP states, "Antarctica is much more than an amusement, Antarctica is

passion and culture!" Visit their Web page at: http://www.ddxc.net/wap

4W, TIMOR-LESTE. QSL Manager, Dennis, PA7FM, informs OPDX that 4W6AAB went QRT on the 12th of August after almost 4 weeks in Timor-Leste. Almost 3000 QSOs were made on 40-10 meters on SSB/CW/RTTY and PSK31. Dennis mentions that for those who missed him again.... it was probably due to the very limited operation hours. He will most likely go back, maybe at the end of this year. QSL cards will be printed soon, while the log is online at: http://www.pa7fm.nl
QSL via PA7FM: Dennis Robbemond, Loggerhof 11, 3181 NS Rozenburg,
The Netherlands.

4X, ISRAEL. Look for Hal/W8HC, Randall/K8OQL and four 4X operators to be active as 4X0WV during the CQWW DX SSB Contest (October 28-29th) as a Multi-? entry. QSL via W8HC.

5Z, KENYA. Nick, G3RWF, is planning to return to activate 5Z4LS again in November for the CQWW DX CW Contest. He is expected to probably stay a few more days than last year. Nick is planning to use the Radio Society of Kenya clubhouse in Nairobi again.

7P, LESOTHO. Operators Wolf/DH3WO, Mathias/DJ2HD and Jan/DL7JAN will be active as 7P8WO, 7P8DJ and 7P8JF, respectively, from Roma between September 3-12th. Activity will be on 80-10 meters on CW/SSB/RTTY and PSK31. They will have two stations on the air. QSL all callsigns via DL7JAN only, either direct (QRZ.com) or via the bureau. Visit the following Web page at: http://www.qsl.net/dl7jan/

AFRICAN TOUR. Miki, YT1CS, is planning another trip to Africa during the month of October. He plans to activate a couple of IOTAs and countries during his travels. So far his list of destinations include the following Tanzania (5H), Kenya (5Z), Burundi (9U), Ethiopia (ET), Comoros (D6) and Mayotte (FH). During his 5H and 5Z trips, Miki will activate the following IOTAs: Lamu Island (AF-040; 5Z4), Wasini Island (AF-067; 5Z4), Zanzibar (AF-032; 5H3) and Pemba (AF-063; 5H3). The duration of his stay is dependent on sponsor's support. Miki is looking for sponsors and can be reached at: yt1cs@ptt.yu

ANTARCTIC RADIO OPERATOR NEEDED. Alan, VK6CQ/VK0LD/VP8PJ/9V1DX, reports: "I am looking for someone for a temporary position as a radio/communications operator at Patriot Hills, Antarctica, this coming season. The job involves maintaining voice communications with Twin Otter aircraft and mountaineering parties on HF, VHF and Iridium satellite. This would suit an experienced HF amateur radio operator and is a paid position with airfares to/from Punta Arenas provided. Patriot Hills is located at 80 degrees South, at the southern end of the Ellsworth Mountains and is serviced by a weekly 5 hour flight on an Ilyushin 76 cargo jet from Punta Arenas, Chile. Accommodation, food etc. at Patriot Hills is provided free of charge. Dates are approximately mid October 2006 to end of January 2007, but a shorter period may be negotiated for suitable candidates. The position requires very good English language skills and a reasonable level of fitness." If you are interested, contact Alan at: vk0ld@yahoo.com
To see pictures and info on Patriot Hills, visit Alan's Web page at:

http://www.geocities.com/vk0ld/home.html

CN, MORROCCO. M'hamed, CN8NK, is expected to be active on RTTY 30 meters very soon.

DXCC NEWS..................

Followup -- DXCC Accreditation Criteria Change (August 14th, 2006). Wayne Mills, N7NG, ARRL Membership Services Manager, reports: "It has become commonplace for DXpeditions to publish the band and mode for selected callsigns. While this reduces the overall integrity of the QSLing process slightly, it's a reasonable compromise. In almost every case, the new accreditation rule will change nothing. Publishing band and mode information for each callsign (as is now done) is perfectly acceptable. It is only the rare case where complete QSO information is published or can be derived for the published data that we are concerned about. Understand that were a DXpedition log (or any log for that matter) to be inviolable, that is never to be changed, these matters would be moot. In fact, it would be better to publish the logs. But logs are changed, and most times for good reason. Can you imaging the grousing if a DXpedition were to refuse to make any changes to the log? Let's face it, then. Logs are changed. The existance of a complete log (including time, date, band, mode and callsign, or enough information to derive those parameters), available to all interested parties can create difficulties for QSL managers, and in the end call into question the integrity of the QSLing processes. What's a manager to do when two or more DXers with very similar calls claim a single QSO? This situation can and does happen much more frequently when a complete log is published. The ARRL DXCC Branch has spent many thousands of man-hours over the years checking cards and making every effort to maintain the integrity of the DXCC program. Most DXers would have it no other way. When we were considering rule changes back in the late nineties, many DXers went out of their way to comment to the effect that we should never compromise on integrity. Publishing complete logs on the Internet can and will impair the integrity of the program. We intend to resist."

EA8, CANARY ISLANDS. Frank, DH5JG, will be operating as EA8/DH5JG from Lanzarote Island (AF-004, DIE S-007) from August 30th until September 12th. Activity will be on 40-10 meters including the WARC bands. Modes will be CW, SSB and RTTY/PSK31. He will also participate in the upcoming IARU Region 1 SSB Field Day and WAEDC SSB Contest. QSL via DH5JG by the bureau (DARC).

IOTA NEWS......................

AS-093. Kang, DS4DRE, will be active as DS4DRE/4 from Hong Island now through the end of the year. Activity will be on 80-10 meters CW/SSB. QSL to his home callsign, direct or by the bureau.

EU-048. Chris, F8EUK, will be active as F8EUK/p from Houat Island, September 10-17th. Activity will be mainly CW on 30/20/17/15 meters. He will use a FT-857D w/100w into a multi-doublet and HM vertical. Operation will be limited because he is on holiday. QSL via the bureau.

EU-064. Operators Gilles/F5JPG, Michel/F5UTL, Dominique/F1CNB, Luis/F5THW and Juan/F5IRC will be active as TM2P from Pilier Island (AT-30 and Lighthouse DPLF: PB032, WLOTA: LH 622 and ARLHS: FRA 396), between September 8-10th. Activity will be on 80-10 meters (no 160m), CW, SSB and PSK31. QSL via F5IRC.

EU-095. Several members of the F5KDK ARS will be active as TM5F from Frioul Island, August 25-27th. Activity will be on 160-10 meters CW/SSB. Operators mentioned are: Odette/F1IKA, Yannick/F1NSR, Alexandre/F4CJV, Florent/F4CWN, Michel/F5IVP and Jean Michel/F5SDD. QSL via F1IKA. More information is available at:

http://www.f5kdk.com/

SA-044. Members of the 4M5DX Group and the Mediterranean DX Club will be activating La Tortuga Island in Venezuela as YX5IOTA between September 26th and October 1st. Activity will be on all bands and modes. QSL Manager is IT9DAA. Please check their Web page for list of operators and suggested frequencies at:

http://yx5iota.4m5dx.org

IRCS. Alan, VK4AAR, has received important information direct from the Universal Postal Union (in Switzerland) in response to his inquiry regarding the expiry dates for IRCs. Here is what he received from the IRC and Philately Programme Assistant: "Since 2002, the validity date for exchange is printed on each international reply coupon.

The new international reply coupon (Beijing model 2), on sale from 1 July 2006, is valid for exchange until 31 December 2009.

The international reply coupons (Beijing model 1), on sale from 1 January 2002, must be exchanged before 31 December 2006. They will have no value after this date.

I would like to inform you that International Reply Coupons (IRCs) issued from 1906 to 1974 (in blue colour) do not have any value for exchange, but maybe they have a historical value. You may wish to consult a collector of IRCs to know if the coupon has any financial value.

You should understand that currently the IRCs issued from 1975 to 2001 (in yellow colour) are exchangeable indefinitely according to the current UPU rules. However, this kind of IRC cannot be anymore exchangeable, in term of finances, between the postal administrations since 30 June 2006. Therefore, it means that some of them do not accept anymore this coupon for exchange.

The exchange of IRC (after the customer's exchange) between the postal administrations is managed by a bilateral agreement, and if there's no bilateral agreement, the postal administrations loses money."

Readers are suggested to visit a Web page that Jim, AD1C, has put up about the above IRC information (from the Universal Postal Union). On the Web site, readers will see the different IRCs as mentioned above. Go to:

http://www.ad1c.us/upu_rules_irc.htm

KH8SI SUMMARY REPORT. A QSOs summary sheet on the KH8SI DXpedition became available this past week. The KH8SI team made some 16,390 QSOs from Swains Island. The first QSO was on July 28th (2006) at 2219z with AH8LG on 20m SSB. Last QSO was on August 2nd (2006) at 1600z with VK1XP on 20m SSB. The following are more numbers on the operation.

Band	Mode	QSO
160m	CW	227
75m	PH	266
40m	PH	1,595
30m	CW	2,426
20m	PH	5,987
20m	CW	1,084
20m	RTTY	25
17m	PH	3,644
17m	CW	13
15m	PH	800
12m	PH	323
		16,390

Continental	QSOs
NA	8,810
SA	137
EU	1,655
AS	5,132
OC	603
AF	53
	16,390
JA	4,723
USA	8,268

Activity took place during 6 days with the solar flux around 73 and the K at 1. QSL via JA1BK. For the story, log search and pictures visit: http://www.iijnet.or.jp/JA1BK/home_e.html

LZ1900, BULGARIA (Special Event). Several members of the Bulgarian Federation of Radio Amateurs (BFRA) will activate the special event callsign LZ1900K (LIMA ZULU ONE NINE ZERO ZERO KILO) through the end of 2006. Activity is to commemorate the 1900th anniversary of the proclamation the of ancient city of Pautalia (modern Kyustendil) by Roman Emperor Mark Ulpiy Trayan for Municipia (Province center), including the right of the city to issue coins. QSL preferably via the LZ QSL Bureau to LZ1BJ.

NP2, U.S. VIRGIN ISLANDS. Members of the Flordia Contest Group will be active as NP2B during the CQWW DX SSB Contest (October 28-29th) as a Multi-? entry. Operators mentioned are George/K5KG, John/NP2B, Esteban/W4DTA, Julio/WD4R and Fred/K9VV. QSL via NP2B.

PIRATE ALERT. Reports indicate that the activity of a 9A/TA3J back in July was a PIRATE. Berkin, TA3J, states that he didn't operate from Croatia. Save your green stamps!

QSL INFO AND NEWS........................

4O8O via YT1HA. Zik, YT1HA/4O8O, informs OPDX that he is still waiting for QSL cards from the printer and the QSLs will be sent out when he receives them. QSL is "OK" direct via YT1HA or e-QAL via eqsl.cc. This QSL counts for Serbia.

QSL DA2006LH via the Bureau or direct to DG0UFA (QRZ.com address). Activity was from Staberhuk Lighthouse (ARLHS FED-226, WW Loc. JO54PJ) located on Fehmarn Island (EU-128, O-01 for the German Islands Award) during the International Lighthouse/Lightship Weekend.

QSLs for DF0HC will go out automatically via the DARC Bureau or (if you really need a direct card) via DJ5KP (address is good on QRZ.com or actual callbooks). Activity was during the International Lighthouse Weekend from Helios Tower (FED-107) in Cologne. More info at:

http://www.mydarc.de/dn1kav/

Direct QSLs for T96Q go via T93Y: Boris Knezovic, P.O. Box 59, Sarajevo BA-71000, Bosnia and Herzegovina (w/SAE and 1 IRC or 2 USDs). Bureau cards will be forwarded to Boris. QSL requests sent to T96Q's address will be forwarded to Boris every month or two, so if you want a quick answer, please do not send your cards there. All questions regarding QSL traffic for T96Q can be sent to: boris@t93y.com

Nilay, TA3YJ, QSL Manager for the following callsigns states you can find out the status of your QSL for sending (incoming/outgoing) direct and via the Bureau QSL cards at the TA3YJ QSL Service. She is the QSL Manager for: TA3J, TA3J/0 (AS-099), TA3J/0 (AS-115), TA3J/1, TA3J/3, TA3J/3 (TUR 006), TA3J/4, TA3J/4 (TUR 065), TA3J/60, TC2K4J, YM125ATA, TA3PI, HA/TA3J, LZ1/TA3J, LZ2/TA3J, OE/TA3J, OK/TA3J, SV1/TA3J, SV4/TA3J, TA3YJ, TA3YJ (AS-099), TA3YJ/3, TA3YJ/3 (TUR 006), TA3YJ/4, TA3YJ/4 (TUR 065), TA3YPI, LZ2/TA3YJ, SV1/TA3YJ, YM3BU, YM3ATA, YM3SV, YM75TA, YM21TA, YM3LZ (WPX2000SSB) and YM3LZ (WAE2000SSB). To see the status of your QSL, visit the Web page at:

http://www.geocities.com/qslservice/ta3yj

SPECIAL EVENT (911). Robert, W2IK, will again be operating special event station W2IK/WTC911 on September 11th, from 1300-0300z (9 AM-11 PM EST). He states that activity is "IN HONOR OF THOSE WHO LOST THEIR LIVES DURING THE WORLD TRADE CENTER DISASTER. I WILL BE USING MY PERSONAL CALL BECAUSE IT WAS THE FIRST CALL THAT WAS SENT FROM 'GROUND ZERO'." Look for activity on the upper portions of 40/20/15 meters SSB. QSL by sending a 9x12 SASE to the QRZ.com address of W2IK: PO BOX 6731, San Antonio, TX 78209. A special QSL certificate has been printed. Visit the following Web to see last year's event: http://hometown.aol.com/alonestaryank/W2IKWTC911.html

SPECIAL EVENTS (Ukraine). Look for the following special event stations to be active from the Ukraine between August 24-28th. Activity is to celebrate Ukraine's 15th anniversary of independence. Operations will be on all HF bands. Special event stations are:

EO15FF - QSL via UX0FF, direct or by the bureau.
EO15FW - QSL via UT3FW, direct or by the bureau.
EM15FA - QSL via UT2FA, direct or by the bureau.

USI NEWS..................

TN036. Operators Ralph/WA3YFQ, Joe/WA3WMB and Loren/WA3WZR will activate Goat Island (Not IOTA, but a USI new one!) located in Dale Hollow Lake, Pickett county, Tennessee, between August 21-25th. They will use the callsign WA3YFQ for this operation. Activity will start around 1600z on 7250 kHz, then they will QSY to 14260 kHz. QSL via WA3YFQ (QRZ.com).

VE, CANADA. Laci, HA0HW, will once again be in Canada between August 20th and September 17th. He informs that he will try to operate as VE3/HA0HW from VE3NE's QTH as he did last winter. Laci states that this isn't a "DXpedition" it is a work-trip (on the job training). QSL via HA QSL Bureau or direct to QRZ.com address.

VP5, TURKS AND CAICOS ISLANDS. Operators Frank/WA2VYA, Tony/W2WAS and

John/N2VW will be active as VP5T during the CQWW DX SSB Contest (October 28-29th) as a Multi/Multi or Multi-2 entry. QSL via N2VW or LoTW. Their activity will be from VP5JM on Providenciales (NA-003). Look for CW and operations on the WARC bands before and after the contest. Operators will sign using VP5/homecall. QSL to their home callsigns. No eQSLS.

W7, UNITED STATES (RTTY from MT!). Three members of Cinco Nueve Contest Group from Oregon/Southwest Washington, will participate in CQ WW RTTY Contest (September 23-24th) from Montana. The trio will be active from W7LR's QTH and use his callsign for the contest. QSL via W7LR. Outside of the contest, operators will be active a bit using homecalls/7 -- for those QSOs, the QSLs go to either Al/K7AR, Mark/N7MQ or Ron/WJ7R.
If there are special RTTY WAS needs, Email to N7MQ [n7mq@arrl.net], and they will see what they can do. No promises on skeds.

ZL, NEW ZEALAND (Ops Needed!). Brian/KA7KUZ and Brian/ZL1AZE are assembling an international team entry in the 2006 CQ WW SSB Contest from the Quartz Hill (ZL6QH) superstation. Transportation will be provided to and from Wellington Airport with accommodation provided at the station. With the assortment of Vee beams, yagi beams, rhombic and low band sloper antennas available at this site, there will be no shortage of operating opportunities before, during and after the contest. This may be the last CQ WW SSB Contest from ZL6QH for some time; it is likely that the antennas will be removed in 2007 for the construction of a wind farm. If interested, please contact
KA7KUZ at: ka7kuz@arrl.net
Visit the Quartz Hill's Web page at: http://www.zl6qh.com

My fancy electronic logbook is an Excel spreadsheet. This makes it easy to asve in any format. I also have an Excel template in which I can paste my basic data to create an adif file. Very easy to do. LOTW needs the callsign, date, time, band, and mode. Paste the raw data to the template, grab and paste the results to a text file, save as text and give it a .adi suffix.

It's very simple. The Google funded technology is set to use only frequencies
that will not interfere with ham bands. Ed Hare (W1RFI) has tested these

systems and found no interference on ham bands. He has found interference on other bands, but users of those frequencies have shown no interest in his findings.

In Australia, operators of costal radio stations (marine mobile service) have complained, but no one in the U.S. has.

The current of the FCC has come out 100% in support of BPL.

Geoff.

EI7.0 is out. If you use many screens at once while looking for DX, EI7.0 may be of interest to you. I keep three WEB spots up at once plus several other WEB tools. EI7.0 allow these windows to stay open and current, plus provides tabs for instant access, or all in one window for selection. There are also other features, most of which I have yet to explored.

Win, w0lz

Firefox has had this (tabbed browsing) ability for quite awhile. You'll love it!

Ohio/Penn DX Bulletin No. 773

The Ohio/Penn DX PacketCluster
DX Bulletin No. 773
BID: $OPDX.773
August 28, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, AA3B, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K6RIM, KX7YT, K8YSE, Pete's-DX-Newsdesk, 9A6JYL, DK8JB, DL4OK, F5NQL & UFT, F6AJA & Les Nouvelles DX, G4EDG, I1JQJ/IK1ADH & 425 DX News, IN3VZE, LA9VDA, RSGB IOTA, SM5DJZ, TA3YJ and VA3RJ & ICPO for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Monday, 21st/August, through Monday, 28th/August there were 191 countries active. Countries available: 3A, 3B8, 3W, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5V, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C3, C5, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, EA, EA6, EA8, EA9, EI, EK, EP, ER, ES, EU, EX, EY, EZ, F, FG, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J6, JA, JT, JW, JY, K, KG4, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OJ0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PY, PZ, S5, S9, SM, SP, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TJ, TK, TR, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V2, V5, V8, VE, VK, VK9N, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, YA, YB, YI, YL, YN, YO, YU, YU6, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or

more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3A, MONACO. Patrice, F5RBB, will be active as 3A/F5RBB from September 2-10th. Activity will be on 40/20/15/10 meters SSB. QSL via his home callsign.

3XM, GUINEA (Possible IOTA Ops). Serge/UA6JR and Alex/RW3AZ will be active again from Boke as 3XM6JR and 3XD2Z, respectively, starting August 29th "for the next few years". Activity will be on 160-6 meters CW, SSB and RTTY, plus PSK and SSTV (3XM6JR). Serge also plans to activate IOTA groups AF-096 and AF-051 during his stay. He will also use the special callsign 3XY3AZ during contest activities. QSL via UA6JR, direct or by the bureau.

5B, CYPRUS (Possibly ZC4!). Colin, G3VCQ, will be active as 5B/G3VCQ from August 28th to September 6th. Activity will be on all HF bands. Colin may also be active from the U.K. Sov. Base Areas on Cyprus (ZC4) from time to time if a callsign is allocated. QSL via G3VCQ.

5V, TOGO. Robert, 5V7BR, can sometimes be found on 14114 kHz after 0600z. As of June 1st (2006), the QSL Manager for 5V7BR is Gerard, F2VX. QSL cards are "OK" via the bureau or direct.

6W, SENRGAL. Albert, NH7A, will be active as 6W1RY during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/All-Band/High-Power entry. QSL via F5VHJ.

7Q, MALAWI. Ely, IN3VZE, informs OPDX that he will be active as 7Q7CE from the southwest of Lake Malawi starting September 18th and ending October 5th. Activity will be on 80-10 meters. QSL via IN3VZE, direct or via bureau. His address is: Ely Camin, Corso 3 Novembre 136/2, 38100 - Trento - Italy.

9A, CROATIA. Gery, HB9TQF, will be active as 9A8TQF from August 28th to September 6th. Activity will be from Grid Square JN83, probably the exact locator will be JN83BB. Bands of activity were not provided, but he will be CW, SSB and FSK.

CT3, MADEIRA ISLANDS. Kresimir, 9A7K, will stay at Funchal between August 28th and September 4th. During his free time he will visit radio club stations CS3MAD and Jose CT3HG, and will be active as CT3/9A7K from IOTA AF-014. This is the first Croatian amateur radio station active from DXCC entity Madeira and from IOTA AF-014. QSL CT3/9A7K via his home callsign. Visit Kresimir's Web page at: http://www.9a7k.com

CU, AZORES. Jean-Pierre, F8AYU, will be active as CU8/F8AYU from Flores Island (EU-089), September 3-10th. Activity will be 40/20 meters CW/SSB.

DXCC NEWS. Bill Moore, NC1L, ARRL DXCC Branch Manager, sent out the following announcement.

> DXCC Accreditation Clarification: Several QSLs for ZL7/KH0PR - Chatham Island (May 2, 2005 - May 5, 2005) were inadvertently rejected. If you have had QSOs rejected at DXCC, you can claim credit by contacting Bill

Moore at dxcc@arrl.org. <mailto:dxcc@arrl.org>

EA8, CANARY ISLANDS. Operators Valery/RD3AF, Valery/RX3DU and Alexandr/RZ3AZ will be active as EA8AH during the CQWW DX RTTY Contest (September 23-24th) as Multi-2 entry. QSL via RD3A.

EA8, CANARY ISLANDS. Nicolas, F5TGR, will be active as EA8/F5TGR/p from Fuerteventura (AF-004), September 2-16th. Activity will be on 40-10 meters CW/SSB. QSL via his home callsign, direct or by the bureau.

FT/W and FT/X, CROZET AND KERGUELEN ISLANDS (Also 3B8). By the time you read this, Gildas, TU5KG, may be active (August 27th) for 48 hours (maximum) from Mauritius Island (AF-049) as 3B8/TU5KG during his spare time. Gildas will then travel south for 7 days, but at the moment does not know if his destination will be Crozet Island (FT/W, AF-008) or Kerguelen Island (FT/X, AF-048, DIFO FT-011). Further information should be received in about a week. Note that Gildas returns to France in December. QSL via F4EFI, direct or by the bureau.

GD6, ISLE OF MAN. Chris, GM3WOJ (ZL1CT), will be active as GD6IA during the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band/High-Power entry. QSL via GD6IA: GD6IA, PO BOX 1, PEEL CITY, ISLE OF MAN.

HB0, LIECHSTENSTEIN. Operators Andy/DG3XA, Joachim/DH9JK and DL1TX will be active as HB0/DG3XA, HB0/DH9JK and HB0/DL1TX from Augstenberg (2349m ASL and GS JN47), between September 2-9th. Activity will be on HF, 6 and 2 meters. The crew will enter the September IARU-Region 1 Contest. More info is forthcoming.

IOTA NEWS....................................

EU-013. Russell, G5XW, will be active as GJ5XW/p from the Jersey Channel Islands between now and September 1st. Activity will be on all HF bands, SSB only. QSL via G5XW.

EU-017. Walter, IZ3ALU, will be active as ID9/IZ3ALU from Isola Vulcano (IIA ME-018, MIA MI-122, WLOTA LH-1001, WW Loc. JM78MI) between now and September 2nd. Activity will be on 40/20/15 meters SSB, PSK and RTTY. QSL via his home callsign, direct or by the bureau.

EU-038. Holger, DH1AD, will be active as PA/DH1AD from Texel Island (WLOTA LH-0003) from October 9-19th. This will be a holiday-style operation with 100 watts and wire antennas. QSL via his home callsign, the bureau is preferred or direct.

EU-052. Ilario, IV3CGJ, will be active as SV8/IV3CGJ/p from Kefallonia (MIA MG-054, WLOTA LH-0452) between now and September 3rd. Activity will be on 40-10 meters CW. QSL via his home callsign.

EU-055. Yogi, DB5YB, will be active as LA/DB5YB from Halsnoy Island between September 1-11th. Activity will limited because he is on holiday, but it will be mostly on 20 meters SSB. QSL via his home callsign, direct or by the bureau.

EU-120. Members of the Chippenham and District Amateur Radio Club will be active as GB2LI from Lundy Island off the coast of Devon, September 16-21st. They will operate SSB, CW and FM on HF and 2 meters (the generator will be off between 2300 to 0700 local time). Visit their Web page at: http://g3vre.org.uk/

EU-124. Members of the Grantham ARC will be active as GC0GRC/p and GC7GRC/p from Skokholm Island and lighthouse (ARLHS WAL-022, TWLHD WLH GW-013, WLOTA LH-1179, WW Loc. IO71IQ), now through August 29th. Activity will be on 80-10 meters all modes. They plan to have 10-12 operators involved in this activity. All contacts will be confirmed automatically via the bureau. The QSL Manager for direct QSL cards is G0RCI. Visit the Grantham ARC Web page at: http://www.garc.org.uk/

EU-125. Andy, DL4OK, will be active as OZ/NX1S from Roemoe Island, September 9-16th. Activity will be mostly on 40 and 20 meters (mode was not provided). QSL via DL4OK, via bureau is okay. (no e-cards!)

NA-112. Members of Tennessee Valley DX Association (TVDXA) will be active again on yet another mini DXpedition to Emerald Isle (North Carolina) as W4PL between September 27th and October 7th. Activity will be on 80-6 meters including the WARC bands, CW, SSB, RTTY and PSK31. Operators mentioned are: Kenny/AB4GG, Kathy/W4KRY, Greg/WA4NFO, Barbarra/WA4RMC, Tony/W4FOA, Nancy/K2NAN, Tom/K4VCM, Lynn/K0MAI, Alan/N4HL (and XYL Janet), Charlie/AD4F, Larry/WA4IVO, Howard/KE4MBP (and XYL Carol), Paul/N4LCD (and XYL Lydia), Tommie/K4KWK and Kay/KI4GYS. They will arrive on the Island September 27th and at least have some stations going that evening. QSL via K4KWK: Tommie Wright, 2344 Violette Drive � Soddy Daisy, TN 37379. Visit the Web page at: http://www.tvdxa.com/W4PL%20Emerald%20Isle.htm

NA-168. Dennis, WA2USA, will be active as WA2USA/5 from Grand Isle (USI LA-003S), located in Caminada Bay, Jefferson County, Louisiana, between October 19-30th. He will be active during the CQWW SSB DX Contest (October 28-29th), no category given. Activity will be on all bands 80-10 meters before and after the contest. Emphasis will be on 20 meters during the day and 80/40 meters in the evenings. There will be some operations on 30 meters. QSL via his home callsign (QRZ.com).

LN, NORWAY. Look for LN3Z to be active in the 2006 Scandinavian Activity CW Contest (SAC) (September 16-17th) as a Multi-Single entry. QSL via LA9VDA. Details on the contest are available at:
http://www.sk3bg.se/contest/sacnsc.htm

MD0, ISLE OF MAN (EU-116). Operators Lars/DF1LON and Georg/DL1ECG will be active as MD0LON and MD0ECG, respectively, between September 7-11th. Activity will be on all HF bands, CW and SSB. QSL via their home callsigns.

NCDXF PRESS RELEASE (NCDXF ELECTION). Al Burnham, K6RIM, VP Northern

California DX Foundation (NCDXF), reports: At its Board of Directors meeting on August 26, 2006, in Corte Madera, CA, the Northern California DX Foundation re-elected the following officers and directors:

President	Len Geraldi	K6ANP
Vice President	Al Burnham	K6RIM
Secretary	Tom McShane	NW6P
Treasurer	Bruce Butler	W6OSP
Director	Rusty Epps	W6OAT
Director	Dave Pugatch	KI6WF
Director	Chuck Ternes	N6OJ
Director	Glenn Vinson	W6OTC
Director	Steve Merchant	K6AW
Director	Ken Anderson	K6TA
Director	Tim Totten	N4GN

Information pertaining to the Northern California DX Foundation is available at: http://www.ncdxf.org

QSL INFO AND NEWS...................

F8EML via F6KUQ
YR50A via YO5KAI
XM2CBF via VE2CKC
OK1A via OK1FM

NOT THE QSL MANAGER. John, KX7YT, informed OPDX that the June 17, 2002, OPDX Bulletin lists him (KX7YT) as the QSL Manager for S21DM. This is incorrect and he not the QSL Manager. He has unfortunately been getting many of his QSL cards. John was active as S21YV (as well as KX7YT) and has met S21DM while on business in Bangladesh. He tells John that he only QSLs direct. He has NO MANAGER. John is however, the QSL Manager for S21B.

GW3KHZ/P QSL STATUS. Steve, G4EDG, informs OPDX that all direct QSLs sent to G4EDG for the GW3KHZ/P St. Tudwal's Island (EU-106) operation on May 6th have been replied to and sent out August 22nd.

NEW QSL ROUTE. A new QSL Manager has been announced for Morokulien, SJ9WL/LG5LG. For more than 10 years, John, SM5DJZ, has taken care of all the QSLing chores for SJ9WL/LG5LG after the late SM0HUK, who became a Silent Key in 1995. The new QSL Manager for both SJ9WL and LG5LG is now Svenn-Erik Spigseth, LA4EKA, and his address is "OK" on QRZ.com. Cards are welcome via direct and also via the Norwegian QSL Bureau (NRRL). QSL cards that arrive in Sweden will automatically be transfered to LA4EKA. Svenn-Erik will also handle the Morokulien Award. For more info, please visit the WEB page at:

http://www.east.no/priv/la7tia/arim/engarim.htm

Nilay, TA3YJ, informs OPDX that she sent out QSL cards for TA3J, TA3J/0 (AS-115), TA3J/3, TA3J/4 LH, TA3J/60, TC2K4J, TA3YJ, TA3YJ/4 LH, YM75TA, YM3LZ (WPX2000SSB) and YM3LZ (WAE2000SSB) to the QSL Bureaus of Croatia, Denmark, Germany (R), Greece (R), Italy (R), Netherlands, Russia, Spain (R), Ukraine and United Kingdom (R) direct August 22nd. (R: Registered Mail). She has also sent out all direct QSL cards for TA3J/0 (AS-115) on August 22nd. PLEASE NOTE: TA3J didn't operate from Croatia. 9A/TA3J is a pirate station.

S7, SEYCHELLES. Claudio, IZ0KRC, will be on holiday and will be active as S79RC from September 3-16th. He plans to activate a few islands in the Seychelles group (AF-024). Islands mentioned are: Mahe, Praslin and La Digue. QSL via IK0PRP, direct or by the bureau.

SPECIAL EVENT (IOTA Op). As part of the 2006 Orkney International Science Festiva, special event station GB1H will be active from September 7-10th from the Isle of Stronsay (IOSA OR-08, SCOTIA OI-18), Orkney Islands (EU-009). Members of the Orkney Amateur Radio Club will be assisting with a special event station powered entirely by hydrogen gas. This amateur radio station is believed to be one of the first ever to use this form of power, certainly within the United Kingdom. To celebrate the fact that this is the first known station to use hydrogen power (from the UK), OFCOM has kindly agreed for them to use the abbreviated callsign GB1H ("H"; being the chemical symbol for hydrogen). QSL direct to MM3LQK: William Caithness, Bayview, Stronsay, Orkney Islands, United Kingdom. The logs will be uploaded to LoTW and also e-QSL.

SPECIAL EVENTS (Japan). Look for the following special event stations to be active during the next two months on all bands and modes. QSL via the JARL Bureau.

8J1H - Activity will be between September 1st and October 10th to celebrate the 90th anniversary of Hachioji City.

8J3R - Activity will be between September 1st and October 31st to celebrate the 5th Anniversary of Ritto City.

8J4HAM - Activity will be between September 1st and October 1st to celebrate the Hamfesta Kasaoka.

8N1I - Activity will be between September 1st and October 9th to celebrate the 18th All Japan Shogai (or Lifetime) Gakushu (or Learning) Festival in Ibaraki

TM4, FRANCE. Operators Jean-Paul/F6FYA, Jean/F6EKS, Marc/F6EMT, Florent/F5CWU, Beatrice/F5MYT, Genevieve/F5SQM, Rafik/F5CQ, Thierry/F5MOO and Sylvain/F4EGD will use the special contest callsign TM4Q during the CQWW DX CW Contest (November 25-26th) as a Multi-Single entry. QSL via F6FYA.

V2, ANTIGUA. Bud, AA3B, will be active as V26K between November 22-27th. His activity includes the CQ WW CW Contest (November 25-26th) as a Single-Op/All-Band/Low-Power entry. This will be an all CW operation on the contest HF bands only. Please QSL via AA3B.

VK, AUSTRALIA (IOTA/Lighthouse Ops). Just a reminder that Wade/AA8LL and Liz/K8LIZ are planning to be operating "holiday style" later this week rom the following islands and lighthouses:

September 1-4th - Look for VK7AAH/5 and VK7AED/5 from the Cape du Couedic Lighthouse (AUS-030) on Kangaroo Island (OC-139).

September 5-6th - Look for VK7AAH and VK7AED from the Cape Bruny Lighthouse (AUS-254) on South Bruny Island (OC-233).

September 7-10th - Look for VK7AAH and VK7AED from Tasmania (OC-006, main island).

Casual operations will be with 100 watts and wire antennas on SSB and CW (possibly RTTY) on 40-15 meters; IOTA frequencies. QSL direct or by the Bureau: VK7AAH via AA8LL and VK7AED via K8LIZ. The address is correct on QRZ.com and cards for both may go in the same envelope.

WP3, PUERTO RICO. Alfredo (Al), WP3C, will be active during the CQWW DX RTTY Contest (September 23-24th) as a Single-Op/All-Band/Low-Power entry. QSL via W3HNK. Visit the Web page at: http://www.wp3c.qth.com

Greetings,

Our last invitation post was 14 Feb 2006. This one is similar but includes new information and an extra-special offer.

What is WinCAP Wizard? WinCAP Wizard is the most powerful HF Communications Analysis Prediction package ever developed.

Please understand I'm typically a humble type fellow. Unfortunately, if this message isn't compelling, you will likely ignore the tool and miss the offer. Good products do indeed sell themselves. But obviously, folks must first try the product. In a vast sea of amateur radio related products and tools, here is a tool you will probably like and, find very useful. Sure, you have product X, have used it for years and know it well, plus you are busy and don't have time to learn a new tool. But, does this logic keep you from acquiring new hardware, like radios, antennas and computers? Of course not.

You want free software; all of our software now defaults to freeware and provides basic functionality, sufficient for many users. The default WinCAP Wizard v4 download is known as QSL-ware. QSL-ware basically means freeware. <G>. We do appreciate an email acknowledgement and comments - thus our term QSL-ware.

This QSL-ware version provides unlimited point-to point and NCDXF beacon predictions. The extensive "Location Browser" provides a prefix search along with other useful information. The unique "Beacon SmartChart" and the Smart-Map-Geographic View are in this basic feature set. There are 2 point-to point charts and 3 beacon charts, each with numerous options, 4 point-to point reports and 4 beacon reports - all free.

The registered version adds a lot of tools and functionality. The "Coverage-Analysis View", is an elaborate map with the ability to plot any of 7 parameters, for up to 9 frequencies and all 24 hours. View any hour and frequency for each predicted parameter with a mouse click. More? A DX-list plot and search are provided. The Coverage-Analysis View provides several additional unique features.

Also included in the registered version is the "User Batch" prediction type. With the ability to analyze up to 18 unique circuits and present the results with 5 charts and 3 reports our user batch mode is both powerful and flexible.

Special user-batch prediction "views" provide definite advantages for the contest-oriented op. The Contest-Plan SmartChart and Contest-Plan SmartReport deliver incredible insight into "when to be where" during the contest. These could also be useful to the savvy DXer.

Sorry - I can't list all the advantages here - this is already too long. But if all this isn't enough, the registered WinCAP Wizard package includes GeoAlert-Extreme Wizard and Beacon Time Wizard, as a free bonus.

A 60-day full trial key is available upon request. Try the software tools.

If you don't think them worthy of being paid for, they revert back to the default QSL-ware/freeware mode and functionality, without time limit.

Is there any question WinCAP Wizard is the leader in the HF propagation prediction category? If so, that thought should soon be wiped away. The next major version, v5, is due for release very soon. As we say, the best keeps getting better. <VBG>

Before a brief introduction on the main features of the new version, the special offer. Register v4 now and qualify for a free upgrade to v5.

WinCAP Wizard v5 provides a "Contest-Log Manager" and imports Cabrillo format logs from 55 different HF contests; more contests can be added easily, upon request. The logs can then be plotted to the "area coverage" map view - with or without predictions. The logs can, of course, be filtered and plotted by day, band, hour and any combination of these.

To my knowledge no other software exists to geocode calls for stations worldwide. There may be software that plots US, and even Canadian, calls. Do you know of any? Are you interested in this functionality? Can you imagine the possibilities?

The v5 prefix search features are among the finest available. The QSL-ware version also benefits - through the Location Browser.

Both USA and Canadian call lookup is provided. The primary purpose is log station geocoding but the ability is "way cool" and proving interesting. <G> For example, using the prefix/call search on the area-coverage view, you can begin typing a call and the great-circle path is plotted; as you continue typing, the great-circle plot changes to show the prefix and - as you complete the call - the actual location is plotted.

There are other minor enhancements over v4. The new WinCAP Wizard v5 provides an extensive set of powerful tools. Hopefully users will be able to easily do complex and interesting comparisons -that previously were too labor intense and time consuming.

Still, if you use a competing tool, not to worry, they can surely add a few of our choice features. <VBG> But it's doubtful they can add them all.

In any case, you are invited to download and use WinCAP Wizard version 4 in the QSL-ware mode without time limit. You will also find several other useful amateur-radio related software products at www.taborsoft.com

Don't miss the ID Wizard freeware. It provides a rich set of useful "tools".

Thanks for reading this far. Hope to work you in a contest.

Cheers,
KU5S

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 27th/August, through Sunday, 3rd/September there were 207 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4U1I, 4X, 5A, 5B, 5H, 5N, 5R, 5V, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9V, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, ET, EU, EX, EZ, F, FG, FH, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J6, JA, JD/o, JT, JW, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, S5, S9, SM, SP, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TK, TR, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V8, VE, VK, VK9N, VP2V, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, YA, YB, YI, YK, YL, YN, YO, YU, YU6, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

100 POUND DXPEDITION (VP2M). Members of the "Buddipole Users on Montserrat" (BUMS) will mount a DXpedition to the island of Montserrat (NA-103) from January 29th to Feburary 6th, 2007. It seems DXpeditions have now moved from Microlite to Ultralite. DXpedition team members will pack light for this DXpedition taking only lightweight transceivers and portable antennas. The maximum equipment weight taken to the island will be 100 pounds per person. With this lightweight equipment, the team plans many on island portable operations in the hills, on the beach, and from the volcano observatory on the southern part of the island. The team members mentioned are: Budd/W3FF, Chris/W6HFP, Dan/WZ1P, Paul/KB9AVO, Mike/KC4VG and Scott/NE1RD. All VP2M callsigns for the team members, QSL information, operating frequencies, and operating schedules will be released prior to the team's departure in January 2007. Check their Web site for more information and updates at: http://dxpedition-vp2m.com/
Also, you can follow along with the planning, preparation, execution, and follow through on this DXpedition through NE1RD's blog, "The 100 Pound DXpedition", at: http://100pounddxpedition.blogspot.com

5A, LIBYA (Update OPDX.765). Andy, DJ7IK, Team Coordinator for the DXpedition to Libya, informs OPDX that there is an appeal for funds/hardware and equipment for setting up a club station in Tripoli. In addition to funds, the team needs transceiver(s), microphone, headphones (or headset), morse key, GP-vertical, coax cables and antenna wire. An international team will activate Libya between November 15-29th. The callsign will be 5A7A. Activity will be on all bands with CW and SSB, and for the first time ever, digital modes on RTTY, SSTV and PSK plus another first will be FM. Club and personal sponsors are welcome. If you can help out with a donation, please contact the 5A7A team at: 5a7a@gmx.de
Please visit their Web page and see their sponsors page at:

http://5a7a.gmxhome.de

9H, MALTA. Several members of the Dutch Vereniging van Radio Zend Amateurs (VRZA) will be active from Qawra (JM75fw) on Malta (EU-023), starting the evening of September 9th through the morning of October 3rd. The callsign for the group will once again be 9H0VRZ. However, group members will also use their individual 9H3 callsigns, activity will be on all bands from 80-6 meters, CW, SSB and Digital modes. They will try to activate their special callsign 9H0VRZ for the whole period and hope for good conditions. Also, they will try to be active during the WAE-SSB Contest with their VERY special callsign 9H9PA on 20 meters ONLY for stations outside Europe on September 9-10th. DX stations are asked to show some patience since many of the operators are inexperienced in working/giving QTCs. QSL via the Bureau is "OK", also direct via their managers is "OK", but please NO IRC coupons, ONLY Green Stamp(s). Here are the individual callsigns with the QSL route:

9H3AB via PA1SL
9H3HS via PE2HSB
9H3IE via PA0BEA
9H3ON via PG9W
9H3QH via PH2M
9H3YL via PA0XYL
9H3YM via PE1OFJ
9H3YN via PA3CUZ
9H3X via PE1NGF
9H3ZR via PB9ZR

9H0VRZ via PB9ZR: Ruben v.d. Zwet, Barentszstraat 1, 2161 TJ LISSE,
The Netherlands.
9H9PA (for 2006) via PH2M: Frank de Wilde, Zuidegge 4,
2391 DA Hazerswoude-Dorp, The Netherlands

DO, GERMANY (Novices now on the air!). As of of September 1st, 2006, German "DO" prefix stations (CEPT Novice class E) are allowed to transmit on some HF bands. Look for them on the following bands:

1810-1850 kHz with 100 W PEP
1850-1890 kHz with 75 W PEP
1890-2000 kHz with 10 W PEP
80/15/10 meters band with 100 W PEP
2m/70cm with 75 W PEP
10 GHZ with 5 W PEP

Germam class A's are allowed to transmit now even on 7100-7200 kHz with 250 W PEP and on 50 MHz.

DX MAGAZINE'S 2006 MOST WANTED SURVEY is now posted on the Web at:
http://www.dxpub.com
DX Magazine's Editor Carl, N4AA, states, "Just click on '2006 SURVEY' and you will see the form. PLEASE be careful to select the correct CONTINENT and/or NA TIME ZONE. If you make a mistake, submit it again correctly. I will delete any surveys that are improperly marked for these two items. Thanks for your cooperation in taking the survey. Please spread the word to all your DXing friends so they can participate." PLEASE NOTE: Swains Island is not listed. Carl states, "My apologies for that. The form was already in print, for the magazine, before it became a reality. To simplify compiling the results, I left it off the web list as well. I am going to assume that the majority of you need KH8/S. However, if you wish, you can add it in the ADDITIONS & COMMENTS box at the end of the survey form."

DXCC NEWS. Toma, YU1AB, informs OPDX that Bill Moore, NC1L, ARRL DXCC Branch Manager, reports that the 4O3AB and 4O3ES operations from Montenegro are approved for DXCC credit effective August 15th, 2006.

EA8, CANARY ISLANDS (AF-004). Stephan, DK3TNA, will be active as EA8/DK3TNA from the Island of Tenerife (S-012 for the Spanish Islands Award, WLOTA LH-1276), October 7-12th. Activity will be in the evening hours on 80-15 meters SSB, using a FT-897 w/100 watts and a vertical antenna. QSL via his home callsign, direct or by the bureau.

FY, FRENCH GUIANA. Gregg, W6IZT, will be active as FY/W6IZT from September 12-20th. Activity will be on 80-10 meters CW and SSB. QSL via his home callsign.

IOTA NEWS..................

EU-008. The Sands Contest Group will activate the Isle of Mull from September 24-29th. They hope to be operational on most modes and most HF bands. The callsign to be used will be the club call MS0SCG.

EU-049/
EU-174. Dimitrios, SV2BWC, will be active as J48LEK from Lesvos Island (EU-049, MIA MG-064) and other satellite islands such as Panagia (EU-174, MIA MG-080), now through September 7th. This activation is by the Hellenic Commando Association Radio Club. Activity will be on 80/40/20 meters CW/SSB. QSL via SV2BWC (QRZ.com).

EU-088. Operators Frank/DL2SWW and Gabi/DF9TM will be active as homecall/p from Laesoe Island from now until September 15th. Activity will be on 80-10 meters CW/SSB. Possible operations will take place on 160 meters on CW and 6 meters. QSL via their home callsigns (QRZ.com).

EU-129. Helmut, DL7VOX, will be active as DL7VOX/p from Usedom Island (O-013 for the German Islands Award) now through September 15th. Activity will be CW on 160-10 meters. QSL via his home callsign, by the bureau or direct.

EU-159. (Lighthouse Op!) On Sepember 14th, weather permitting, look for operators Jacques/F5JY, Daniel/F5LGQ and Alain/F6BFH, to be active from Cordouan Island's lighthouse (DIFM AT-032, and lighthouse references: DPLF PB 018, WLOTA 0271, ARLHS FRA-007 and WLH F-012) starting around 1600z and ending on September 15th, around 1200z, Activity will be on 40/30/20/17/15 meters on CW and SSB. Operators will sign homecall/p. QSL via their home callsigns; and bureau is 100%.

NA-029. George, K3GV, will be active as K3GV/VY2 from Prince Edward Island (CIsA PE-001) between now and September 17th. Activity will be on 20/15 meters around the usual IOTA frequencies. QSL via his home callsign, direct or by the bureau.

J2, DJIBOUTI. Jean-Claude, J28JA, who will be here for about the next two years, has been very active mainly on 20/17 meters CW between 1330-1400z and again afte 1800z. He has done some SSB. QSL via F5JFU:
Pierre Desseneux, Le Bourg, 58140 ST. Martin du Puy, FRANCE.

KP4, PUERTO RICO. James, KH2RU, will be active as KH2RU/KP4 during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (10m) entry. He mentions that "I will be operating continuosly on 10 meters if propagation permits, if not 20 meters or 15 meters." QSL direct to his home callsign.

NEW OFFICERS FOR 2006-2007. The new officers for the Central Texas DX and Contest Club (CTDXCC) are as follows for September 2006 through August 2007:

President Jay Sewell, W5SL   Secretary Jim George, N3BB
Vice-Pres. Larry Hammel, K5OT   Treasurer Jim Wallgren, K5WWT

Ken Harker, WM5R, continues as Internet Web-master and reflector support person.

OH0, ALAND ISLANDS. Hadi, DJ2PJ, will be active as OH0JWH again from Eckeroe Island (EU-002), September 26th until October 8th. His focus will be on the low bands, especially 160 meters. Modes will be CW and everything except SSB (Hadi states he is microphone allergic!), even OLIVIA, CONTESTIA etc. QSL via DJ2PJ, by the bureau or direct using the QRZ.COM address. E-mail bureau requests with log extract are also welcome and go to: oh0@dj2pj.de
This is a holiday operation with plenty of ham radio. Visit Hadi's Web page for more details and pictures at: http://www.dj2pj.de

P4, ARUBA. Larry, WO0Z, will operate as P40LL from September 30th through October 6th. Activity will be on 80-10 meters, CW, SSB, and perhaps RTTY. QSL via WO0Z.

P4, ARUBA. John, KK9A, will be active as P40A during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/All-Band entry. QSL via WD9DZV.

QSL INFO AND NEWS.................

NOT THE QSL MANAGER. Mike, KA2AEV, reports that someone has posted some info on various sites that he is the QSL Manager for A51DX. He states he is NOT the manager and please DO NOT QSL A51DX via KA2AEV. Mike will attempt to return any direct QSLs that he receives direct if they have return postage. He will not return any A51DX QSLs received via the bureau for the obvious reasons.

Bob, N2OO, reports that he has IRCs for sale. Reduced price. Sales support 3Y0X. For details, visit: http://www.peterone.com/ircs.htm

SPECIAL EVENT. Look for special event station SN100SZ to be active throughout the month of September to celebrate the 100th anniversary of the Babiogorski Park Narodowy. No other details were provided. QSL via SP9PGB, by the Bureau or direct. Picture of the QSL and probably more details about the operation are available at the following Web (but in Polish) at:
http://www.sbgk.qtc.pl/ramki/sbgk.htm

SPECIAL EVENT. The W6APD Anaheim Police ARC will operate as K6P from September 10-17th. This special event will commemorate POW-MIA Rememberance Day. Suggested frequencies will be 14253, 18150, 21350, 24950 and 28450 kHz as propagation permits. QSL via KM6HB: Mark McMullen, P.O.Box 27271, Santa Ana, Calif 92799 U.S.A. (w/SASE for picture QSL card).

SPECIAL EVENT (ISWL). The International Shortwave League (ISWL), continue with their 60th (Diamond) anniversary celebrations throughout the month of September. Look for the following activities:

GB6SWL - Will be active for 2 days, September 9-10th, from Great Missenden, Buckinghamshire. John, G8XTJ (ISWL President), will be the main operator.

GB60SWL - Will be active for 1 day, Sunday, September 24th, from the Thornton Abbey, in Lincolnshire. The station is being run by the Grimsby ARS. (A Club Affiliated to the ISWL).

GB6SWL - Will be active for 2 days, September 16-17th, from Belfast, Northern Ireland. The Station is being run by the City of Belfast Radio Amateur Society - COBRAS. (A Club Affiliated to the ISWL).

GB6SWL - Will be active for 2 days, September 23-24th, from the Thornton Abbey, in Lincolnshire. The Station is being run by the Grimsby ARS (A Club Affiliated to the ISWL).

GB6SWL - Will be active for 2 days, September 30th and 1st October, from Ivybridge, in Devonshire. Peter, G4VFG, will be the main operator.

MX1SWL/p - Look for the International Shortwave League (ISWL) callsign MX1SWL/p to be used by Chris, M0DOL (ISWL G-21106), during the month of September. Chris will be mainly active from various castles. There will be some special QSL cards made for this callsign used in September, so listen out for MX1SWL/p. QSL via G6XOU. More information is available on QRZ.com.

ADDED NOTE: The ISWL Awards Program is open to non members for a very small fee, to cover postage to any country in the world. Please see the following Web page for all details, including QSL information and the Special Diamond Anniversay Awards etc.... at: http://www.iswl.org.uk

SV9, CRETE (EU-015). Operators Roberto/I2WIJ, Salvatore/IK8UND, Cortesi/ IZ4DPV and Giorgio/IZ4AKS will be active as J49Z from Heraklio during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via IK8UND, direct ONLY. Visit their Web page at:

http://www.qsl.net/i2wij/j49z/j49z.html

TA4, TURKEY. Sei, JF1SQC/KH0DQ, will active as TA4/KH0DQ from September 9-15th. Activity will be on all HF bands with 100w on SSB, CW, and possibly RTTY. He will also participate in WAE SSB Contest. QSL via JF1SQC.

TK, CORSICA (EU-014). Members of the "Dx4Dx Team" will operate from here between September 28th and October 5th. Callsign(s) have not yet been announced. Activity will be on 160-10 meters including the WARC bands, SSB, CW, RTTY and PSK. Operators mentioned are: Pere/EA3CUU, Paco/EA4BT, Emilio/EA7AAW, Julio/EA7JB, Jose/EA7LS and Ramon/EB4EPJ. QSL via EA4BT, direct or by the bureau. Visit the Dx4Dx Web page at: http://www.dx4dx.com

V3, BELIZE. Larry, WO0Z, will be active as V31LL from October 7-21th. Activity will be on 80-10 meters, CW, SSB, and perhaps RTTY. QSL via WO0Z.

XE, MEXICO. Fernando, EA1CNF, will be active as XE1/EA1CNF between now and September 9th. He will be using an Icom 706 and a Buddistick vertical antenna. QSL via EA1CNF, direct or bureau (QRZ.com).

XF4, REVILLAGIGEDO. A Mexican and German team of operators are planning a DXpedition to Socorro Island (NA-030), in the Revillagigedo Islands group, to take place between October 17th and November 3rd. The announced callsign will be XF4DL, and the team members mentioned are: Joe/DF7TH, Gerhard/DJ5IW, Franz/DJ9ZB, Karl/DK2WV, Dietmar/DL3DXX, Juergen/DL8LE, Markus/DL9RCF, Ismael/XE1AY, Fabian/XE1FRF, Daniel/XE1FXF, Saul/XE1FXM, Victor/XE1FXZ, Rafael/XE1GRR, Parcival/XE1HBU, Margarito/ XE1MMB, Yuri/XE1UN and Hector/ XE2K. Activity will be on all bands, CW, SSB, Digital, EME and the satellites. QSL via N6AWD for North-America, and DL9NDS for the rest of the world. Visit their Web page at: http://www.xf4dl.xedx.org/

ZL, NEW ZEALAND (Update/A Few Ops Still Needed!). Brian/KA7KUZ and Brian/ZL1AZE continue (still looking) to assemble an international team entry in the 2006 CQ WW SSB Contest from the Quartz Hill (ZL6QH) super-station. Transportation will be provided to and from Wellington Airport with accommodation provided at the station. With the assortment of Vee beams, yagi beams, rhombic and low band sloper antennas available at this site, there will be no shortage of operating opportunities before, during and after the contest. This may be the last CQ WW SSB Contest from ZL6QH for some time; it is likely that the antennas will be removed in 2007 for the construction of a wind farm. If interested, please contact KA7KUZ at:
ka7kuz@arrl.net
Visit the Quartz Hill's Web page at: http://www.zl6qh.com

I really don't think the FCC is at a loss with how to deal with this guy, but that's a possible reason for the delay.

The most likely reason is that they are waiting on the DOJ case to get started and use that pressure to get him to agree to withdraw his renewal application and agree to stay away from transmitting equipment.

Either way, time is on their side and he's being rather well behaved lately.

Now it's the crazy up north that needs to be dealt with next...

```
everthing I have heard said the FCC did not want the citation issued
but somebody did not get the memo

>
> The most likely reason is that they are waiting on the DOJ case to get

hard to believe the DoJ will bother with the case anything K1MAN seems
to be accused of is pretty minor in view of the outer world the most
troubling to me is the charge he interferesed emergency trafic

>
> Either way, time is on their side and he's being rather well behaived
> lately.
not sure that time is on the FCC's side  (or on K1MAN's either)
>

Hello Roland,

I am going for WAS on LOTW also. I am up to 39 confirmed on 20m.
Here are my latest LOTW QSL's from the states you need. I hope they
have e-mail addresses that you can look up on QRZ.com.

Alabama
      K4HAL   KE4KWE   WX4TM

Idaho
      N7UVH

Mississippi
      KC5LK   N4OGW

South Dakota
      K0HW

I've worked several Colorado LOTW users, but no QSL's yet!

Many of the above were either on RTTY or in contests.

I hope this help. Happy state hunting!

73

Tim K6GEP

SB DX @ WW < KB8NW $OPDX.769
Ohio/Penn DX Bulletin No. 769

The Ohio/Penn DX PacketCluster
DX Bulletin No. 769
BID: $OPDX.769
July 31, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1VV, K1XN & GoList, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K5XK, WW5L, K8YSE, NE8Z/HC1MD, W9DX, N0HJZ, Pete's-DX-Newsdesk, CX5BW, DL1EK & The DX News Letter, F5NQL & UFT, HA5BWW, I1JQJ/IK1ADH & 425 DX News, LU6EF, M0RNR, OH2BH, OH2BN, PT7WA, RSGB IOTA, UT5UGR, VA3RJ & ICPO, YO3JW and YU1AB for the following DX information.

** SPECIAL NOTE FROM EDITOR (Tedd, KB8NW): This week's bulletin was sent out earlier than normal to provide the latest update on the Swains Island DXpedition and to accommodate the late RSGB IOTA Contest announcements. Also, we advise readers to visit NG3K Amateur Radio Contest/DX Web Page which will provide a consolidated listing of the RSGB IOTA Contest participants at: http://www.ng3k.com/Misc/iota2006.html

*** KH8S, SWAINS ISLAND (News/Update). Operators Kan/JA1BK (Team Leader), Uti/KS6FO, Paul/F6EXV, John/K1ER, Tets/AH7C and John/K8YSE are on their way to activate the new DXCC entity (#337) under the callsign KH8SI. According to a press release by Larry Gandy, AH8LG, the team set sail for Swains Island on the "MV Tokelau" from Pago Pago harbor on Thursday, July 27th, at 12:30 local Samoan time which is 2330z. The trip will take about 24 hours to get to Swains Island (OC-200) and should be operational about 6 hours after landing. This means they should be on landing around 0000z Saturday and possibly be on the air around 0600z. The team would have liked to have been there earlier but transportation availability in American Samoa has been the reason for their delay. This will be a short operation. The team will leave Swains Island on Tuesday, August 1st. They need to be back in Pago Pago on August 3rd to catch their flights. The team will be concentrating on 160-17 meters CW/SSB because of expected propagation conditions. They are also taking plenty of equipment with them. This list was released earlier in the week:

```
   1 EA  FT-2000 TXR                     Many other dipoles for other bands.
```

1 EA FT-1000MP TXR
1 EA ALPHA 87A AMP
1 EA PL-922A AMP
1 EA VL-1000 AMP
1 EA FT-900
2 EA HB9CV BEAMS ONE FOR 18 AND 14
1 EA 3EL SPIDERBEAM 15-17-20
1 EA 5500 WATT GENERATOR
1 EA 4500 WATT GENERATOR
1 EA FOLDED DIPOLE 3-30 MHZ

A pushup mast and other types. Lots of rope and a slingshot for getting rope in the coconut trees. Plus all the other stuff like food, water, coax cable, computers for logging, gas for generators, tents and nets for bugs.

OPDX and its readers would like to wish the team the best of luck and a safe operation. The KH8SI team is calling this a "FRIENDLY DXPEDITION IS!" operation.

PLEASE NOTE: The team "WILL NOT" be in the IOTA Contest, so please DO NOT ask for a contest report. If you need OC-200 for a new island, PLEASE JUST MAKE A NORMAL QSO CONTACT. QSL this KH8SI operation via JA1BK.

ONE LAST NOTE: A couple of the team members were active this past week from American Samoa. John, K8YSE, informed your editor on Wednesday that he made 900 QSOs as KH8/K8YSE. QSL via K8YSE. Paul, F6EXV, was also active as WH8/WH7S. QSL via F6EXV.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Friday, 21st/July, through Friday, 28th/July there were 196 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3W, 4J, 4L, 4S, 4W, 4X, 5B, 5H, 5N, 5R, 5T, 5V, 5W, 5Z, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C3, C5, C6, CE, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J3, JA, JD/o, JT, JW, K, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, S2, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TJ, TK, TN, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2M, VP2V, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, YA, YB, YI, YK, YL, YN, YO, YU, YU6, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

4O3/YU6, MONTENEGRO. Operators Toma/YU1AB and Emin/T91S will be active as YU6/YU1AB and YU6/DK4ES, respectively, from August 1-10th. Activity will be focused on the SSB and CW modes. QSL via YU1AB.

4O3T AND YU6AO, MONTENEGRO NEWS. Both 4O3T and YU6AO operations are still very active all over the bands (CW/SSB/RTTY). Activity will continue through August 13-15th. There are no press releases or updates to report on from the YU6AO team. However, the YU6AO team now has a Web page with an online log search at: http://www.yu6ao.info/
As this was being typed, the log was only updated through July 25th.

Martti Laine, OH2BH, (one of the operators of the 4O3T team) has put out a few press releases over the past week with some pictures. On Thursday, July 27th, Martti informs that the first wave of operators have done a mammoth job and 50k QSOs have been made. The first team of operators are preparing to leave as the second team is beginning to arrive. Martti states, "DXpedition leader Ranko Boca, YT6A, indicates that everything is on track for the next 50K QSOs with a new and fresh operator fleet." OPDX InterNet Subscribers will receive all of Martti's press releases (minus the picture) as an additional bulletin.

JUST A REMINDER: The 4O3T online log is available at:
http://www.yu6scg.cg.yu/log-book-search.html

C9, MOZAMBIQUE (IOTA Op). Ken/G3OCA and Rei/DL6DQW will be in C9-land from August 5-14th. During their stay, they plan to activate the Island of Inhacamba (AF-103) the last unactivated IOTA group in Mozambique. The callsign may be C94KF. QSL via G3OCA. Activity will be on 40-10 meters, CW and SSB. Also, look for them to be active from the mainland using the callsign C94RF or C93RF.

COULD THERE BE A 338? There have been several reports in the media that Kosovo Representatives have formally made a pitch for independence face-to-face with Serbia. Kosovo's ethnic Albanian President Fatmir Sejdiu said independence was "the beginning and end of our position." Could this be DXCC entity 338 in the close future?

CT3, MADEIRA ISLANDS. Zoltan, HA5PP, will be active as CT3/HA5PP during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band entry (band not mentioned). QSL via HA5PP.

IOTA NEWS (RSGB IOTA Contest this weekend, July 29-30th).............

AS-122. Operators HL2UOK, HL2AEJ, HL2IFR, HL2ADO and HL2IYI will be active as D7C from Daecheong Island, July 28-30th. Activity will include the IOTA Contest. QSL via HL2IFR.

EU-006. Dave, EI3IO, will be active as EJ3IO from the Aran Islands from July 27th to August 1st. QSL via his home callsign.

EU-008. Members of the Cockenzie and Port Seton Amateur Radio Club (CPSARC) will once again operate from the Isle of Tiree (IOSA NH04, WAB NM04), the most westernly of Scotland's Inner Hebridean Islands, during the RSGB IOTA (Islands on the Air) Contest which runs from 1200z, July 29th until 1200z, July 30th, using the club's special contest callsign GM2T. This year's team consists of : Cambell/MM0DXC, Bob/GM4UYZ, John/MM0JXI, Brian/M0RNR, Landles/GM4XZZ, Norman/GM4IUS, Willie/MM0WZZ, Gareth/M3INO, Derek/MM3PYX, Colin/2M0CRR, Moe/MM0MRM, Ellis/GM4GZW and Geoff/MM5AHO. For QSL information visit http://www.qrz.com/gm2t or QSL via GM4UYZ Bob. For details about CPSARC, visit their Web page at: http://www.cpsarc.com

EU-030. Look for Jens, DL8WOW, to be active as OZ/DL8WOW from Bornholm Island (BO-001 for the Danish Islands Award, WLOTA LH-2203), August 7-17th. Activity will be on 40-10 meters, mainly QRP CW at 5 watts. QSL via his home callsign, direct or by the bureau.

EU-064. Members of the RC de Provins ARC will be active as TM7C from Ile de Noirmoutier, July 27th through August 8th. Operators mentioned are: Frank/F4AJQ (SSB), John/F5VHQ (SSB), Jean-Paul/F8BJI (SSB), Pascal/F5JSD (CW), Flo/F5CWU (CW) and Bernard/F9IE (CW). Activity will include the IOTA Contest as a Multi-Op/Mixed-Mode/24-HR/Low-Power entry. Look for activity outside of the contest on the HF bands, including the WARC bands and 6m. Modes will be CW, SSB and digitals. QSL via F6KOP, bureau preferred.

EU-091. Operators IK6CAC, IK7JWX, 9A3A, IK7QMJ, IK7FPX, IK7LMX and I7PXV will be active as IK6CAC/7 in the IOTA Contest as a Multi-Op/Mixed-Mode/Low-Power/DXpedition entry from Grande Island of Porto Cesareo (LE)(IIA LE-02). Outside the contest, look for activity on 6m (WW. Locator JN80WG). QSL via the home callsign, by the bureau or QRZ.com.

EU-127. Operators Andy/DL7AT, Olaf/DL4HG, Dirk/DJ1LD, Andy/DG3XA and Thorsten/DG7TG will be active as DF0TX and DA0T from Helgoland Island (N-14 for the German Islands Award, WLOTA LH-0518), July 28-30th. Activity will include the IOTA Contest. The operators might use homecall/p prior to the contest. QSL via their home callsign. QSL DF0TX via the information on QRZ.com.

EU-149. Operators ES1AN, ES1LS, ES1QV, ES1LSR, ES2EZ, ES2DJ and ES2NJ will be active as ES2U from Rammu Island from July 27th to August 1st. Activity will include the IOTA Contest.

EU-183. A group of Romanian hams will try to activate Sacalinu Mare Island in the Black Sea. They will be active in the IOTA Contest and after with the callsign YP1W. The group will be on the island between July 26 and August 6th. If possible, they will try to activate some of the lighthouses in the area: ROM 007 and ROM 008 (using homecall/p). Operators mentioned are: YO3JW, YO8RIJ, YO9GJX, YO9WF and YO9XC. QSL via YO3JW.

NA-026. Andrei, EW1AR-NP3D, will be active as NP3D/W2 in the IOTA Contest.

NA-096. Mark, KB2MS, will be active as HI3/KB2MS from Puerto Plata, Dominican Republic between July 28th to about August 23rd. Activity will be on all bands, except 160 meters. QSL only direct via his home callsign.

KH0, MARIANA ISLANDS. Skip, JE2HCJ, is expected to be active as KH0/JE2HCJ from Saipan, Northern Mariana Islands (OC-086), July 27-31st. Activity will be on 160-6 meters using CW, SSB and RTTY. QSL via his home callsign, direct or by the bureau.

LIGHTHOUSE ACTIVITY. Peter, SP5PB, will be active as SP5PB/2 from Stilo Lighthouse (POL-017) to commemorate 100th anniversary of the lighthouse's

establishment. Activity will be on HF both CW and SSB between August 17-20th. A special award will be issued for all who make contact with SP5PB/2 from Stilo Lighthouse. Details on the award is available at:
http://www.qsl.net/sp5pb/STILO.htm

NATIONAL LIGHTHOUSE-LIGHTSHIP WEEKEND QSO PARTY (NLLW-2006). The NLLW QSO Party will be held August 5th, 0001z to August 6th, on through 2359z. The activity is to promote public awareness of ham radio and lighthouses; to contribute to the recognition that lighthouses, lightships, and their keepers deserve; to foster camaraderie within the ham fraternity; and to provide fellowship amongst the members of the Amateur Radio Lighthouse Society. Awards are available. Please visit:
http://arlhs.com/NLLW-2006-guidelines.html
Also, visit: http://arlhs.com/

P3, CYPRUS (AS-004). Denis, 5B4AHI, will be active as P3B during the RSGB IOTA Contest (July 29-30th). QSL via RX3RC.

P40, ARUBA (SA-036). John, W2GD, will be active as P40W during both the CQWW DX SSB Contest (October 28-29th) and the CQWW CW Contest (November 25-26th) as a Single-Op/All-Band entry. Activity outside the contest will be on the WARC bands and 160m. QSL via N2MM.

QSL INFO AND NEWS...............................

Effective, July 1st, QSL 3B8FQ direct or via K5XK--not via RW6HS or the RB5 routes listed in some databases. Rachid's direct address is now updated on QRZ.com and QSLs are being printed for distribution by Ron, K5XK. Rachid now has an updated rig and is spending more time on the WARC bands as time and propogation allow.

C91TL QSL STATUS. Tom, WW5L/C91TL, reports that all 200+ cards for his C91TL Mozambique operation received direct as of Monday, July 24th, have been answered. Approximately 2,100 contacts are in the log. He also mentions that the QSL routes for other stations on their Mozambique DXpedition go via the following QSL routes:

C91CF & C91HQ--K5LBU--Frosty
C91TL--WW5L--Tom
C91JR--N4PJ--Art
C91TK-NQ7R--Tom
C91H-ZS6JR--Daniel

ADDED NOTE: An online log search for the K5LBU Mozambique DXpedition (June 29th-July 13th) is now available for callsigns C91CF, C91HQ, C91TL, C91JR, C91EE, and C91TK at: http://www.tdxs.net/C9.html

Luke, PT7WA, reports that QSLs for all WRTC2006 stations will be managed by PP5VB. You may QSL via Bureau or direct to PP5VB. He also provided a list of SA-026 and SA-027 WRTC stations:

SA-026 (13 stations)

PT5G by N9RV and K3LR
PT5I by YL2KL and YL1ZF
PT5J by N6BV and AG9A
PT5O by HP1WW and N5ZO
PT5T by PY2YU and PY1NX
PT5V by 9A6XX and DJ1YFK

SA-027 (5 stations)

PT5P by DL6FBL and DL2CC
PT5Q by W2SC and K5ZD
PT5X by PY2NY and PY2EMC
PW5N by JK2VOC and JA2BNN
PW5W by RA3AUU and RV1AW

PT5W by LY2TA and LY2CY
PW5C by N6MJ and N2NL
PW5D by K1ZM and K1KI
PW5E by BA4RF and BA7NQ
PW5J by P43E and WA1S (YL�s)
PW5T by UA9DM and RZ3AA
PW5U by XE1KK and XE1NTT

PP5WRTC was also from SA-026. The other PT5 and PW5 stations were operating from the Santa Catarina State mainland.

SILENT KEYS (SK)..................

N4BQW - Chuck Brady, DXer and retired space shuttle astronaut, became "SK" on July 23rd. His age was 54. Many may remember him by his 3Y0C Bouvet Island operation and his work on the SAREX (Shuttle Amateur Radio Experiment) program.

CW7BY - Raul Roji, a very enthusiastic DXer and Contester became a "SK" on July 25th. His age was 84.

HA5HR - Alex (Szilard Kerekes), a known Hungarian HAM, old timer - became a "SK" on July 19th. His age was 84. His previous callsign at the age of 35 was YR5BP.

OPDX and its reader would like to send out our deepest sympathy to the families and friends of the above individuals.

SPECIAL EVENTS. The International Shortwave League (ISWL) still continues with their 60th (Diamond) Anniversary celebrations this coming weekend: July 29-30th. Look for GB6SWL to be active for 2 days from Walton on the Naze, Essex. Herbie, G6XOU, will be the main operator. PLEASE NOTE: The ISWL QSL information has been changed. Herbie Yeldham, G6XOU, has taken over as the QSL Manager for ALL ISWL Club and Special Event Callsigns. Herbie has also become the ISWL's QSL Bureau Manager. All cards and logs sent to the old address WILL be forwarded to Herbie, so there is no need to resend cards to the new address. The NEW address for the Bureau and QSL Manager, is: The ISWL QSL Bureau, Belle Fleurs, 18 Wade Reach, Walton on the Naze, Essex, CO14 8RG England. Also, see QRZ.com for further details. Direct Cards are welcomed, also via the ISWL Bureau, or the RSGB Bureau, or Electronic cards via, www.eqsl.cc (They do not currently use LOTW). OTHER NOTE: The ISWL Club callsigns - "GS4BJC /P" and "MX1SWL /P" will also be active until the end of July. The ISWL Awards Program is open to non members for a very small fee to cover postage to any country in the world. For all details, including QSL information and the Special Diamond Anniversary Awards, etc....., please visit: http://www.iswl.org.uk

SV5, DODECANESE. Giannis, SV5FRI, will be active from Symi Island (MIA MGD-030), August 6-19th. Activity will be on 80/40/20/17/15/12/10 meters CW/SSB. QSL direct to SV5FRI via address on QRZ.com.

T8, PALAU. Hide, JM1LJS/T88LJ/T80W, plans to be active as T80W from the Rental Shack of West Plaza by the Sea Hotel, Koror, Republic of Palau (OC-009), October 6-10th. If he can not use the special callsign T80W, he will be signing T88LJ. QSL via JM1LJS, direct or by the bureau. More information is available at: http://radio-dream.com/t80w/

TX5, MAYOTTE. Operators Tom/DL2RUM and Jan/DJ8NK will be active as TX5T and TX5NK, respectively, between August 31st and September 11th. Activity will be on 160-6 meters, CW, SSB, RTTY and PSK. QSL via their home callsigns.

VB4, CANADA (Attention Prefix Hunters!). Rich, N0HJZ, will be operating from Canada from October 26-30th as VB4MWA. He believes this is the first time in 15 years that the VB4 prefix has been used. Rich will also be operating in the CQWW DX Phone Contest using the VB4MWA callsign. He will enter in the contest as a Single-Operator/High-Power/Assisted category. QSL via his home callsign with an SASE.

Subject: 4O3T --- Montenegro --- 75M SSB
                  From The Beautiful Coastal City of Bar
Date: Tue, 25 Jul 2006 16:31:01 +0300

The following message is from Martti, OH2BH now in Montenegro:

4O3T --- MONTENEGRO

75M SSB From The Beautiful Coastal City of Bar

During the first weekend, with more than 30.000 QSOs in the books, the 160/80M emphases were on cw with low-band powerhouse Ditmar, DL3DXX and the likes of him at the helm. In spite of the summer season, they were able to get their signals deep into the Midwest of the U.S. on 160M using a Titanex vertical. On Monday, first steps were taken to prepare 75M SSB activity for the coming weekend from Ocas near the coastal city of Bar. Trial operations will be conducted tonight by Dragan, YT6Y.

The location is part of a navy radio station utilizing large commercial wide-band conical antennas with a gain of 5dBi. It's a low-band dream location with a large sloping plateau next to the Adriatic Sea with an open shot toward the United States, Japan and Europe. While the place looks like a paradise, it hides an extensive radial field buried into the ground. We heard stories about 200-watt ship radios relaying messages with S9 telephone-like signals below 2MHz from Cuba and other long distance maritime locations.

In the evening, sipping the best local wines during a planning session, Nick, LZ1JY was heard making a rock solid commitment to put three-thousand 75M QSOs into the books from this marvelous QTH. "I'm not gonna leave the country before the job gets done", Nick affirmed. Nick will be operating with his personal low-band gear while Acom Bulgaria has lined up their best amplifiers for this activation.

On the regular 4O3T sites, plans were made to boost the second weekend run for an even stronger performance than the first because the sites are now built up and fully stabilized. Latest on July 27, RTTY will added when the IK1PMR and K2LEO duo arrives. Also the first 6M QSOs were made yesterday, and soon the magic band will be up and running.

From: "Jarmo J. Jaakola, OH2BN" <oh2bn@kolumbus.fi>

Subject: OH2BH: WHAT DO YOU DO IF ONE MORNING YOU WAKE UP IN A NEW
         DXCC COUNTER?
Date: Thu, 27 Jul 2006 12:36:51 +0300

The following report is from Martti, OH2BH, now in Montenegro:

WHAT DO YOU DO IF ONE MORNING YOU WAKE UP IN A NEW DXCC COUNTER?

While in Montenegro, one thing is a must. Find Rajko, YU6DZ who has been a most productive local operator in the Republic of Montenegro since its birth and who has delighted the bands with his solid presence.

Driving to his house through and under climbing gravevines and honeybee hives shows immediately that there is a ham there spelled with a capital H --- a 4-element quad overlooks the property and the man himself with Mama Margarita are there to welcome us.

Over an expresso and cookies we talk, and we talk some more over some homemade brandy. Ugh, gulping the stuff down, it is strong like the signals on 20M this morning.

"Life will never be the same again now that QSOs are coming in left and right", says Rajko, a 65-year old retired Chief Naval Security Officer. "My days have got a new routine. Yes, there's breakfast and lunch and dinner, but nowadays there are QSOs in between them. It's only some twenty days and I have more than 6500 of them", Rajko muses.

He is considering on updating his current Yaesu FT101B to more modern gear but Mama Margarita objects. "If Rajko gets into this changing mode, he may update everything - and I may have to go as well". Margarita is full of happy life and humor and nowadays even more so. "I have started to collect stamps and I get a full bag every day. We are now seen as popular favorites by our mailman". And then we open some of the letters that have arrived today.

"It only took a few days until I realized that it would not work on my own frequency but I saw that the tubes of my separate VFO would still light up, and I gave them some rock and roll", Rajko continues.

But I find many people not in the log - and we start leafing through the pages of Rajko's logbook filled with handwritten entries that look like objects of art. The QSOs go fine all the way, but then in the final stage people do not understand that the confirmation phase is equally important. It's a matter of not leaving a good affair halfway through. "I cross them out - look at these... there was a QSO but no more. They should make a solid one and not run away", Rajko points out. He tunes up the trustworthy FT101B and lets his old electronic key sing, and sure it does. We realize that he wants to be perfect on the end part - maybe even throw in a CQ before starting the next QSO. Do we all remember that CQ means "I seek you"? Surely Rajko does that and then some more.

That gives us a chance to review his logbooks and find out the first ten that got him during his first days.

USA: W7CB, W6LZ, W3UR, W3LPL, NG8Z, W3BGN, N4OA, N6AR, K2VV, W5UN
JA: JJ2LPV, JA4DND, JA3FGJ, JE2LUN, JA1EOD, JA2XKM, JG3FPD, JJ2LPV, JA2FMW, JR2JLO
EU: YZ7AA, I2ZBX, HB9AFI, DL6KVN, LA6CF, LX1NO, SM5DJZ, OK1TM, SP8AJR, OH2BU

But we find a treasure there as well: with his transverter and 7 watts Rajko has added HI3TEJ, NL7AU/4, N4IS and W1JR to his book on 6M!

Mamma Margarita is packing up something for us to take home, as they do in those friendly corners of the world. We get two jars of honey and two bottles of brandy made by YU6DZ from their own berries. We are hugging and hoping to see again. It's a warm feeling to have met Rajko and Margarita in their own element - under the climbing grapevines and and the 4-element cubical quad.

As we back out, my cell phone sends a text message - it's from Bernie, W3UR. "I am just working Rajko on RTTY". But Rajko is still standing on the driveway and waving us goodbye. We did not see anything looking like RTTY in the house. But I just answer Bernie: "DX Is".

From: "Jarmo J. Jaakola, OH2BN" <oh2bn@kolumbus.fi>

Subject: OH2BH: 4O3T OPERATION HITS THE 50.000 QSO MARK AFTER FIRST WEEK
Date: Thu, 27 Jul 2006 15:38:54 +0300

The following story is from Martti, OH2BH:

4O3T OPERATION HITS THE 50.000 QSO MARK AFTER FIRST WEEK

It is Thursday with 50K QSOs under the belt and the first wave of operators having done a mammoth job, coupled with building the camp in temperatures often reaching 45 degrees C (115 F). They have not seen clouds or rain during the entire week. The home going ops will be saying goodbye on tonight's dinner cruise while welcoming many of the second week people to Montenegro.

DXpedition leader Ranko Boca, YT6A indicates that everything is on track for the next 50K QSOs with a new and fresh operator fleet. He also wants to recognize Hans, PB2T for acting as site manager in Klinci and other members of the Organizing Committee for their valuable contributions as well as all the guest operators for giving their best effort and time out of their summer schedules.

The 4O3T powerhouses, Ranko, YT6A and Dragan, YT6Y were heading home yesterday to see their families after ten days away, only to return today to lead the dinner cruise. Ranko's message to the world is: "Allow us to celebrate on Thursday night, we will be back on duty on Friday".

Many people have commented on the huge signals emanating from 4O3T. Here is the lineup: the Obosnik site is located on top of a 600m mountain overseeing the beautiful Boka Bay with the following antennas: 10M: 5-L, 15M: 3-L & 4-L, 20M: 3-L and 5-L beams fed together, 40M: 5-L beaming to USA, 80/160M: slopers from a 45m tower plus NE and NW beverages; on the Klinci site a TB36 tribander is used plus a Titanex vertical and a variety of other vertical and wire antennas. On both locations they use 2-L SteppIR beams on WARC bands donated by SteppIR and the Northern California DX Foundation (NCDXF).

Five (5) Yaesu FT1000 transceivers with a range of amplifiers are employed while a new FT2000 has undergone severe field testing, driving a huge Henry amplifier to provide Yaesu with a complete field report. Other smaller radios are used for a number of special tasks.

rec.radio.cb:14587 rec.radio.amateur.policy:35247 alt.pizza.delivery.drivers:5765

SODOMY IS AN ABOMINABLE SIN, WORTHY OF DEATH.
"If a man also lie with mankind, as he lieth with a woman, both of them have committed an abomination: they shall surely be put to death; their blood shall be upon them." Leviticus 20:13. "Who knowing the judgment of God, that they which commit such things are worthy of death, not only do the same, but have pleasure in them that do them." Romans 1:32.

See also Leviticus 18:22, Genesis 19, Romans 1:18-32, I Corinthians 6:9-11, I Timothy 1:10, and Jude 7.

GOD HATES ALL WORKERS OF INIQUITY.

"The foolish shall not stand in thy sight, thou hatest all workers of iniquity." Psalm 5:5.

See also Leviticus 20:23, Leviticus 26:30, Deuteronomy 32:19, Psalm 5:6, Psalm 11:5, Malachi 1:3, Matthew 7:23, and Romans 9:13.

JESUS CHRIST DIED ONLY FOR THOSE WHO BELIEVE.

"For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life." John 3:16.

See also John 13:1, John 17:9, Ephesians 5:25, etc.

ONLY GOD'S ELECT HAVE THE CAPABILITY TO BELIEVE.

"Therefore they could not believe, because that Esaias said again, He hath blinded their eyes, and hardened their heart; that they should not see with their eyes, nor understand with their heart, and be converted, and I should heal them." John 12:39,40.

See also John 10:11,26, Matthew 11:25,26, Acts 13:48, Romans 9:19-24, etc.

SODOMITES ARE PROUD OF THEIR SIN ("GAY PRIDE"), AND IN THAT PRIDEFUL STATE THEY CANNOT REPENT - YOU CANNOT REPENT OF SOMETHING YOU'RE PROUD OF.

"Were they ashamed when they had committed abomination? nay, they were not at all ashamed, neither could they blush: therefore they shall fall among them that fall: at the time that I visit them they shall be cast down, saith the LORD." Jeremiah 6:15.

See also Jeremiah 13:23, Romans 1:24-32, Ezekiel 16:49-50, etc.

THE SODOMITES' ONLY HOPE IS TO HAVE THE UNAMBIGUOUS TRUTH PREACHED TO THEM, AND PERHAPS GOD WILL SOFTEN THEIR HEARTS AND GRANT THEM REPENTANCE TO DEPART FROM THEIR SIN AND NAME THE NAME OF CHRIST. NOT VERY LIKELY, THOUGH, SINCE GOD HAS GIVEN THEM UP.

"Nevertheless the foundation of God standeth sure, having this seal, The Lord knoweth them that are his. And, Let every one that nameth the name of Christ depart from iniquity." II Timothy 2:19. "Wherefore God also gave them up to uncleanness...unto vile affections...to a reprobate mind." Romans 1:24-28.

See also II Timothy 2:24-26, Psalm 5:5, I Corinthians 6:9-11, Acts 17:30, Jude 22,23, etc.

THERE IS A HELL WHERE ALL IMPENITENT SINNERS WILL RESIDE FOR ALL ETERNITY. THAT INCLUDES SODOMITES (CALLED "DOGS").

"And they shall go forth, and look upon the carcasses of the men that have transgressed against me: for their worm shall not die, neither shall their fire be quenched; and they shall be an abhorring unto all flesh." Isaiah 66:24. "For without are dogs..." Revelation 22:15.

See also Mark 9:44, Luke 16:23, Revelation 20:15.

In summary, sodomites are wicked and sinners before the Lord exceedingly (Gen. 13:13), are violent and doom nations (Gen. 19:1-25; Jgs. 19), are abominable to God (Lev. 18:22), are worthy of death for their vile, depraved, unnatural sex practices (Lev. 20:13; Rom. 1:32), are called dogs because they are filthy, impudent and libidinous (Deut. 23:17,18; Mat. 7:6; Phil. 3:2), produce by their very presence in society a kind of mass intoxication from their wine made from grapes of gall from the vine of Sodom and the fields of Gomorrah which poisons society's mores with the poison of dragons and the cruel venom of asps

(Deut. 32:32,33), declare their sin and shame on their countenance (Isa. 3:9), are shameless and unable to blush (Jer. 6:15), are workers of iniquity and hated by God (Psa. 5:5), are liars and murderers (Jn. 8:44), are filthy and lawless (2 Pet. 2:7,8), are natural brute beasts (2 Pet. 2:12), are dogs eating their own vomit and sows wallowing in their own feces (2 Pet. 2:22), will proliferate at the end of the world bringing final judgment on mankind (Lk. 17:28-30), have been finally given up by God to uncleanness dishonoring their own bodies among themselves, to vile affections, and to a reprobate mind such that they cannot think straight about anything (Rom. 1:23-28), have wholly given themselves over to fornication and gone after strange flesh (Jude 7), must be pulled as faggots from the fire (Jude 23), and have no hope of Heaven unless they repent (Rev. 22:15), which they can't do in their prideful state (Jer. 6:15). They need to hear this truth if they are to have any hope of penitence, faith in Jesus Christ and salvation (I Timothy 4:2-4).

Roland -

For North Dakota try KD4POJ

Do you have any suggestions for LOTW users in Vermont, Delaware and
Maine?

73

Roland -

For North Dakota try KD4POJ

Do you have any suggestions for LOTW users in Vermont, Delaware and
Maine?

73

Tim K6GEP

You know you can use a mix of LOTW confirmations and card confirmations.
Some of those states have very low populations and thus low populations of
hams and probably an even lower number that are on LOTW.

seem being a new grid on eme I get a few qso that I don't get to qutie
complete by the number of the literture of the mode the last back to me
is getting steped on by the next staion trying to reach me If I
reaceive a card from the to me incomplete contact should I adknowledge
it (i would tend to believe he sent the right conclusion and was just
stepped on)

i have in my LOTW qsl from K1IB for Vermont and W3PP for Delaware.

If you need, i send a longer list with LOTW-Calls from this states.

I have now with my RadioAmateruCallbook, the LOTW-List from the
VE7CC-Software and a little work with ACCESS the missing calls...

Thanks. The ARRL web site says to email for the number for Swain's.
One would think that this sentence could just have easily said, "The number is XXX."

On HF, if the two operators have successfully exchanged callsigns,
that's generally considered enough to constitute a QSO.
```

I don't guarantee that the same practice is observed on EME, some things
are done differently on VHF.

Same thing with the first VU4 operation -- but you use the modes for which you have operators. It's my understanding this operation was planned relatively quickly & may not have had the chance to recruit as much CW help as they might have liked.

I am hearing them now on 20 CW (and heard them yesterday on 30) but the pileup is ridiculous. I've got 'em worked on 17 SSB, and I figure there will be more expeditions to Swain's in the future so if I don't get them on CW in the next week there'll be a chance again later.

Been having a lot more luck with 4O3T. And the 5W0's, one of whom called me in the IOTA contest last night on 40 CW...

Ummm.. That's not on the list of charges I've seen in the NAL for K1MAN..

Perhaps you are confused with the guy in CA who interfered with a coast guard operation?

You have been taken in by the oldest scam in ham radio. Your logs
mean nothing because you never did moonbounce after all and just
talked to a guy with a 100 mw qrp rig somewheres nearby. We are all
laughing at you.

are ham realy sick enough to do shit like this?

In as much as there are not any countries or political entities by those "names", how could one "trak" them?

As for where to find QSL routing information, look in QST and CQ magazines. There are tons of QSL routes and refrences to QSL managers and QSL information services tehrein.

Steve, K4YZ

Morkie would have to make such a contact first. The liar hasn't made
any such contacts.

OY is Faroe Isl, you are right, and he should give 18 (ITU zone); 29 is
wrong, it isn't his ITU zone or his CQ zone (14).

Yeah, but 18 *is* the right ITU zone for the Faroes. (I want to say it's
WAZ Zone 40)  ITU Zone 29 is western Russia & adjoining countries.
(Ukraine, Baltic States, etc.)

I'm thinking Terry busted the call but am having trouble figuring out
who he really worked.  Maybe UY1A?

why do many hams cheat in contests?

a classic is the guy who operates from him home qth, then claims he operated on "battery power" the whole time.

for those with substandard reading comprehension, this does not imply *all* hams who operate from their home on battery power are contest cheats.

how is this a policy issue ?

do you want the FCC to punish contest cheats? don't hold your breath

how is this related to dx as well

frankly you look like you are just troling or at best felling though somebody cheated on YOU in the latest contest

frankly you look like you are just troling or at best felling though somebody cheated on YOU in the latest contest

So, let's re-cap Mark's wonderful life, shall we:

1) He was drafted into the US Army.
2) He is a member of the Chemical Corps.
3) The military won't let him retire.
4) He doesn't serve under the name 'Mark Morgan', but that's okay, 'cuz the FBI, DOD, and CIA have all told him he can do it.
5) He is on-the-lam from stalking former marines and fatal attraction

ex-wives
6) He was, until recently, paying $5/hr. to access his ISP
7) He has a 248 IQ, but can't figure out how to use a spell checker.
8) He is a bi-sexual 33 yr. old Pagan male ham who likes to be spanked.

9) He can't find any action on the military base in Central IL, so he
has to ask people on USENET.
10) His best like-minded buddy lives in Glendale, West Virginia and neither
of them can spell.

Have I missed anything?

how is this a policy issue ?

do you want the FCC to punish contest cheats? don't hold your breath

how is this related to dx as well

frankly you look like you are just troling or at best felling though
somebody cheated on YOU in the latest contest

I could do that. All my home equipment is directly
connected to a deep discharge marine battery that
keeps delivering power when the AC fails. It is
charged by a solar panel.

news:5ahma.lc2.19.1@news.alt.net...

> why do many hams cheat in contests?

Because they have very small dics and will do anything just to get their name in print in the contest results in either QST or CQ. It's no different than the 52 year old almost-geezer driving around in his Mustang GT or 3000Z because it makes up for the absence of something inside of his trousers....

> a classic is the guy who operates from him home qth,
> then claims he operated on "battery power" the whole
> time.

Or the clubs who operate Field Day running an extension cord into the nearby buildings to power the SB-220 or Alpha Amplifier. (I've seen a club which placed 2nd and 1st in their section for the past 6 years who have done this little trick every damm year. This year the bastard who did it tried to hide the cord with grass clippings because some had camera phones and he didn't want to have his club check-logged)

> for those with substandard reading comprehension, this
> does not imply *all* hams who operate from their home

No, but a damm lot of contesters break the rules every year
just so they can get that dumb certificate on their wall. If they
don't it's like they were denied their Viagra at the Pharmacy
or something similar....

Indeed if came to that myself I wouldlikely call my op batery or emgncy
power after my home prodcues more more on and day to day basis than it
cumsumes

The Ohio/Penn DX PacketCluster
DX Bulletin No. 767
BID: $OPDX.767
July 17, 2006
Editor Tedd Mirgliotta, KB8NW

Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, KC2NMZ, N2OO, K3TRM, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K8YSE, N0VD, Pete's-DX-Newsdesk, HAM Radio Association, CE6TBN, DL1EK & The DX News Letter, EA8AUW, F5NQL & UFT, HA0HW, I1JQJ/IK1ADH & 425 DX News, RSGB IOTA, TA3J, VA3RJ & ICPO, VE3EXY and YT7AW for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 9th/July, through Sunday, 16th/July there were 198 countries active. Countries available: 3A, 3B8, 3D2, 3V, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5W, 5Z, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9U, 9V, 9Y, A2, A3, A4, A6, A7, A9, AP, BV, BY, C3, C5, C9, CE, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, ET, EU, EX, F, FG, FJ, FK, FM, FO, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HC8, HI, HK, HL, HP, HR, HS, HZ, I, IS, J6, JA, JT, JW, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, S2, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TK, TU, TZ, UA, UA2, UA9, UK, UN, UR, V4, V5, V7, V8, VE, VK, VK9N, VP2M, VP2V, VP5, VP8/h, VP9, VQ9, VR, VU, XE, XU, XX9, YA, YB, YI, YJ, YK, YL, YN, YO, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD9, ZF, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

4O7, SERBIA. As of July 1st, the "World Wide Young Contesters" group has activated the special callsign 4O7WWYC (Four Oscar Seven) through August 31st to celebrate the 7th anniversary of establishing the WWYC club. Their special activity will be during the third meeting of WWYC members in Novi Sad, Serbia, between August 9-14th. Activities will include HF and maybe 6 meters, both CW/SSB, and an entry in WAE CW Contest. They were spotted this past week on 160/40/20/10 meters CW. QSL via YT7AW. Please note that this activity will be from SERBIA (not Montenegro as many may suspect). Information about the WWYC's club and upcoming meeting can be found at:

http://wwyc2006.atspace.com
http://www.wwyc.net

5W, SAMOA. Operators Ted/K8AQM (5W0TR), Jeff/N8CC (5W0JB), Dennis/KT8X (5W0DW) and Kirk/JF3MYU (5W0KI) will be active from Upolu Island (OC-097) from July 27th to August 10th. Activity will be on 160-6 meters CW, SSB and RTTY. They plan to have three stations active, and will participate in the IOTA Contest (possibly as 5W0XX). More details, schedule and their operating frequencies are available via the following Web page at:

http://www.geocities.jp/jm3uml/samoa2006/index.html

QSL 5W0DW, 5W0JB, 5W0TR via KT8X; QSL 5W0KI and their IOTA Contest callsign via JF3MYU.

9A, CROATIA (Island Op). Look for Aniko/HA5TAA (ex-9M2/HA5TAA) and

Feri/HA5AZZ to be active as 9A/homecall from Murter Island (Not a IOTA, ACIA IC-318, CIA-28, IOCA CI-074), through July 30th. They will try to visit as many Croatian islands as possible for the CI award. Activity will be SSB on their prefered bands 40/20 meters. QSL via HA Bureau.

C6, BAHAMAS. Gary/W2VQ and his son Paul/KC2NMZ will be heading to Treasure Cay, Abaco Island (NA-080), July 23-31st. Their activity will likely include a entry in the RSGB IOTA Contest (July 29-30th) that week. Paul tells OPDX that they will have 1 or 2 stations setup (100w and 50w). Operation will be on all modes by both of them. Activity will be on 80-6 meters, with an emphasis on RTTY, PSK31, CW, SSB and maybe some SSTV. They will using dipoles and verticals. QSL via KC2NMZ, by the bureau or direct.

C6, BAHAMAS. Peter/W2GJ and Jim/K4QO will be active as C6APR from Crooked Island (NA-113) between July 26-31st. Activity will include an entry in the IOTA Contest (July 29-30th). QSL via K3IXD.

DXCC NEWS. Bill Moore, NC1L, ARRL DXCC Branch Manager, reports that the following operation is approved for DXCC credit:

YU6AO - Montenegro; Operation beginning July 4, 2006

ADDED NOTE: From the "DXCC Dialog Weblog" - YU6AO is setting up an HF contest station and will be active starting July 20th with numerous operators for 10 to 20 days. Interestingly, this is the same date that YT6A has chosen for the start of the the Montenegro DX Festival (http://www.yu6scg.cg.yu/international-dx-festival.html). With so much activity, this should be a great opportunity to work a new one and even fill out many band-country slots.

FP, ST. PIERRE AND MIQUELON (Update). Paul/K9OT and Peg/KB9LIE will be making their sixth annual trip to Miquelon Island (NA-032), July 28th-August 6th. They will sign FP/K9OT (prefers CW on 40/30m) and FP/KB9LIE (strictly SSB, mostly 17/20/40m unless higher bands are open). They will try to run a breakable 6M beacon on 50.120. Both will be in the IOTA Contest as Single-Ops, and Paul will also be in the CW North American QSO Party. Note: he just needs to confirm Alaska for his FP/WAS. QSL to their home callsigns, same address, either direct with return postage/IRC or via the bureau. Logs will eventually be uploaded to LOTW. No eQSLs. Visit the following Web page at: http://www.mhtc.net/~k9ot/

FR, REUNION ISLAND. Stewart, GM4AFF, will be active as FR/GM4AFF for one day (July 30th) during the upcoming RSGB IOTA Contest (July 29-30th). QSL via M0CMK.

GD, ISLE OF MAN. The "Worked All Britain Awards Group" (WAB) is pleased to announce that they will be holding a joint event with the "Isle of Man Amateur Radio Society" (IOMARS) and "The British Amateur Radio Lighthouse Society" (BARLS) between August 19-26th. This activity week was mutually arranged with the IOMARS to encourage new licensees to gain experience in portable, mobile and net activity. They hope that it will provide publicity for the Island and increase activity around the bands and generally promote an interest within our hobby. The Activity Week will coincide with the

International Lighthouse/LightShip Weekend (ILLW) and a visit by two of the WAB Committee members, Dave and Judith Brooks (G4IAR and G4IAQ), plus members of the "British Amateur Radio Lighthouse Society" (BARLS). The "plan' for the week is as follows:

All three lighthouses on the Calf of Man will be activated on both days of ILLW event (August 19-20th) by members of WAB and BARLS.

Chicken Rock will be activated (Sea State permitting) on August 19th. All the major lighthouses on the island will be activated on the afternoon of the 19th; by both WAB and BARLS jointly. Callsigns of those taking part - GD0SGB/P, GD0VML/P or /M , GT4LAB/P/M (IAR and IAQ in disguise).

ALL 14 areas on the island will be activated during the week. Members of the IOMARS will position themselves around the island. More details will be posted on the Worked All Britain Web site at:

http://www.worked-all-britain.co.uk

Two new certificates have been produced especially for the event. There will be a "Basic Activity Week Certificate" stating how many areas have been worked and a "Premier Class Certificate" for all 14 IOM areas.

They all hope that the event will prove to be a great success and encourage newcomers to come forward to join in the fun. Please give all concerned your support by calling them. This may well become an Annual Event.

IOTA NEWS....................

AS-115. Berkin, TA3J, will participate in the IOTA Contest (July 29-30th), as TA3J/0 from Antalya - Sican Adasi (Rat Island, MIA MTC-099 and KM56JU). QSL via Nilay, TA3YJ, direct (only SASE and 1 IRC, no green stamps please) or by the bureau. No eQSL. SWL QSL cards are "OK".

AS-117. Operator Kenji, JA4GXS, will be active as JA4GXS/4, from Kasado Island (JIIA AS-117-096), JA4 Yamaguchi Prefecture, starting July 29th, including the IOTA Contest (July 29-30th). Activity will be on all HF bands CW and SSB. QSL via his home callsign, by the bureau or direct to: Kenji Sasaki,
2-15 Ishikannon-cyo, Yamaguchi-City, 753-0038 JAPAN.

EU-014. Vittorio, IK1RAC, will be active as TK/IK1RAC from the Island of Corsica (DIFM TK-001, MIA MCO-001, WLOTA LH-1390) between August 19th and September 1st. Look for activity from between 1200-1400z and from 2000-2200z, on QRP HF + 6 meters. QSL via his home callsign, direct or by the bureau.

EU-034. Rolf, DK2ZF, will be active as ES/DK2ZF from the Island of Saaremaa, Estonia, between July 21st and August 3rd. Activity will be mostly CW on HF, 6 meters and 144/432 MHz. QSL via home call (QRZ.com).

EU-052. Massimiliano, IK2XYG, will be active as SV8/IK2XYG from Corfu Island, between July 24th and August 12th. Activity will include an entry in the IOTA Contest (July 29-30th). QSL via IK2XYG.

EU-057. Jan, PC2T (ex-PA1TT) will be active as DL/PC2T from Rugen Island during the IOTA Contest (July 29-30th). Look for activity before and after the contest. QSL via PA1TT, by the Bureau.

EU-088. Ric, DL2VFR, will be active as OZ/DL2VFR from Laeso Island July 23-30th. Activity will be mostly on CW. He will also participate in the IOTA Contest (July 29-30th) as Single-Op on CW for 12 hours. Laeso Island is NK-003 for the Danish Island Award. Ric is also planning to visit Hornfiskroen (NK-005 - same IOTA group) with QRP/CW-gear for some hours. QSL via his home callsign/bureau.

EU-092. Members of the Summer Isles Radio Club will be active as MM0Q from Tanera Mor during the IOTA Contest (July 29-30th). QSL via MM0BQI.

EU-122. Loook for GN0ADX/p to be active from Rathlin Island during the IOTA Contest (July 29-30th). QSL via GM0ADX.

EU-125. Michael, DL3FCG, will be active as OZ/DL3FCG from Bolilmark, Romo Island (NS-001 for the Danish Islands Award), August 5-19th. Activity will be on all bands, CW and SSB. QSL via his home callsign, direct, through the bureau, or LoTW.

EU-143. Operators Manuel/EA7HY, Antonio/EA7HW, Juan/EA7AVW, Martin/EC7AEJ, Jose Manuel/EC7ALT, Oscar/EA4TD, Alfonso/EA4ATA, Javi/EC4DX, David, Pepe and Jeronimo will be active as ED7SPI from Sancti-Petri's Island in Chiclana de la Frontera (Cadiz - Spain), July 28-30th. Other reference numbers for this activity are: DIE S-002, FEA D-2388, DCE CCA-007, DMHE MCA-195, and DME-11015. The group will be active in the IOTA Contest. They also plan/try to activate different Farallones with other different references numbers: DIE S-225 Sancti-Petri's Farallon Grande, S-235 Farallon Chico de Sancti-Petri and S-236 Los Farallones de Sancti-Petri. They plan to have three stations on 80-10 meters on SSB, CW and Digi modes. QSL via the Bureau to EC7AEJ.

EU-170. Norbi, HA3FIN, will be active as 9A/HA3FIN from Pasman Island (ACIA IC-348, CIA-34, IOCA CI-085 and MIA MC-291), July 25-31st. Activity will be on HF bands. Look for him to use the callsign 9A/HG3X during the IOTA Contest (July 29-30th). QSL via his home callsign for both callsigns.

EU-170. Peter/HA9MDP and Tamas/HG9MET will operate as 9A/homecall from August 3-13th, from Pasman Island (CI-085), and than Ugljan Island (CI-134) and some others island in the EU-170 group depending on the weather and other "local things". They will be operating on 80-6 meters, and also on 2 meters. They will take part in the Alps Adriatic VHF Contest as 9A/HG9VHF from JN73QW. The equipment is a FT-897, FT-736, multiband dipole for 80-40m, Gp for 20-10m, 6 element Yagi for 6m, and 14 element

DJ9BV and 9 element F9FT Yagi for 2m. QSL via their home callsigns, via the HA QSL bureau is "OK".

EU-171. Hans, OZ7BQ, will be active as OZ7BQ/p from Fur Island during the IOTA Contest (July 29-30th). He will use a vertical antenna. QSL via OZ7BQ.

EU-174. A group of Hungarian operators will activate Thassos Island during the end of July. They plan to be active from 3 different locations on the island. Some will be in the IOTA Contest. Look for the following callsigns and locations (Grid Squares):

J48NAR - Operator Laci, HA0NAR, from Skala Rachoni (KN20HS)
J48IM - Operator Endi, HA0IM, from Pothos (KN20HO)
J48PL - Operator Laci, HA7PL, from Astris (KN20IN). IOTA entry: 12HR/SSB/HP/Islands expedition.
J48NL - Operator Laci, HA6NL, from Astris (KN20IN). IOTA entry: 12HR/CW/HP/Islands expedition.
J48PS - Operator Zsolti, HA6PS, Astris (KN20IN). IOTA entry: 12HR/CW/LP/Islands expedition.
J48JJ - Operator Sanyi, HA7JJS, Astris (KN20IN). IOTA entry: QRP/24HR/Islands expedition.

All stations will be active as SV8/homecall outside of the contest (few days before and after) on all the HF bands plus 6m and 2m, CW/SSB with some digital modes too. QSL via the HA QSL Bureau or direct to addresses on QRZ.com.

EU-179. Operators Tom/UT3IB, Medvedev/UT9IO, Alex/UX2IQ and UR8IR will be active as UX2IQ/p from Berezan Island during the IOTA Contest (July 29-30th). QSL via UX2IQ, by the bureau or direct.

NA-038. Heinz, VA7AQ, will be active from Madeleine Island during the IOTA Contest (July 29-30th). QSL via VA7AQ.

NA-038. Operators Fred/VE1FA, Helen/VA1YL, Alphonse/VO1NO, Reginald/VE2AYU, William/VE1MR, Howard/VE1DHD, Rich/VA1CHP and Gary/VE1RGB will be active as VC2W from Ile aux Meules during the IOTA Contest (July 29-30th). Activity will be on 80-10 meters CW/SSB. QSL via VE1RGB.

NA-034. Operators Fred/VE1FA, Helen/VA1YL, Bill/VE2MR, Lynn/VE2ENT, Al/VO1NO, Shelley/VE1NOS, Rich/VE1CHP, Reg/VE2AYU and Howard/VE1DHD will be active as VC2W from Ile du Cap aux Meules (QC-004 for the Canadian Islands Award), in the Magdalen Islands Group from July 26th to August 1st. They will also participate in the RSGB IOTA Contest as a Multi-Op/Expedition entry. Look for activity on 80-6 meters, CW and SSB. The Magdalens Group includes 6 Canadian Islands (which are not separate IOTAs) and three lighthouses which they will try to visit and activate briefly. QSL via VE1RGB (QRZ.com).

NA-046. Alec, W2JU, will be active as W2JU/p from Martha's Vineyard during the IOTA Contest (July 29-30th). QSL via W2JU.

NA-067. Nathan, N4YDU, will be active from Ocracoke Island during the IOTA Contest (July 29-30th) as a Single-Op/Mixed/Low-Power entry. QSL via N4YDU direct.

NA-091. Operators John/VE7JOH and Rick/VE7ADN will be active from the Malcolm Island Amateur Radio Club, on Malcolm Island (BC-019 for the Canadian Islands Award, Grid Loc. CO60), located in the Queen Charlotte Strait, British Columbia, July 29-30th. John will use the club callsign VE7MIV. Activity will be on 80, 40 and 20 meters. QSL both VE7MIV and VE7ADN via VE7JOH.

NA-112. Stephen, W3HF, will be active as W3HF/4 from Bogue Banks during the IOTA Contest (July 29-30th). QSL via W3HF.

NA-112. Kyle, W4KTF, will be active as W4KTF/p from Bald Head Island during the IOTA Contest (July 29-30th). QSL via W4KTF.

OC-022. Adhi, YC3MM, will be active as YC3MM/9 from Bali Island during the IOTA Contest (July 29-30th) on 15 meters only (CW/SSB) using 100 watts into a 3 element yagi. QSL via YC3MM.

SA-070. Danilo/XQ4CW and Marco/CE6TBN will be on the air as CE5S from Santa Maria Island (WLOTA LH-543) for the next IOTA Contest (July 29-30th). Before and after the contest, they will be on the air on 30/40 meters CW and 20 meters CW/SSB. QSL via HA1AG.

ISLAND NEWS. During the weekend of July 8-9th, Nenad, VE3EXY, was operating from the Island of Bonaventure (NA-177). Nenad informs OPDX: "The island itself is easily accessible by regularly operating boat lines, but the stay is strictly limited to the tourist season, and only during daylight operating hours of the National Park. I was allowed to operate for 5 hours each day. There is no electricity on the island, and I was allowed to use battery only. The reason is that the Island of Bonaventure is a bird sanctuary (Ganets colony), and they do not want them upset. I was not even sure if they will allow me to operate during daylight, and I did not announce my operation before. The island has IOTA designation NA-177, and CISA designation QC002. The call used was VE2/VE3EXY/p. In early evening (on Sunday) I activated the Rock itself (QC012) using VX2/VE3EXY call. The rock is connected to the mainland by tiny strip of land, but only during low tide (abt 2 hours). It is submerged otherwise. Even during the low tide, the waves may swipe the tiny strip of land which may put any operation in danger. 250 stations made QSOs with NA-177, and about 30 QSOs from the Rock (Pierced Rock)."

LIGHTHOUSE ACTIVITY. The Old Barney Amateur Radio Club will be operating from the Barnegat Lighthouse (nicknamed "Old Barney") in Barnegat Light, New Jersey, on Saturday, August 5th (rain date is Sunday August 6th). This counts for ARLHS lighthouse #USA-039, Long Beach Island NJ: IOTA NA-111, USI NJ-001S. Operation will be primarily on 20 and 40 meters SSB from about 1300-2200z. Visitors are welcome. A nice full color photo QSL of the lighthouse is available. QSL via N2OB.

MD, ISLE OF MAN (EU-116). Members of the MD4K Contest Group will be active as MD4K during the RSGB IOTA Contest (July 29-30th) as a Multi-Op entry. Operators mentioned are: Dave/G3NKC, Fred/G4BWP, Peter/G4MJS, Martin/G4XUM, Tim/M0BEW and Royce/M0RHI. QSL direct to G3NKC: David Sharred, Chestnut House, 510 Crewe Rd., Wistaston, Crewe CW2 6PS, U.K.. QSLs can be requested by the bureau on their Web site at: http://www.md4k.com/

OH0, ALAND ISLANDS (EU-002). Juha, OH9MM, will be active as OH0Z during the RSGB IOTA Contest (July 29-30th) as a Single-Op/24-HRS/SSB/Island entry. QSL via W0MM.

OY, FAROE ISLANDS (EU-018). Tom/DL2RMC and Katrin/DO3MSH will be active as OY/homecall from here August 21-23rd. Activity will be limited to their spare time but look for them on all HF bands on CW, SSB and digital modes, with 400 watts and a vertical antenna. QSL via DL2RCM, bureau preferred.

RUSSIA CALLBOOK. The HAM Radio Association distributes a Russian CallBook (English Version) containing detailed and updated information on all Russian HAM radio operators. It also contains:

1. Detailed information about the DX Expeditions which will take place in the nearest future.
2. Information about the diplomas.
3. List with names and addresses of Russian collectors of HAM equipment.

Should you be interested in ordering this directory, please write to:
zakaz@poste.ru
The price is 52 USDs, including the shipping to your country.

SPECIAL EVENT. On July 22nd, the Union de Radioaficionados de Estella (URDE) is organizing jointly with the City Council of the town of Lerin (50 KM South of Pampelona, Navarra) some ham activities, part of the Twin Cities partnership Lerin/Pompignac (Near Bordeaux) festivities. Among the Ham activities will be a flea market and the airing of the special callsign ED2HLP (HLP = Hermanamiento Lerin Pompignac = Jumelage Lerin Pompignac= Twin cities partnership Lerin Pompignac). QSL via the operator's instructions. More information is available at: http://ea2ccg.blogspot.com

SPECIAL EVENT. Members of the Club RadioAmateurs de Lanester (F6KPQ) will activate the special callsign TM0FIL from July 24th to August 6th, during the Inter Celtic Festival of Lorient (French Brittany) activities. Activity will be on all bands and modes. QSL via F6KPQ.

TF, ICELAND (EU-021). Tom/DL2RMC and Katrin/DO3MSH will be active as TF/homecall between August 24th and September 6th. Their activity will be limited to their spare time but will include an entry in the SSB Field Day Contest. Operations will be on all HF bands on CW, SSB and digital modes, with 400 watts and a vertical antenna. QSL via DL2RCM, bureau preferred.

V47, ST. KITTS AND NEVIS. Remember to look for Reiner, DL2AAZ, to be active as V47/DL2AAZ from the Island of Nevis (NA-104), July 20th to August 10th. Activity will be on 40/20/15/10 meters SSB and CW, with 100 watts, dipole and groundplane antennas. QSL via his home callsign, direct or by the bureau.

VP5, TURKS AND CAICOS ISLANDS. Look for Kelly/N0VD and Alan/WB9JTK to be active as VP5/homecall between August 1-6th. They will be there primarily for business but plan to be active during their spare time. N0VD will make a special effort on the low bands with attention given to the EU and JA sunrise. This, of course, will depend on the noise level. Both operators will be concentrating on CW with some operations in the U.S. general bands. QSL to their homecalls.

VP9, BERMUDA. Frank, K3TRM, will be returning to Hamilton Parish, Bermuda, again this summer for a short vacation from from August 3-8th. He will be operating as VP9/K3TRM. Activity will be on 160-6 meters, including the WARC bands using SSB, RTTY and CW. QSL via his home callsign, direct or by the bureau. Additional information will be available on his Web site at: http://www.k3trm.com/

VQ9, CHAGOS (Top-bander Take Note!). Larry, VQ9LA (aka WD0HSP), on Diego Garcia, announced this past weekend that he will be on the Island for one more year. He is now scheduled to leave December 2007. The company he works for won their contact and will be staying. During Larry's stay, he plans to get several things fixed (Alpha 99, FT-1000, VQ9X K9AY loop, etc..) and really clean up the shack (a makeover).

VU3, INDIA. Rene, DL2JRM, is now active as VU3RYO from New Delhi, until July 24th. Activity is on 160-10 meters CW with 100 watts, wires and a vertical. He was heard this past weekend on 80/40/30 meters CW between 1630-2130z. QSL via DL2JRM.

VY0, CANADA (IOTA Activity). Operators Mike/K9AJ and Bruce/KD6WW will be active as K9AJ/VY0 and KD6WW/VY0 from Nunavut (Hudson Bay - Quebec Coast) Centre Group (NA-195), July 19-23rd, and from Nunavut (Hudson Bay - Quebec Coast) North West Group (NA-156), July 23-26th. QSL to their respective home callsign.

does that mean it does CB ???
ideal for all M3's then if it does..

100w on 19 and fully legal as you hold an M3 ticket..

I made contact with this station on 17 meters but have read several hams
describing this as a Hoax or a pirate.

Can anyone shed any light on this?

Is there a dx-pedtion in Guinea right now ?

Greetings from Denmark

Hi friends,

I recently created the 425 toolbar and thought you might also find it
interesting. It has lots of useful features and seems to be well-liked
by a large number of users (including my self).
Amont the features you can quickly search a string in the 425
bulletins, a callsign in the QRZ.com or DXWatch.com, fast links to 425
calendars, bulletins, magazine, old dx spots and links to DXWatch
spots (last 50 HF, 50 ANN, by band) and several HAM RSS feed for news.
There is also a chat feature and audio amateur newsline.

To find out more about this toolbar and download it, go to:
http://425.ourtoolbar.com/

I have heard this station on both 17 and 20 SSB.  If he is in France why is
he not signing 3X2YA/F or the reverse F/3X2YA?   IN any case he is not in
3X!

The ARRL has made their first new one under the latest rule change. Swain's Island is added as of 22 July 2006. If you worked the KH8SI operation last year then you must work the next one to get credit for anything but IOTA.

Bet there will be more new ones with DXers scanning detailed charts at this very moment. How about Ebon Atoll that Don Miller tried to get counted in the early 1960's. Look at detail Pacific maps!

Now if we can get ARRL to delete the latest platform operation (BS7H) which is just as bad as the 7J1 folly of the late 1970's!

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 16th/July, through Sunday, 23rd/July there were 199 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4W, 4X, 5B, 5H, 5R, 5T, 5U, 5V, 5W, 5X, 5Z, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C2, C3, C9, CE, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, ET, EU, EX, EY, F, FG, FJ, FM, FO, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HK0/a, HL, HP, HR, HS, HV, HZ, I, IS, JA, JT, JW, JX, K, KH0, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, S2, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TK, TL, TR, TU, UA, UA2, UA9, UK, UN, UR, V5, V7, V8, VE, VK, VK9N, VP2M, VP2V, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, XX9, YA, YB, YI, YK, YL, YN, YO, YU, YU6, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

*** ANOTHER NEW DXCC ENTITY TO HIT THE AIRWAVES! ****
Well known DXer Kan, JA1BK/KH6BK, and a group of operators will activate another new DXCC entity. The team of 6 operators will travel to Swains Island some time this week. Swains Island was recently added to the DXCC's entity this past weekend due to the recent DXCC rule change (ed. See DXCC News below). The team of operators who have been in Pago Pago, American Samoa, since Thursday, July 20th, have been delayed in going to Swains Island due to some transportation problems. The list of operators are Kan/JA1BK/KH6BK (team leader), Uti/KS6FO, Paul/F6EXV/WH7S, John/K1ER, Tets/AH7C and John/K8YSE. Larry, AH8LG, President of the American Samoa Amateur Radio Association (ASARA), has been helping in planning/organizing and has provided the team with lots of resources and logistics to make this operation happen. Larry will not be going with the team but will be a pilot station for the operation. However, Larry's wife, Uti, KS6FO, is expected to travel with the team to Swains Island and will do the cooking for the team. The callsign will be KH8SI once again. Activity will be on HF bands CW/SSB. However, the team will utilize the best bands to work as many as possible during this short operation (possibly 3-4 days). The start date is unsure at this time due to the transportation to the island. QSL via JA1BK. More details will be forthcoming.

ADDED NOTE: Those who use propagation and bearing programs may be interested in the following coordinates (Lat/Long) to use. Some of the following agencies have a slight vary in their coordinates, but all are very close.

```
  U.S. Department of Interior -- Latitude   11 degrees  3 minutes South
                                 Longitude 170 degrees 55 minutes West
```

U.S. Coast Guard	Latitude 11 degrees 4 minutes South	Longitude 171 degrees 5 minutes West
U.S. Census Bureau	Latitude 11.08207 South	Longitude 171.04813 West
CIA FACT Book	Latitude 11 degrees 3 minutes South	Longitude 171 degrees 15 minutes West

3XY, GUINEA. Dani, 6W/EA4ATI, informs OPDX that he will be active from Conakry as 3XY9B, August 1-8th. He states that he will use a 3 element yagi beam antenna (three bands), dipole antennas and work all HF bands (occasionaly 6m band too). QSL via direct to EA4ATI.

CORRECTION DEPARTMENT. Last week in OPDX.767, we mentioned that Tom/DL2RMC and Katrin/DO3MSH were going to Faroe Islands and Iceland. The QSL route mentioned was incorrect. QSL via DL2RMC (NOT DL2RCM as mentioned) and Tom prefers the bureau.

DXCC NEWS.............

* The following was received from Wayne Mills, N7NG, ARRL Membership Service Department Manager, dated July 22nd, from Newington, Connecticut:

  For Immediate Release

  With the addition of Section II, Criteria Rule 1c) to the Political Entity criteria, certain former separation entities may now qualify as Political Entities. One such entity has been determined to be American Samoa. American Samoa is now a Political Entity for DXCC purposes.

  As a result of the reclassification of American Samoa, and upon the filing of a request and substantiating evidence, and with the concurrence of the DXAC and the Awards Committee, Swain�s Island has been added to the DXCC List.

  Swain�s Island, entity number 337, qualifies as the first separation entity from American Samoa, now a Political Entity. The distance between American Samoa and Swain�s Island has been determined to be in excess of 350 km as required by DXCC Rules Section II, Paragraph 2, Section b). QSOs made with Swain�s Island on or after 0001Z, July 22, 2006 will count for DXCC credit.

  For additional information, including the DXCC Reference Number for Swain's Island, contact Bill Moore at the DXCC Desk, dxcc@arrl.org.

* Bill Moore, NC1L, ARRL DXCC Branch Manager, informs OPDX: "Due to a problem with the DXCC software a few callsigns were not shown in the DXCC Honor Roll list that was published in August 2006 QST. Although there were some errors in this computer-generated list, the on-line Honor Roll listing produced from the same database is correct. If you were on the Honor Roll between April 1, 2005 and March 31, 2006 and your callsign did not show in the QST list, contact DXCC Branch Manager Bill Moore, NC1L, at (860)594-0234 or dxcc@arrl.org. We will publish a correction in October 2006 QST."

EA8, CANARY ISLANDS (AF-004). Chris, DJ2CK, is expected to be active as EA8/DJ2CK/p from Isla de Lanzarote (DIE S-007 for the Spanish Islands

Award) and the Punta Pechiguera lighthouse (FEA D-2782, ARLHS CAI-047, WLOTA LH-0099, WW Loc. IL38BU) until August 4th. Activity will be on 80-10 meters SSB and the RSGB IOTA Contest included. QSL via his home callsign, direct or by the bureau.

EY8, TAJIKISTAN. Nodir, EY8MM, expects to be busy this year during contests. Look for him to be active during the following contest:

CQWW DX RTTY Contest(September 23-24th);Sinlge-Op/Single-Band (20m)/ High-Power entry. Activity will be limited. QSL vua K1BV.

CQWW DX SSB Contest (October 28-29th); Single-OP/Single-Band (80m)/ High-Power entry. He will use a 4-square and beverages for receiving. QSL via K1BV.

CQWW DX CW Contest (November 25-26th); Single-OP/Single-Band (160m)/ High-Power entry. QSL via K1BV.

FG, GUADELOUPE. Kanichi (Kan), JJ2RCJ (AB2RF), will be active as FG/AB2RF from August 3-7th. Activity will be focused on the digital and CW modes. QSL via AB2RF.

FR, REUNION ISLAND (Cancelled). Stewart, GM4AFF, who was expected to be active as FR/GM4AFF for the upcoming RSGB IOTA Contest has cancelled his operation. He states, "I have decided to cancel my operation from Reunion in the IOTA Contest. It was always going to be hard, but when I found out that conditions are also really awful, I decided to pull the plug. I'll have less luggage to carry now!"

IOTA NEWS......................

EU-006. David, EJ3GKB, will be active as EJ3GKB/p from Inisheer Island (WLOTA LH-2314) during the IOTA Contest (July 29-30th). Look for activity before and after the contest on 80-6 meters. QSL via EJ3GKB.

EU-010. Rick, G4BYB/G3PPG, will be active as GM3PPG/p from his portable QTH on South Uist (IOSA OH-03, SCOTIA HI-06) in the Outer Hebrides, now through August 13th. Activity will include the RSGB IOTA Contest (July 29-30th) as a Single-Op/All-Band/SSB entry. Before and after the contest look for Rick to be active mainly on 80 meters SSB, looking for DX with his 80m phased vertical arrays. QSL via GM3PPG: Rick Penman, 9 Southall Avenue, Worcester, England - U.K.

EU-049. George/SV8GXC and Marcel/PA9M will be active from Chios Island (KM38BJ), Greece. Marcel will be active as SV8/PA9M/P from July 29th to August 10th on various bands and modes. QSL via PA9M. George will be active as SV8GXC from July 25th to August 10th on 160/80/40/20/15/10/6 meters on PSK31, RTTY, CW and SSB. The majority of SV8GXC activity will take place on 20/40/80 meters on the digital modes PSK31 and RTTY. George's activity (freq. and mode) will be published ON-LINE in "REAL-TIME" on the Web page at:

http://www.vastianos.com/sv8gxc-expedition

Also, in some cases on DX-Cluster. Scheds may alo be arranged via E-mail at: 6972414304@mycosmos.gr

QSL via SV8GXC direct, bureau, eQSL and LoTW.

EU-088. (Update) Operators Ole/OZ2TF, Jan/OZ5JR, Klaus/OZ7KDJ and Erik/OZ9V will be active as OZ8MW/p from Anholt Island (NK-001 for the Danish Islands Award) between July 27th and August 1st. Activity will include the IOTA Contest (July 29-30th). Look for them to be active on 80/40/20/15/10 meters CW/SSB. QSL via their home callsign, direct or by the bureau.

EU-120. OPerators G3ZGC, G4FON, M0DDT, 2E0KOP and G6FOP will be active as G7N from Isle of Wight (WLOTA LH-2985) during the IOTA Contest (July 29-30th). QSL via G6FOP, direct or by the bureau.

EU-128. Juergen, DJ7YT, will be active as DJ7YT/p from Fehmarn Island during the IOTA Contest (July 29-30th). QSL via DJ7YT.

EU-144. Some Strange Radio Team members will operate as IC8S from Dino Island (IIA CS-002)for the IOTA Contest, July 29-30th. QSL via IK8WEJ. After the IOTA Contest, the Team will be active from Serpenti Island (IIA CS-007). Operators mentioned are: Simone/IZ0BTV, Giovanni/IW7DOL, Marco/IZ7DOK, Gianni/IZ7FLP, Giovanni/IK8LIU, Francesco/IK8WEJ, Vicedomimi/IW8EQS, Oreste/IZ8EDJ, Francesco/IZ8EQF, Mario/IZ8EZP and Salvatore/IZ8GGF. Photos and info will be publish at:

http://www.strangeradioteam.com

EU-174. Geza/HA4XG and Gabi/HA1YA will be active from Thasos Island as J48XG and J48YA, respectively, between August 5-19th. Activity will be on HF, 50 MHz and 144 MHz. Callsigns for 50 MHz will be SV8/HA4XG and SV8/HA1YA. On 144 MHz, they will use WSJT MS with IC-746 + GSZ35B + 10 element DK7ZB yagi. On 50 MHz, operations will be on JT6M, CW, SSB with IC-706 + 3 element yagi.

EU-182. A group of Ukrainian operators will activate EM5F in the IOTA Contest (July 29-30th) from Ankudinov Island (URDA - OD022, UIA - DU03, GRID - KN45QJ). Operators mentioned are: Alex/UR5FAV, Vlad/UT0FT, Nick/UT2UZ, Vitali/UR5FGW, Boris/UT7UT, Nick/UX0FF (Team Leader), Pavel/UX2HO and Patrick/F6IRF. QSL via UX0FF. All QSL cards from their EM5F 2005 DXpedition were already sent via the Bureau. If somebody still needs it confirmed via the Bureau - send your request (no QSL!) by E-mail to:

ux0ff1@izmail.uptel.net

Direct request to: Nick Lavreka, P.O.Box 320, IZMAIL,
68609, UKRAINE.

NA-010. Bryan, K2BW, will be active as K2BW/VE1 from Cape Breton Island (CIsA NS-001 for the Canadian Islands Award) from now until July 26th. Activity will be on 80-10 meters. QSL via his home callsign, direct or by the bureau.

NA-031. Mark, AA1AC, will be activating Aquidneck Island in the Rhode Island State Group during the upcoming IOTA Contest (July

29-30th). Activity will be SSB only. QSL via his home callsign.

NA-112. Sherman, W4ATL, will be active as W4ATL/p from Sunset Beach (USI NC-012S, Brunswick County, North Carolina) during the IOTA Contest (July 29-30th). QSL via W4ATL.

SA-044. The 4M5DX Group, in collaboration with MDXC, plans to activate La Tortuga Island from September 24-30th. Callsign will be YX5IOTA. Operators mentioned are: YV5ANT, YV5KAJ, YV5WW (OH0XX), YV5TX, YV5MSG, YY5RED, YY1RDX, YV1FM, YV5SSB, YY5HBO, YY1ALE, YV1CTE, YV5OHW and YY4MP. Activity will be on all bands and modes. QSL Manager is IT9DAA (QRZ.com). For more information visit the following Web page at:

http://www.4m5dx.org/html/yx5iota.html

MEDITERRANEAN OPERATION. Paolo, F8ENY, is expected to be active now as TK/F8ENY/p from the Island of Corsica (EU-014, DIFM TK-001, MIA MCO-001, WLOTA LH-1390) until August 6th. Activity will be on the HF bands, mainly CW, with an IC-746 and vertical. From August 7-11th (or 12th), he will sign IS0/F8ENY/p from the Island of Sardinia (EU-024, IIA SD-001, MIA MIS-035, WLOTA LH-1608). Activity will also be on the HF bands and 6 meters. From August 13-20th, Paolo he will be signing I1/F8ENY/p from mainland Italy. Activity here will also be on the HF bands and 6 meters. UFT members are requested to please give your membership number when you contact Paolo. QSL via his home callsign, via the French REF-Bureau or direct to: Paravagna Paolo, 267 Avenue Jean Rieux, F-31500 Toulouse, FRANCE. Please nothing via ARI.

MONTENEGRO NEWS................

* Martti, OH2BH, sent out the following press releases this past week:
  (July 17th)
  MONTENEGRO INTERNATIONAL DX FESTIVAL READY TO PROCEED. "Several vehicles have left various European locations, such as Bulgaria, Poland, Germany and Holland bringing radio equipment and additional antennas to an already impressive multi-multi site on the Adriatic coast, the latest addition - the Republic of Montenegro - to the DXCC List. Operations will commence July 20th and will run until August 13, 2006. The callsign will be 4O3NT. While the DX activation is the most visible part of the festival the group will conduct meetings with the local telecom authorities and also help the Amateur Radio Union of Montenegro toward a membership in the International Amateur Union (IARU). The following operator roster is released: 9A6AA, A61M, DJ7EO, DJ9ZB, DL3DXX, DL6LAU, DL8OBQ, DL5NAM, DL3PS, DL7AJA, DF3TJ, G3TXF, G3UML, I8NHJ, IK1PMR, IZ0BTV, K1ZZ, KA1ZD, K2LEO, K2WR, N6OX, W6OSP, LZ1JY, LZ1UQ, LZ2UU, OH2BH, OH2RF, OH2TA, ON4IA, ON4ATW, ON5TN, PA0R, PB2T, S50R, SM0W, SP5XVY, T95A, UA3AB, UA4HBW, YL2KF, YU1AA, YT3T, YT6A, YT6Y and Z35G plus several others. Participation is still open specifically for the second and third weeks. Please email yt6a@cg.yu cc: oh2bh@sral.fi
  The 4O3NT operation will launch Yaesu's new FT2000 transceiver and will also employ several SteppIR beams, courtesy of the Northern California DX Foundation (NCDXF) and SteppIR. Also Acom is providing several amps for this operation. 4O3NT QSL via YT6A." Suggested frequencies are:
  CW - 1826.5, 3522, 7022, 10106, 14022, 18072, 21022, 24892 and 28022 kHz

SSB - 3795, 7055, 14190, 18145, 21290, 24945 and 28490 kHz
RTTY - 7035, 10135, 14085, 18105, 21085 and 28085 kHz
6 Meters - 50106 kHz CW/SSB
ADDED NOTE: Online log is available at:
http://www.yu6scg.cg.yu/log-book-search.html

July 21st
AMATEUR RADIO HITS NEW HEIGHTS IN NEW MONTENEGRO: "Today, Thursday, at noon an international amateur radio delegation saluted Montenegrin hams, the local Amateur Radio Union folks as well as representatives of the Telecom and the Military of Montenegro to kick off a three-week program to assist the local people in many areas of Amateur Radio as well as to help make Montenegro visible on the bands in a big way. Totally some seven 4O3T stations will hit the airwaves over this weekend. Veso Babic, YU6A, the Association President and Ranko Boca, YT6A, the Project Organizer, welcomed the foreign visitors to sunny Montenegro and promised all possible help. Martti, OH2BH discussed some of ham radio's current challenges and opportunities to form a schedule for further talks with the local administration. Hans, PB2T of the International Amateur Radio Union (IARU) promised every possible help to get Montenegro soon into the IARU family of national societies. Veso, YU6A, reminded those present of the valuable efforts made during a 1979 earthquake when Amateur Radio secured a permanent place in the hearts of people saved through emergency communication efforts by local amateurs. Mr. Peter Cupic, Deputy Director of Telecom, invited all delegates to a cruise at Boka Bay later on in the program, organized by his Agency. People were in tears when 19-year old Nikola, YZ6AMD called the first CQ to provide the first QSO under the 4O3T program. The German station DF3IU was there at 1020 UTC to win the honors. Now amateurs around the world are turning their antennas to the newly born Republic of Montenegro to salute 4O3T operators from three different continents, representing more than ten nations."

* Hrane, YT1AD-YT5A, informs OPDX that a team of operators will activate Montenegro with the callsign YU6AO from July 20th to August 15th. He mentions the location will be Podgorica, Montenegro. The host is Gojko, YU6AO. Hrane states, "Accomadation and food is free. All of our team is welcome. We will operate with 4 working station's at the same time." Activity will be on all bands and modes (CW, SSB, RTTY, PSK, SSTV, FM). Operators mentioned are: Gojko/YU6AO, Hrane/YT1AD, Milovan/YU1AU, Ratko/YU1NR, Mladen/YU7NU, Zoran/YU7KW, Marko/4N1JA, Goran/YT7AW, Igor/RA3AUU, Jack/RW3QC, Eugene/RK3AD(?), Srecko/YU1DX, Trajko/Z35A, Dragan/Z32AU, Marijan/S56A, Simone/IZ0BTV, Dragan/YZ1EW, Zeljko/YU6ST and YZ6DCT. Suggested frequencies are:
CW - 1830, 3530, 7010, 10115, 14015, 18080, 21015, 24900 and 28010
SSB - 1850, 3790, 7080, 14232/14250, 18130, 21250, 24930 and 28450
RTTY - 3585, 7040, 10130, 14085, 18110, 21085, 24910 and 28085 kHz
6m - 50.102 and 50.130 MHz
2m - 144.050 and 144.310 MHz
QSL via YU6AO, via the YU Bureau or direct to: Gojko Mitrovic, Crnojevica 4, 81000 Podgorica, Montenegro.

* During International DX Festival in Montenegro (July 20th-August 12th), Emir, 9A6AA, informs OPDX that he will try to get a license (4O3/9A6AA)

for activity from Sv Nikola (IOTA EU-163, MIA MY-003). Depending on his free time (and license, of course), Emir plans to be active a few hours on SSB on 40 and 20 meters.

OH0, ALAND ISLANDS. Ralph/DL1SVA and Frank/DG0GA are now active as OH0/homecall/p until July 28th. Look for activity on all HF bands, CW and SSB. QSL via their home callsigns, direct or by the bureau.

P40, ARUBA. John, KK9A, will be active as P40A in the CQWW DX CW Contest (November 25-26th) as Single-Op/All-Band entry. QSL via WD9DZV.

QSL INFO AND NEWS................

Oscar, HK6DOS, reports: "The Liga Colombiana de Radioaficionados (LCRA) was established in 1935, and for many years was an important and respectful organization with a good number of members. Its bureau service worked well for decades, providing an excellent service for all its associates. For the last 5 years now, it has been losing importance, that is members, activity and management. Today, nobody really knows the whereabouts of their QSLs, inbound or out. For this reason many Colombian amateurs currently have a QSL manager. Please be informed that the Colombian Bureau service is out of service for hams outside of the 3rd Colombian zone (HK3) who have not had information on the bureau status for many years now, and you should not waste your money or time, as the LCRA has cancelled this service to its members and international bureaus. We are; therefore, regretfully advising the DX community to refrain from sending QSLs via our LCRA bureau."

CORRECT QSL ROUTE FOR VQ9LA. QSL VQ9LA to: Larry Arneson, DG-21 Anx 30, PSC 466 Box 24, FPO AP 96595-0024, USA (or by QRZ.com). SASE is required for direct QSLs. QSL via the Bureau is fine (Also by VQ9 Bureau or USA Bureau). Logs will be uploaded to LoTW once he leaves the Island. N0QM and WD0HSP ARE "NOT" HIS MANAGERS. The callsign N0QM is his stateside callsign, and WD0HSP is his former callsign. Larry mentions that some people still send to N0QM, and his parents hold on to the envelopes and send them to him about every 6 months or when he goes home on vacation. If you send to N0QM, there will be a big delay in getting the cards direct.

TK, CORSICA. Andrea, IW0HK, will be active as TK/IW0HK until July 30th. He is expected to be in the IOTA Contest on 20 and 15 meters. QSL via his home callsign, direct or by the bureau.

TZ, MALI. Members of the VooDoo Contest Group will be active as TZ5A for the second year in a row during the 2006 CQWW CW Contest (November 25-26th) as a Multi/Multi entry. QSL via G3SXW. Operators mentioned are: Ed/AA7A, Roger/G3SXW, Fred/G4BWP, John/G4IRN, Robert/GM3YTS, Vince/K5VT, Mike/KC7V and Lee/KY7M.

V4, ST. KITTS AND NEVIS. Kanichi (Kan), JJ2RCJ (AB2RF), will be active from Nevis as V47/AB2RF from August 8-12th. Activity will be focused on the digital and CW modes. QSL via AB2RF.

Incidentally, unless the radio authorities in Guinea have changed things, I've only ever heard 3XY calls out of Guinea.

I've worked 3XY2A some years ago. And yes, it was for sure, three x-ray yankee two alfa.

Anyone ever work one that wasn't like this? Now that I come to think of it, 3XY2A might be the ONLY 3X I've worked, and maybe that's a fluke?

73,
Dan

Marcus Denning wrote:
> What's up with K1MAN and his battle with the FCC (and everyone else)?

Currently the situation is that he owes the FCC a boat load of cash as the fines have been affirmed. His renewal application has been set aside, but until it's fully rejected he retains his privilages to operate.

We are waiting for the pending dismissal of his renewal aplication that will end K1MAN's operating privilages and the collection of the fines by the DOJ.

The rejection of his license renewal could happen at any time. In fact I expected it to happen before now. I'm starting to wonder if he's not trying to make a deal with the FCC and it's holding up final actions.

I did, but it was in late 1991-early 1992. Over a 3-month period I
worked 3X0HNU on three bands.

My only more recent 3X QSO was with 3XA8DX in 1997. I think I remember
other letters besides Y following the "3X" in recent years, but I don't
remember any recent Guinea calls having a number in the 3rd position.

I had three QSOs with 3XDQZ/P in 2004, one with 3XY1L in 2003, one with
3XY6A in 2002, and one with 3X1SG in 1990.

i have work 3x2ya 4 times in jul this year, 2 times on 20m ssb and
2 times on 17m ssb.
The 20m sigs are 56 on my 2element from abt. 200 grad but!
the 17m sigs are on my 0dB ND Vertical 59 +10dB.
I think, the 17m operation was pirated...

Hello YLs/OMs from US!

I am Ron, dl7ba from germany, Bad S�leze near Rostock.

For my Award "Worked All States" i need some contacts with
stations from the US states. I am missing stations that using
the LoTW and comes from the states:

Alabama, Colorado, Idaho, Mississippi, Nevada,
North Dakota, South Dakota, West Virginia and Wyoming.

Other contacts also welcome!

Now i have entrys from 41 states in the LoTW ARRL logbook.

Who can make a sked on the 20m in cw or ssb.
Running here with 700 Watt and 2element Yagi.

If you can help, pleace send a Mail to make a sked.
sked@funkwesen.de

Ron dl7ba

or if the fcc is trying to make a deal with him

I still don't think they (fcc) exactly want to fight it out for some
reason

I read where Ranko YT6A says it requires $3 USD for a return card for 4O3T.
How about the new IRC's?   Is he going to follow that all of a amateur's
QSO will be verified on one card?

Regarding YU6AO. IRC's accepted? All QSOs on one card or separate.

many are asking.

Dave K4JRB

Hi,
Just talked to Ranko and he confirms the US$3, all QSO's on one card and
can't use the new IRC.
QSL's via the bureau will be confirmed (via the bureau), but it will
take some time before that pile is processed ;-)

Have not been able to get hold of Gojko/YU6AO yet, I'll come back later.

73's
Hans - SM�IMJ

Wow! I wounder what that is all about? I just mailed my two cards to
Yu8 and 403 last week with $2.00 each. My cost of mailing was $.86
each. I guess the price of independence is high.

Win, W0LZ

August 7, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, W2VU, AC3A, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, AC8G, K8YSE, WZ8D, ND9M, USI, Pete's-DX-Newsdesk, CE3FZL, CT1END, DL1EK & The DX News Letter, EA7EUF, F5NQL & UFT, G3SWH, HP1AC, I1JQJ/IK1ADH & 425 DX News, I1HYW, IZ8EDJ, IZ0FKE, LU9ESD, OH2BN, OM3JW, ON5RKN, PY5EG, RSGB IOTA, SP8HKT, SV2AYT, VA3RJ & ICPO and VK8DK for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 30th/July, through Sunday, 6th/August there were 204 countries active. Countries available: 3A, 3B8, 3DA, 3W, 3X, 4J, 4L, 4S, 4W, 4X, 5B, 5H, 5N, 5V, 5W, 5X, 5Z, 6W, 6Y, 7O, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, F, FG, FK, FM, FO, FP, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J3, J6, JA, JT, JW, K, KG4, KH0, KH2, KH6, KH8/S, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TJ, TK, TN, TR, TT, TY, UA, UA2, UA9, UK, UN, UR, V4, V5, V7, V8, VE, VK, VK9N, VP2V, VP5, VP8/h, VP9, VQ9, VR, VU, XE, XU, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, ZA, ZB, ZC4, ZD8, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3D2 and 3D2/R, FIJI AND ROTUMA (Op Cancelled!). Operators Didier/F4ELJ, Andre/F0ELK and Christophe/F0ELI had to cancel their operations to Fiji and Rotuma due to transportation problems. More information is available at: http://3d2bd.free.fr

4O6, MONTENEGRO. It was reported today by Joe, W8GEX, that he and four other members from the SouthWest Ohio DX Association are going to Montenegro on August 13th for a 7 day operation at the Sky Contest station. Check out the Sky Contest Club at: http://www.yt6a.com/?page=3Dskycc

YT6A owns the club station, and they will be operating from on top of a mountain. The location is about 1000 ft high with a very nice station and building. They should arrive at the station late on August 13th. By the time they get up the hill (a very rocky road that will take a hour to climb the 1000 ft. in a 4x4 Land Rover), they should be on the air on the 14th, GMT. Their callsign will be 4O6DX. Team members are Wayne/K8LEE, Janet/W8CAA, John/ KP2A, Jim/W9VNE and Joe/W8GEX. The group will be on 160-6 meters, CW, SSB and PSK. The group would like to thank their sponsors, ICOM for the Pro III radios; N3FJP for their logging program; Dave/W5BXX and SEDCO for their support. They would like to give a special thanks to Ranko, YT6A, who has coordinated the trip since shortly after Montenegro became a new DXCC entity. QSL to K8LEE - SASE PLEASE.

5Z, KENYA. Nick, G3RWF, is planning to return to activate 5Z4LS again next November for the CQWW Contest. He is expected to probably stay a few more days than last year. Nick is planning to use the Radio Society of Kenya clubhouse in Nairobi again.

6V, SENEGAL. Paul, K1XM, will be active as 6V7D during the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band/Low-Power entry. His activity will start November 19th. QSL via KQ1F.

9G, GHANA. Scott, AC3A, will be active as 9G5SE from Accra, August 5-12th. Activity will be on 40-6 mters.

ANTARCTICA ACTIVITY. Oleg, R1ANF, is active for about 2 weeks from Priroda Refuge (RUS-15, new WAP reference). This refuge was installed during the 32nd Russian Antarctic Expedition, February 18th, 1987, and is located at King George Island (South Shetlands), NW of Fildes peninsula, 8 km from Bellingshausen station, at 62�09' 00" S, 58� 56' 35" W. His callsign will be R1ANF/p. QSL via RK1PWA (QRZ.com). Check 14023 kHz starting from 1800z and ahead. More info and pictures on WAP Web site at:
http://www.ddxc.net/wap

CQ NEWS RELEASE. Richard Moseson, W2VU, Editor of CQ Amateur Radio, sent out the following on August 1st:

STEVE BOLIA, N8BJQ, NAMED CQ WPX AWARD MANAGER

(Hicksville, New York - August 1, 2006) - Steve Bolia, N8BJQ, has been named the new manager of the CQ WPX Award program, following the retirement of Norm Koch, WN5N (ex-K6ZDL), CQ Publisher and President Dick Ross, K2MGA, announced today. The WPX Awards are issued for confirmed contacts with stations having different callsign prefixes. Norm held the reins of the WPX Award program for 25 years, taking over the job late in 1981. "We thank Norm for his many years of devoted service to the WPX program, to CQ and to amateur radio," said Ross, "We wish him all the best in the future." Steve Bolia, N8BJQ, served as CQ WPX Contest Director from 1982 to 2003, is a member of the CQ Contest Committee and of the CQ Contesting Hall of Fame. His DXing credentials are even more impressive, as he holds CW, SSB and Mixed Worked All Zones (WAZ) awards, is on the DXCC Honor Roll for Mixed and CW, and holds 5-Band DXCC, RTTY DXCC and 160-Meter DXCC. He has also made several DXpeditions, to KH9 (Wake Is.), J6 (St. Lucia) and the rare CQ zone 2 (northeastern Canada). Professionally, Steve works as a defense contractor after retiring from a 22-year career in the U.S. Air

Force. WPX Award applications and updates previously filed with WN5N have been transferred to N8BJQ and will be processed as quickly as possible. See the September issue of CQ for updated address information for award submissions.

IOTA NEWS..........................

AF-103. Just a reminder that Ken/G3OCA and Rei/DL6DQW will be in Mozambique (C9) from August 5-14th. During their stay, they plan to activate the Island of Inhacamba (AF-103) the last unactivated IOTA group in Mozambique. The callsign may be C94KF. QSL via G3OCA. Activity will be on 40-10 meters, CW and SSB. Also, look for them to be active from the mainland using the callsign C94RF or C93RF.

EU-013. Russell, G5XW, will be active as GJ5XW/p from Jersey's Channel Islands between August 26th and September 1st. Activity will be on all HF bands, SSB only. QSL via G5XW.

EU-014. Gerry, IZ1DSH, will be active as TK/IZ1DSH from Porto Vecchio, South Corsica (IIA TK-001, MIA MCO-001, WLOTA LH-1390), now through August 15th. Activity will be on 40 and 20 meters SSB. QSL via his home callsign through the ARI Bureau.

EU-038. (Satellite Op!) Andre, PH7AT, will be active as PH7AT/p from Texel Island (WLOTA LH-0003) between September 4-8th. He will be operating mainly with a QRP handheld (5w) on satellites (AO-27, SO-50, AO-51, AO-7, FO-29 and VO-52). There may be some HF activity if his schedule permits. QSL via his home callsign, direct or by the bureau.

EU-042. Ten operators from the radio club station "Fachhochschule Wolfenbuttel (AFu-AG)" will use their club callsign DF0WFB, August 17-20th, from Hallig Oland Island (WLOTA LH-0712). Look for activity on all bands and modes. QSL DF0WFB via the bureau or direct with SAE + sufficient postage.

EU-054. Giovanni, IK1WEG, will be active as IF9/IK1WEG/p from Isola Favignana (IIA TP-011, MIA MI-025, WLOTA LH-1545), now through August 19th. Activity will be on the HF bands. QSL via his home callsign, direct or by the bureau.

EU-090. Operators Neno/9A5AN, Gita/OM5MF, Lubo/OM5ZW, Steve/OM5AA and Martin/OM4ATW will activate Palagruza Island, Croatia, (IOCA CI-084, WLOTA LH-0057, CLH -100) between September 2-9th. Last operation was in 2003. Activity will be on all bands, HF and VHF. Neno will sign 9A5AN/P and all others will sign 9A/homecall. More information about the operation, operators and island is available at: http://www.palagruza.net
Palagruza Island is situated in the middle of the Adriatic Sea, between the Italian and Croatian coasts. The island itself is 1400 m long, 300 m wide and 90 m high. The lighthouse is old, and was built in 1875.

EU-125. Michael, DL3FCG, will be active as OZ/DL3FCG from Bolilmark, Romo Island (NS-001 for the Danish Islands Award), August 5-19th. Activity will be on all bands, CW and SSB. QSL via his home callsign, direct, by the bureau, or LoTW.

EU-145. Operators Luis/CT1EEQ, Arlindo/CT1EGW and Carlos/CT1END will be active from Culatra Island (DIP AL-001), August 12-13th. Activity will be on 80-10 meters SSB. QSL via their home callsigns. Further information will be available at:

http://ahrap.no.sapo.pt

If you have a serious need for a EU-145 QSO let them know. Send an E-mail at: carlosnora.ct1end@gmail.com

GREEK ISLANDS TOUR IN NORTH AEGEAN SEA. Operators Nicos/SV2AYT, Bill/SV2AOB, Bill/SV2BET, Alex/SV0EG and Kostas/SW2IPK will use the special callsign SX8AYT to activate the following Greek islands, in the EU-049 IOTA group, between August 16-30th: Lemnos Island (MIA MG-065, WLOTA LH-1740), Agios Efstratios Island (MIA MG-002), Sergitsi Island (MIA MG-106, uninhabitable) and Kompi Rockisland. Activity will be on 80-2 meters, mainly SSB. SV8CRL is a local operator on Lemnos Island and SV8BUZ is a local operator on Agios Efstratios Island. QSL via SV2AYT, direct (QRZ.com) or via the bureau. Further information can be found at:

http://www.sx8ayt.com/

Or with mobile phone on WAP (via GPRS) setup at: http://wappy.to/sx8ayt/

J3, GRENADA (Ops Needed!). Harry, AC8G, informs that five team members are confirmed for a visit to Grenada between October 25th and November 2nd. Besides being an entry in the CQ WW SSB Contest, there will be activity before and after the contest using various bands and modes. Openings exist for several more operators. If interested please contact AC8G using the following E-mail address and giving a phone number for contact and good times to call at: hflasher@dayton.net
Harry states, "American Airlines has a promotion for a short time with fares the best I have seen in many years."

KH8SI NOW QRT. The KH8SI operation went QRT around 1900z, August 2nd. Some interesting details about the operation should be forthcoming. According to KH8SI pilot station JA2JSF: QSL via JA1BK: Kan Mizoguchi, 5-3 Sakuragaoka 4 Chome, Tama City, Tokyo 206-0013, JAPAN. Please send all QSL data (multi QSOs) on one QSL. There has not been an announcement about online logs. LAST MINUTE UPDATE. Visit Kan's, JA1BK, Web page to see some of pictures of the KH8SI operation and information about how hard it was to get transportation to Swains Island. His Web page is at: http://www.iijnet.or.jp/JA1BK/

LIGHTHOUSE/LIGHTSHIP ACTIVITIES..................

The Nieuwpoort Lighthouse (BEL-004) will be activated during the coming International Lighthouse and Lightship (ILLW) weekend (August 19-20th) by members of the UBA sections DST, KSD and RCO. Activity will be on all bands (80-2 meters) mainly on SSB, CW and PSK31. At regular intervals the operators may be seen on ATV as well (live via the ON0OS ATV output on 1255 MHz or screen captures on http://www.on4aim.com). QSL via ON5RKN, either direct or through the UBA bureau. There will be a special multi-color QSL card. All direct requests for QSLs will be mailed from Nieuwpoort and will bear the special "Nieuwpoort Lighthouse" postmark which can be considered a real collector's item.

Don, VP8ON, along with several other operators, will activate the Cape Pembroke Lighthouse (ARLHS FAL-009, WW Loc. GD18DH), located in the Falkland Islands (SA-002), for the International Lighthouse-Lightship Weekend (ILLW), August 19-20th. QSL via VP8ON (QRZ.com).

Hector/CE3FZL and Ricardo/CE3HDI will be active as CE2P (SSB) and CE2F (CW), respectively, from Punta Panul Lighthouuse (ARLHS-073), in San Antonio Port in CHILE, during the ILLW. Activity will be on all bands. QSL CE2P via EA5KB and CE2F via CE3HDI. Addresses can be obtained on QRZ.com.

Members of the Bahia Blanca DX Group will transmit for the first time from 5 different lighthouses at the same time during the International Lighthouse/Lightship Weekend (ILLW) which will be held on the third weekend of August. Look for the following lighthouses:

Rincon Lighthouse (ARG�036) -- Special Prefix/Callsign LR3DX will be used. Located in Verde Peninsula in Villarino County. Lat. 39� 23' S Long. 62� 01' W / Grid Locator = FF80xo

Recalada Lighthouse (ARG-009) -- Each operator will use their own callsign plus �/D� because they are located in the Province of Buenos Aires, located in Monte Hermoso, the tallest LH in South America and the sixth in the world. It was 100 years old last January. Lat. 39� 00� S Long. 61� 16� W / Grid Locator = FF91ia

Baliza Chica Lighthouse (ARG�083) -- Each operator will use their own callsign plus �/D� because they are located in the Province of Buenos Aires. Lat. 38� 53� S Long. 61� 58� W / Grid Locator = FF91ac

Punta Tejada Lighthouse (Ref. to confirm) -- FIRST TIME ACTIVITY. No callsign provided. Lat. 38� 59 S Long. 61� 49' W / Grid Locator = FF91ca

Hipasam Lighthouse (ARG-040) -- FIRST TIME ACTIVITY. Each operator will use their own callsign plus �/V� because they are located in the Province of Rio Negro.   Located in Punta Colorada, 20 Km. east from Sierra Grande, Rio Negro Province. Lat. 41� 43' S Long. 65� 02' W / Grid Locator = FE78lg

Look for activity from the above LH on all bands and modes, including digimodes (RTTY, PSK, SSTV). Contacts with Recalada, Baliza Chica, Punta Tejada and Rincon Lighthouses will be valid for the �PROVINCE OF BUENOS AIRES LIGHTHOUSES Award" organized by Bahia Blanca DX Group. All QSLs are via the bureau or direct via LU7DSY: Carlos Almiron, P.O. Box 709, 8000 Bahia Blanca, Buenos Aires, Argentina. If you want send only one envelope with all cards, it�s "OK": Up to 2 QSL = 1 IRC --- More than

2 Cards = 2 IRCs. Bahia Blanca DX Group Web site:
http://www.grupodxbb.com.ar

The Panama Canal Amateur Radio Association will activate Panama Canal Miraflores Lighthouse (PAN-030) on August 19-20th as HO1L. Activity will be on all bands and modes including some PSK31. QSL via HP1IBF.

MICROLITE BALTIC TOUR 2006. Vincenzo, IZ0FKE, informs OPDX that he will be active from the Baltic area. His schedule is as follows:

August 9-11th - He will team up Markus/OH1MN and be a guest member of OH1AA on Parainen (EU-096) - Turku Group (one of the most wanted EU IOTAs). QSL via Andrea, IZ0EHO.

August 12-23rd - Vincenzo will be active as OH0/IZ0FKE from Odkarby (EU-002) - Aland Main Island. He states that activity will be on the WARC bands and PSK31. QSL via Alberto, IZ0FMA. He will also be with Peter/OH0JFB in the SSB QSO party on 20m from the famous Scandinavian Club Stations OH0Z/OH0AZ.

All the OH/IZ0FKE contacts will be registered with ARRL "Log of the World" (LoTW) as a valid and quick DXCC credit for Aland Islands and Finland. Vincenzo will try to give some media coverage by uploading frames to a MMS gallery at: http://www.iz0fke.com

OH0, ALAND ISLAND. Four Finnish operators will be active from here during the CQWW DX RTTY Contest (September 23-24th). Look for Raimo, OH3BHL, to be active as OH0Z as a Single-Op/Single-Band (80m) entry. QSL via W0MM. Look for Juhani, OH8JT, to be active as OH0I as a Single-Op/Single-Band (40m) entry. QSL via OH3BHL. Look for Juha, OH9MM, to be active as OH0M as a Single-Op/Single-Band (20m) entry. QSL via OH1MM. Look for Kimmo, OH9MDV, to be active as OH0KAG as a Single-Op/Single-Band (15m) entry. QSL via OH1KAG.

QRP MOUNTAIN DXPEDITION. Operators Michele/F5MKX (YL), Alain/F6ENO and Jean-Jacques/F5NKX will be active as F8UFT/p from the French Alps as follows:

Weather permitting, the team will be active on August 17th starting at the end of their afternoon (around 1600z) and night from the Adele Planchard hut (3200m ASL).

On August 18th, morning, some activity by F5NKX, before climbing to the Grande Ruine hut (3765m ASL).

Their equipment is a battery powered 3w transceiver and dipole (7 MHz), only on CW. QSL via F6ICG. PLEASE NOTE: This expedition is a non SOTA one, for there's no French SOTA committee yet. ADDITIONAL NOTE: The callsign F8UFT is the official callsign of the Union Francaise des Telegraphistes (UFT), the French CW Society. This callsign has been activate in the past from: FS, TI, FO0, TK, FK8, J2, LA, OZ, ON, SM, and also from the Mont Blanc summit (4807m ASL).

QSL INFO AND NEWS..........................

Phil, G3SWH, has recently acquired the paper logs for G3XAQ/6Y5 and a small number of cards for Alan's operations from NA-097 in December 1992, November/December 1995, December 1996 and November/December 1999. As the logs are on paper; they will *NOT* be uploaded to LoTW. As always, Phil's QSL policy is: direct preferred, bureau is OK or E-mail for a bureau card. Please include adequate postage and a C6 sized SAE for the return of any direct QSLs. U.S. dollars are *MUCH* preferred to IRCs, but please remember that 1 USD is *NOT* sufficient postage for an airmail reply outside Europe. Mint stamps (except those supplied loose) and other currencies are *NOT* welcome.

EG7CC QSL STATUS. John, EA7EUF, Secretary of the URE Huelva, informs OPDX that anyone who made a contact with the special callsign EG7CC over the weekend of May 20-21st, the QSL cards have been sent to URE HQ in Madrid for forwarding via the bureau.

NO BUREAU QSLS! Len, VK8DK, from the VK8 Bureau, informs that "whoever works Alan, VK8AV, please note that he does NOT accept QSL cards via the Bureau. He has a manager, Andy, UA9XC, who will accept all cards, provided it contain an SASE and 2 IRCs. The VK8 Bureau is 'drowning' in QSL cards for VK8AV. Please pass on this message."

SPECIAL EVENT. Members of the Strange Radio Team (SRT) will be celebrating their 3rd anniversary (birthday/founding) between August 2-10th, using the following special callsigns:

ED8SRT QSL via IZ8EDJ
EF8SRT QSL via IZ8EDJ
IO0SRT QSL via IZ0BTV
IO1SRT QSL via IZ1GJK
IO2SRT QSL via I2JJR
IO3SRT QSL via IV3ZXQ
IO5SRT QSL via IZ5BTC
IO6SRT QSL via IZ6FZS
IO7SRT QSL via IZ7FLT
IO8SRT QSL via IK8WEJ
IR3SRT QSL via IN3JJI
IR0SRT QSL via IS0LFZ (Sardinia Island)
IU8SRT QSL via IZ8GGF
L30BST QSL via IZ8EDJ
V55SRT QSL via IZ8EDJ
YI0SRT QSL via IZ8EDJ

For this event, they will be printing a special QSL card. For more info, visit the following Web Page at: http://www.strangeradioteam.com

SPECIAL EVENTS (Japan). Look for the following JA operations to take place during the month of August:

8J1A - Activity will take place between August 1-20th to celebrate the 2006 Amateur Radio Festival. Look for activity on all HF bands and modes. QSL via the JARL Bureau.

8J120JAS - Activity will take place between August 1-31st to celebrate the 20th anniversary of the Fuji amateur radio satellite. Look for activity on all HF bands and modes. QSL via the JARL Bureau.

8J620JAS - Activity will take place between August 1-31st to celebrate the 20th anniversary of the Fuji amateur radio satellite - Tanegashima. Look for activity on all HF bands and modes. QSL via the JARL Bureau.

8J2ARDF - Activity will take place between August 6th to October 15th, to celebrate the All Japan ARDF Athetic Meeting. Operations will be on all bands and modes. QSL via the JARL Bureau.

8J7JAZZ - Activity will take place between August 10th to September 10th to celebrate the 16th Johzenji Streetjazz Festival in Sendai. Operations will be on all HF bands and modes. QSL via the JARL Bureau.

TK, CORSICA. Laurent, F1JKJ, will be active as TK1KJ during the CQWW DX SSB Contest (October 28-29th) as Single-Op/Low-Power entry. QSL via F1JKJ.

TX6, MAYOTTE (AF-027). Sam, F6AML, a member of F6KOP Team, will be active as TX8A from October 5-17th. Activity will be on CW and SSB on the following suggested frequencies:

CW - 3514, 7014, 10115, 14014, 18071, 21014, 24892 and 28014 kHz
SSB - 3785, 7057, 14266, 18140, 21266, 24966 and 28444 kHz

He will pay special attention for North America and Japan stations. QSL is "OK" via the bureau. For direct QSL, please send 1 IRC, or 1 USD for Europe or 2 USDs for the rests of the world.

USI NEWS.......................

MI-NEW. Look for special event callsign K8G to be active from Granite Island (ARLHS USA-333) during the ILLW, August 19-20th. Activity will be on most HF bands, SSB, CW, and PSK31. QSL via K8PT, w/SASE, SAE and IRC or GS, or by the bureau. Operations will start at 0001z Saturday and end 2359z Sunday.

TN-NEW. Jeff, WB5WAJ, plans to activate Hole in the Wall Island, Tennessee, August 18-19th. Look for activity around the usual IOTA frequencies (14260 kHz main). QSL via his home callsign, direct or by the bureau.

TX-001S. John, KL7JR, is active most weekends from Galveston Island (NA-143).

ADDED NOTE: Remember the U.S. Island W/VE QSO Party is October 21-22nd from 1600z Saturday to 2359z Sunday.

VP9, BERMUDA. Paul, K1XM, will be here between October 25-30th and active as VP9/K1XM (outside the contest). His activity will include the CQWW DX SSB Contest (October 28-29th) as VP9I and as a Single-Op/All-Band entry. Look for activity outside of the contest mainly on CW, on 160-10 meters including the WARC bands.

VQ9, CHAGOS ISLANDS. Jim, ND9M (VQ9JC and KG4JC), will be returning to Diego Garcia (AF-006) this week for another four month tour. He is a Radio Officer on the M/V Sgt. William R Button for the Military Sealift Command (MSC). He informs OPDX that his previous tour over last winter produced nearly 15,000 QSOs (84% CW, 11% SSB, 5% digital) despite lousy band conditions, and he is hoping for another productive time on the island. QSL either direct or via the bureau by his home callsign, ND9M. (He also handles QSLs for his other alter-ego, KG4JC.) PLEASE NOTE that direct requests will be forwarded to him by his XYL only on a 2 or 3 week basis, and it takes about two weeks for first-class mail to reach him on the ship. Jim will answer QSL requests ASAP, but IRC users should be very careful as any requests received after the IRCs have expired at the end of this year will be answered via the bureau.

VU13, INDIA (Special Event). Look for special event station VU13IARU to be active until August 11th. Activity is in connection with the 13th IARU R3 Conference in Bangalore. This station will be operating on HF and VHF. The station will be operational from the Hotel Hari International in Bangalore. The person in charge of the station is Mr. A.R. Prathap Kumar, VU2POP.

WRTC2006 NEWS. Oms, PY5EG, informs that the WRTC2006 is pleased to announce the prize winners for the "Worked - WRTC 2006". They kindly invite you to take a look at their PRESS RELEASE 064/06 on the following Web page at:

http://www.wrtc2006.com/release64.html

Please contact Thomas, SM0CXU, to inform him of your address to so they can send the prizes at: thomascarl@gmail.com

All the prizes are going to be sent to your address with no charges or costs.

XX9, MACAO (Update). Look for Hide, JM1LJS, to be here between August 10-15th. He is trying to renew his XX9TJS license. He states that his activity will start around 1000z on August 11th. Activity will be on 30/17/12/6/2 meters SSB, CW and FM (No Digital modes.) He knows there is a high demand for 30 meters, so look for him there. Satellite operations will be 2m uplink / 430 MHz downlink only (No 430 MHz uplink). He will have two sets of FT-100D (HF/6m: 100W, 2m: 50W) plus AT-130 (Antenna tuner). Antennas will be fullsize dioples for 30/17/12 meters. For the 6m band, he will use a 2 element V beam type HB9CV. For the 2m band, a 430 MHz 3 element / 6 element cross yagi for the satellites. QSL XX9TJS via JM1LJS.

YC0, INDONESIA. Hotang (Hot), YC0IEM, will be active as YC0IEM/7 from Borneo Island (OC-088), August 7-24th. His bands/modes of activity were not provided. QSL via IZ8CCW, by the bureau or direct.

YI, IRAQ. Richard, SP8HKT, will once again be in Iraq as YI9KT. He will be in Diwaniyah from now until January 2007. He is going to use an IC-735 w/100 watts into a 7 band vertical antenna (GP-7, 40-10m) and a Delta Loop at 85m for 80m. Richard will be active during his free time: 0800-1000z, 1300-1430z, 1700-2000z, sometimes on low band only with North America between 0200-0330z and 0500-0630 local time. His activity on 160 and 80 meters depends on the possibility of assembling his antenna. QSL via SP8HKT, only direct.

Thanks Hans. That helps me with 4O3T.
I also found out that JA1BK wants all QSLs on one card SAE and IRC or $$
for KH8SI Swain's Island.
You might ask YT6A and YU6AO about LOTW per barry W2UP's request. I really
want cards in hand right now as I would move to 372.

My free Excel DXCC spreadsheet is updated.
Changes:
ZK1 (North and South Cook) changed to E5
Added:
YU6 Montenegro
KH8 Swains Island

When a new prefix is assigned to Montenegro, you can edit change YU6 to the new prefix yourself and sort the list again.

Based on the DXCC spreadsheet I also made a WAS-WAZ spreadsheet, which can be used to keep record of your WAS and WAZ sores.

Use of all the spreadsheets is free.
The spreadsheet can be found here: www.pg7v.net

```

Especially with the complications.

I moved computers but kept my TQSL directory on my data drive, everything for TQSL was kept there including the EXE.

Well when I reinstalled it would try to go back to my C drive for my public Key. It wasn't there. So I downloaded my Certs and tried to install but no public key. I found a copy but it said it was old and would not accept it. SO I asked lotw and found I had to send a for a new Card and then send an EMAIL to some lady who would fix it. She then sent me A NEW LOG IN and password meaning all my old stuff is lost. I asked here and an N7. She said it was new and Id have to reload he says no your old data is there. so they cant even agree on what you have. Now she says I have to start over yet again.

I've 1500 contacts in there and 200 returns. Its not worth it.

Too complicated = not using.

If entering Fort Knox was simple, everyone would be a millionaire.

Sure you do, you lied about college, about your chemical corps unit,
about your shemale wife, your "business", about those EME contacts,
about everything you've ever typed.

> you OTOH lie with about every line you type

Oh, the irony.

I have been thinking about doing this Lotw,

Can I use any type of logbook, for example can I just enter in my logbook info into any spreadsheet program like Works, and then convert it to the proper format (ADIF).

What info needs to be in the logbook that I convert and send to Lotw.

Thank You,

Craig

So long as it's in proper ADIF format, it shouldn't be a problem.  Most
computer logging programs, if you use one, can produce and ADIF
automatically.

For most ARRL awards, you'll need the following (but check their website for
the definitive requirements)
Call sign
Date & time
Band
Mode

You do not need RST.  The mode has to be in the form that they recognize.
Again, check their website.

Dee, N8UZE

Anyone that knows the standard procedure when direct QSL'ing with Mongolia?
Are green stamps OK or causing problems?

73's
Hans - SM�IMJ

I've had very good luck direct with GS....surprisingly my direct QSLs
have only taken ~30 days door-to-door with several JT hams. YMMV of
course but I'm pleased with my recent experience.

GL -- Dino KL0S/4

SB DX @ WW < KB8NW $OPDX.771
Ohio/Penn DX Bulletin No. 771

The Ohio/Penn DX PacketCluster
DX Bulletin No. 771
BID: $OPDX.771
August 14, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, N1DL, NC1L, K3GV, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, KB5NJD, AA8LL, AC8G, K8YSE, N8MR, Pete's-DX-Newsdesk, DL1EK & The DX News Letter, F1JKJ, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, IZ8EDJ, OH2BH, OH2BN, OK3AA, ON4QE, PY5EG, RN9XA, SP2BIK, RSGB IOTA, VE2TKH, VA3RJ & ICPO, VQ9LA, and YU1AB for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 6th/August, through Sunday, 13th/August there were 201 countries active. Countries available: 3A, 3B8, 3DA, 3W, 3X, 4J, 4L, 4S, 4W, 4X, 5B, 5H, 5R, 5V, 5W, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9U, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, ET, EU, EX, EY, EZ, F, FG, FJ, FK, FM, FO, FP, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J5, JA, JD/o, JT, JW, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ7, PY, PZ, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TJ, TK, TT, TU, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2V, VP5, VP8/h, VP9, VQ9, VR, VU, XE, XU, XX9, YA, YB, YI, YL, YO, YS, YU, YU6, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

4O3T, MONTENEGRO. The 4O3T DXpedition Montenegro was expected to come to an end on August 13th this past weekend. Martti, OH2BH, sent out a press release before the weekend on Thursday August 10th, called "4O3T

APPROACHING THE LAST WEEKEND OF OPERATIONS". He mentions that the 4O3T team has made over 120,000 QSOs. OPDX InterNet Subscribers will receive the complete press release as an additional bulletin (minus the photos).

4O3/YU6, MONTENEGRO. Operators Toma/YU1AB, Emin/DK4ES and Branko/YZ1DZ will be back in Montenegro again August 15-22nd. They will have a new license and will operate as 4O3AB on CW/SSB/RTTY/PSK and 4O3ES on SSB only. They just recently received the licenses from the Montenegrian Agency for Telecomunications. QSL via QRZ.com.

6Y, JAMAICA. Operators Ken/K2KW, Tom/N6BT and possibly others will be active between November 19-27th. Activity will include the CQ WW CW Contest (November 25-26th) with entry class TBD. QSL via WA4WTG. Operations outside of the contest will focus on the low bands.

CT3, MEDEIRA. Operator Richard, PA0RRS, will be active as CT3/PA0RRS, August 17-31st. No bands/modes of activity were provided. QSL via his home callsign, direct or by the bureau.

DXCC NEWS.........................

* Reminder -- October 1, 2006, Submission Date for Swains Island QSLs (August 13, 2006, by Bill Moore, NC1L): The DXCC rule change announced on June 14th, 2006, (Please refer to OPDX.763) noted that credits for any new entities created by the rule change would be accepted on or after October 1, 2006. Since Swains Island was added to the DXCC list as a result of rule change, credits for Swains Island will not be accepted until that date. This criteria appies to either paper QSLs or LoTW submissions.

* Bill Moore, NC1L, ARRL DXCC Branch Manager, informs that the following operation is approved for DXCC credit:
  KH8SI - Swains Island; From July 28th, 2006, through August 2nd, 2006.
          This also includes the callsigns K1ER/KH8, KS6FO/KH8, WH7S/KH8,
          K8YSE/KH8, AH7C/KH8 and KH6BK/KH8.

* ADDITION TO THE DXCC ACCREDITATION CRITERIA (August 11th, 2006). ARRL Membership Services Manager Wayne Mills, N7NG, informs: For a number of years, it has been accepted practice to post DXpedition QSO information on a DXpedition Web site. Although this information is generally limited to callsign, band and mode, it has been useful in reducing the number of duplicate contacts in the DXpedition log. Publishing complete QSO information, or information from which full QSO information can be derived, on the other hand, threatens the integrity of the QSLing process, and is unacceptable. There must be some information that the station claiming the QSO provides based solely on actually being there when the QSO was made. If complete QSO information can be derived from information based on the DXpedition log, the QSL manager's job can be much more difficult if busted calls are involved. To help minimize potential difficulties, therefore, the following restriction has been approved by the Programs and Services Committee, and added to the DXCC Accreditation Criteria, Section III.

  "The presentation in any public forum of logs or other representations of station operation showing details of station activity or other information from which all essential QSO elements (time, date, band, mode and callsign) for individual contacts can be derived creates a question as to the integrity of the claimed QSOs with that station during the period encompassed by the log. Presentation of such information in any public forum by the station operator, operators or associated parties is not allowed and may be considered sufficient reason to deny ARRL award credit for contacts with any station for which such presentations have been made. Persistent violation of this provision may result in disqualification from the DXCC program."

EX15, KYRGYZSTAN (Special Event). Look for memers of the Amateur Radio Union of Kyrgyzstan to be active as EX15ID from August 25th to September 5th to celebrate the 15th anniversary of Kyrgyzstan's independence. QSL via EX8AB.

IOTA NEWS.....................

AF-064. (LH Activity) Operators Matt/ZS1MJJ and Derrick/ZS1DUP will be active as ZS1RBI during the International Lighthouse/Lightship Weekend (ILLW) from Robbin Island (WLOTA 0025, ARLHS SAF-023 and TWLHF ZS-004).

EU-028. Max, IZ5BTC, will be active as IA5/IZ5BTC/P from Elba Island (IIA LI-001), August 29th to September 9th. QSL via his home callsign. See photos and info on: http://www.strangeradioteam.com

EU-028. Fabio, IW1DFU, will be active as IA5/IW1DFU from Elba Island (IIA LI-001, MIA MI-022, WLOTA LH-0609), between August 14th and September 1st. Activity will be mainly CW on 40/30/20/15 meters. QSL via his home callsign, direct or by the bureau.

EU-091. Operators Giovanni/IW7DOL, Marco/IZ7DOK, Luigi/IW8EQS, Oreste/IZ8EDJ, Salvatore/IZ8GGF and other friends will be active as homeCall/p from some of Lecce Islands (several IIA references). QSL via their home callsigns. See photos and info on: http://www.strangeradioteam.com

EU-129. Members of the South Flanders DX Activity Group will be active as DL/ON6JUN/p from Usedom Island (O-13 for the German Islands Award), August 21-26th. Activity will be on all major HF bands, with special attention to the WARC bands. Operations will be on CW, SSB and RTTY. Operators mentioned are ON4AFU, ON4LBV, ON8RB, ON6UF, ON6YN and ON5SD. QSL via ON5SD. Visit their Web page at: http://www.qsl.net/ON6JUN/

EU-170. Milan, OK3AA, will be active as 9A5DJ from Pasman Island (CI-085), now through August 16th. He prefers CW and was heard 40/30 meters. QSL via OK3AA.

NA-077. Guy, VE2QRA, will be active as VE2QRA/P from Anticosti Island (Grid: FN89) in the Gulf of St. Lawrence, August 12-18th. Activity will be holiday style, mostly SSB, with just wire antennas for 80-6 meters. QSL via his home callsign.

NA-NEW. Lanny, W5BOS, will attempt to activate two new IOTA islands in Alaska between August 16-22nd. The new IOTAs are:

1) Coastal Groups (o) Southern Alaska Peninsula Centre NA-238/pr using the callsign W5BOS/AL0.
2) Coastal Groups (p) Southern Alaska Peninsula East NA-237/pr using W5BOS/NL0.

The Fish & Wildlife Service advises "This is a very remote and storm swept part of the world". These islands are very difficult to land on. Weather will be a major factor. QSL via N6AWD.

IS0, SARDINIA (EU-024). Look for YL Josiane/F5MVT and Paul/F2YT to be vacationing here between August 15-30th. Activity will be on the HF bands, CW and SSB, every morning, and sometimes in the evening. QSL via their home callsigns, direct or via the French Bureau. Please nothing via the ARI Bureau.

J7, DOMINICA. Operators Karl/N1DL and George/W4LFK will be operating from the Commonwealth of Dominica from September 21-27th. They will operate on all modes with their callsigns J79DL and J79MD but during the RTTY Contest they will use the special callsign J7R from IOTA NA-101. QSL to N1DL:
Karl Geng, 285 Grande Way #1803, Naples, FL 34110, USA.

LIGHTHOUSE/LIGHTSHIP ACTIVITIES (Remember, ILLW is August 19-20th)......

Members of the El Centro de Radioaficionados de Rocha will be active as CV8T in the ILLW on August 19-20th. The Team will be active from Faro Cabo Santa Maria lighthouse (URU-004) and will operate on all bands and modes including BPSK31. QSL via CX1TA: P. box.29, Rocha, CP.27000, Uruguay.

Operators Tony/G0GFL and Nicky/M5YLO will be active as GB2SLH from the Sumburgh Lighthouse (BARLS A3766, ARLHS SCO-232, WLOTA LH-0867, WAB HU40, WW Loc. IO99IU) located on Shetland (mainland) (IOSA SH-01, SCOTIA SI-11), Shetland Islands (EU-012), August 12-26th. Look for activity on all HF bands, around the usual IOTA and lighthouse frequencies. QSL via G0GFL, by the bureau or direct.

Operators IK7JWX, IK2PZG/7, IW7DOL, IW7EGK, IW7DKS, IZ7FMQ and I7PXV (CW) will be active as homecall/p during the ILLW (and possibly August 17-18th) from Saint Andrea Island (Gallipoli). Reference numbers are: IIA LE-001, IOTA EU-091, WAIL PU-023, ARLHS ITA-084 and WLOTA L-0075. QSL via their home callsigns, by the bureau or QRZ.com addresses.

From Eagle Harbor, Michigan, look for the Eagle Harbor Lighthouse (USA-253) to be activated during the ILLW August 19-20th, using the special 1x1 callsign K8E. Modes of operation include HF/VHF, CW/SSB, FM Satellite and possibly HF digital. Collectors of ARLHS numbers can get credit for three upon request: Eagle Harbor Lighthouse USA-253, Front Range Light USA-254 and Rear Range Light USA-255. QSL via N8MR, direct with #10 SASE or via the bureau. Visit the special Web page at:
http://www.kc8nah.com/Interests/EagleHarbor/illw06.htm

Members of the Norwegian Expedition Club will be active as LA1NEC from Jomfruland (Norwegian Virgin Island, EU-006 and WLOTA LH-0832), August

19-21st. They will focus on the International Lighthouse/Lightship Weekend (August 19-20th) with 6 operators and 3 stations. QSL via the bureau. For more information, check their Web site at:
http://www.la1nec.no

During the coming International Lighthouse/Lightship Weekend (ILLW) (August 19-20th), Belgian amateurs of the OSA section of the UBA will activate the museum lightship Westhinder 3 with the special callsign ON9BD. Activity will be on all HF bands. QSL through the Bureau (UBA). More info is available at: http://www.osa.uba.be

Look for radio station SN2NP to be operating from the historical lighthouse in Gdansk New Harbour during August 18-20th. Bands/modes of activity were not provided. QSL via SP2BIK.

Eugene, UX3MR, will be active as 4L/UX3MR from Georgia, now through August 31st. He will try to activate the lighthouse (GEO-004). Look for activity on 80-10 meters CW, SSB and RTTY. QSL via his home callsign, direct or by the bureau.

Members of the LABRE/RN will be active as ZX7NTL from the Natal Lighthouse in Natal City, August 18-20th. Activity will be on 160-10 meters on SSB, CW and digital modes. QSL via PS7DX: PO BOX 251, 59010-970, NATAL - RN, Brazil.

LX, LUXEMBOURG. Operators PA1TK/Theo, PA5WT/Kees and PA3GVI/Rob will be active from JN39AX (Grid Sq.) starting August 30th until September 3rd. Their main goal will be the VHF Contest on September 2-3rd, but there will be HF activity as well in the early morning and evening hours on 30 and 40 meters, CW/SSB. Large Yagi antenna systems will be built for 144 MHz and simple dipoles for 30 and 40 meters. Look for LX/PA1TK in the VHF Contest and LX/homecalls the days before the weekend contest. Contest QSLs for LX/PA1TK go via PA1TK, all others go via their home callsigns (PA5WT, PA3GVI). Pictures and the story can be found on:
http://www.sitekreator.com/pa3gvi

QSL INFO AND NEWS.........................

QSL VK8AV via Andrey "Andy", UA9XC. He will answer QSL cards direct and through the bureau (100%). Bureau QSL requests or E-mail inquiries can be sent to: ua9xc@komi.ru
Also, QSL RG9A, VK8AV, RP61XX, RI1PI and RI1PXC via UA9XC. Please visit Andy's Web page at: http://www.qsy.ru

VQ9LA AND IRCS. After September 1st, 2006, Larry, VQ9LA, will no longer accept IRCs. Diego Garcia has no place to cash them, and Larry's contact in the states no longer will buy his IRCs. All QSL cards received after September 1st, 2006, with IRCs for VQ9LA, VQ9X and VQ9IO, will be placed in the outgoing QSL Bureau. Larry states, "Hams are dumping them like bad stocks on VQ9LA."

LOG CLOSINGS. Harry, AC8G, informs OPDX that he will be closing the following logs at the end of August: All the various W8KKF and /W8KKF plus various J3 and other callsigns for the 80's, with the exception of

W8KKF/KP5 (Desecheo) from 1989, also the W8KKF/WP5 log which was only on 10 meters in the ARRL contest that year. Furthermore, during September, Harry will close other logs through 1995. After the next couple of bureau mailings, he will then close logs to the end of 1999. QSL W8KKF via AC8G.

WRTC2006 QSL CARDS. Oms, PY5EG, WRTC2006 Steering Committee, informed that "we are printing special QSL cards for all WRTC2006 stations with some beautiful pictures of the event. Our friend Vantuil Barbosa, PP5VB, will be the manager for all QSL cards including PP5WRTC. So QSL cards for all WRTC 2006 stations should be sent to PP5VB: VANTUIL BARBOSA DIAS, P.O.BOX 13, IMBITUBA - SC CEP 88.780-000, BRASIL. Please send SAE and IRCs to cover the mail expenses. Some of the WRTC2006 stations will also have their own commemorative QSLs, and in those cases you should send the cards directly to the address indicated by the corresponding Team. We will reciprocate all QSLs received via BUREAU also. The QSLs referring to QSOs with the MN MS stations should use the QRZ.COM addresses. Thanks for supporting WRTC2006."

SPECIAL EVENT. The 28th Clipperton DX Club (CDXC) Convention will be held in Arcachon (SW of France), September 16-17th. Members of the CDXC will activate special event callsign TM8CDX once again in celebration between September 2-16th. Activity will be on HF and VHF, CW, SSB and Digital modes. TM8CDX will enter the IARU VHF Contest, from the WWGS: JN94ut. All QSOs will automatically be confirmed via the bureau by Rafik, F5CQ (QSL Manager). For those who prefer the direct way, please send a SAE+IRC or 1 USD for EU and 2 USDs elsewhere. The old TM8CDX logbooks are available for search at:

http://www.cdxc.org/dxp/tm8cdx2001/tm8cdx2001.htm
http://www.cdxc.org/dxp/tm8cdx2002/tm8cdx2002-e.htm
http://www.cdxc.org/dxp/tm8cdx2003/tm8cdx2003-e.htm
http://www.cdxc.org/dxp/tm8cdx2004/tm8cdx2004-e.htm
http://www.cdxc.org/dxp/tm8cdx2005/tm8cdx2005-e.htm

SX5, DODECANESE. Operators Bill/SV5AZP, Michalis/SV5DDP, Efstathios/SV5DKL, Giota/SV5FRB and Denis/SV5FRD will be active as SX5P from the Island of Rhodes during the CQWW DX SSB Contest (October 28-29th) as a Multi-2 entry. QSL route is via E-mail for bureau QSL: sv5frd@hotmail.com

TK, CORSICA (Update). Laurent, F1JKJ, will be active as TK1KJ from October 26th to November 2nd. Activity will be limited because he is on a family holiday, however, he will be active mostly during the whole 48 hours of the CQWW DX SSB Contest (October 28-29th) as Single-Op/Single-Band (possibly 20m)/Low-Power entry. Outside of the contest, Laurent will be on the bands he has antennas for on SSB and RTTY. QSL via F1JKJ.

TX6, MAYOTTE (AF-027). F6KOP ARS member Sam, F6AML, will be active as TX6A from October 5-17th. Look for activity on CW and SSB on the following suggested frequencies (+/- QRM):

CW - 3514, 7014, 10115, 14014, 18071, 21014, 24892 and 28014 kHz
SSB - 3785, 7057, 14266, 18140, 21266, 24966 and 28444 kHz

QSL via the bureau or direct w/SAE + 1 IRC or 1 USD for Europe or 2 USDs elswhere.

VE, CANADA (IOTAs Op). Jean Pierre/F5AHO and Joel/F5PAC will be active from various IOTAs and lighthouses in Canada, but mostly from Nova Scotia, between September 1-23rd. Activity will be mainly on 20 and 17 meters SSB. Watch 14260 and 18128 kHz between 1200�1900z. Scheduled IOTAs are:

NA-010 - September 10th; Cap Breton Island
NA-029 - September 5th; Prince Edward Island
NA-068 - September 3rd
NA-081 - September 14th
NA-126 - September 17th
NA-127 - September 19th
NA-154 - September 9th

Callsigns were not provided. QSL direct or by the bureau. More information is available on: http://perso.orange.fr/f5aho

VK, AUSTRALIA (IOTA/Lighthouse Ops). Wade/AA8LL and Liz/K8LIZ are planning to be operate "holiday style" from the following islands and lighthouses:

September 1-4th - Look for VK7AAH/5 and VK7AED/5 from the Cape du Couedic Lighthouse (AUS-030) on Kangaroo Island (OC-139).
September 5-6th - Look for VK7AAH and VK7AED from the Cape Bruny Lighthouse (AUS-254) on South Bruny Island (OC-233).
September 7-10th - Look for VK7AAH and VK7AED from Tasmania (OC-006, main island).

Casual operations will be with 100 watts and wire antennas on SSB and CW (possibly RTTY) on 40-15 meters; IOTA frequencies. QSL direct or by the Bureau: VK7AAH via AA8LL and VK7AED via K8LIZ. The address is correct on QRZ.com and cards for both may go in the same envelope.

VY0, CANADA. Kevin, WD0AAV, will be active as WD0AVV/VYO from Iqaluit, Nunavut, between August 14-18th. Activity will be on 40-10 meters using primarily CW. QSL via his home callsign.

VY2, CANADA. George, K3GV, will be active as K3GV/VY2 from Prince Edward Island (IOTA NA-029, CIA PE-001) between September 3-17th. Activity will be on 15 and 20 meters around the usual IOTA frequencies. QSL via his home callsign, direct or by the bureau.

XV, VIETNAM. Operators Higashi/JA1DHY and Eiji/JA1EKK will be active as XV3DHY and XV3EKK, respectively, from August 31st to September 6th. Their activity will be on 80-6 meters, CW, SSB and SSTV. QSL is OK via the JARL Bureau or direct to their home callsigns.

> with the calls you used

I didn't contact you, stupid. You claimed you made all these contacts
and you lied. Just like with everything else you claim.

Didn't see that in the NAL.. Didn't that happen years ago? (Trying to
sweep off the dust on the Mexico City Quake..) If so, it is not what
the NAL was charging him with.

They are dealing only with the offences on Nov 27, 2004; Dec 3, 2004;
and March 31, 2005 which where directly observed by FCC agents.

Cease and desist your whining. Such net.KKKoppery as this only makes you
a killfilable twit to the rest of usenet. There _ain't_ no justice, and
if you file a lawsuit, you will lose, badly and with immense
humiliation. "Harassment", the real kind, includes phone calls to you
personally, at home, at work, on your cell, and to your friends, family
members, co-workers, bosses, and anyone who knows you IRL. You're just
being flamed, lamed, and trolled by a bunch of brain-dead CB radio
fuckwads. Get over it.

Read this message until the end, and you will find out how the money flows in easy !!!!.
Follow the steps and it WILL work. Trust me !!!!!.

It's NOT illegal and it is NOT a scam !!!!!.

PROVEN ON OPRAH! Reported in the Wall Street Journal!!!!

The only thing you need is : - E-MAIL ACCOUNT
- PREMIER (FREE) or BUSINESS PAYPAL ACCOUNT
- $6 on this account (The only investment)
- 30 minutes of your time

There is no limit on how much money you can recieve, and you haven't got anything to lose with this Business program. I will explain how it works !!!!!.

Follow these 4 easy steps and it WILL work !!!!!.

STEP 1 : SIGN UP FOR A FREE PAYPAL ACCOUNT !!!!!.

Paypal is a free and safe way to pay and receive money on the Internet.
Creating a account is as easy as creating a MSN account.
Copy and paste the next line in your Internet browser and sign up.
HTTP://WWW.PAYPAL.COM

Be sure to sign up for a FREE Premier or Business account and not for a Personal account.
You cannot receive CREDITCARD payments with a Personal account and we can't have that. Do we !!!!!.

STEP 2 : SENT $6 TO YOUR PAYPAL ACCOUNT

This is your only investment to receive the money with ease.

With your Paypal account, send $1 to each e-mailadres listed below.
!!!!! IMPORTANT !!!!! Be sure to use this SUBJECT : *PLEASE PUT ME ON YOUR EMAIL LIST*   when you send the money.

1) martine@pilote.net
2) dexxatol@netcourrier.com
3) armygirl8568@hotmail.com
4) comjii@starband.net
5) sinnek@bellsouth.net
6) nsi@nelasat.com

STEP 3 : PUT YOUR E-MAIL ADDRESS ON THE BOTTOM OF THE LIST

After you have send $1 to each e-mail address, put your e-mail address on the 6th place.

Remove e-mail address number 1, and move each e-mail address 1 step up the ladder.
!!!!! IMPORTANT !!!!! BE SURE THAT THE E-MAIL ADDRESS YOU USE IS THE SAME AS YOU USED TO SIGN UP AT PAYPAL.

Remember that this is LEGAL. You are creating a service : an e-mail servicelist.

STEP 4 : UPLOAD OR COPY THIS MESSAGE TO NEWSGROUPS, FORUMS ETC AND EMAIL IT TO ALL YOUR FRIENDS!

There are 32,000 newsgroups. Upload or copy this message to at least 200 newsgroups or forums etc, but .... remember that the more your upload the more people will see your message and the MORE MONEY WILL FLOW IN.

How to upload to newsgroups and forums? :

After you have followed step 1,2,3 and 4, save this message (and copy so you can use it again).
Use your Internet browser and Outlook Express or another newsreader and try to find FORUMS, NEWSGROUPS,
BULLETIN BOARDS, DISCUSSION GROUPS, CHAT SITES and ONLINE COMMUNITIES. Use GOOGLE or use a NEWSERVER.
Use every option to post this message. Download PostXpert to send 1 message to more NEWSGROUPS at the
same time.

!!!!! REMEMBER !!!!! The more you post this message the more MONEY WILL FLOW IN.

Why does this Business program work so well !!!!!.

Lets asume that from the 200 (or more) messages that you have posted, only 5 people respond, you will have your
$6 back that you have invested. Those 5 people will each send at least 200 messages with your e-mailadres on
number 4. That's 6 x 6 x $1 = $36. The next 25 people will also send 200 messages with your adres on number 3. That's 36 x 6 x $1 = $216. The next 216 people also send 200 messages with your name on number 2. That's 216 x 6
x $1 = $1296!. Those 1296 people again also send 200 messages with your name on number 1. That will give us a total of 1296 x 6 x $1 = $7,776.

Now the last tier! 7776 x 6 x $1 = $46,656!!!!!!

This is only a EXAMPLE with 6 reactions. You WILL get MORE responses than that.

Remember that most newsservers will leave the posted messages on there servers for about 2 weeks. If you will post your message again, it WILL again start from the beginning. So you can repeat this over and over again.

Everyday MILLIONS of people are ONLINE and reading these messages, JUST LIKE YOU RIGHT NOW.
I also was sceptical in the beginning and have read a lot of these messages. I also thought that it was bullshit.

Until I thought : What the hell!, only $6. What's $6 and a couple of minutes of my time to solve my money problems.

!!!!! REMEMBER !!!!! Follow every step, and IT WILL WORK, TRUST ME. !!!!!

!!!!! BEST WISHES AND GOOD LUCK !!!!!

<groan> Oh, by Cthulhu, Eris, and the Great White Handkerchief. No one
is harassing you *unless* they are: 1) forging posts in your name and
with your IP address; 2) making phone calls to you, your family, etc.;
3) sending you/your family/etc snail mail or messages in various other
ways; 4) outright stalking you/your family/etc IRL or (in the workplace)
making unwelcome advances upon you. If none of these things are
happening, and you are just being flamed, lamed, and trolled (with
sockpuppets being created in your honour), then you have no possible
case for harassment. However, each unique sockpuppet is worth one UV
```

point, and once you have ten points, you can turn them in for your very own Sombrero! As for what that's worth, nothing much, just entertainment value. If people are going to show you their rectums, you may as well take the opportunity to stick daisies, roses (with or w/o thorns), and other flowering plants in said holes.

Yes, I know, that's kind of fuckheaded, but I'm kind of a net.fuckhead. Ask anyone... There is, at any rate, no "other path", excepting the careful use of a killfile. "Cease and desist" Does Not Work, and Will Never Work. ISPs will ignore you. Everyone will ignore you.

Man, that is the most pathetic thing I've seen posted in a while.

Don't get me started about Iraq.

Where have you been for the last 3 years?

Regarding "W": No, he "ain't" cuttin' and runnin'.

But our boys are dying. And I'll be damned if I know why.

Yeah, I know it's just another troll. I wanted to respond anyway.

Saddam was a paper tiger. Too bad we couldn't have waited till after we
found Bin Laden before taking on that task.

Alan

not to Kuwaits mind for the house of Saud, like bitng at folks WE can
afford to allow to get bit
>Too bad we couldn't have waited till after we
> found Bin Laden before taking on that task.
prehaps you are right

OTOH I personaly don'y know I realy want UBL caputred given the way the
media and people seems to think they might say well the war on terror
is over, we won, and thereby get an even bigger shock when AlQueda next
```

hits us.

Indeed I wonder if some of the boys at Langley are thinking and acting
on the same thought

Too bad, indeed.  Turns out we had him cornered and apparently
deliberately let him go.  The plan was to get Saddam from the beginning.
  OIL again.  Turf battles and internal "coups" within the White House
needlessly sacrificed American lives and dropped the ball on terrorism.

Well, we got Saddam.  I feel SO MUCH safer.

Of course, if you own some stock in Halliburton and can reap some of the
profits of $45 dollar soft drinks you're not doing to poorly either....

The "boys at Langley" don't wield power to think and act anymore. Your VP has seen to it that his own boys in the Pentagon have taken over that business. Kill the messenger. Langley had it correct when they said Iraq didn't have WMD. That's what go Wilson in trouble, remember?

And your ass is a lot safer now under President Bush than it ever was with
Bill Clinton. Clinton was only interested in saving his own ass.

So email Bush. He might like to help us save ham radio as much as he likes
saving your ass from terrorists.   73

$400,000,000,000 and counting. Do you honestly feel safer? Not only do we have to deal with Iraq, but now we have to deal with N. Korea and Iran, situations that were exacerbated by lumping them into the "Axis of Evil", whatever that is.

>

He'll sell out just like all the other politicians. If the energy companies want to run roughshod over our HF with BPL, or if cell phone companies want to buy our higher frequency bands, they will. The Golden Rule: He who has the gold rules.

Alan

I would also add that you must be able to prove that you can trace your ancestry back to 1776 or earlier in order to hold an Amateur Radio License as only decedents, of real Americans around at the time of the Revolutionary War, should be allowed to possess a license.

Also, that you not be allowed to operate any tube gear. It sucks too much electricity and is helping to destroy the environment.

You must build your own equipment. Ban all manufacturers of amateur gear, unless of course, it is made in America in which case a 200% tariff should be added to help fund the FCC with all this additional testing that you would now require.

All amateur operators must also pass a spelling and grammar test. They must not be overweight and have perfect hygiene and never smell at any hamfests - especially Dayton.

Once you start riding an electric cart at Dayton or any other hamfest, your Amateur Radio license is immediately revoked.

There are probably some other items that need to be added to the list of requirements, but I will submit those to these groups later.

Another positive side of the proposal is that we could eliminate a lot
of tickets. Think how quiet the bands would be for a little
while....MUCH LESS QRM! Of course that would change when the FCC
reassigned (auctioned) those now unused freqs to the commercial users.
Heck, you could do BPL through out the old ham spectrum. There wouldn't
be enough Ham clout left to stop it. Who would even notice! Cheap
Internet! GO FOR IT !  ........  IMs instead of QSOs.......Great idea.
Keep those wheels turning. You might luck into another winner of an
idea!      George

Since I am of Native American ancestry, the airwaves belong to my people. Therefore all non Native Americans must immediately surrender their license. We will allow you to monitor transmissions as we plan to use the airwaves to advertise our casinos.

This is obviously a joke so don't flame me.

Ohio/Penn DX Bulletin No. 764

The Ohio/Penn DX PacketCluster
DX Bulletin No. 764
BID: $OPDX.764
June 26, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, Associated Press, K1XN & GoList, N2OO, NG3K, W3HNK, W3UR & The Daily DX, W3YY, N4AA & QRZ DX, N7OU, WA7NB, K8YSE, Pete's -DX-Newsdesk, BA4RF, DL1EK & The DX News Letter, F5NQL & UFT, F6AJA & Les Nouvelles DX, G7GLW, HA0HW, I1JQJ/IK1ADH & 425 DX News, JI6KVR & JA IOTA News, M5AAV, VA3RJ & ICPO and VK4AAR for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 18th-June, through Sunday, 25th-June there were 200 countries active. Countries available: 1S, 3A, 3B8, 3B9, 3D2, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5V, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, ER, ES, ET, EU, EX, EY, F, FG, FK, FM, FO, FR, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J6, J8, JA, JT, JW, JX, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OJ0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T2, T5, T7, T9, TA, TF, TG, TI, TK, TR, TT, TU, TZ, UA, UA2, UA9, UK, UN, UR, V4, V5, V8, VE, VK, VK9N, VP2V, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, YA, YB, YI, YL, YN, YO, YS, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZF, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

A6, UNITED ARAB EMIRATES. Bob, W3YY, will be in Dubai, from June 27th through July 2nd. He is seeking an opportunity for a guest op operation from an A6 station.

B1/B3/B4/B7, CHINA. The Chinese Radio Sports Association (CRSA) HQ stations will be on air during the 2006 IARU HF Word Championship, July 8-9th. There were four different special callsigns assigned by CRSA to be active on 160-10 meters. Look for B1HQ (B1Z), B3HQ (B3C), B4HQ (B4R) and B7HQ (B7P). QSL all four callsigns via BA4EG. The CRSA will issue four awards to encourage QSOs with CRSA HQ stations. The following Web link provides more information about the CRSA activity, and awards eligibility and application process (includes application forms):
English Version operation announcement: http://www.crsa.org/2006_BnHQ/e.htm

Chinese Version operation announcement: http://www.crsa.org/2006_BnHQ/c.htm
For CRSA HQ Award application form download (Basic award and Extra award):
http://www.crsa.org/2006_BnHQ/form1.doc
For CRSA HQ SWL Award application form download:
http://www.crsa.org/2006_BnHQ/form2.doc

HS0, THAILAND. Look for Tony, G4UZN, to be active from here for three weeks starting on June 23rd. He hopes that the WARC bands should be available by then and expects to be on the air as HS0ZGH (CW only) as time permits. QSL via home call (QRZ.com).

IOTA NEWS............................

AS-043. Operators Noboru/JR1WEB, Youichi/JO1IRO and Yasuko/JF1IZM will be active as homecall/1 from Aoga Island (JIIA AS-043-001), from the JA1 South Izu Group between June 30th and July 3rd. Activity will be on HF and 6 meters SSB only. QSL to their home calls, direct or by the bureau.

AS-129. Look for Vange (Wenjun), BD7KLO, to be active from Sanmen Island, July 27-30th. Activity will include an entry in the IOTA Contest. QSL via BD7KLO.

EU-011. Members of the Cray Valley Team will activate St. Mary's Island during the IOTA Contest (July 29-30th). They will travel to St. Mary's on July 26th, and return on August 2nd. Operators mentioned are: G4BUO, G4TSH, G0FDZ, G0VJG, G7GLW and M3CVN. They will operate on the WARC bands and 6m prior to the contest either using their callsigns above /P or the club callsign of G3RCV/P. During the contest they will be active as M8C and after until they leave the Islands under the callsigns above. QSL via G4DFI, the QSL Manager of M8C and the Club callsign.

EU-047. Reinhard, DH6DAO, will be active as DH6DAO/p from Spiekeroog Island between July and August 4th. Activity will include an entry in the IOTA Contest but SSB only. QSL via the Bureau.

EU-049. Marcel/PA9M and George/SV8GXC will be active as SV8/PA9M/p from Chios Island between July 29th and August 10th. Activity will include an entry in the IOTA Contest. QSL via PA9M.

EU-059. Remember to look for Gordon, G3USR, to be active as GM3USR/p from St. Kilda (IOSA OL02 and SCOTIA DI23), June 24th to July 6th. His activity will be limited since he is there visiting St. Kilda as part of a National Trust for Scotland working party. He will operate only SSB on 40/20 meters. There is a possibility of some 6 meters. QSL via G3USR (QRZ.com).

EU-068. Operators Danny/ON4ON, Harvey/ON5SY, Andre/ON6CX, Eddy/ON7PO and Pat/ON7PQ will be active as F/ON4ON/p from Ile de Sein during the IOTA Contest. QSL via ON4ON.

EU-077. Operators Gerard/EA4ST, Amadeo/EA1CA, Manuel/EA1HP, Jose/EA1OS, Jesus/EA1DAV, Domingo/EA1DAX, Javier/EA1FDI and Jose/EA1DKV will take part in next IOTA Contest from Sisarga Grande Island as a Mixed-Mode/Low-Power entry. QSL via EA1CA.

EU-090. Look for Neno (9A5AN), Tami (9A/OM5MF), Rudi (9A/OM3PC) and Lubo (9A/OM5ZW) to be active from Palagruza Island (IOCA CI-084, ACIA IC-901, CIA-33, MIA MC-284), September 2-9th. Activity will also count toward the following lighthouse reference numbers: ARLHS CRO-012, WLH 9A-046, WLOTA LH-0057, CLH-100 and WW Loc. JN82DA. Activity will be on all bands and modes. QSL via the operator's home callsign, direct or through the bureau. More information and a log search is available at:

http://www.palagruza.net/

EU-131. Matteo, IZ3HER, was expected to be active as IZ3HER/P from Crevan Island (IIA VE-037 and MIA MI-306) on June 24th (0800-1600z). Crevan (Ex-Ridotto di Crevan) is a private area and very hard to get permission, so it is a very rare one to activate. QSL via IK3GES.

NA-034. Operators Jim/N4AAC, Mike/N4MAA, Kyle/N4NSS and Chris/K8QV were expected to be active as W4Z from Mullet Key (USI FL-132S, Pinellas County, Florida), June 24th and 25th. Activity was to include Field Day using SSB, SSTV, PSK31, CW and RTTY. QSL via K8CXM, SASE please.

OC-295P. Steve Telenius-Lowe, 9M6DXX, reports: "Following the RSGB IOTA Committee's recent announcement that Pulau Sebatik (Sebatik Island, 9M6, YB7) would count as a new IOTA group (OC-295P), a DXpedition is to be mounted to activate this island for the first time. Members of the Borneo Amateur Radio Club including Steve, 9M6DXX (ex-G4JVG, P29DX etc) and John, 9M6XRO (ex-9M6/G3OOK), will be active as 9M4SEB (callsign applied for) from approximately 1100 UTC on 14th July until about 0300 UTC on 17th July 2006. Activity will be on 10 to 80m, CW and SSB, using up to three stations simultaneously. One station will use a beam antenna and two will use 400W amplifiers. QSL direct or via the bureau to M5AAV, Graham Ridgeway, 6 Pilgrim Street, Nelson, Lancs BB9 0JQ, England."

J6, ST. LUCIA. Dave/KC2HO and Lauren/KC2LR will be active as J6/KC2HO and J6/KC2LR, respectivelly, now through July 4th. Most activity will be during their evening hours on 40-10 meters, on CW, SSB and RTTY. QSL via their home callsigns.

LX, LUXEMBOURG (Date Change). Operators Ivo/OQ0A, Guido/OP7A, Peter/OO7A, Jan/ON6RJ and Rob/OR9Q will be active as LX/homecall from the castle of Wiltz in Luxembourg (QTH LX5A) between September 8-10th. Activity will be on 80/40/20/15/10 meters on CW/SSB/RTTY. QSL via the operator's home callsign, by the Bureau or QRZ.com address.

MONTENEGRO (One Step Closer - New DXCC Entity). The UN Web site and the Associated Press reported the U.N. Security Council unanimously recommended Thursday, June 22nd, that the newly independent Balkan nation of Montenegro

become the 192nd member of the United Nations. The General Assembly is expected to approve the council recommendation on June 28th. That means on June 28th DXers will have a new DXCC entity to work. The latest country to join the UN was Timor-Leste, which became the 191st UN Member State on 27th September 2002. For more details, visit it the following Web sites:
http://www.un.org/apps/news/story.asp?NewsID=18969&Cr=montenegro&Cr1=
http://news.yahoo.com/s/ap/20060622/ap_on_re_eu/un_montenegro_2
http://www.yu6scg.cg.yu/international-dx-festival-montenegro-2006/

Remember, the DXpedition MONTENEGRO 2006 is expected to start July 20th through August 12th and will be on the air on all HF bands/modes.

OX, GREENLAND. Dwayne, KD4POJ, will be here for eleven months starting on July 30th. He plans to operate as OX3PG on most bands and modes. He also plans to participate in contests as work and propagation permit. QSL direct only via WA0SMQ.

QSL INFO AND NEWS.....................

Jean-Michel, F6AJA, announced after a very long delay, the CE0Z cards have arrived. All QSL requests for Europe have been answered except for some requests without SAE and some with multiple QSL requests. He is still waiting for the CE9/F2JD cards... be patient!

MORE ON CE0Z QSLS. Bob, N2OO, reports: "The CE0Z QSL cards have been printed AND are in the USA, and enroute to me at this moment. We have pre-processed the log so the cards will start to go out 'steadily' once they arrive here. I don't expect that to happen for another couple of weeks. So, please be patient everyone! Since we have more cards to deal with, we will not be quite as quick as Jean-Michel! (good job J-M)"

QSL ROUTE CHANGE. Gary, K7ZD, reports that "Due to increasing serious health problems (XYL) I will no longer be managing any activities by Tony, HK1AR,...etc/W4OI, from this date forward (18th, June 2006). Please send ALL further HK QSL requests to Tony, W4OI. I can and will answer all requests for 5K5Z, HK0/HK1AR and HK1AR for QSOS made BEFORE 09 FEB 2006. Reminder - QSOs made with HK1AR between February 10-21st, 2006, go to Girts, YL2KL, who was the guest operator there and has his own logs." Gary still has logs/cards for 3B9R (APR 1999) and C56V (1993) operations:
3B9R 10-160M Direct Only (NO BUREAU) to K7ZD
3B9R Bureau to AH0W
3B9R 6M to Ned, AA7A
C56V 1993 - Direct or Bureau
For more infor/updates, visit: http://qrz.com/k7zd

QSL Manager Alan, VK4AAR, advises OPDX readers that "they should be VERY CAREFUL when QSLing and sending IRCs for return postage costs. The large IRCs have an expiry date printed on them and won't be accepted if they are past that date, but my local PO (post office) has been lenient with me up to now. I would imagine that, in view of this, the older (small) ones will no longer be accepted by the post office, and they will be of no use to me either. I suggest that DXers send U.S. dollars, if possible. A new IRC in USA costs more than a dollar in the post office, anyway." Alan is the QSL Manager for: 9V�A, 9V1DX, C21RH,

KH2VM, P29RH, V63PD, VI�ANARE, VK�MM (Macquarie), VK6AN (OC-266), VK6BM (OC-234), VK6BSI (OC-243), VK6DHI (OC-206), VK6LI (OC-071), VK8AN/6 (OC-154), VK8AN/8 (OC-229), VK8AV/3 (OC-136), VK8DP, VK8MI (OC-173), VU3RSB, VP2V/W3HQ and (YJ8AA, ZK2JJ, ZK2PJ logs are now closed). If YOU need a QSL Manager, just E-mail Alan at:

al-mee@aapt.net.au

SV9, CRETE. Mick, G8VHB, will be active as SV9/G8VHB from Crete (EU-015) from September 27th until October 9th. Look for activity on all bands 20-10 meters using only 100 watts and a rotary dipole antenna.

T6, AFGHANISTAN (Update). Mika, OH6MKL, is now active as T66T until the end of July. Suggested frequencies are:
CW - 1820, 3520, 7020, 10120, 14020, 18090, 21020, 24900 and 28020 kHz
SSB - 1880, 3680, 7080, 14180, 18150, 21250, 24980 and 28495 kHz.
He was heard this past week on 30 meters between 1700-2100z and on 20 meters CW between 1400-1700z. QSL via OH6MKL.

VP2, MONTSERRAT. Graham, M0AEP, will be active as VP2MDD between July 1-14th. Activity will be on 80-6 meters with 200 watts into a windom antenna, on SSB and CW. His main focus will be on 6 meters on SSB and CW with 350 watts plus a 5 element yagi. QSL via M0ARP (QRZ.com).

VP2, MONTSERRAT. Art, WA7NB (formarly N2NB), will be active as VP2MDY, October 25-31st. He will be participating in this year's CQWW SSB Contest. Outside of the contest, look for Art to be active on 160-6 meters CW, SSB and PSK31. QSL via WA7NB.

YJ, VANUATU. Tommy, VK2IR, will be active as YJ0IR from July 3-15th. QSL via W3HNK.

Z3, MACEDONIA. Laci, HA1RS, will visits Zoli, Z38C/HA1CA, in Scopje between June 24th and July 14th. He will use the Z38R callsign on HF and 6 meters; also VHF/UHF bands. Dime/Z35Z and Szabi/HA1DRJ will join Laci and Zoli during the upcoming VHF/UHF Contests from Grid KN12DC on Mnt. Podrzi Konj (1400m ASL). QSLs for Z38R and Z38C go to HA1RS via the HA QSL Bureau or to his QRZ.com address. Full colored QSL cards are expected to be ready at the end of August.

ZD8, ASCENSION ISLAND. Andy, G0JLX, is expected to operate from Ascension Island (AF-003) as ZD8AD between July 1-23rd (dates are approximate at this stage). Activity will be on all HF bands, SSB and CW. QSL via G0JLX, direct or by the bureau.

ZK1, NORTH AND SOUTH COOK ISLANDS. In November, Bill/N7OU and Bob/W7YAQ will be operating from both the North and South Cook Islands. From November 4-18th, they will be on Penrhyn Atoll, North Cooks, and from November 18-28th, they will be on Rarotonga, South Cooks, and be an entry in the CQ WW CW Contest. Like their DXpedition to the South Pacific earlier this year, they will be operating mostly CW with some RTTY and SSB, on 80-10 meters, and using lightweight rigs, low power, and vertical antennas.

ZL8, KERMADEC ISLANDS. Look for Jacky, ZL3CW, to be active from Raoul

Island (OC-039) starting around June 27-28th. He plans to be there for
about one week as ZM8CW. Activity will be limited to his spare time. He
will concentrate on the lower bands. QSL via ZL1AMO.

Sure seems like a lot of work but a gin-pole should work OK. One thing is for sure, the higher that you can pull from the better when the tower on the ground. I have had mine up and down quite a few times. It is Rohn 25 with a lot of weight up top, mainly because I moved the rotor down about half-way and used a big piece of steel water pipe for the mast. I used the neighbor and his John Deere tractor with the cable hooked to the raised front loader. I only hook the cable about a third of the way up the tower and when the tower is laying down the tractor is right up to the base. Needless to say that good brakes are critical. HI! My neighbor isn't able to do those things anymore. I probably will hire a wrecker next time.

Trav, WX0Y

=================================
If the current RF power output itself is not a problem ,but the max
```

current which can be supplied by the power supply unit (presumably 13.8V) I would suggest to put a sealed (car) battery in parallel.

The quoted 150W RF power is highly likely PEP ,so when operating SSB the average current consumption is possibly half the peak current or less even with some speech compression .
The battery will happily supply some of the current during peak demand.

Since the battery is permanently 'on the charger ' being in parallel with the power supply unit , you don't need a deep cycle battery ; a cheap and cheerful 40 -60Ah sealed car battery will do the job well.
It is essential to put a 25-30 A fuse in series with the battery .

Note : I recommend anybody to use a (sealed) battery and a low power PSU to feed a transceiver requiring (13.5 -13.8 V-DC) external power.
During rx periods the PSU output could be (automatically) disconnected .
Receiving on battery power alone is often beneficial eg less noise and mains borne interference. Although the low impedance of the battery will cause it to 'kill' most external mains borne interference already.

A local ham uses a FT857 with a 110Ah sealed battery, without a mains fed PSU . When not operating the battery is connected to an automatic car battery charger ,which is only disconnected during operation.

Frank   GM0CSZ / KN6WH

Go to
http://www.icom.co.jp/world/support/index.htm

click on 'Manuals,'  agree to the license, scroll down to 'Amateur,'
download the manual for the IC-725, look at page 31 (34 in the Acrobat
window).

I think you may be interested in 'R210' for the 100W power adjust.

Watch the current, 73!

How do you interpret "No QSL Required"? Does that mean the station is going
to QSL all stations worked 100% whether they send a card or not?

I see this on cards I receive from the buro but I wonder had I not QSL'd
would I have received a card in return.

Were these cards from rare countries or from very active contest stations?

I've always figured this meant the station was "preemptively QSLing" -
that they were sending cards through the bureau to *everyone* in their
log, and that they didn't want to *receive* any cards at all.
(presumably they already have every award they want, or in the case of
an expedition, don't plan to apply for awards)

So yes, I think you would have received these cards even if you hadn't
sent QSLs to those stations.

The Ohio/Penn DX PacketCluster
DX Bulletin No. 765
BID: $OPDX.765
July 3, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, ARRL DX Bulletin, K1XN & GoList, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, N4THW, AC7DX, N7NG, K8YSE, Pete Rayer, Pete's -DX-Newsdesk, CN8NK, DL1EK & The DX News Letter, E51CG, F5CVI, F5NQL & UFT, GM3YOR, I1JQJ/IK1ADH & 425 DX News, IK4MGP, IW5EDI, IZ8EDJ, TA3YJ, VA3RJ & ICPO and YO3APJ for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 25th/June, through Sunday, 2nd/July there were 197 countries active. Countries available: 3A, 3B8, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5R, 5V, 5Z, 6W, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9Q, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C3, C5, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, EU, EX, EZ, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HC8, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J3, J6, J8, JA, JD/o, JT, JW, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, S2, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TK, TR, TU, TZ, UA, UA2, UA9, UK, UN, UR, V2, V5, V7, V8, VE, VK, VP2M, VP2V, VP5, VP8, VP8/h, VP8/o, VP9, VQ9, VR, VU, XE, XU, YA, YB, YI, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZK1/s, ZL, ZL8, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

5A7, LIBYA (Update). After some years of silence, an international team will activate Libya between November 14-28th. The callsign will be 5A7A. Activity will be on all bands with CW and SSB, and for the first time ever, digital modes on RTTY, SSTV and PSK plus another first will be FM. The goals of the Dxpedition are:

  * To support the development of ham radio in Libya
  * To activate a rare country on all bands and modes including the digital modes and FM

* To provide more than 50,000 QSOs
* To take part in CQWW DX CW Contest as a Multi/Multi entry
* To activate a new prefix - 5A7
* To set the focus on "long distance DX" like W6/7, JA, VK, etc.
* To provide lowbands contacts

The international team operators are: Andy/DJ7IK (Team Coordinator), Mustapha/DL1BDF, Dominik/DL5EBE, Gunter/DJ9CB, Ruth/IT9ESZ (YL-operations), David/K3LP, Manfred/DK1BT, Volkmar/DF2SS, Andy/DL5CW, Andi/DL9USA, Markus/DJ7EO, Jan/DJ8NK, Franz/DF6QV, Rein/PA0R, Willy/HB9AHL, Franz/DK1II, Pirmin/HB9DTE, Jurgen/DJ2VO, Dieter/DL3KDV, Frank/DL8YHR, Andy/DL5CW, Rudi/DK7PE, Mitch/VE6OH, Krassy/K1LZ and their local friends Haytem/5A1HA (ASSAKR Club Coordinator) and Tarek/5A1TA. Current suggested frequncies are (still under development):

CW   - 1827, 3507, 7017, 10107, 14007, 18077, 21027, 24893 and 28027
SSB - 1847, 3777, 7087, 14197, 18147, 21277, 24977 and 28477
RTTY - 14087, 18107, 24928 and 28087 kHz

Frequencies for 2m, 6m, SSTV and PSK have not been chosen yet. Send direct QSL requests to their QSL Manager DL9USA ONLY: Andreas Glaeser, PF 100 246, D-03122 Spremberg, Germany. The Bureau QSL cards will be processed very last after the direct requests are processed. For updates and more info, please see the following Web page at: http://5a7a.gmxhome.de

5C, MORROCCO. M'hamed, CN8NK, will be active in the IARU Radiosport World Championship Contest (July 8-9th) using the special callsign 5C8A. He will also represent Morrocco as a headquarter station.

DXCC NEWS..

New DXCC Entity -- ARLD026 Montenegro is the newest ARRL DXCC entity:

"A new ARRL DXCC entity has come into being! As expected, the United Nations admitted the Republic of Montenegro as its 192nd member June 28, and that action automatically makes the tiny Balkan nation the 336th current DXCC entity.

'According to the ARRL DXCC List criteria, entities on the UN list of member-states qualify as political entities,' said ARRL Membership Services Manager Wayne Mills, N7NG. 'Therefore, effective June 28, 2006 (UTC), ARRL has added The Republic of Montenegro to the DXCC List. Claims for DXCC credit will be accepted immediately.'

Current Montenegrin radio amateurs reportedly may continue using their YU/YT/YZ/4O/4N-prefix callsigns until the International Telecommunication Union designates a new callsign block for the new country.

In anticipation of Montenegro's new nation status, the International DX Festival Montenegro, with information on the web at, http://www.yu6scg.cg.yu/international-dx-festival.html, has been set for July 20 until August 12. That's when several international operators will join forces with Montenegrin Amateur Radio operators from at least three different stations using a common callsign in an effort to meet the DX community's need to work the newest DXCC Entity. Festival organizers have set the ambitious goal of 200,000 contacts for the event, which will use all HF bands.

Montenegro declared its independence on June 3 following a national referendum May 21."

ARRL Membership Services Manager Wayne Mills, N7NG, reports that the

ARRL "DXCC Dialog" blog debuted on June 26th. He mentions that the "DXCC Dialog Weblog" -- contains news and notes about the ARRL DXCC program. "This page will have up-to-date information about the DXCC program," says Wayne Mills, N7NG. "It does not provide for users to post responses, but authors and e-mail addresses are listed." The blog will be updated as needed to inform and update the DXing community regarding news of interest. DXCC Dialog Weblog is available at:
http://www.arrl.org/blog/DXCC%20Dialog

DXCC Fee Increase Reminder! ARRL Membership Services Manager Wayne Mills, N7NG, wants to remind everone: "The new DXCC fee schedule will go into effect on July first. Applications received at the DXCC Desk by Friday afternoon, June 30th, will be processed under the existing fee schedule. Applications which have not reached the DXCC Desk by June 30th will be processed under the new fee schedule." The new DXCC fee schedule is available at:
http://www.arrl.org/news/stories/2006/05/23/3/fees-06Jul.html

E5, NORTH AND SOUTH COOK ISLANDS. Victor, ZK1CG/ZK1USA (now as of July 1st E51CG and E51USA), reports that the callsign change from ZK1 for the North and South Cook Islands was officially announced in the local newspaper "Cook Islands News Daily" on Monday, June 28th: "Please be advised that as of 1, July 2006 UTC the International Cook Islands Radio Callsign prefix ZK (Zulu Kilo) will be replaced with E5 (Echo Five). This will mean that if your callsign is currently ZKR (Zulu Kilo Romeo) it will now be E5R (Echo Romeo). Please note that only the first two characters will change, the remainder will remain as is. If you require further clarification please contact radio licensing division at 29680 during working hours." Paper's Web page is: http://www.cookislandsnews.com
So, current callsigns ZK1CG and ZK1USA and ZK1JD will now change to E51CG, E51USA and E51JD. Victor mentions that the local amateur radio operators normally get a 2 letter suffix callsign, while visiting Ham operators get a 3 letter suffix callsigns. Over the past weekend, Jim, E51JD, was heard on 20/15 meters SSB, while Victor, E51CG, was heard on 10 meters SSB.

FM, MARTINIQUE. Sido, F4CKP, will be here for 2 months from July 3rd and until end of August. His activity will be on 80-10 meters including the WARC bands on RTTY and SSB. He will use a FT-897 into a Cushcraft vertical and a G5RV antenna. QSL direct via his home callsign or by the bureau.

FR5/E, EUROPA. Luc, FR5IZ, will be active as FR5IZ/E from Europa (AF-009, DIFO FR-003) from July 4-6th. He will be using a FT-897 (w/100w) into a doublet antenna. QSL via the French Bureau (REF-Union du Ref) or direct to FR5IZ address via QRZ.com. LAST NOTE: "The DAILY DX" reports that Luc is here on a work assignment, and will be active only during his free time. Look for him mainly on 20/12/10/6 meters and possibly 17 meters.

GB5, ENGLAND. The RSGB HQ station GB5HQ will be active in the IARU Contest (July 8-9th). This year, look for ten GB5HQ stations (with 30+ operators) to be active and located around the country. There is a series of free GB5HQ Awards for the 2006 event available, and they are managed by John,

G3LZQ. More details about the awards and station locations can be found at the following Web site: http://www.gb5hq.com
QSL via G3TXF direct (QRZ.com) or through the RSGB bureau to GB5HQ.

HC8, GALAPAGOS ISLANDS. Trey, N5KO, and other operators will be active as HC8N during the CQWW DX CW Contest (November 25-26th) as Multi/Multi entry. QSL via W5UE.

HI3, DOMINICAN REPUBLIC. Mark, KB2MS, will be active as HI3/KB2MS from Puerto Plata, starting July 28th until about August 23rd. Activity will be on all bands except 160m. QSL via his home callsign.

IOTA NEWS......................

AS-076. Koyo, JA5BEX, was expected to be active as JA5BEX/5 this past weekend from Oshima Island (JIIA AS-076-003), JA5 Shikoku Island group, Kagawa Pref. QSL via his home callsign, direct or by the bureau.

EU-011. Dom, M1KTA, will activate St. Agnes Island as M1KTA/p between July 28th and August 4th. His activity will include an entry in the RSGB IOTA Contest on all bands CW/SSB. There is also the possibility that Dom might activate St. Mary's, Tresco or Bryher islands during the same weekend. QSL via his home callsign, direct or by the bureau.

EU-016. Branko/9A7YY and Antonio, 9A/K6LKH, will activate (depending on sea condition) Brusnik Island, July 8-9th. Other reference numbers are: All Croatian Island Award ACIA-800 and Mediterranian Island Award MC-047.

EU-030. Klaus, DJ4JI, will be active as OZ/DJ4JI from Bornholm Island (BO-001 for the Danish Islands Award, WLOTA LH-2203), September 3-13th. Activity will be on 80/40/20 meters, SSB only with a Swan 350 (400 watts). QSL via his home callsign, direct or by the bureau.

EU-031. Operators John/IK8LIU, Franco/IK8WEJ, Enzino/IK8YTG, Giovanni/IW7DOL, Luigi/IW8EQS, Orlando/IW8FCA, Simone/IZ0BTV, Marco/IZ7DOK, Oreste/IZ8EDJ and Francesco/IZ8EQF will activate Licosa Island (I.I.A. SA 001, D.C.I. SA 028 and ARLHS ITA 089) on July 9th. Operators will sign homecall/P. QSL via their home callsigns. Watch for more info at:
http://www.strangeradioteam.com

EU-034. Frank, DL1FT, will be active as ES0FTZ from Saaremaa Island (WLOTA LH-1401), July 4-14th. Activity will be on 40/20/10 meters SSB. QSL via DL1FT. More information is available at:
http://www.funkexpedition.de/estland/index.html

NA-144. Six operators will activate Santa Cruz Island July 27-30th. Their activity will include the IOTA Contest (July 29-30th). Operators mentioned are: Ray/N6VR, Jim/N6KZ, Fred/N6AWD, Jim/WB9AWX, Vic/KI6VC and Sreven/WA6SC. They will use the callsign

N6VR/P for the IOTA Contest and their home callsigns at other times. They will have three stations active: one on the WARC bands and two for the other bands. During the contest they will use a tri-band yagi for SSB and amplifier and a vertical on CW. QSLs for N6VR and N6AWD go to N6AWD; all others go directly to the operator's home address.

OC-130. Peter, DK2PR, reports he will operate as DU9/DK2PR from the Island of Mindanao, between July 28th and August 15th. This will be a holiday style operation. A side trip to islands in the OC-235 group are possible, but it depends on the local situation.

SA-055. Members of the Radio Club Argentino will be operating as LR4D from Martin Garcia Island, July 6-9th. They will take part in the IARU HF World Championship as HQ station for Argentina. QSL via LU4AA.

IS0, SARDINIA. Simone, IW5EDI, will be active as IS0/IW5EDI from the northeastern part of Sardinia Island (EU-024), now through July 7th. Activity will be on HF bands (mainly of 20 meters). QSL via the Bureau. For more info, visit: http://www.iw5edi.com

KH0, MARIANA ISLANDS. Operators Nao/JK1FNL, Jim/7K4QOK and Takky/JE1KUC will be active from Saipan, Nothern Mariana Islands (OC-086), July 7-10th. They will operate as NA8O/KH0 (JK1FNL), KG8RP/KH0 (7K4QOK) and N1KU/KH0 (JE1KUC), and be active on 80-6 meters. Also, look for them to participate in the IARU HF World Championship. QSL via their JA home callsigns, direct or by the bureau.

OP0, BELGIUM (Attention Prefix Hunters!). Look for members of the Royal Union of Belgian Amateur Radio (UBA) to participate in the IARU Contest (July 8-9th). Look for HQ station OP0HQ to be active on all 6 bands and on both modes. This will be the first time that the "OP0" prefix has ever been used. All QSOs will be confirmed with a QSL via the bureau. However, direct QSLs can be sent to ON5ZO (UBA HF Manager). The address is OK on QRZ.com.

QSL INFO AND NEWS....................

NEW IRCS AVAILABLE. New IRCs are now available as of July 1st. The Universal Postal Union (UPU) has redesigned the International Reply Coupon (IRC) again. The new design, known as "Beijing Model No. 2," was submitted by Volodymyr Taran, a graphic artist from Ukraine. Taran's design was inspired by Michelangelo's painting on the ceiling of the Sistine Chapel -- "two fingers about to touch framed in a postage stamp, representing the notions of communication and exchange." The newly designed IRC will be valid until December 31, 2009. However, the current IRC is valid through December 31, 2006 (ed. Depending on who you talk to...). ADDED NOTE: The IRC will celebrate its centenary in 2007. It was October 1st, 1907, that the International Bureau issued the first International Reply Coupon. To mark this event, countries can ask the International Bureau to include a special overprint that reads "1907-2007: 100 years of IRCs"! Collectors, philatelists and future buyers will appreciate this added feature. The coupon is certain to be a popular collector's item at post offices next year.

Charles, S9SS, informs OPDX that his QSL Manager Gerard, N4JR, will be out of country. He will return home in the latter part of July and will catch up on the backlog of QSLs as soon as possible.

Nilay, TA3YJ, informs OPDX that she sent out QSL cards for TA3YJ, TA3YJ/4 LH, TA3J, TA3J/4 LH, TA3J/60, YM3ATA, YM3SV, YM75TA, YM21TA, YM3LZ/WPX2000, YM3LZ/WAE2000 and TC2K4J to the QSL Bureaus of Germany, Russia, Serbia&Montenegro and Ukraine by registered mail on June 27th, 2006.

SPECIAL EVENT. The International Shortwave League (ISWL), continues with their 60th (Diamond) Anniversary celebrations throughout the month of July. Look for the following special station to be active:

July 5th - GB6SWL will be active for 1 day from Dagenham, Essex. John, M0HEM, will be the operator.
July 8-9th and 12th - GB6SWL will be active for 3 days from Walton on the Naze, Essex. Herbie, G6XOU, will be the main operator.
July 15-16th - GB6SWL will be active for 2 days from Bagulay, Manchester. Ron, G6BMY, will be the main operator.
July 22-23rd - GB6SWL will be active for 2 days from RAF Macrihanish, Argyllshire, Scotland. Andy, MM0CXA, will be the main operator.
July 29-30th - GB6SWL will be active for 2 days from Walton on the Naze, Essex. Herbie, G6XOU, will be the main operator.

ADDED NOTE: The ISWL Club callsigns GS4BJC/P and MX1SWL/P will also be active throughout July. The ISWL Awards Program is open to non members for a very small fee to cover postage to any country in the world. Please see the following Web page for all details, including QSL information and Special Diamond Anniversay Awards etc... at: http://www.iswl.org.uk

SV5, DODECANESE. Drew, GM3YOR, will be on holiday on the Island of Halki (EU-001) and will be active as SV5/GM3YOR from September 21st to October 4th. Activity will be CW only during his stay; bands will depend on conditions and the times he is available. He will be taking his TS-50s transciever and wire antennas. QSL via his home callsign.

T7, SAN MARINO. A mixed team of San Marino and Italian operators will be active from the ARRSM Headquarters (Associazione Radioamatori Repubblica San Marino) during the next IARU HF World Championship (July 8-9th), with the special callsign T70HQ. Activity will be on all bands, both CW and SSB. Operators will be: I4FYF, I4TJE, IK3QAR, IK4DCW, IK4GNI, IK4HVR, IK4MGP, IK4MGX, IK4SXJ, IK4UNH, IK4WMH, IZ4AKS, T77C, T77CD, T77EB and T77GO. Also, expect some activity by operators before the contest as T70A. QSL via T70A, via Bureau or direct. A special QSL for the event will be printed. Further information can be found at:

http://www.ir4m.it/english/index.htm

VE1, CANADA (IOTA Ops). Len/VE9MY and Linda/VE9GLF will be vacationing in Nova Scotia during the week of July 16th. They plan to activate a few

IOTAs in the Nova Scotia Island groups (NA-081, NA-126, NA-127 and NA-154) during their week stay, but have not determined at this time the sequence of activation. They will also try to activate new Canadian Islands whenever possible and any lighthouses that are accessible. Operations will be mobile or portable with 100 watts, on 20 and 40 meters. QSL via their home callsign, by the bureau or direct.

XX9, MACAO. Members of the Associacao dos Radioamadores de Macau (ARM) will be active as XX9A as a HQ station during the IARU HF World Championship. There will be four stations operating from Taipa Island (AS-075). QSL via XX9BB.

YI, IRAQ. Carlos, N4THW, informs OPDX that he is in Iraq for the next four months on a military air base. He states that he has already applied for YI license and is expected to be on the air soon. He may sign YI/N4THW if the military gives him approval. Carlos plans to be on all bands 80-10 meters including the WARC bands. He currently is looking (for help) to find a good radio and antenna. Right now all he has is an old military HF radio w/100 watts into a G5RV dipole.

YJ, VANUATU. Remember to look for Tommy, VK2IR, to be active as YJ0IR from New Hebrides (OC-035) between July 3-15th. His activity will be on 80/40/20/17/15/12/10 meters SSB depending on conditions. QSL via W3HNK.

YR0, ROMANIA. Look for YR0HQ to participate in the 2006 IARU World Wide Championship Contest (July 8-9th) as an IARU Member Society HQ Station representing the Romanian Amateur Radio Federation (FRR). All the contacts will be confimed by eQSL and LoTW. Please note, an award, free of charge, will be issued to all those who will prove at least 3 contacts with YR0HQ during the contest. For 6, 9 or 12 contacts, the award could be printed for different classes (3rd, 2nd, 1st or Extra Class) in accordance with the number of contacts, but only one single award is given. The application, along with the log extract, should be sent to one of the following addresses. By mail to: FRR, YR0HQ Award, BOX 22-50, RO-014780 BUCURESTI 22, ROMANIA. By e-mail to: adrian.sinitaru@electricaserv.ro

Z2, ZIMBABWE. World-wide traveler Vladimir, UA4WHX, continues to be active as Z2/UA4WHX. He was heard this past weekend on 80/40/30/20/17 meters CW. There were a few SSB QSNs on 20/17 meters. The length of his stay or where he goes next is unknown. QSL via UA4WHX.

ZA, ALBANIA (LH, WW Loc. and IOTA Ops). A group of four Italian operators will be here between July 7-17th. Activity will be on all bands HF and VHF, CW, SSB, PSK31 and RTTY. They also plan to activate lighthouses, WW Loc.'s and be in the upcoming contests for HF/VHF (IARU HF World, Six Club Contest and CQ World-Wide VHF Contest). Operators mentioned are: Giuseppe/I2AZ, Pino/I8YGZ, Alfredo/IK7JWX and Giancarlo/IK7QMJ. All plan to sign ZA*/homecall. The group is currently waiting for permission to activate Sazan Island (EU-169) plus the lighthouses on the island. QSL via their home callsigns (via the ARI Bureau or direct using the QRZ.com address).

There has been some question regarding this station ...YU6AO...heard on one of the nets that this station does not have HF operating privileges....they have been very active on CW, SSB and RTTY....

Any info?

Lou N2TU

Since he is in a new country (which might not have a well-defined
license/operational policy yet) the rules of the previous country may not
apply!  He is certainly working hard at handing out QSOs -- I hope letters
(with GSs) make it there and that he responds.

Bill - W2WO

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, WV2B, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, N4JF, K8YSE, Pete Rayer, Pete's-DX-Newsdesk, DL1EK & The DX News Letter, EA4ATI, EA5RM, EA8AUW, EI5DI, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, RSGBIOTA and VA3RJ & ICPO for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 2nd/July, through Sunday, 9th/July there were 208 countries active. Countries available: 3A, 3B8, 3V, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5V, 5Z, 6W, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9Q, 9U, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C3, C5, C9, CE, CM, CN, CP, CT, CT3, CU, CX, D2, D6, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EZ, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HC8, HH, HI, HK, HK0/a, HL, HP, HR, HS, HZ, I, IS, J6, JA, JT, JW, JX, JY, K, KG4, KH0, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PY0F, PZ, S5, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T5, T7, T8, T9, TA, TF, TG, TI, TJ, TK, TR, TT, TU, UA, UA2, UA9, UK, UN, UR, V2, V5, V7, V8, VE, VK, VP2M, VP2V, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XT, XU, XX9, YA, YB, YI, YJ, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZF, ZK1/s, ZK3, ZL, ZL8, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

4W, TIMOR LESTE. Michael, PA5M (4W6AAB), will be returning here for about one month to finish his work there for the United Nations World Food Programme. He is expected to arrive on July 14th. Activity will be limited to his free time. QSL via PA7FM. For updates, logs and pictures, visit the following Web page at: http://www.4w.pa7fm.nl/

CY9, ST. PAUL ISLAND (Operators Wanted). Duane, WV2B (VA1ZZZ), is once again putting together an operation to CY9. He states, "Hi folks, we are looking for a VE1 ham interested in joining a minimalist Dxpedition to CY9, and/or helping arrange the various permits/permissions required. If interested please contact me for more detailed information ASAP."
Duane's E-mail address is: wv2b@juno.com
ADDED NOTE: Just a reminder that Duane, WV2B, has created an on-line CY9 QSL Museum for expedition QSL cards from St. Paul Island (CY9). Please visit the Web page at: http://www.stpaulisland.net/cy9qslmuseum.html

ED8, CANARY ISLANDS. Several members of URE (Las Palmas Section) will be active as ED8URL between July 19-21st to celebrate the 44th anniversary of URE (Las Palmas Section). Activity will be on all bands and modes. QSL via the Bureau to EA8URL (section callsign).

F, FRANCE (Castle Activity). Members of the Radio Club de Saverne (F6KNJ) will activate Griffon Castle (DFCF 67056), July 16th. Watch on 7067 kHz. Members will sign as homecall/p. QSL via F6KNJ.

GJ, JERSEY. Russell, G5XW, will be active as GJ5XW/p from the Channel

Islands (EU-013) between August 26th and September 1st. Activity will be on all HF bands, SSB only. QSL via G5XW.

HC8, GALAPAGOS ISLANDS. Operators Glenn/W6OTC, Steve/K6AW, Jeff/WK6I and Ramon/XE1KK will be active as HC8N during the CQ WW DX RTTY Contest (September 23-24th) as a Multi-2 entry. QSL via W5UE.

HQ9, HONDURAS. Ray, WQ7R, will be active as HQ9R during the CQ World Wide DX SSB Contest (October 28-29th) as Single-Op/All-Band entry. QSL via N6FF. Look for Ray to be active as HR9/WQ7R before and after the contest.

IOTA NEWS....................

AF-045. Dani, 6W/EA4ATI, finally got on the air from Goore Island this past weekend (July 8-9th). His callsign was 6W1EA. QSL via EA4ATI.

AS-131. Look for Vange, BD7KLO, to be active as BD7KLO/7 from Shangchuan Island, July 21-25th. Activity will be on 40-10 meters SSB or RTTY. QSL via BD7KLO, direct only. ADDED REMINDER: Vange is also expected to go to Sanmen Island (AS-129), July 27-30th. Activity will include an entry in the IOTA Contest.

AS-137. Vange, BD7KLO, will be active as BD7KLO/5 from Shengshan Island, August 13-17th. Activity will be on 40-10 meters SSB or RTTY. QSL via BD7KLO, direct only.

AS-141. Vange, BD7KLO, will be active as BD7KLO/5 from Dongtou Island, August 5-9th. Activity will be on 40-10 meters SSB or RTTY. QSL via BD7KLO, direct only.

EU-003. Pedro, CU2CR, will be active from Sao Miguel Island during the IOTA Contest (July 29-30th). QSL via CU2CR.

EU-008. Members of the Scottish-Russian ARS and West of Scotland ARS will be activating the Isle of Eigg (IOSA: NH03, SCOTIA: DI19) during the RSGB IOTA Contest (July 29-30th). The team of operators will be using two different callsigns and will enter the contest as two different contest groups - GM2Z (operator MM0DFV) is a CW station, and GM4A (operators GM0WRR, GM4TOQ, MM0GDL, GM7WED and MM3LKV) is a SSB station. They report:

"Locator information can't be more precise at this point until we know where on the island we will be operating from. There is no arranged accomodation on Eigg. Nor is there mains electricity on the island. We are taking all our camping and portable equipment, such as tents, diesel generator, poles, sleeping bags and so on. We are leaving Airsaig on Friday at 11 a.m. and arriving in Eigg at 12 p.m. There will be opportunities to explore the island on foot between setting up station on Friday and the start of the contest on Saturday. During this time we will be operating digital modes, especially PSK by using our special DXpedition callsign MS0DGR."

QSL cards for all callsigns should be sent via MM0DFV.

EU-031. Gian, IC8WIC, will be active from the Isle of Capri during the IOTA Contest (July 29-30th). QSL via IC8WIC.

EU-038. Operators Jan/PG7V and Jack/PD2J will be active as PC6IOTA from Texel Island during the IOTA Contest (July 29-30th). QSL via PG7V.

EU-040. Operators Jose/CT1END, Arlindo/CT1EGW, Luis/CT1EEQ, Jose/CT1DIZ, David/CT1DRB, Antonio/CT1EGH and Antonio/CT1EDX will be active as CT6B from Bugio Island during the IOTA Contest (July 29-30th). QSL via CS1GDX.

EU-043. Operators Boleslaw/SP4AAZ and Surdziel/SP4TKR will be active as SM6/SP4AAZ/p and SM6/SP4TKR/p from Orust Island between July 25th and August 2nd. QSL via their home callsigns. Look for them to be in the IOTA Contest (July 29-30th) as SM6/SP4AAZ/p and as a Multi-OP/Multi-Band/Mix-Mode/100w entry. QSL is "OK" via the Bureau or direct.

EU-061. Members of the Norwegian Expedition Club will be active as LA1NEC from Jomfruland (Norwegian Virgin Island)(WLOTA LH-08321), August 19-21st. They will focus on the International Lighthouse/ Lightship Weekend (August 19-20th) with 6 operators and 3 stations. QSL via the bureau. For more information, check their Web site at: http://www.la1nec.no

EU-096. Joern, DG5XJ, will activate Houtskar/Mossala Island, one of the most wanted islands in Europe, from July 29th to August 4th. He will use the callsign OH1/DG5XJ and will be active on 80/40/20/15/10 meters SSB only. He will use a Yaesu FT-897 (w/100 watts) to a Force 12 Sigma 40XK and double-dipole for 80 and 40 meters. QSL via his home callsign. More information can be found at: http://managementpsychologie.de/dg5xjiota.htm

EU-122. Members of the Kilmarnock and Loudoun ARC will be active as GN0ADX/p from Rathlin Island (WLOTA LH-0039), July 28-31st. This is the eighth year in a row for this group to be active in the RSGB IOTA Contest. Operators mentioned are: Allan/GM3OZB, Barry/GM3YEH, Steve/GM4OSS, John/GM0DJG, Gordon/MM0BIM and John/MM0BQN. QSL via GM0ADX (QRZ.com).

EU-129. Operators Peter/DM5DX and Ulf/DL5AXX will be active as DR6IOTA from Usedom Island during the IOTA Contest (July 29-30th). QSL route TBA.

EU-136. Operator Okko, PH2CV, will be active as 9A/PH2CV/P from Krk Island between July 22nd and August 12th. Activity will be on all bands SSB. QSL via PH2CV (QRZ.com).

EU-146. Operators Will/PE1OPM, Manfred/PE1OXV and Jeroen/NL12339 will will be active as PE1OPM/p from Schouwen Duiveland during the IOTA Contest (July 29-30th). Activity will be on all bands from the City of Zonnemaire. QSL via NL12339 (QRZ.com).

EU-171. Hans, OZ7BQ, will be active as OZ7BQ/p from Fur Island (NJ-003 for the Danish Islands Award), July 27-31st. Operations will include an entry in the RSGB IOTA Contest. Activity will be on all HF bands, QRP, with a K1 and vertical. QSL via his home callsign, direct or by the bureau.

EU-172. Operator Chris, DL4FO, will be active as OZ/DL4FO from Tuno (TUN�) Island between July 22nd and August 5th. Activity will be mostly CW, QRP and all HF bands. He will also be active in the IOTA Contest (July 19-30th), and plans to activate a lighthouse (DEN-071). QSL via DL4FO (QRZ.com). Visit his Web page at: http://www.qslnet.de/dl4fo

NA-046. Alec, W2JU, is currently active as W2JU/1 from Martha's Vineyard (USI MA-005S, WLOTA LH-2804, Dukes County, Massachusetts), until September 2nd. Activity will be on all bands, mostly CW; this will include an entry in the RSGB IOTA Contest (July 29-30th). QSL via his home callsign.

NA-083. Members of the Dominion DX Group will activate Tangier Island (USI VA-001S, Accomack County, Virginia), as K4VAC during the IOTA Contest (July 29-30th). Operators mentioned are: Tony/KC4AUF, Becky/KS4RX, Guy/K4CNF, Mike/K4AUR, Robert/W4BNO, Dave/N4DWK, Jim/W4THU, Bruce/WD4LBR, Sheila/K4WNW, Parke/N4KFT, Andrew/K4PUF, Ron/KG4QIV and Warren/KO4XB. Activity will be on 80-10 meters CW/SSB, near the IOTA frequencies. QSL via K4VAC.

NA-092. Operators Nelson/KI5JF and Carl/KA5GUD, will be active as homecall/p from Matagorda Island (USI TX-010S, Calhoun County, Texas), during IOTA Contest (July 29-30th). Activity will be on 40/20 meters CW/SSB. QSL via their home callsigns.

NA-112. Kyle, W4KTF, will be active as W4KTF/p from Bald Head Island (USI NC-003S, Brunswick County, North Carolina), from July 28th to August 4th. Look for activity on all bands, IOTA Contest included. QSL via his home callsign, direct or by the bureau.

NA-112. Members of the Tennessee Valley DX Association will be active as W4PL from Emerald Isle (USI NC-010S, Carteret County, North Carolina), between September 27th and October 7th. Operators mentioned are: Tony/W4FOA, Nancy/K2NAN, Greg/WA4NFO, Barbarra/WA4RMC, Howard/KE4MBP, Tom/K4VCM, Lynn/K0MAI, Alan/N4HL, Charles/AD4F, Larry/WA4IVO, Paul/N4LCD, Kathy/W4KRY and Kenny/AB4GG. Activity will be on 80-10 meters CW, SSB and RTTY, including the WARC bands. QSL via K4KWK (QRZ.com).

NA-112. Steve, W3HF, will be active as W3HF/4 from Bogue Banks Island (USI NC-010S, Grid Loc. FM14, Carteret County, North Carolina), August 6-12th. Activity will be QRP on 40-15 meters. Primary mode will be PSK, with some SSB possible. Steve requests that stations who want SSB QSOs to contact him before the trip via

E-mail at: w3hf@arrl.net
His equipment will be a vertical and a Yaesu FT-817. This operation qualifies for the APE (August PSK Expedition) endorsement from the PODXS 070 Club. See the following Web page at: http://www.podxs.com/html/070_club.html
There is also a possibility of 6 meter PSK and/or SSB operation, from either Steve or his twelve-year-old son Matthew (KB3JJV). QSL via his home callsign, direct or by the bureau, or via W3HF/4 on eQSL.

FREE IOTA LOGGER. Paul, EI5DI, reminds everyone that the 14th IOTA (Islands On The Air) Contest takes place on July 29-30th. The SDI program by EI5DI is the only contest logger dedicated to this event. SDI is recommended for stations that will be in the IOTA Contest as a Single-Operator entry. Since SDI is optimised for IOTA, it offers many unique features. SDI runs on any Windows PC, and is free from:

http://www.ei5di.com/sd/sdisetup.exe

It is intended for SO-unassisted entries. It supports ESM (Enter Sends Message) in both Run and S&P modes, with internal serial or parallel keying - or external keying via WinKeyer USB (recommended) - see: http://www.k1el.com
Any problems, just send E-mails to: sd-user@contesting.com

OJ0, MARKET REEF. Members of the QLF DX-Team will be active as OJ0LA from September 8-14th. Activity will be on all bands from 160-10 meters and on modes CW, SSB and RTTY. Operators mentioned are: Bjorn/LA5UKA , Andy/LA8AJA, Morten/LA9DFA, Trond/LA9VDA and Olav/LB8IB. QSL Manager is LA9VDA. For updates and more info, visit their Web page at:

http://www.la8aja.com/expeditions/oj0la_2006/

OA, PERU. Just a reminder to start looking for Ulli, DL2AH, to be active from a few different areas in Peru. His holiday style operation will be on 40-10 meters on SSB and possibly RTTY using a FT897 + Windom + Sigma5/Force antennas. Look for him to use the following callsigns during his purposed schedule:

July 13-17th - OA3/DL2AH from Caraz/Huaraz
July 19-21st - OA2/DL2AH from Trujillo
July 23-25th - OA1/DL2AH from Mancora/Tumbes
July 26-31st - Perhaps Iquitos/OA8 or Puno/OA7

QSL direct to DL2AH or via the DL Bureau.

QSL INFO AND NEWS......................

Joe, W3HNK, is now the QSL Manager for the following stations:

*/FS5KA - All contacts after March 2006
PJ7A - All contacts starting 2006

HL0HQ QSLS. Look for QSLs to be sent out automatically via the bureau. Activity by HL0HQ was during the IARU Contest.

QSL PP5WRTC via PP5VB: Barbosa, P.O. Box 13, Imbituba, Santa Catarina, 88.780-000, BRAZIL. Activity from Santa Catarina Island [Ilha de Santa Catarina, (SC)] (SA-026, DIB 05 for the Brazil Islands Award, WLOTA

LH-2981).

Toni, EA5RM, reports that the S01R Web page has been updated with the late news about QSL card. You can see the S01R QSL card at:
http://www.s01r.com
S01R QSL will be ready around July 15th, so direct confirmations will start very soon.

QSL YT6ML via DL3ML: Dr. Reinhard Bollmann Am Wildpfad 19, D-53797 Lohmar, Germany.

Jerry, N4JF, received a note from Andy, ZD9BV, stating that IRCs are NOT exchangeable at his post office or bank and requests to please send only currency for return QSL.

T8, PALAU. Operators Taka/JO2JDJ, Ryo/JG3DOR and Hide/JM1LJS will be active as T88DJ, T88OR and T80W, respectively, between 1300z, July 14th and 1500z, July 18th. Activity will be from the "IMAPC Palau Rental Shack" on 40-6 meters CW/SSB. QSL via their home callsigns. Visit Hide's Web page at:
http://radio-dream.com/t80w/

TX1, NEW CALEDONIA (Lighthouse Activation). Members of the Association Radio Amateur en Nouvelle Caledonie (A.R.A.N.C) will sponsor the activation of the Amedee Lighthouse (FK-0147), to celebrate the 140th anniversary of this lighthouse. Operator Sam, FK8DD, will be using the callsign TX1A from July 21-31st. The equipment will be 2 transceivers, dipoles for 80-40 meters, multiband T2FD and a vertical Cushcraft antenna R7 with 100 watts of power. Activity will be mainly on CW with some SSB if conditions are good, on 160-10 meters (no 6m). QSL via LZ1JZ: Tony Stefanov, P.O Box 43, HARMANLI -6450, BULGARIA.

VU7, LAKSHADWEEP ISLANDS. There has been a report that David, K3LP, is planning to be active from here as VU7/VU3RWO between January 15-25th. Activity will be mainly CW and SSB, with limited RTTY. He will use 2 SteppIR beams with 2 amps. No other details were provided. Stay tuned!

XX9, MACAO. Hide, JM1LJS, will be here between August 10-16th. He is trying to renew his XX9TJS license. He states that his activity will start around 0700z on August 11th. QSL XX9TJS via JM1LJS.

YI, IRAQ (Update/Correction). Carlos, N4THW, informs OPDX that he is currently in Fallujah and should be back in Al Asad around July 20th. He reports that he received an E-mail from Baghdad, and his license is being processed, and he should have it about the same time he is back from Fallujah. We misunderstood Carlos last week about his stay in Iraq. He has been in Iraq for four months already on a military air base. However, he expects to be in Iraq for the next 8 months until his contract expires. Stay tuned.

Hello YLs/OMs from US!

I am Ron, dl7ba from germany, Bad S�leze near Rostock.

For my Award "Worked All States" i need some contacts with stations from the US states. I am missing stations that using the LoTW and comes from the states:

Alabama, Colorado, Idaho, Kentucky, Mississippi, Montana, Nevada, North Dakota, South Dakota, West Virginia and Wyoming. Other contacts are also welcome!

Now i have entrys from 39 states in the LoTW ARRL logbook.

Who can make a sked on the 20m in cw or ssb.
Running here with 700 Watt and 2element Yagi.

If you can help, pleace send a Mail to make a sked.
sked@funkwesen.de

Ron dl7ba

> of the Amedee Lighthouse (FK-0147), to celebrate the 140th anniversary
> of this lighthouse. Operator Sam, FK8DD, will be using the callsign TX1A

> from July 21-31st. The equipment will be 2 transceivers, dipoles for 80-40 meters, multiband T2FD and a vertical Cushcraft antenna R7 with 100 watts of power. Activity will be mainly on CW with some SSB if conditions are good, on 160-10 meters (no 6m). QSL via LZ1JZ: Tony Stefanov, P.O Box 43, HARMANLI -6450, BULGARIA.
>
> VU7, LAKSHADWEEP ISLANDS. There has been a report that David, K3LP, is planning to be active from here as VU7/VU3RWO between January 15-25th. Activity will be mainly CW and SSB, with limited RTTY. He will use 2 SteppIR beams with 2 amps. No other details were provided. Stay tuned!
>
> XX9, MACAO. Hide, JM1LJS, will be here between August 10-16th. He is trying to renew his XX9TJS license. He states that his activity will start around 0700z on August 11th. QSL XX9TJS via JM1LJS.
>
> YI, IRAQ (Update/Correction). Carlos, N4THW, informs OPDX that he is currently in Fallujah and should be back in Al Asad around July 20th. He reports that he received an E-mail from Baghdad, and his license is being processed, and he should have it about the same time he is back from Fallujah. We misunderstood Carlos last week about his stay in Iraq. He has been in Iraq for four months already on a military air base. However, he expects to be in Iraq for the next 8 months until his contract expires. Stay tuned.

Had a QSO w/ this station during the IARU Contest. Gave his zone as 29 although OY is the Faroe Islands; which is 18. Ant help would be appreciated. Tnx.

OY9R, Otto, has zone 14 on his cards. Map shows zone 14. Maybe
Andre was giving you a contact numjber?

Win, w0lz.

Although openings can occur just about anytime, May, June, and July are big openings for sporadic E propagation
See URL:
http://home.swbell.net/pjdyer/cq/cq7208a.htm

One can work all 50 US Staes during these seasonal openings - A vertical and 100 Watts will do ya

It is starting up for this season. Have fun

Doug,

This counts for DXCC. Was reported in the ARRL letter some time ago.

The actual transmitter is in Iraq.   No matter where the operator is...KH7R
is another remote control example
often run from W7 in contests.

73 Dave K4JRB

SB DX @ WW < KB8NW $OPDX.760
Ohio/Penn DX Bulletin No. 760

The Ohio/Penn DX PacketCluster
DX Bulletin No. 760
BID: $OPDX.760
May 29, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K5RC, W5BOS, K8YSE, K0JGH, DL1EK & The DX News Letter, EA8AUW/EC8AUA, F5NQL & UFT, GW0ANA, HA5X, HA0HW, I1JQJ/IK1ADH & 425 DX News, IZ5DIY, JI6KVR & JA IOTA News, LA0VDA, M5AAV, OH2BH, PA7FM, TA2RX, VA3RJ & ICPO, and VK4FW for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Saturday, 20th/May, through Saturday, 27th/May there were 218 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 4J, 4L, 4S, 4W, 4X, 5B, 5H, 5N, 5R, 5T, 5U, 5V, 5X, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8Q, 8R, 9A, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FP, FR, FY, G, GD, GI, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J3, J5, J6, JA, JD/o, JT, JW, JX, JY, K, KG4, KH0, KH2, KH5, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TJ, TK, TN, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V8, VE, VK, VK9L, VK9N, VP2M, VP2V, VP5, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW, XX9, YA, YB, YI, YL, YN, YO, YS, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

4L, GEORGIA. Operator Vaho, 4L8A, will be active in the CQ WW WPX CW Contest (May 27-28th) as a Single-Op/Single-Band (20m) entry. QSL via DJ1CW.

4W, TIMOR-LESTE. Michael, PA5M, is now active as 4W6AAB until June 2nd. Activity will be limited to his spare time. QSL via PA7FM. For more details and an online log, visit the following Web site at: http://www.4w.pa7fm.nl
LAST MINUTE UPDATE: QSL Manager Dennis, PA7FM, informs OPDX that Michael, 4W6AAB, had to go QRT May 27th. Michael has been evacuated from Timor Leste due to recent safety problems after just 5 days at work there (WFP - UN World Food Program). There might be a return in the future.... time will tell. 4W6AAB made some 400 QSOs. QSLs will be printed soon.

5B, CYPRUS. Jack, RW3QC, will be active as 5B/NN3AA during the CQ WW WPX CW Contest (May 27-28th) as a Single-Op/All-Band entry. QSL via RW3RN.

7W, ALGERIA. Operators Rastislav/OM3BH, Jozef/OM3GI, Jozef/OM3NA, Tibor/OM3RM and Frantisek/7X0RY will be active as 7W2OM in the CQ WW WPX CW Contest (May 27-28th) as a Multi-Single entry. QSL route was not provided. Some of the team will be active until May 30th.

8R, GUYANA. Craig, AH8DX, will be active as 8R1EA during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/All-Band entry. Look for RTTY activity before and after the contest. QSL via AH8DX.

AM8, CANARY ISLANDS. Operator Valery, RD3AF, will be active as AM8EW during the CQ WW WPX CW Contest (May 27-28th) as a Single-Op/All-Band/High-Power entry. QSL via RD3AF.

B1, CHINA. A group from Texas is going to be active with members of the Chinese Radio Sports Association from their club station "B1Z" during the 2006 CQWW SSB Contest. Hopefully more details will be forthcoming.

CQ HALL OF FAME.............

At the Dayton DX Dinner Banquet on Friday, May 19th, Ralph Fedor, K0IR, and Don Greenbaum, N1DG, were inducted into the CQ DX Hall of Fame.

At the Dayton Contest Dinner Banquet on Saturday, May 20th, Tim Duffy, K3LR, and Bill Fisher, W4AN (SK), were inducted into the CQ Contest Hall of Fame.

OPDX InterNet Subscribers will receive a special bulletin (with the complete press release) sent out by Richard Moseson, W2VU, Editor of CQ Amateur Radio, listing all the 2006 inductees to the CQ Hall of Fame and their achievements.

CU2, AZORES. Pertti, OH2PM, will be active as CU2A during the CQ WW WPX CW Contest (May 27-28th) as an All-Bands entry. QSL via OH2BH.

DXCC NEWS....................

Looks like a new DXCC entity is on the horizon. Montenegrins voted last week to end its union with Serbia. It would appear that Montenegro will probably be added to the DXCC List as a new entity. Stay tuned for more details.

Bill Moore, NC1L, ARRL DXCC Branch Manager, informs OPDX that the following operations are approved for DXCC credit:

4W6AAB - Timor-Leste; Current operation effective May 22, 2006
6O0M - Somalia; Operation from April 7-24th, 2006
A6/OD5TX - United Arab Emirates; Operation from October 5th through November 5th, 2005
HN0Z - Iraq; Operation March 27-28th, 2004
Operation May 29-30th, 2004
J5DOT - Guinea-Bissau; Operation from April 25th through May 5th, 2006

S01R - Western Sahara; Operation from April 11-21st, 2006
TT8WL - Chad; November 19th, 1996 through March 8th, 1997
YI9HU - Iraq; Operation from May 18th through June 5th, 2005
YI9NS - Iraq; Operation from January 5th through March 28th, 2006
ZV0F - Fernando de Noronha; Operation from March 30th through April 4th, 2006

DXCC FEES GOING UP! The ARRL DXCC Desk has announced DXCC program fees will rise slightly when a new awards fee schedule goes into effect July 1st. The fee for a basic DXCC application (including certificate and pin for initial applications only, 120 QSO maximum) and for first endorsement applications within a year will increase to $12 for ARRL members and to $22 for foreign nonmembers. Second and subsequent endorsements (120 QSO maximum) within a year will be $22 for ARRL members and $32 for foreign nonmembers. The $10 fee for a basic DXCC application (120-credit maximum) was established in 1990, and the current overall fee schedule has been in effect since 1998.

E51, COOK ISLANDS. Victor, ZK1CG/ZK1USA, reports that as of June 1st, (2006), the ZK1 prefix will change to a new prefix, E51. He will try and be on June 1st with his new callsign E51CG and later with E51USA from South Cooks.

ED8/EF8, CANARY ISLANDS. Operators EA8RA, EA8AVK, EA8AMY, EC8AUZ, EC8ADW, EC8ADS, EC8AUA/EA8AUW and possibly others will be active as ED8CID and EF8CID in commemoration of "Canary Islands Day" (May 30th). This activity began on May 26th and will end May 30th. Activity will be on 80-10 meters, SSB, CW, RTTY and PSK31. QSL via the Bureau to EA8AUW.

FS, SAINT MARTIN. Craig, AH8DX, will be active as FS/AH8DX during the CQWW CW Contest (November 25-26th) as a Single-Op/All-Band entry. Look for RTTY activity before and after the contest. QSL via AH8DX.

HA, HUNGARY (New Changes). Chris, HA5X, informs OPDX that "Effective May 25th, 2006, amateur radio regulations in Hungary have changed significantly, in many respects breaking with age-long traditions."

Key changes that also affect the international HAM community are as follows:

- ECC REC (05)06 on the "CEPT Novice Licence" is implemented. Foreign visitors holding a "CEPT Novice Licence" can now work in Hungary using HA/home call. The CEPT Novice licence grants access to 160m, 80m, 40m, 15m, 10m, 2m, 70cm and 23cm bands with reduced power levels. Please look up rules before operating!

- Morse-code is no longer a requirement, VHF licencees can start using HF bands without changing their HG callsigns. A 6 WPM Morse proficiency exam is still necessary to make CW QSOs, unless the CW QSO is between two computers.

- Geographic call area numbers no longer exist in callsigns.

- Callsign rules are simplified, thus allowing for a wider choice of possibilities.

- A new, simplified entry level exam and licence will be introduced for youngsters and seniors later this year.

- Earlier licence levels are consolidated into two: "CEPT Novice" and "CEPT". All existing licencees get more privileges with this change.

IOTA NEWS...........................

AS-008. Operators JM1VQJ, JO1IRO and JF1IZM will be active as homecall/1 from To Island (JIIA AS-008-013), JA1 North Izu Group, from June 2-5th. QSL via their home callsigns, direct or by the bureau.

EU-020. Bernd, DL8AAV, will be active as SD1B from Gotland (SM1 and WLOTA LH 2969), now through June 5th. QSL via DL8AAV (100% via the bureau).

EU-028. Operators Veronica/IZ5HSW, Roberto/IW5CZU and Silvio/IZ5DIY will be active as IA5/homecall from the Island of Rats (IIA LI-012 and MIA: MI-150), May 27-28th. Activity will be on 40-10 meters. They will try to have two stations on the air.

EU-113. Operators Sotirios/SV1HER, Theodor/SV1GRM and Likourgos/SW1GZL will be active as SY8V from Kythira (Gerico) Island (MIA: MG-062). Activity will be from the north edge of the island from Moudari/Spathi Lighthouse (WLOTA: L-1703, ARLHS: GRE-120, WLH: SV-084) until May 28th. The team will then move to Antikythira Island (MIA: MG-014), and be active between June 2-3rd. Activity will be from the south edge of the island from Apolytares Lighthouse (WLOTA: L-0298, ARLHS: GRE-040, WLH: SV-011). QSL Manager for both operations is SV1HER.

EU-124. Glyn, GW0ANA, informs OPDX that he will be mounting a small trip to Flatholm Island, June 3rd and 4th. He will be involved in a TV documentary on Marconi. So, he will be going live, calling CQ from Flatholm Island during the filming of the documentary on "Ham Radio". Glyn states, "So if you guys would care to call me it would be most helpfull for the documentary." His callsign on the island will be GW4BRS/P. QSL via GW0ANA.

EU-174. Operators Laci/HA0HW, Tomi/HA4DX and Ivan (Johny)/LZ1PJ will be going to Skala Rachoni (KN20HS), Thassos Island, Greece, starting on May 27th and finishing on June 5th. Activity will be on HF and 6 meters, with operations on CW, SSB, RTTY and PSK31. Their callsigns (w/QSL routes) are as follows:
J48HW and SV8/HA0HW via HA0HW; by the Bureau or direct (QRZ.com)
J48DX and SV8/HA4DX via HA4DX; by the Bureau or direct (QRZ.com)
J48PJ and SV8/LZ1PJ via LZ1PJ; by the Bureau or direct (QRZ.com)
They will be using a FT-840, IC-706 and TS-450 SAT with several DunaX Gp and dipole antennas with 100w output.

NA-NEW. Lanny, W5BOS, will attempt to activate two new IOTA islands in Alaska, August 16-22nd. He will activate the following:

1. Coastal Groups (o) Southern Alaska Peninsula Centre (NA238/pr) using the callsign W5BOS/AL0.
2. Coastal Groups (p) Southern Alaska Peninsula East (NA237/pr) using the callsign W5BOS/NL0.

The Fish & Wildlife Service advises, "This is a very remote and storm swept part of the world". These islands are very difficult to land on. Weather will be a major factor. QSL via N6AWD.

NA-144. Operators Terry/W6WTG, Larry/KF6JOQ and Mark/KG6ZBL will be active from Santa Cruz Island (USI CA-012S, Santa Barbara County, California), between June 9-11th. They will be using the special callsign W6C. Activity will be on 14260 kHz (+/-), 50.130 MHz (+/-) and also 144.210 MHz SSB. QSL via N2OWL. More information is available at: http://www.w6wtg.com

OC-270. Kardi, YB1TC, and a team of operators from the YE7P operation are planning to operate as YE6P from Simeulue Island between now and May 29th. QSL via YB1TC, direct preferred, bureau ok.

KH5, PALMYRA ISLAND. Mike, KH6ND, will be active as KH6ND/KH5 during the CQ WW WPX CW Contest (May 27-28th) as a Single-Op/Single-Band (40m)/High-Power entry. QSL via K2PF.

OH0, ALAND ISLANDS. Phil, N6ZZ, will be active as OH0ZZ for the CQ WPX Contest. He will be accompanied by OH2BH (OH0B) and OH2MM (OH0E), and they can be found on WARC bands. QSL OH0ZZ via N6ZZ.

OY, FAROE ISLANDS. Operators Wim/PA2AM, Steve/PA2A, Hans/PAOVHA and Martin/PA2VMA will be on a holiday trip to Eysturoy, Faroe Islands (EU-018) between May 29th and June 8th. Look for them to be signing OY/homecall. Activity will be on all bands, CW, SSB, PSK31 and RTTY. QSL all callsigns direct to PA0VHA (QRZ.com). Further information can be found at: http://www.pi4cc.nl/personal/pa0vha/index.htm

P4, ARUBA. Andy, AE6Y, will be active as P49Y in the CQ WW WPX CW Contest (May 27-28th) as a Single-Op/All-Band entry. QSL via AE6Y.

PJ2, NETHERLANDS ANTILLES. Members of the Caribbean Contesting Consortium (CCC) will activate Signal Point Station on Curacao. Operators Marty/W1MD, Scott/W4PA, Helmut/DF7ZS, Steve/N8BJQ and Geoff/W0CG will be active as PJ2T during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry (or possibly a Multi-2; if the team increases). QSL via N9AG.

PJ2, NETHERLANDS ANTILLES. Jim, WI9WI, will be active as PJ2T from Signal Point Station on Curacao during the CQ WW WPX CW Contest (May 27-28th) as a Single-Op/High-Power entry. QSL via N9AG.

PJ4, NETHERLANDS ANTILLES. Look for Glen, K0JGH, to be active as PJ4/K0JGH from Bonaire, May 31st to June 8th. He will be there with his XYL Pamela, N0ICF. Glen will operate SSB, CW and RTTY on a casual schedule. QSL via his home callsign K0JGH.

PW5/PT5, BRAZIL (WRTC2006 News). Atilano, PY5EG, from the WRTC2006 Steering Committee, reports that ANATEL (AG�NCIA NACIONAL DE TELECOMUNICA��ES, their Telecom National Governmental Authority) has approved the allocation of special callsigns to be officially used by the teams during the WRTC2006 next July 2006. The callsigns approved are: PW5A to PW5Z and PT5A to PT5Z. Accordingly, by the rules, the process to assign the stations will be by a lottery the Friday prior to the contest. The callsigns will be given to the teams at the station before the contest.

QSL INFO AND NEWS....................

Graham, M5AAV, informs OPDX that effective immediately he is now the QSL Manager for 9M6XRO. This is the new callsign of John, 9M6/G3OOK.

Trond, LA9VDA, informs OPDX that he is the QSL Manager for LA3Z and LN3Z.

SPECIAL EVENT. The Texas DX Society (TDXS) and friends will be celebrating the 20th anniversary of the "Great Armadillo Run of 1986" with special event station K7A. The operation and reunion will be held in Virginia City, Nevada (Storey County), at the QTH of K5RC. Operations will be over the Field Day weekend, June 24-25th. From 1983 through 1985, TDXS sponsored "Armadillo Runs" which, over three years, activated every county in the 5th call area. In 1986, they celebrated the Texas Sesquicentennial by sponsoring the Great Armadillo Run of 1986, where they attempted to activate every county in the USA over two weekends. See the story in April's 1986 QST and CQ Magazines. They also created and activated "Armadillo County, Texas", during the Sesquicentennial celebration, which is now a deleted county. Twenty years later, over 50 of the participants, friends and supporters are gathering at the K5RC Ranch to commemorate the event and operate K7A during Field Day. QSL via W7RN. For details, visit the Web page at: http://www.consultpr.com/Armadillo.htm

SPECIAL EVENT. Bekir, TA2RX, will be running a special event station with the callsign TC150HP, between May 30th and June 30th. Activity is to celebrate the 150th anniversary of the Turkish railways and the 100th anniversary of Haydar Pasha train station. Operating frequencies will be mainly 40/20 meters SSB. However, he will try to give the other bands a try too. Bekir states, "I expect to operate mainly after 1400z, until I get tired or XYL starts shouting on the phone, whichever is earlier ;-) However, don't expect me to run the station each and everyday. This station, hopefully, will be part of a Turkish Railways award, details of which to be announced later."

SV9, CRETE. Dale, G3VMK, will be active as SV9/G3VMK from now until June 2nd. He will concentrate on 30/20/17 meters CW only. Reference numbers for this operation are: EU-015, MIA MGC-005 and WLOTA LH-1400. QSL via his home callsign, direct or by the bureau.

TK, CORSICA. Gerry, IZ1DSH, will be active as TK/IZ1DSH from Porto Vecchio, August 3-15th. Activity will be on 40/20 meters SSB. QSL via his home callsign by the ARI Bureau.

VI9, NORFOLK ISLAND. The VI9NI team is now up and active until June 21st. A press release by Bill Horner, VK4FW, states that there have been major problems with gail force winds since their arrival. However, all operators are in good health, and they do have up all the antennas. Bill also mentions that their InterNet connection there has failed them on at least 50 times. They hope to change things there to improve access/connection. He asks that no one bothers to send them E-mails at this time. For more details, visit the follwoing Web page at: http://odxg.org/expedition.html

VK4, AUSTRALIA. Csaba, HA3LN, will active as VK4ADF during the CQ WW WPX CW Contest (May 27-28th). QSL via his home callsign.

WH0, MARIANA ISLANDS. Operator JP1JFG and others will be active as WH0W from Northen Mariana during the CQ WW WPX CW Contest (May 27-28th) as a Multi-Single entry. QSL via JP1JFG, not KH0 address.

ZC4, UK SOVEREIGN BASE AREAS ON CYPRUS. Griff, G0OAB, is planning to be active as ZC4DG between May 27-31st. QSL via his home callsign.

ZF, CAYMAN ISLANDS. Terry/N6CW and John/K6AM have been active the past week as ZF2AM and ZF2BU, respectively. The two operators will end their activity with a Multi-Single entry in the CQ WW WPX CW Contest (May 27-28th) as ZF1A. QSL via W5ASP, direct, the W5 bureau or LoTW.
QSL ZF2AM via K6AM, direct, W6 bureau or LoTW. QSL ZF2BU via N6CW, direct or the W6 bureau.

ZF, CAYMAN ISLANDS. Jim, W4JO, and his 13-year-old son Mike, K4MBO, will be active as ZF2JO and ZF2MO, respectively, between May 26th and June 2nd. QSL ZF2MO via K4MBO, and ZF2JO via W4YCH.

EMBARGOED FOR RELEASE: Saturday, May 20, 2006

CQ Announces Hall of Fame Inductees for 2006

(Dayton, Ohio - May 20, 2006) -- CQ Amateur Radio magazine today announced this year�s inductees into the CQ Amateur Radio Hall of Fame and the CQ Contest Hall of Fame. There are 21 inductees into the Amateur Radio Hall of Fame and two new members each of the DX Hall of Fame and the Contest Hall of Fame.

CQ Amateur Radio Hall of Fame
The CQ Amateur Radio Hall of Fame honors individuals who: 1) Whether licensed hams or not, who have made significant contributions to amateur radio; and/or 2) As licensed amateurs, have made significant contributions either to amateur radio, to their professional careers or to some other aspect of life on our planet. This year's inductees are, in alphabetical order:

Bell, Art, W6OBB � Syndicated radio talk show host, regularly promotes ham radio in his broadcasts.

Burdine, Walt, W8ZCV � Former CQ Novice editor (1955-57, 1962-66); �elmered� thousands of new hams.

Cossiga, Francesco, I0FCG - former President of Italy.

Cushman, Les, W1BX � Founder, Cushcraft Antennas.

Dorhoffer, Alan, K2EEK � Editor, CQ, 1976-1999.

England, Tony, W0ORE � Second ham to operate from space.

Ensor, Marshall, W9BSP � Helped track down German �Wolf Pack� submarines during WWII by refining radio direction-finding (RDF) techniques; taught code and theory to thousands of future hams via nightly �radio by radio� course over the air, 1929-1939.

Evans, Clif, K6BX � Inspired sub-hobby of certificate-chasing; founded Certificate Hunters� Club (CHC) and developed the USA Counties Award with CQ magazine.

Fessenden, Reginald, VP9F � Father of radiotelephony; 2006 marks the centennial of the first wireless voice broadcasts.

Hulse, Russell A., ex-WB2LAV � shared 1993 Nobel Prize in Physics with Joe Taylor, K1JT (inducted 2001), for discovery of binary pulsars.

Johnson, Edgar F., 9ALD � Founder, E.F. Johnson Co., major manufacturer of ham equipment in 1950s and 60s.

Kaul, Alan, W6RCL � Producer, NBC Nightly News; has covered many of the major news stories of the past 25 years; longtime contributor to amateur radio promotional videos.

Koerner, Wolfram �Felix,� DL1CU � Major player in rebirth of amateur radio in Germany after World War II; co-founder, DARC; first Editor & Publisher, DL-CQ magazine; later Editor & Publisher, independent QRV magazine.

Prasad, Bharathi, VU2RBI � Organized and coordinated Andaman Islands DXpedition in 2004 that turned into massive emergency communications effort in the wake of the Indian Ocean tsunami.

Reeves, Hazard �Buzz,� K2GL � Founder, Reeves Soundcraft, one of the major manufacturers of magnetic recording tape for many years; President, Cinerama; developed method of affixing strip of magnetic oxide to movie film, making it possible to record pictures and sound simultaneously on one piece of film. (Best known in ham radio as a major contester, 1st inductee into CQ Contest Hall of Fame, 1986).

Rogers, Glynn �Buck,� K4ABT � Former CQ Packet Editor, helped popularize packet radio, packet networking and amateur radio digital communications.

Rutan, Dick, KB6LQS � Aviation pioneer; completed first non-stop, non-refueled flight around the world aboard �Voyager� in 1986.

Sando, Louisa B., W5RZJ � Longtime CQ YL Editor and proponent of women's involvement in amateur radio; also wife/widow of Clinton B. DeSoto, W1CBD (inducted 2001).

Spenceley, Dick, KV4AA � CQ DX Editor, 1952-57, provided first DX contact for thousands of hams from his station in the U.S. Virgin Islands.

Sterman, Terry, W9DIA � Founder, Amateur Electronic Supply.

Trossman, Arne, W2DTJ � Former CQ Editor, helped develop Cosmophone, early amateur SSB transceiver.

CQ DX Hall of Fame

There are two new inductees this year into the CQ DX Hall of Fame:

Ralph Fedor, K0IR, has been a driving force behind every recent major DXpedition to the Antarctic region, including VP8SSI, VK0IR, 3Y0PI and this year's 3Y0X.

Donald Greenbaum, N1DG (and previously WB2DND), is one of those "behind the scenes" people who help the DXing hobby in a variety of ways. As an executive of Commodore Computers in the 1980s, he helped bring computers into amateur radio. He also wrote one of the first popular logging programs, WB2DND Log Data Base, and has developed websites or served as webmaster for several major DXpeditions.

CQ Contest Hall of Fame

The CQ Contest Hall of Fame inducts two new members this year as well:

Tim Duffy, K3LR, regularly hosts many visiting operators at his contest "superstation" in western Pennsylvania. In addition, he was moderator of the Dayton Contesting Forum from 1980 through 1990, and has been moderator of the Dayton Antenna Forum from 1980 to the present. Tim is also the founder and host of the Dayton Contest Dinner, a member of the CQ Contest Committee and a regular competitor in the World Radio Team Championships (WRTC).

William Fisher, W4AN (SK), helped make the internet an integral part of ham radio, and of contesting in particular, as co-founder of both contesting.com - the premier contesting website - and e-ham.net, one of the major off-air gathering places for hams to exchange news and views on a variety of topics. Bill provided space at no charge for those sites, and many other ham-related websites, on his network of web servers. Bill also helped develop software for remotely controlling a ham station via the internet.

CQ DX and Contest Hall of Fame inductees were announced at the respective DX and Contest dinners in Dayton.

I don't have any 6 meter equipment handy here, but I noticed out of
town low VHF TV reception. Namely Philly channels 3 and 6 up here in
Bergen County NJ (at the northeast corner of NJ). So there is likely a
6 meter band opening right now in the Northeast USA Tuesday night..

Radio TexMex wrote:

> I don't have 6 meter capability yet but look forward to it.

If you have a TV connected to an outdoor rooftop antenna, see if you get any DX out of town channels channels 2 thru 6. As we all know TV ch 2 is just above 6M. A DX ch2 or 3 can serve as a beacon of sorts for 6M band openings.

hi,

most of the time, no but that just makes it more of a challenge to get contacts.

if you want DX, you'll need horizontal polarized antenna for ssb/cw
and vertical polarization for FM.

Sure, you can use vertical for ssb/cw BUT you loose 20db from polarization error.

Higher is better !

here is link for you

http://6mt.com/

good luck on 6 !

Six meters tends to be seasonal for sporadic E skip and June and July are big months. Listen in or check the packet clusters and the six meter beacons.

RE: Vertical vs Horizontal antennas. For line of sight communications, cross polarization attenuation is very apparent. Generally use vertical antennas for repeaters and horizontal for SSB and CW.

However if you are working skywave, during the height of the solar cycle, F2 skip will give tremendous distances and experts will advise that the polarization of the wave can be skewed many times, so the polarization of the antenna is not all that important. .But consensus is - 6M DXers prefer horizontal antennas. Since we are approaching the bottom of the solar cycle - forget about 6M F layer skip for another 5 or 6 years. But sporacic E skip is somewhat independant of the solar cycle

For sporadic E skip, there is some evidence that the wave tends to maintain its polarization for single hop.

But don't let that deter you from using a vertical antenna if that is all you can manage. You will work out to 1200 miles or so on single hop sporadic E and 2000 miles + on multi-hop.

From California, with a vertical antenna (10 feet above ground) and 100 Watts, I have worked 49 states including Hawaii and Alaska, several Caribbean stations and over 200 grid squares. No biggie, but it takes time and vigilance. The band can be open one day and totally dead the next day.

And six meter band privileges are open to all license classes except Novice.

That's too bad...

Part of why I like DXing is the connection between people a long distance apart... it just doesn't seem the same if it's got to go all the way over fiber too..

It's pretty cool technology though.   I suppose it should count for DXCC, especially if it lets more people get some of the rare ones.

I wonder what the status of doing something like the previous poster suggested and dropping a remote station on Scarborough would be... weatherproof shell, Iridium data link... tidal power generation.... stick a BiggIR vertical on top and some trailing wires down into the water and it could easily QSY.... it'd be like having a resident operator.

Not as cool as contacting some crazy guys and gals actually sitting in the middle of nowhere on a little rock, I think.

The only issue with APRSPoint is that support and upgrades are sorely lacking. The Yahoo group he runs is censored so that any suggestions or criticisms of his product are not posted. He needs to really upgrade this program. It is one of the most expensive and also has the least amount of features. Nice start, but the author needs to really spend some time getting this program up to where all the other APRS programs are in functionality.

I could hear N4CC in Florida clearly here in Everett Washington (North
of Seattle)but alas he could not hear me.  He did work a local with a
better antenna than I though.

I have just a dipole up that I load with a Tuner.

Scotty W7PSK.

Ohio/Penn DX Bulletin No. 761

The Ohio/Penn DX PacketCluster
DX Bulletin No. 761
BID: $OPDX.761
June 5, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, K3BZ, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K8CX, K8YSE, 4Z4DX, DL1EK & The DX News Letter, F5NQL & UFT, F6AJA & Les Nouvelles DX, HB9CRV, I1JQJ/IK1ADH & 425 DX News, JA1BK, JA1ELY, JI6KVR & JA IOTA News, MDXC, ON4AW, PS7AB, SU1SK, TA3YJ, VA3RJ & ICPO, VK9NS and YT6A for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 28th/May, through Sunday, 4th/June there were 215 countries active. Countries available: 3A, 3B8, 3V, 3W, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5X, 5Z, 6W, 6Y, 7O, 7P, 7Q, 7X, 8P, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9X, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C2, C3, C5, C6, C9, CE, CM, CN, CP, CT, CT3, CU, CX, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J5, J6, J7, J8, JA, JD/o, JT, JW, JX, K, KG4, KH0, KH2, KH5, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, S5, S7, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T7, T9, TA, TF, TG, TI, TJ, TK, TL, TN, TR, TT, TU, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V6, V7, V8, VE, VK, VK9N, VP2M, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW, XX9, YA, YB, YI, YJ, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD8, ZF, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

7Q, MALAWI. Look for Bill, KC4D, to be active as 7Q7WW this week. He is expected to be there June 5th and will leave the 23rd. He will be on missionary trip to Embangweni in the northern part of the country. Bill is expected to concentrate on the low bands and to operate mostly CW during his evening and morning hours. QSL via KC4D.

9N, NEPAL (Also XU). Because of the political situation in Nepal, Toshi, JA8BMK, had to cancelled his 9N DXpedition in late April. However, the situation has gotten better, and Toshi has decided to try again. Toshi, JA8BMK, will be staying at Katmandu, Nepal, for a holiday between June 11-18th. He hopes to be active as 9N7WW Activity will be mostly on 40-10 meters SSB. He will bring a 2 element beam for 40m. After his 9N7WW operation, Toshi will be active from Cambodia as XU7BMK between June 20-21st. QSL via JA8UWT (yl): Kimiko Saitoh, 4-16-2-22 Kamui, Asahikawa, 070-8014 JAPAN.

A7, QATAR. Operators Juma/A71EM, Ali/A71BX and possibly others will be active as A72OO6 (Alfa Seventy Two Oscar Oscar Six) to commemorate the 15th Asian Games 2006 to be held in Doha, Qatar. The special callsign will be activated between now and July 31st. Activity will be on all bands and modes. The special event station was heard this past weekend on 20/15 meters SSB and 17/10 meters CW. QSL via EA7FTR.

CU8, AZORES (Update/Correction). The Portugese DX Group (GPDX) is proud to announce another IOTA and Lighthouse Azores DXpedition. Activity will be from Flores Island (IOTA EU-089) during the IOTA Contest (July 29-30th) as CU8T and as a Multi-Single entry. QSL via CT1GFK (the Bureau is OK). Outside of the contest (July 29th-August 8th), the group will be active as CU8F from Farol do Albarnaz Lighthouse. Also, QSL via CT1GFK (the Bureau is OK). The team of operators are: CT1AGF, CT1EPV, CU2HJA, DJ2VO, DF6QV, DL3MK, F6HMJ, G3KHZ, HB9CRV/CT3FN, HB9FMU and VA2AM. Activity will be on 160-6 meters, CW, SSB, RTTY and PSK31. The following are reference numbers: WLOTA LH-0947, ARLHS (Ilha das Flores) AZO-016, DFP - FAZ 02, DIP AZ-008 (Portuguese Islands Award) and Grid Locator HM49JM. A beacon will be operated on 50.113 MHz with CU8F as callsign. More information can be found at: http://www.to-mk.com/azores/

DAYTON PHOTOS. Once again Tom, K8CX, has announced for DXers/Contesters to visit his famous Photo Web site and see the "Dayton 2006 Photo Gallery" at: http://hamgallery.com/dayton2006/
This year's gallery has 214 photos.

E5, NORTH/SOUTH COOK ISLANDS. It seems that the new prefix for the Cook Islands did not happen just yet. According to Bernie, W3UR, Editor of "The Daily DX": Jim Ditchburn, ZK1JD, confirms that no written notification was received from Cook authorities. He checked with the governing body and was "advised that no decision had been made on prefixes and that the changeover date was likely to be 1 July."

FO, FRENCH POLYNESIA. Alain, FO5RH, will be active again from Tatakoto in the Tuamotu Island (OC-066) group from June 6th to July 25th.

HH, HAITI (Update). Glauber, PS7EB, is now active as HH/PS7EB until November 25th. Activity will be on 80-10 meters, SSB, RTTY and CW (QRS), during the free hours of his work as a member of the Brazilian Army in the Peace Force of UN - MINUSTAH. He was heard on 20 meters SSB this past week after 1930z on various frequncies. QSL via the bureau or direct (w/SASE/SAE + 1 IRC or 1 USD) to: Glauber Fernandes, PO Box 251, 59010-970, Natal-RN, Brazil. More info and a picture is available at:
http://www.labre-rn.org.br

INTERESTING WEB PAGE TO VISIT. Willy, ON4AW, informs OPDX that at the beginning of this year 2006, he has been licenced for 52 years as a Radio Amateur. He succeeded in passing the exams in 1954. He has collected some interesting QSLs, photos of 4U1ITU and from ON4UB at the International Exhibition (1958) in Brussels. Please visit his Web page at:
http://blog.seniorennet.be/paintinghistory/archief.php?ID=40
If clicking on the Morse key (image) at the upper left of the page, you will go to a different link which will provide a lot of radio-amateur information (in English), photos of older radio-amateur receivers and transmitters, and hundreds of quite rare QSL cards.

IOTA NEWS..................

AF-019. Members of the Mediterraneo DX Club (MDXC), Gianni/IZ8CGS and Maurizio/IZ8GBH will be active as IG9Z from Lampedusa Island (MIA MI-126 and IIA AG-001), between June 26th and July 2nd. QSL via IZ8GBH: Maurizio Migliaccio, P.O.BOX 47, 80018 - MUGNANO DI NAPOLI, ITALY. For more info, visit the Web page at: http://www.mdxc.org/ig9z

AF-078. Didier, F6ELE, he will be active as 6W2/F6ELE from Carabane Island between June 9-15th (for 3-4 days). Activity will be on 40/20/15 meters. QSL via F6ELE: Didier Bas,
11 Rue des Petites Maisons, F-17230 St. Ouen D'Aunis, FRANCE.

AF-099. Said, SU1SK, will once again activate the rare IOTA White Rock (Norus) Island in the Matruh Region Group, in the Mediterranean Sea, between June 20th and July 1st. He will be using the special callsign SU8IOTA. White Rock Island was added as a qualifying island for the Matruh Region group in the IOTA Directory on August 30th, 2005. Said will use a Kenwood TS-440s with dipole antenna (Inverted Vee) and will be active on 20/17/15 meters SSB; maybe CW for the first time! He also states that camping on the White Rock Island is not easy and to look for him during the early mornings (at first light). He must go QRT and leave before sunset. More information, updated news and photos will be available at the following Web pages:
http://www.qrz.com/su8iota
http://www.qsl.net/su1sk/page2.htm

Said thanks everybody who contacted or tried to contact SU8IOTA during the DXpedition in 2005. QSL ONLY DIRECT to: Said Kamel, P.O. Box 190, New Ramsis Center, Cairo 11794 EGYPT.

AS-147. Satake/JJ8NNR and possibly others will be active as homecall/8 from Rishiri Island (JIIA AS-147-007), JA8 Hokkaido Coastal Island Group, July 15-16th. QSL to their home callsigns, direct or by the bureau.

EU-059. Gordon, G3USR, will be active as GM3USR/p from St. Kilda (IOSA OL02 and SCOTIA DI23), June 24th to July 6th. His activity will be limited since he is there visiting St. Kilda as part of a National Trust for Scotland working party. He will operate only SSB on 40/20 meters. There is a possibility of some 6 meters. QSL via G3USR (QRZ.com).

EU-124. Twelve members of the Grantham ARC will be active as GW0GRC (or possibly GB0SK) from Skokholm Island, August 26-29th. Bands/modes of operations were not provided. QSLs will be sent out automatically, or you may QSL direct to G0RCI.

EU-175. Operators Manuel/CT1BWW, Juan/EA2RC and Joan/EA3GHZ will activate three islands from this island group during the month of July. Look for CU7X to be active from Faial Island, July 10-16th. Look for CU6X to be active from Pico Island (LH 1321), July 17-21st. Look for CU5X to be active from S. Jorge Island, July 21-25th. Activity will be on 160-6 meters CW, SSB and RTTY. They plan to have two stations on. QSL via EA3GHZ, direct or by the bureau.

NA-029. Pete, VE3IKV, will be active using the special callsign VF2X from Prince Edward Island (PE-001 for the Canadian Islands Award), July 1-4th. Activity will be on 40 meters CW and 6 meters CW/SSB. QSL via VE3IKV.

NA-038. Pete, VE3IKV, will be active using the special callsign VC2X from the Iles de la Madeleine, July 4-8th. Activity will be on 40 meters CW and 6 meters CW/SSB. QSL via VE3IKV.

NA-144. Operators Terry/W6WTG, Larry/KF6JOQ and Mark/KG6ZBL will be active as W6C from Santa Cruz Island, June 9-11th. Activity will be on 14.260, 50130 and 144.210 MHz. They will be using an Icom 706 and a Yeasu 847, and will be running off of deep cycle marine batteries. QSL via N2OWL: Sharon Godley, 2701 Fordham, Bakersfield, CA, 93305 USA. For more information, visit: http://www.w6wtg.com/

IS0, SARDINIA. Look for Gaetano, IZ8GCB, to be active as IS0/IZ8GCB between now and June 21st. Activity will be on 80/40/20/15 meters CW/SSB. QSL via his home callsign.

JW, SVALBARD. Juergen, DJ3KR, will be active as JW/DJ3KR between now June 18th. Activity will be CW only on the HF bands and 6 meters. He was spotted this past weekend on 30/20/17 meters. Activity was between 1400-1830z. QSL via his home callsign.

ONE STEP CLOSER (To Become a New One!). It was reported today in the newspaper that "Montenegro's parliament declared independence for the tiny Balkan republic Saturday, forming a new European state and dissolving what was left of the former Yugoslavia." It also mentioned that "The declaration says Montenegro's strategic national goal is integration into the European Union and NATO, and the new country will immediately apply for admission into the United Nations and other international organizations." This is good news for DXers. Once Montenegro becomes a UN member or is assigned a prefix block from the ITU, it will be added to the "ARRL DXCC List". The official start date for DXCC purposes should be the date that Montenegro joins the UN or ITU. ADDED NOTE: Ranko, YT6A, announced late Saturday, June 3rd (edited), "As soon as we become new DXCC country, a large international team will activate a DXpedition as inaugural operation from Montenegro. More to come later..."

QSL INFO AND NEWS........................

QSL BV2B/BV50CRA via BV2KI: Bruce Yih, P.O. Box 84-609, Taipei, Taiwan. The special event stations were active to celebrate the 50th anniversary of the CRA from IOTA AS-020.

If you been wondering about were are your QSLs cards from Fran, EA7FTR, (who manages many stations) are, it was reported by Jerry, K3BZ, that QSL Manager Fran, EA7FTR, has been in the hospital recently, but is OK and may be home next week. It was also reported that his son David, EB7AEY/EC7AGG, will be helping with the QSL duties until his father can resume normal activities.

Nilay, TA3YJ, informs OPDX that following QSL cards were sent out
TA3YJ, TA3YJ/0, TA3YJ/3, TA3YJ/3 LH, TA3YJ/4, TA3YJ/4 LH, SV1/TA3YJ,
LZ2/TA3YJ, TA3J, TA3J/0, TA3J/1, TA3J/3, TA3J/3 LH, TA3J/4, TA3J/4 LH,
TA3J/60, HA/TA3J, OE/TA3J, OK/TA3J, SV1/TA3J, LZ1/TA3J, LZ2/TA3J, YM3BU,
YM3ATA, YM3SV, YM75TA, YM21TA, YM3LZ/WPX2000, YM3LZ/WAE2000 and TC2K4J,
to the QSL Bureaus of Armenia , Austria (R), Belarus, Bosnia&Herzegovina, Bulgaria, Colombia, Croatia (R), Czech Republic, Denmark, Estonia, Finland, France (R), Germany (R), Italy, (R - 2 Packet), Greece (R), Hungary, Iceland, Ireland, Israel, Japan, Kazakhstan, Kuwait, Kyrgyzstan, Lithuania, Moldova, Morocco, Norway, Oman, Poland (R), Portugal, Romania, Russia (R), Serbia&Montenegro (R), Slovakia, Slovenia, Spain (R), Tunisia, Turkey, Ukraine and United Kingdom, direct on June 3rd.
(R: Registered Mail)

SPECIAL EVENT. Look for special event station, TM7HAM, to be active until June 17th from Longlaville, France. Activity is to celebrate/promote the HamEuro Meeting to be held Sunday, June 11th. QSL via F6KWP. The HAMEURO Web page is: http://f6kwp.free.fr/hamimg2006.htm

SPECIAL EVENTS (Japan).

8J5TOSA - Special event station will be active between now and August 31st, to celebrate the Tosa (240,000-koku) Expo. Tosa is an old name of Kochi Prefecture. A koku is a unit for measuring rice that is about 180 liters, 150 kilograms or 5 bushels, which is enough to feed one person for one year. Activity will be on all bands and modes. QSL via the JARL Bureau.

8J8JTG - Special event station will be active between now and June 18th, to celebrate 2006 Joho Tsushin Gekkan (or Information Telecommunication Month). QSL via the JARL Bureau, or operator's instructions.

8N4OKI - Special event station will be active between now and July 31st to commemorate the opening of the new Oki Airport. Look for activity on all bands, SSB, CW, FM and PSK31. QSL via the JARL Bureau.

SV5, DODECANESE. Dov, 4Z4DX, will be active as SV5/M0DOV and J45DOV from Rhodes Islands, July 15-20th. QSL via 4Z4DX.

SV5, DODECANESE. Ermanno, IK2WZD, is active as SV0XAN/5 from Lipsi Island (EU-001) until July 31st. Activity will be on all modes and bands. He was spotted on 40 meters (7053 kHz at 1555z) this past weekend. QSL via his home callsign.

T61, AGHANISTAN. Ross, EX1UN (4W6UN), who has been in Kyrgyzstan for the previous 2 years, is now in Kabul. He told Kan, JA1BK, that he was issued the first official licence of the Afghan Amateur Service, T61AA, and they will no longer be using the YA prefix. Ross is in Kabul for the Union Nations as a Project Coordinator (Customs Modernization and Trade Facilitation Project). He currenly has just set up a long wire to start operations and will hopefully be improving on antennas and a bit more power. Ross could not bring all of his equipment on deployment. However, he will bring back a FT-100 and/or IC-706 MkIIG when he goes home for a short trip in July.

VI9, NORFOLK ISLAND (A Note From VK9NS). Jim, VK9NS, reports: "As you know Kirsti and myself both applied and were issued two licences for the callsigns VI9NL and VI9NS to be used for the upcoming celebrations on Norfolk Island. HIDXA received a letter yesterday from National Licensing and Allocations Branch - basically saying in part 'it has been brought to our attention' that the ACMA does not usually allow more than one Special Event Licence to one organization for the same event. Which I suppose is a fair comment. We have relinquished the use of VI9NL basically as Kirsti will not be here for the complete month. HIDXA retains the use of VI9NS for the month of June 2005." PLEASE NOTE. June 2006 marks the 150th anniversary of the landing of the people of Pitcairn Island, the decendants of the Bounty Mutineers, on Norfolk Island (IOTA OC-005). Also, the VI9NI team continues to be active until June 21st. There has been plently of activity on the lower bands and the other bands.

VP9, BERMUDA. Jon, N0JK, will be active as VP9/N0JK from June 8-12th. He plans a serious entry in the 2006 ARRL June VHF QSO Party (June 10-12th). Look for him on 50, 144 and 432 MHz. Outside of the contest he will focus on working Europe. QSL via his home callsign (QRZ.com).

ZK1, SOUTH COOK ISLANDS. Look for Hector, EA3EKS, to be active this week
as ZK1EKS from June 8-13th. Activity will be on 20/15/10 meters. Suggested
frquencies are: 14275, 21275 and 28275 kHz. QSL via EA3EKS: Hector Guasch,
P.O. BOX 855, 43080 Tarragona, SPAIN.

Hello!

On 10th July 2006 (local time; 9th July 22:00Z) a regulation change related with Amateur Radio will be effective in Spain. Among other things, it means that the three former license types (EA, EB and EC) will be merged into a unique type with exactly same privileges.

So, please, if you hear an 'uncommon' EB or EC callsign in any amateur radio band don't hesitate to answer.

73 JOSE - EB5AGV / EC5AAU

PS: I hope to work you on the 'new' (for me) bands :-)!

```

Ohio/Penn DX Bulletin No. 762

The Ohio/Penn DX PacketCluster
```

DX Bulletin No. 762
BID: $OPDX.762
June 12, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, ARRL LETTER, K1XN & GoList, NC1L, K2FF, N2OO, K3BZ, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K8YSE, 4Z4DX, CX3AN, DL1EK & The DX News Letter, E21EIC, F5NQL & UFT, EA7FTR, G3SXW, I1JQJ/IK1ADH & 425 DX News, JA1ELY, JI6KVR & JA IOTA News, LU9ESD, OH6NJ, TA3J, VA3RJ & ICPO and GM3WOJ/ZL1CT for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 4th/June, through Sunday, 11th/June there were 217 countries active. Countries available: 1S, 3A, 3B8, 3DA, 3V, 3W, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5V, 5W, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C2, C3, C5, C6, CE, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J5, J6, JA, JD/o, JT, JW, JX, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, S2, S5, S7, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T30, T7, T9, TA, TF, TG, TI, TK, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2M, VP2V, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, XX9, YA, YB, YI, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZK1/s, ZK2, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

2006 WRTC (Attention All IARU Contest Participants - Lottery and Prizes). The World Radiosport Team Championship (WRTC) will be held in Brazil on July 8-9th as a part of the IARU HF Championship Contest. There will be 47 two-man WRTC teams from all around the world that will be on the air. The results of the WRTC 2006 Contest must be ready within 35 hours after the IARU Contest; therefore, they need as many IARU logs as possible and as soon as possible to verify the logs of the WRTC2006 Competitors. Send all IARU logs direct at logs@wrtc2006.com or via iaruhf@iaru.org until they cut-off the reception of the IARU logs at the WRTC2006 Headquarters some time late Sunday/early Monday (UTC). Prizes will be available for participants of the IARU Contest who send their logs within 6 hours after the contest. For more details, please read the 2006 WRTC press release at: http://www.wrtc2006.com/release52.html

9M0, SPRATLY ISLANDS. By the time you read this, Tex, 9M2TO, will be finishing up his 9M0/9M2TO operation from Layang Layang Island, Spratly Islands (AS-051). His activity was expected to take place between 1200z, June 9th and 2200z, June 12th. Tex plans to get all the necessary documentations for this DXpedition. He was expected to be active on all bands, 80-6 meters, including the WARC bands and CW only. QSL via the JARL Bureau to JA0DMV or direct to: Tex Izumo, 2C-10-03 Mutiara Apt, Jalan Sungai Emas, 11100 Batu Ferringhi, Penang Is, Malaysia.

DXCC NEWS...........

Bill Moore, NC1L, ARRL DXCC Branch Manager, reports that the following operation is approved for DXCC credit:

T61AA - Afghanistan; Current operation effective May 23rd, 2006

"MONTENEGRO POISED TO BECOME NEWEST DXCC ENTITY" states this week's ARRL Letter. The Republic of Montenegro, which declared its independence on June 3rd, reportedly has now applied for United Nations membership. This is just one more move to pave the way for the tiny Balkan nation to join the ARRL DXCC list. "Once Montenegro is accepted into the UN or obtains a callsign prefix block, DXers will have a new DXCC entity," says ARRL Membership Services Manager Wayne Mills, N7NG. The ARRL Letter states, "The division of Serbia and Montenegro eliminates what remained of Yugoslavia. Serbia's parliament this week declared Serbia a sovereign nation as heir to the former Serbia-Montenegro union. Assuming that Serbia continues to hold its current seat in the UN, it will remain on the DXCC list as a pre-existing and continuing DXCC entity, Mills explained. A decision on whether to admit Montenegro into the UN must go before the UN Security Council and then to the UN General Assembly." The length of this process is at this time unknown.

E2/HS, THAILAND (WARC Bands - "Permission Imminent"). Tony Waltham, HS0ZDX, Editor of the Bangkok Post Database, reports that the long-awaited permission to operate on the WARC bands (30, 17 and 12 meter bands) is just around the corner, according to John (Narissara), HS1CHB, who told those present at the June 4th Radio Amateur Society of Thailand (RAST) meeting. The National Telecommunications Commission (NTC) has agreed to issue a temporary permission for those radio amateurs in Thailand who notify them of their desire to be active on these bands which also includes permission to operate on the 80 and 160 meter bands. This temporary permission will be valid until the end of the year. The RAST officials said that the yet-to-be-formed National Broadcasting Commission would need to be in place before any permanent spectrum changes could be made. To qualify for this privilege, which includes permission to operate on the 80 and 160 meter bands, amateur radio operators should send a copy of their station licence, their equipment licence and their operator's licence to Maj Narissara Shaowanasai, HS1CHB, Post Office Box 1, Bangkok, 10900, Thailand. They should also submit logs of their operations on these bands to HS1CHB on a monthly basis as the NTC requires that these be submitted as well.

LAST MINUTE UPDATE (Provided by Champ E21EIC): John (Narissara), HS1CHB, who is the RAST liaison officer working on this permission, was informed that the NTC will approve the use of the WARC bands and the low bands during the forthcoming week. Details of the frequencies and modes for both the WARC and the low bands will be posted during the coming week on the RAST Web site at: http://www.qsl.net/rast

FW8, WALLIS AND FUTUNA ISLANDS. Toshi, JA8BMK, will be active as FW8AA from July 15-24th. Operations will be with a TS-480HX w/200w using a 5 band spider beam on CW/SSB only. QSL via JA8UWT.

GJ/MJ, JERSEY. Operator Rich, K2WR, will be active as GJ2A during the RSGB IOTA Contest (July 29-30) as a Single-Op/Mixed/24h entry. Look for operation by Rich 3 days before and 1 day after contest as MJ0AWR. He is taking E-mail for band/mode skeds. His E-mail address is: k2wr@njdxa.org QSL via K2WR (also direct from non-USA to GJ3DVC).

IOTA NEWS......................

AF-032. Dane, S57CQ, will be active as 5H1DN from Zanzibar Island between July 7-14th. Activity will include the IARU HF World Championship (July 8-9th). QSL via S57DX.

AS-008. Operators JL1OVB and 7L3ATQ will be active as homecall/1 from Mikura Island (JIIA AS-008-005), JA1 North Izu Group, June 17-19th. Activity will be on or near the usual IOTA frequencies. QSL via their home callsigns, direct or through the JARL Bureau.

EU-028. Stefano, IZ5FDE, will be active as IA5/IZ5FDE from Elba Island (Isola d'Elba) in the Tuscany Region IOTA Group (IIA LI-001, MIA MI-022, it will also count for WLOTA LH-0609), from August 13-25th. QSL via IZ5FDE, by the bureau or direct to:
Stefano Tiburi, Box 65 - 50068 Rufina FI, Italy. More information can be found at: http://www.geocities.com/iz5fde

EU-064. Once again the members of the Provins ARC (F6KOP) and the Fontainebleau ARS (F8KTH) will be active as TM7C in the IOTA Contest (July 29-30th) as a Multi-Op/Mixed/24hr/Low-Power entry from Noirmoutier Island. Operators mentioned are: Bernard/F9IE, Serge/F6AML, Pascal/F5JSD, John/F5VHQ and Frank/F4AJQ. Look for activities by the operators several days before and after the contest on the WARC bands and VHF (6/2 meters). Modes will be CW, SSB and may be digitals. Team members will sign homecall/p. QSL via F4AJQ.

EU-010. The GM7V contest team (Ops. GM3WOJ, GM4YXI, GM0RLZ and MM0CCC) will be active from the Island of Benbecula (IOSA OH04, Scotia HI08 and WAB NF75) during the RSGB IOTA Contest on July 29-30th. Please QSL via M0CMK (see QRZ.com).

EU-140. Operators OH6HJE, OH6MTG, OH6NJ and OH6UV will be active as OH6AW/5 from Kaunissaari, July 5-10th. Look for activity to be mostly CW and SSB, with some digital mode operations.

EU-189. The June 2006 IOTA DXpedition to Rockall Island has been cancelled due to the lack of financial support. See their Web page for details at: http://www.dxpedition.org/index.php

NA-055. Operators Eric/N8YC, Phil/KG8AP, Brian/K4BRI, Lynn/WD8JAW and possibly others plan to operate as K8SCH from Deer Isle (USI ME-014S, Hancock County, Maine) between September 25-29th. Activity will be on 80/40/20/15/10 meters SSB, depending on band conditions. QSL via K8SCH (QRZ.com).

NA-077. Guy, VE2QRA, will once again be active as VE2QRA/p from Anticosti Island (CISA QC-001, Grid Loc. FN89, it will also count for WLOTA LH-0042), between August 13-18th. Activity will be on 80-6 meters, mostly SSB. QSL direct (with SASE or SAE + sufficient postage) only to VE2QRZ: Guy Bouchard, 1108 Daphne, Quebec, G3K 1W6, Canada. PLEASE NOTE: 1 USD for Canada/USA and 2 USDs outside North America. More information is available via his Web at:
http://pages.videotron.com/ve2qra/anticosti.html

NA-112. Kyle, W4KTF, will be active as W4KTF/p from Emerald Isle (Bogue Banks - USI NC-010S, Carteret County, North Carolina), now through June 17th. Activity will be on 75-2 meters, mainly SSB. Look for him on 20 meters around 1900-2100z and anywhere on 20-10 meters around 1300z. QSL via his home callsign.

NA-176. Dave, VA2DV, will activate two islands in this Quebec Province (St. Lawrence Gulf) Center Group between August 7-11th. He will operate holiday style as VA2DV/p from Gande Ile (CISA QC-019, for the Canadian Islands Award) and Ile Nue de Mingan (CISA New). Dave will be using a 100 watt rig and will probably operate mainly on 20/17 meters with some 80 meters activity at night. QSL via his home callsign, direct or by the bureau.

KH0/WH0, MARIANA ISLANDS. Operators Tony/JA6CNL and Asayuki/JA6AGA will operate as KH0N and WH0C respectively, from Saipan (OC-086), between June 16-20th. Activity will include the All-Asian DX CW Contest (June 17-18th). Outside the contest, operators will spend some time on the WARC bands and 160 meters CW (1820/1910 kHz). QSL via their home callsigns.

LIGHTHOUSE ACTIVITY. The International Lighthouse/Lightship Weekend (ILLW 2006) will be held on the third weekend of August (18-20th). The BAHIA BLANCA DX GROUP will once again be active from four different lighthouses simultaneously during the weekend event. Look for these lighthouses to be active on all bands and modes, including the digimodes (RTTY/PSK/SSTV):

RINCON Lighthouse (ARG-036) -- Special Prefix L36E; Lat. 39� 23' S Long. 62� 01' W; Grid Locator = FF80xo; Located in Verde Peninsula in Villarino County.

RECALADA Lighthouse (ARG-009) -- Lat. 39� 00� S Long. 61� 16� W.; Grid Locator = FF91ia; Located in Monte Hermoso. This is the tallest LH in South America and the sixth in the world. It was 100 years old last January. Operators will use their own callsigns plus "/D" because they are located in the Province of Buenos Aires.

BALIZA CHICA Lighthouse (ARG-083) -- Lat. 38� 53� S Long. 61� 58� W; Grid Locator = FF91ac; Located at 30 Km. from the Puerto Belgrano Naval Base. Operators will use their own callsigns plus "/D" because they are located in the

Province of Buenos Aires.

HIPASAM Lighthouse (ARG-040) -- FIRST TIME ACTIVITY; Lat. 41� 43' S Long. 65� 02' W; Grid Locator = FE78lg; Located in Punta Colorada, 20 Km. east from Sierra Grande, Rio Negro Province. Operators will use their own callsigns plus "/V" because they are located in the Province of Rio Negro.

All contacts with the Recalada, Baliza Chica and Rincon Lighthouses will be valid for the "PROVINCE OF BUENOS AIRES LIGHTHOUSES AWARD" sponsored/organized by Bahia Blanca DX Group: http://www.grupodxbb.com.ar
All QSLs by bureau or direct via LU7DSY: Carlos Almiron, P.O. Box 709, 8000 Bahia Blanca, Buenos Aires, Argentina. If you send direct, only one envelope with all cards is OK: Up to 2 QSL = 1 IRC --- More than 2 Cards = 2 IRC. For more information, contact: lu9esd@yahoo.com

OH0, ALAND ISLAND. Ari/OH5DX and others will be active as OH0Z during the CQWW DX SSB Contest (October 28-29th) as a Multi-Multi entry. QSL via W0MM.

P2, PAPUA NEW GUINEA (IOTA Op). Johan, PA3EXX/VK4WWI, will be active as P29VV from the Witu Islands (OC-181), June 16-19th. Activity will be on 40/30/20/15/10 meters CW/SSB. If possible, Johan will operate from New Britain (OC-008), a few days before and after the expedition to OC-181. QSL info and additional information will be published on the Web page:
http://home.quicknet.nl/mw/prive/willemsen/

QSL INFO AND NEWS......................

DON'T THROW AWAY THOSE OLD IRCS! Glenn, K2FF, points out to OPDX readers that the date on the current IRCs that reads "31 Dec 06 is an expiration date which simply means they can't be SOLD to customers AFTER that date. However, they can be redeemed forever. Hams simply need to be armed with the copy of the right pages from the International Mail Manual (IMM). Glenn states, "This is right out of the 2006 edition of the International Mail Manual..." Please note the last sentence in very first paragraph:

372 International Reply Coupons
372.1 Description

a. The sender of a letter may prepay a reply by purchasing reply coupons which are sold and exchangeable for postage stamps at post offices in member countries of the Universal Postal Union. The period of exchange of international reply coupons issued by the Universal Postal Union on or after January 1, 1975 is unlimited.

Glenn states, "I still redeem the little old IRCs at my post office here on the MS Gulf Coast!"

UPDATE. Last week we mentioned that Fran, EA7FTR,(who manages many stations) was to be in the hospital. Fran has informed OPDX that he is now out of the hospital and is doing fine. He wants to thank everyone (all the Hams) who were asking about him. He really appreciated it. It was also reported that Fran's son David, EB7AEY/EC7AGG, states that all direct QSL requests for the stations Fran manages have now been put in the mail.

3Y0X (XR9A and CE0Z) QSL STATUS. Bob, N2OO, has posted the following update on the QSL progress dated June 6th, 2006: "Today, we put another 50 pounds of cards in the mail which were all processed last week and at our Sunday, June 4th, SJDXA team QSL session. We also had sent about 10 pounds since our last report, so this brings us to 285 pounds of 3Y�X QSL mail sent to-date. We have now confirmed 27,477 QSO's, or 32% of ALL QSO's made by 3Y�X. I estimate that we have now answered approximately 65% of all requests received. About 95% of all 3Y�X contributor's cards have been answered. Some reasons why some contributors will not have their cards yet are:

* Received recently (approximately last 2 weeks)
* Made special request for separate cards per band, mode and/or per QSO (Too time-consuming right now) Card(s) set aside for "not in log" research
* Sent multiple calls in same envelope
* May have accidentally gotten mixed in with non-contributors (we ARE human)
* Postal service mangled the mail (a small handful came back damaged and "to address" unreadable)

This week, we will begin to "pre-process" the SWL and non-contributor cards. Another QSL session will be scheduled for June 11th and another mailing should be ready for June 12th.

CE�Z update: I understand that the cards have been ordered but they have not arrived here yet. The confirmation pre-process is complete, so once the cards arrive labels will be printed and cards should start to flow 'slowly' as they will be processed by one of our SJDXA QSL team members. When this starts, I will post a new update here.

XR9A, XR9A/8, XR9A/MM update: Log pre-processing was recently begun by another of our SJDXA team QSL members. We had been putting these off in order to better concentrate on the 3Y�X cards. We do have the XR9 cards from the printer so, once the pre-processing is complete, and we figure out how to process the /mm cards properly, we will start to get these out as well. When this starts, I will post a new update here.

PLEASE read the 'QSL PROCESS' below if you haven't done so already. It should answer any other questions you might have regarding our operation. When ALL QSLing is 'current', I will make an announcement on this web site, and there will be a press release made as well. At THAT time, I would welcome ANY and ALL inquiries and pledge to help resolve any lingering QSL issues. PLEASE DO NOT email N2OO at this time! Emails at this time will only slow the process down....."

de N2OO and the SJDXA QSL team!

SPECIAL EVENT. Members of the Michigan DX Association (MDXA) and the Amateur Radio Group Of Youth In Lowell (ARGYL) will activate special event station N8S on the USS Silversides Submarine in honor of all who served in WWII submarine radio rooms. Look for them to be on air from

1600z, July 16th to 1600z, July 17th. Activity will be on all HF and VHF bands, except the WARC bands. They plan to have one station on top side of the submarine and another station below deck. QSL via N8S (QRZ.com). For more information and frequencies, visit the following Web page at: http://mdxa1.org/silversidesspecial.html

SPECIAL EVENT. Look for special event station 8J3SEA to be active between July 15th and September 15th to commemorate the 34th SEANET (South East of Asia Amateur Radio Network) Convention (2006) in Osaka. Activity will be on all HF bands and modes. QSL via the JARL bureau.

SPECIAL EVENT (2006 World Cup)...................

DL5DCL/06 - Dirk, DL5DCL, will be active during the FIFA Soccer World Cup 2006 in Germany, between now and July 9th. All QSOs will be confirmed with a special QSL Card. Dirk plans to be very active on the HF bands CW only and mainly on the WARC bands (30/17/12m). An online log will be available during the activity. For more information, visit the Web page at: http://dl5dcl.de.vu

DR06SOCCER - This special callsign will only be aired during the 2006 FIFA Soccer World Cup (June 9th - July 9th)being held in Germany. This callsign will be activated by the members of the DARC District Group A07 (Karlsruhe). A special QSL card will be sent out to confirm the contacts.

SV5, DODECANESE (Update). Dov, 4Z4DX, will be active as SV5/M0DOV and J45DOV from Rhodes Islands (EU-001, MIA MGD-028, WLOTA LH-0045), July 15-20th. Activity will be on all bands and modes; also an entry in the IOTA Contest as SX5P. QSL via 4Z4DX.

SV9, CRETE. Alain, ON6MG, will be active as SV9/ON6MG/p between now and June 23rd. Look for him on 14059 and 18079 kHz (+/- QRM), using only 5 watts and dipole antennas. QSL via his home callsign, direct or by the bureau.

SV9, CRETE. World traveler Bert, CX3AN, informs OPDX that he will be operating from Crete as SV9/CX3AN from July 6-10th. He will be running only 100 watts into a vertical antenna. QSL via his home callsign. Bert will be joining Theodooros, SV9/SV1EJD, and Fotis, SV9/SV1CIG, on the island. Bert states, "Operation was possible thanks to the kindly assistance of Theo who represents the warm welcome behaviour of the Greek people."

T6, AFGHANISTAN. Mika, OH6MKL, is now active as T66T through July. Reports indicate that he will be on 160-10 meters CW/SSB. However, he was heard this past week mainly on 30/20 meters CW between 1400-1900z. QSL via his home callsign.

VP5, TURKS AND CAICOS ISLANDS. Tom, K4ZGB, will be active as VP5/K4ZGB from Providenciales (NA-002), between July 25th and August 1st. Look for activity on all bands, CW and SSB. Tom also plans to participate in the RSGB IOTA Contest (July 29-30th). QSL via his home callsign.

YM3, TURKEY. Camille, LX1CC, will be on holiday from Pamucak-Selcuk-Izmir
and plans to be active as YM3CC, between now June 28th. Activity will be
on all bands. YM3CC was heard this past weekend on 40 meters SSB. QSL via
Camille's home callsign, by the bureau or direct. No eQSL. SWL QSL cards OK.

-=-
** IMPORTANT NOTICE/REMINDER ** The Ohio/Penn DX Bulletin now has a new
FAX number. Contributors can now send/fax their DX information to the
following number: 1-419-828-7791 (F A X only!)

Well I answered my own question! Turns out there is a lightning protection
fuse that had blown. Bypassing it brought the receiver back to life!

I will probably sell it now, if I can.

Does anyone received the QSL from YV0LIX ?
I am in the log and send it direct but no QSL yet.

Ohio/Penn DX Bulletin No. 763

The Ohio/Penn DX PacketCluster
DX Bulletin No. 763
BID: $OPDX.763
June 19, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, ARRL W1AW Bulletins, K1XN & GoList, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, WW5L, AC7DX, N7NG, K8YSE, WB8YJF, W0YG, 9A2JK, DL1EK & The DX News Letter, F5NQL & UFT, EA7FTR, G3SWH, HR2DMR, I1JQJ/ IK1ADH & 425 DX News, I2YSB, IK0DWN, JI6KVR & JA IOTA News, OH2BH, ON4CAS, OQ0A, SV1EJD, UA4WHX, VA3RJ & ICPO, YT6A and YV5AJ for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the

week of Sunday, 11th-June, through Sunday, 18th-June there were 204 countries active. Countries available: 1S, 3A, 3B8, 3D2, 3V, 3W, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5U, 5V, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A6, A7, A9, AP, BV, BY, C3, C5, C6, CE, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, ER, ES, ET, EU, EX, EY, F, FG, FK, FM, FO, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J6, J8, JA, JD/o, JT, JW, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PY, PZ, S0, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T30, T7, T8, T9, TA, TF, TG, TI, TK, TN, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V4, V5, V7, VE, VK, VK9N, VP2M, VP2V, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XT, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, ZA, ZB, ZD7, ZD9, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

5B, CYPRUS. Jim, WB2REM, will be active here as "*/*5B/WB2REM" starting July 7th until July 13th. Activity will be on 40-6 meters CW/SSB. QSL via his home callsign or by the bureau. Please include a SASE or SAE and sufficient return postage for your QSL card.

8Q, MALDIVES. Vangelis, SV2BFN, will be active as 8Q7/SV2BFN from June 21st to July 4th. This will be a holiday style operation, but he plans to be active on 40-10 meters SSB and RTTY, with some CW. QSL via his home callsign.

9A06, CROATIA (Special Event). Look for special event station 9A06P (Nine Alpha ZERO SIX Papa) to be active now through December 31st. Operations will be on all bands and modes. Activity is to celebrate the city of Djurdjevac. The full story will be on a special QSL card. All QSOs will be confirmed automatically via the bureau.

C9, MOZAMBIQUE (Update). A group of stateside operators will activate C91HQ as the main contest station and multiplier from Mozambique during the IARU (International Amateur Radio Union) DX Contest, July 8-9th. The C91HQ QSLs will be handled by K5LBU, Charles Frost of Missouri City, TX. The IARU Contest operation will be just one aspect of a five member team operation from June 27th until July 13th at Bilene, Mozambique. Operators include: Charles Frost/K5LBU (C91CF), Tom Anderson/WW5L (C91TL), Dr. Dave Gomberg/NE5EE (C91EE), Art Burke/N4PJ (C91JR) and Tom Kramer/NQ7R (C91TK). Each operator will handle their own QSLing, with Frost also handling QSLs for C91HQ. Daniel Hubbard, ZS6JR, is the on-scene coordinator. Webmaster is Steve Smothers, W9DX, of Cypress TX. "We will be on all bands and all modes before the contest," said Frost, who is heading up the operation. RTTY and PSK operations will also be on the air at various times. Frost, a former vice-president of the Texas DX Society, and Anderson, who is vice-president of the Lone Star DX Association, will be the main SSB operators, while Burke, Kramer, and Gomberg will be concentrating on CW. All will operate RTTY and PSK at different times. ICOM has donated two IC-7000 HF radios, while Tennadyne has donated two T8 log periodics. "We

have already tested the rigs and the antennas and worked many California W6's from South Africa with excellent copy," Frost said. Other equipment includes: 4-40 meter sloper antennas, a 160/80/30m 72 foot vertical, an Icom 756 with IC-2KL amp, a Yaesu FT-1000MP with Tokyo High-Power 1 KW amp, and an Icom 746 Pro. See the DXpedition web page for additional information at: http://www.tdxs.net/C9.html
In addition to the DXpedition, several team members will be visiting the Escola Secundaria Maristas school in Bilene and presenting the school with a donation of badly needed school supplies. "A DXpedition is not always about DXing and ham radio," Anderson said, adding "the worldwide amateur radio fraternity has a duty to the local community both in times of disaster and when needs that we consider normal in developed nations, are critically needed in third world nations. We consider ourselves fortuneate to be able to help the school." Anderson is also an active Boy Scout leader and Eagle Scout advisor near Fort Worth Texas. His former ham DX calls include: 7P8TA, V31EF, and G0/WW5L, plus a guest operator at KH6BB--the Battleship Missouri permanently berthed in Honolulu, HI (KH6). He also was a staff member, volunteer examiner, merit badge counselor, and operator at K2BSA, the National Boy Scout Jamboree station in 1997. The idea to provide the school supplies was developed by Kramer, NQ7R, a school science teacher, who worked out the logistics with the American Consulate in Maputo, Mozambique and the U.S. Peace Corps. Besides basic school supplies, Kramer has arranged with team members and others to help supply the school with books in basic English, "which are in very short supply there. Each team member will be bringing books and whatever they can to help these children's education," Kramer said. Also each team member is an accomplished DXer with all having more than 200 countries and most are members of one or more DXCC honor rolls. Frost himself holds or has operated from 16 different DX countries including Kenya, Sudan, Cameroon, Peru, Jamaica, Saudi Arabia, plus several more. Currently on-line logs are not planned, but the team hopes to have high speed internet. Their QTH in Bilene will be the Sao Martinho resort, which has excellent propagation characteristics because of its location on the Indian Ocean. "The beach is located right outside the shack," said Frost. "Please check the DXpedition's Web site often for any updates as Steve will be in daily contact with us for new information," Frost said.

CN, MOROCCO. Rich, W7ZR, will be active as CN2ZR during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (20m) entry. QSL via W7ZR. He states, "I answer 100% of SASE QSL cards. I support ARRL Logbook Of The World. I answer 0% of bureau or eqsl cards."

DU,PHILIPPINES (IOTA Ops). Operators Chris/VK3FY and Nik/VK3FNIK will be active as VK3FY/DU8 from several Philippine Islands between June 20th and July 5th. Their current plans are to activate the following islands: Bayangan Island (OC-235), Mindanao Island (OC-130), Cebu Island (OC-129), Negros (OC-129), Luzon (OC-042) and Mindanao's Coastal Islands (OC-235). No schedule was provided. Activity will be on all bands, CW and SSB. QSL via VK3FY.

DXCC NEWS (DXCC Rule Change). A press from Wayne Mills, N7NG, announces the following (dated June 14th): Upon request of the Programs and Services Committee (PSC), the DXAC has studied the impact of a change to the DXCC Rules. The DXAC, the Awards Committee and the PSC have concurred in this rule change, which will become effective June 15, 2006 at 0001Z. New text replaces the previously removed DXCC Rule, Section II, 1. Political Entities, Paragraph c). The new text shall read:

c) The Entity contains a permanent population, is administered by a local government, and is located at least 800 km from its parent. To satisfy the "permanent population" and "administered by a local government" criteria of this sub-section, an Entity must be listed on either (a) the U.S. Department of State�s list of "Dependencies and Areas of Special Sovereignty" as having a local "Administrative Center," or (b) the United Nations list of "Non-Self-Governing Territories."

Rule 1c) is intended to recognize entities that are sufficiently separate from their parent for DXCC purposes but do not qualify under Rule 1a) or 1b). The new rule will cause a change to Point 1 status for certain entities. This in turn will reduce the mileage for a first separation for these entities from 800 km to 350 km.

The lists referenced in the text of the rule can be viewed at the following Web sites: the DOS list of Dependencies and Areas of Special Sovereignty at http://www.state.gov/s/inr/rls/10543.htm, and the U.N. list of Non-Self-Governing Territories at
http://www.un.org/depts/dpi/decolonization/trust3.htm
QSOs with any new entity resulting from this rule change will count for credit for the new entity only if the QSOs are made on or after the Start Date for the entity. In no case will QSOs made prior to the date of this notice be considered for credit for any new entity created under this rule. Applications for DXCC award credits resulting from this change will be accepted on or after October 1, 2006.

FIELD DAY NEWS (Next Weekend!).........................

KC4AAA Amundsen-Scott Station South Pole Antarctica To Participate in 2006 Field Day: Wayne, N7NG, reports: "Robert Reynolds, N0QFQ, the Amundsen-Scott South Pole Station Antarctica on-site Satellite Communications Technician will be leading a major 2006 Field Day activity for KC4AAA. Operations will take place 1800z, 24th June through 2100z, 25th June. Experience shows that best opportunity for North and South American stations contacts appears around 2300z on the eastern seaboard and moves westward with time until the window seems to close around 0400z. There is much less certainty for other station contact times around the world. Primary operating frequency will be 14.243 MHz +/- a few hundred kHz depending on band occupancy. Other bands will be monitored for openings and may be exploited, however, 20m SSB operations will be the primary operating mode. South Pole will be operating as a "home" station with supplied power (Class 1D). Robert will have a team of up to 10 operators manning the station, most of whom he's teaching in a Ham radio licensing class on station. The team will be transmitting 1 kW and primarily be using a pair of Log-periodic antennas aimed toward the US. Given South Pole's location right under the auroral oval, radiowave propagation can make South Pole intercontinental HF radio communications a challenge, so listen carefully! Plans call for implementing a Logbook of The World (LoTW) for QSO verifications. QSL cards will come later in the year." For more information, contact Nick Powell, NH6ON at: nick.powell@usap.gov

ISS WILL POSSIBLY BE ACTIVE DURING FIELD DAY. The W1AW Space Bulletin (ARLS004, dated June 16th) states that NASA ISS Ham Radio Project Engineer Kenneth Ransom, N5VHO, has released a list of International Space Station Field Day pass times for North and South America. See the following Web page for pass times and any updates at:

http://www.arrl.org/news/stories/2006/06/15/1/

The Amateur Radio on the International Space Station (ARISS) program has announced that the Phase 2 ham station aboard the ISS will be on the air in crossband repeater mode over Field Day weekend, Saturday and Sunday, June 24-25th. The chances of actually talking to one of the crew members appear to be minimal, however. "Keep in mind that these are not scheduled times for the crew to be active," Ransom points out. He says crew members Jeff Williams, KD5TVQ, and Pavel Vinogradov, RV3BS, may work some stations personally, but they're already booked pretty heavily during FD weekend. "They will try to participate as time permits, but the pass times for North America are not favorable," Ransom noted. The crew should be on its normal sleep schedule of 2130-0600 UTC during Field Day weekend. When they're awake, however, Williams and Vinogradov will have their hands full preparing for the arrival of the Progress 22 supply vehicle on Monday, June 26th, when the crew will deactivate the crossband repeater. The crossband repeater uplink is 437.800 MHz. The downlink is 145.800 MHz. Ransom says the crossband repeater should be active after 1900 UTC on Thursday, June 22 to give stations time to practice working through it and to learn how best to deal with Doppler shift on the uplink, which can be considerable. The crossband repeater will be available only to low-power (QRP) stations following AMSAT criteria, Ransom said. A QRP station may run no more than 10 W to a vertical or handheld antenna. U.S. pass times are not especially ideal for contacts with the crew members. The only one on Saturday, June 24 (UTC) - over Mexico and the Eastern US - falls during the crew's sleep period. Passes on Sunday, June 24 - from 0046 to 0105 UTC and from 0708 to 0728 UTC over the Central US - may offer a better opportunity. Stations in the U.S. Southwest might look for crew activity on Sunday from 0844 to 0900 UTC, while those in Hawaii should check Sunday from 1152 to 1200 UTC and again from 1327 to 1335 UTC. If Williams or Vinogradov do find time to get on the air, Ransom says, they also will use the crossband repeater mode. Williams will give a report of "NA1SS, 1 Alpha ISS," while Vinogradov will give a report of "RS0ISS, 1 Alpha ISS." Contacts through the ISS crossband repeater count as a satellite contact for Field Day bonus points, but contacts with the crew do not count for Field Day bonus points. AMSAT is making its ECHO (AO-51) satellite available for Field Day, Ransom notes. One of AO-51's FM transponders (145.880 MHz up/435.150 MHz down, no CTCSS tone needed) will be QRP only during the Field Day period. Bob Bruninga, WB4APR, has indicated that PCSat2--which is mounted on the outside of the ISS--will be in packet mode and operating on 145.825 MHz simplex during Field Day weekend.

FP, ST. PIERRE & MIQUELON. YL Peg, KB9LIE, will be active as FP/KB9LIE from Miquelon Island (NA-032, DIFO FP-002, WLOTA LH-1417), July 28th through August 6th. Activity will be 80-10 meters, depending on conditions. QSL via her home callsign, direct preferred (SASE, SAE + sufficient postage) or by the bureau.

IOTA NEWS.....................

AF-004. RSGB IOTA Webmaster Steve, G0UIH, will be active as EA8/G0UIH/P from the Isla de Fuerteventura (DIE S-006, WLOTA LH-0883), Canary Islands, June 17th to July 1st. Activity will be mainly on 20/17/15 meters, SSB only, with an Icom 706mk2g with 100w and homebrew dipoles. This will be a holiday style operation, so operating times will vary according to other activities. Suggested frequencies are: 14260, 21260 and 18145 kHz (+/-QRM). QSL is either direct or via the bureau.

EU-028. Walter, IN3XUG, will be active as IA5/IN3XUG from Capraia Island (IIA LI-020), between now and June 24th. Activity will be on the HF bands, SSB only. QSL via his home callsign (by the bureau is preferred).

EU-174. A group of Greek operators will be active as J48WT from Samothraki Island (MIA MG-100), June 22-27th. Operators mentioned are: SV2BRT, SV2CLL, SV2EWS, SV2FPU, SV2GNQ, SV2HNZ, SV2HPP and SV2HPY. QSL via SV2HPP, direct or by the bureau.

NA-067. Jon, WB8YJF, will be active again this year from Ocracoke Island (USI-NC001S) from July 23-30th. Activity will be on 80-10 meters, CW, RTTY, and some SSB. He will be a Single-Op entry in the IOTA Contest (July 29-30th) as well. Please QSL direct for a FAST QSL; Bureau takes a lot longer. WB8YJF's address is: Jon Severt, 5586 Babbitt Rd., New Albany, OH 43054.

NA-160. Members of the Radio Club de Honduras will activate HQ3C from Chachahuate Island, Cochinos Cays, from June 23-25th. The team will consist of Javier/HR2J, Lane/KC4CD, Antonio/HR2AHC, Pedro/ HR2PAC Henry/HR2H, Daniel/HR2DMR and Carlos/HR2CG. Activity will be on 160-10 meters SSB, CW and RTTY if conditions allow it. The QSL Manager will be HR2RCH. QSL via the bureau or direct to: DXpedition Cochinos Cays - Chachahuate Island, PO Box 273, San Pedro Sula, Honduras (w/SAE and IRC). More information is available at: http://www.qsl.net/hr2rch/id28.htm

J3, GRENADA. Harry/AC8G and possibly others (TBA) will be active as J3A during the CQWW DX SSB Contest (October 28-29th) as a Multi/Multi entry. QSL via WA1S. Operating site is the EOC and adjacent Grenada Club House. Before and after the contest, operators will be using their individual callsigns on many bands and modes.

LX, LUXEMBOURG. Operators Ivo/OQ0A, Guido/OP7A, Peter/OO7A, Jan/ON6RJ and Rob/OR9Q will be active as LX/homecall from the castle of Wiltz in Luxembourg, between September 29th and October 1st. Activity will be on 80/40/20/15/10 meters on CW/SSB/RTTY. QSL via the operator's home callsign, by the Bureau or QRZ.com address.

MONTENEGRO NEWS (International Festival/DXpedition 2006). Ranko, YT6A, Team Leader, reports: "Following a national referendum on May 21, 2006, the Republic of Montenegro declared its independence on June 3, 2006. Montenegro's independence is now recognized by a growing number of

countries. The very first amateur radio activity from this new DXCC entity will be managed by an International DXpedition Team, and is planned to take part very quickly after approval of the DXCC status." Crucial for DXCC credit is either acceptance of Montenegro by the UN into its membership or allocation of a callsign prefix block by the ITU. They expected this to take place during the summer of 2006. "Once Montenegro is accepted into the UN or obtains a callsign prefix block, DXers will have a new DXCC entity," says ARRL Membership Services Manager Wayne Mills, N7NG. The division of Serbia and Montenegro eliminates what remained of Yugoslavia. Serbia's parliament this week declared Serbia a sovereign nation as heir to the former Serbia-Montenegro union. Assuming that Serbia continues to hold its current seat in the UN, it will remain on the DXCC list as a pre-existing and continuing DXCC entity, Mills explained. Some of the activities that will be associated with The International DX Festival Montenegro 2006 will be a record breaking DXpedition targeting for 200,000 QSOs. The expedition will be held from three different locations using only one callsign (for the very first time) from the newly acquired ITU prefix allocation to Montenegro. Also mentioned, activity will be on all bands and modes, simultaneously during 2-3 weeks of continual activity from several setups located at the Adriatic Coast of Mediterranean Montenegro. Operators mentioned are: Bob Grimmick/N6OX, Hans Blondeel Timmerman/PB2T, Martti Laine/OH2BH (Radio Operations Leader, Coach), David Sumner/K1ZZ, Linda Sumner/KA1ZD, Wayne Mills/N7NG, Carsten Esch/DL6LAU, Vladan Kecman/YT3T and Ranko Boca/YT6A (DXpedition Leader). Organizers are: SKY Contest Club and Radio klub BOKA. Co-Organizers and Local Supportive Comittee: Amateur-Radio Union of Montenegro, Radio klub BAR - YU6GAA, Radio klub Tivat - YU6FPQ and Radio klub Bjelo Polje - YU6GBP. More information about this event can be found on:
http://www.yu6scg.cg.yu/international-dx-festival-montenegro-2006/

QSL INFO AND NEWS.........................

The Deutscher Amateur-Radio-Club (DARC) announced that the German's "Bundesnetzagentur" (FCC equivalent) has released an online German callbook. The URL address is:
http://ans.bundesnetzagentur.de/Amateurfunk/Rufzeichen.aspx

QSL Manager Silvano, I2YSB, (Manager of 5U7B, TX4PG, ZK3SB, 5W0SB, 6O0CW, 6O0N and 10 other callsigns from Niger), informs OPDX that due to the recent postage rate increase in Italy, 1 USD or 1 European IRC does not cover mail expenses to send a direct QSL outside Europe anymore. He requests that if you should want to receive a direct QSL outside Europe, please include 1 IRC + 1 USD or 2 USDs or 2 IRCs. Direct requests which do not include the mail coverage cost will be sent via the bureau.

II0ESA QSL STATUS. Marco, IK0DWN, informs OPDX that all paper logs for the 2005 special operations from the European Space Agency have now been imported electronically and all bureau QSLs have gone out. The electronic log is now available to users of the "Logbook Of The World" (LoTW) at:
http://www.arrl.org/lotw
Please address any queries to: ik0dwn@arrl.net

QSL Manager Phil Whitchurch, G3SWH, reports that he has recently acquired a copy of the log for the 2002 and 2004 operations of J6/G3XAQ. Phil states, "QSL cards are available either direct from my QRZ.com address, via E-mail for a reply via the bureau or via the bureau itself. If you choose either of the latter two routes, please remember that there may be a considerable delay in receiving your cards, as the bureau process is very slow and, due to the large volume of bureau cards that I handle, I only tend to send outgoing cards to the RSGB once per year. I hope to be able to upload the log to LoTW at some stage in the future."

NEW QSL MANAGER. Ron, AC7DX, informs that he will now handle QSL cards for T93X and T94TT.

UA4WHX QSL STATUS. World Traveler Vladimir, UA4WHX, now in Pretoria, R.S.A., informed OPDX this past weekend that he has been receiving questions about his QSL cards for his previous African operations. He tells OPDX that "ALL REQUESTS WILL BE ANSWERED AND ARE BEING CHECKED AGAINST THE LOGS NOW. ONCE THE TRIP IS OVER, WE WILL START SENDING THE ANSWERS FOR ALL CALLSIGNS TOGETHER. I REALIZE IT IS NOT EASY TO WAIT THAT LONG BUT, THEN, IS THAT ANY EASIER BEING HERE FOR A COUPLE OF YEARS? DOING ALL THAT? WILL DO MY BEST TO GET THEM ALL ANSWERED AS SOON AS POSSIBLE."

QSL OH0AM via YV5AMH. Activity was during this past week by Reinaldo, YV5AMH, of Aves Island fame. He recently visited his old diplomatic outpost in Finland and decided to sail out to Aland Islands for the weekend. He was accompanied and assisted by Captain Jaakko/OH1TX and crew members Timo/OH1NX, Hannu/OH1XX and Martti/OH2BH .

SV9, CRETE (Update). Last week we mentioned that World traveler Bert, CX3AN, would be operating from Crete as SV9/CX3AN from July 6-10th, and would be joined by Theodooros, SV9/SV1EJD, and Fotis, SV9/SV1CIG, on the island. Theodoros, SV1EJD, contacted OPDX and informed us that he will be on Crete from July 6-20th and he plans to operate on SSB and possibly RTTY on 80-10 meters. Look for more info to appear on the following Web page at: http://www.sv1ejd.gr/crete.htm

V2, ANTIGUA. Nobby, G0VJG, will be active as V25V from June 23rd through July 6th. Activity will be on all HF bands, mainly SSB, but he will also try to work Europe on 6 meters and some digital modes. QSL via G4DFI, direct or by the bureau.

VK9C, COCOS-KEELING ISLANDS (Update). Charlie, W0YG, informs OPDX that he is indeed going back to VK9C in October. Barry/N0KV and Charlie/W0YG will be going to the island on October 30th, for a three week stay. He hopes they will have some quality time on the lower bands without QRM. He also mentioned that Bernd, VK2IA, is going out to VK9C on October 26th to set up for the CQWW SSB Contest (November 25-26th) as VK9AA (See OPDX.756). Charlie states, "He is going to return to the mainland on October 30th, on the same flight that we arrive. Bernd will leave his antennas set up for us, as well as his station will be all set to go." Barry and Charlie will operate right up until November 20th when they leave and Bernd again arrives, this time for the CQWW CW Contest. They will leave the antennas all set up for him so he can hit the ground running. Charlie states that their callsign has yet to be confirmed for this activity, but it will be forthcoming. All QSLs for Charlie's VK9C operations go direct, no bureau cards, to W0YG.

YV70/YW9, VENEZUELA. The Radio Club Venezolano (YV5AJ) informs OPDX that they will be active from the Apure State using the callsign YW9AJ, from June 29th through July 5th. Activity will include the "Venezuela's Independence Day Contest" (July 1-2nd), with operations on 160-6 meters on all modes. Also, look for satellite activity using the special callsign YV5SAT/9 (thanks to AMSAT-YV). The GRID will be FJ67hm. QSL via YV5AJ (QRZ.com address) or by the bureau. Satellite QSOs go via YV5SAT (QRZ.com address) or by the bureau. ADDED NOTE: The Radio Club Venezolano (RCV) also mentioned that they will use the special YV70IARU callsign during the upcoming IARU Contest as a HQ station signing RCV. The callsign celebrates the 70th anniversary of RCV's membership in the IARU. Operations will take place from various locations. QSL via YV5AJ (QRZ.com address) or by the bureau.

Worked a VE2 in a badly-needed grid on 6 meters last night.

I have a book of 85-cent stamps purchased at the Iron Bridge, Ont. post
office last September.  At the time they were adequate to send a letter
to the U.S..

Is that still the case, or has there been a postage increase since then?

The current rate is $0.89 for 0-30 grams, see:
<http://www.canadapost.ca/personal/tools/pg/manual/CPCPrices-e.asp#i22>.

Dear Mr President:

The FCC has been dumbing down ham radio for several years now. This has hurt the integrity of the service and is bad for America. They are planning to dumb it down again really soon now and their plan will make ham radio like CB and it will be bad for America. We already have one CB service on HF, we don't need two. Please pressure the FCC to endorse the following items for the good of the service and America. I wish you could run again for a third term, I would vote for you. I'm glad Al Gore wasn't able to steal the election, and John Kerry would have been a disaster, he'd be kissing terrorist butts and brown nosing them. Thanks for the fine job you're doing protecting and leading America.

I'm sure this very erudite letter, full of specific facts and the
results of many studies to prove it's point will immediately cause
the President to put aside all petty concerns (like the Middle East,
energy problems, changes in Medicare, investigations of members
of his party and staff, Iran's nuclear program, North Korea's ICBM
test, etc.) and order the FCC to get rid of all no code Hams.

And please, President Bush, don't allow the FCC to issue an
amateur radio license to illiterates.

well since I used to work for someone that is now a member of the VP
staff I have forworded to him for his amusment and the amussment of the
staff at the White House and Blair House

I'll let you know what response I get

Someone for whom satire is an unknown.

Having been licensed for over 40 years, all I can say is you people
need to get over your sense of self importance.

Yeah! Bring back spark!

I am sure Wismen would still be here flaming away  and dening he lost
his license just like deinies ..well we all know what he denies

BTW the VP's staff got a good laugh out the original post and a few the
choicest replies

of course I includded my own thooughts on what the Fcc should do and wy
in the mix

I am not a HAM but my brother is. The main reason they came up with the idea of
the no code license was to spark interest in Amateur Radio. The hobbie is
getting to be near extinct in the 21st century compared to the interest of the
1950's to 2000.

ETP,

Did you ever think that there are more CB'ers
then Amateur Radio Operators {Hams} and
that just may be more CB'ers voted for Bush
then the Hams . . .

so that your request may have just the oposite
reaction in the Whitehouse then you might
expect - something to think about ~ RHF
 .
 .
. .

So you're saying CB'ers have more pull because there are more of them? Hmmm.
You might be right, but we're dealing with President Bush here.   He don't
listen to Lazy Stupid people. If listened to what Lazy stupid people wanted,
we'd be cutting and running from Iraq like the Democrats want and he ain't
cutting and running.

There's still hope.   Send that email.   Save amateur radio and shortwave.

Earl

So what is your point? Is it that CBers are stupid? Or is it that CBers vote democrat?
If Bush didn't listen to "Lazy Stupid" people, we would not even be in Iraq. Maybe you missed it when they never found any WMDs in Iraq, which is why we went to begin with. He obviously listens to "Lazy Stupid" people, like Russian intelligence. I'm sure if you try hard enough, he will even listen to you.
Before you label me a liberal, I voted for Bush

Has anyone received a QSL for the H40HL operation last year? If so, did you use a path other than HL1XP?

I sent two or three QSLs direct and received replies via the buro. I can only think of three reasons why this happened.

1. I sent one instead of two dollars to cover return postage.
2. Since his QSL card is oversized, the s.a.s.e. I sent was too small.
3. And I really hate to say this - he replied via the buro and pocketed the cash.

This isn't the only station I've seen do this. Has anyone else had a similar experience with this station?
I just recently sent a QSL to confirm an 80 meter QSO.

4. Someone stole the money but your card still made it to Frank.

I have had this happen (not with V51AS).

Ah hah. That never occured to me. Well....I guess I can expect to go through
the same thing with this most recent QSL.
Oh well - better late than never.

Hi I am putting together the 3 element 6 meter beam in the ARRL handbook
and am having difficulty locating a 12" piece of 5/8" plexiglass and a 4 1/2
X 11 inch piece of Bakelite or insulating diven element mounting material.
Anybodyt have something laying around? Will cover the costs.

Thanks

Don
W9NGA.

> Anyone know the secret to getting a card from V51AS?
```

I worked him in '99, got a card direct in 5 weeks.

Someone else mentioned the golden rules for this sort of QSLing; no callsigns on the envelope, and include enough in the way of return postage that you're not asking the other guy to lose money by QSLing.   Back when I was actively QSLing, I usually sent two "green stamps" for something like V5, or maybe three for a DXpedition, AND a SASE if that was possible.

I used to use some outdated envelopes from work that were to be thrown away; neatly laser-printed with a printed sheet (old tax forms, printouts from a website, page from a catalog, ANYTHING) wrapped around the QSL and SASE and green stamps--so anybody trying to read through the envelope saw something that had NOTHING to do with radio. :-)

Things may be worse in V5 these days--hope your luck changes soon! :-)

DX-302 REALISTIC SHORTWAVE RECEIVER..MANUFACTURED IN THE EARLY
1980'S..THE DX-302 SELECTIVITY SWITCH IS A TRUE IF FILTER WITH WIDE AND
NARROW..WILL ALSO RUN ON BATTERY POWER..HAS A PRESELECTOR TUNE
SWITCH..30 BANDS OF 1MHZ ON THE INNER TUNING DIAL..AND THE OUTER TUNING
DIAL TUNES EVERY 1 KHZ...RECEIVES FROM 050 KHZ THROUGH 30 MHZ..HAS
ATTEN SWITCH TO CUT DOWN STRONG SIGNALS..AND BFO PITCH FOR
LSB/USB/CW...RF GAIN AND AF GAIN/POWER SWITCH..HEADPHONE JACK AND COAX
```

AND SCREW TYPE ANTENNA CONNECTOR..THIS RECEIVER IS IN MINT LIKE NEW CONDITION.NO SCRATCHES OR OTHER PROBLEMS WITH IT. .READOUT IS BRIGHT RED AND ALL LIGHTS ARE IN WORKING ORDER AND DIALS TURN FREELY.

This is a communications receiver that covers 10kc - 30 mc in 1 mc bands.   This radio is in MINT condition.   Original knobs, crisp lettering, cabinet and front panel are excellent.   Rear battery box is complete with battery tubes.   Large red LED readout, wide and narrow selectivity, AM/SSB/CW capable and much more make this a fun receiver.
  Original cabinet paint is PERFECT.

In last 425 DX News (#784) I see info: "Bureau cards will be
honoured..." ,
Is it possible? Anybody get card via bureau from Steve? I'm waitng for
some card over three (3) years and don't belive to see any card from
him, that way.
Next, I can't find my callsign in on-line log. If somebody know any
e-mail to log holders - le me know, please. Grupo DX Caracas
[gdxc@qsl.net] and administrator their web, YV5MHX [yv5mhx@cantv.net]
don't answer for any questions.

Henry SQ9MZ

SB DX @ WW < KB8NW $OPDX.759
Ohio/Penn DX Bulletin No. 759

The Ohio/Penn DX PacketCluster
DX Bulletin No. 759
BID: $OPDX.759
May 15, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1ER, K1XN & GoList, NG3K, W3UR & The Daily DX, K4UEE, K4VUD, K4WW, N4AA & QRZ DX, AK5Q, K8YSE, W8WH, KU9C, K0CS, K9IR, BA4TB, DL1EK & The DX News Letter, DL3APO, DL4FF, EA5ON, F5NQL & UFT, F6AJA & Les Nouvelles DX, F8BBL, HA0HW, HL1VAU, I1JQJ/IK1ADH & 425 DX News, IK1PMR, G1VDP, JI6KVR & JA IOTA News, MM0DGR, PA0LOU, PY2QI, PY4WAS, RA0ALM, SP9GKM, Strange Radio Team, VA3RJ & ICPO, VE3ZIK, VK4FW, VK9NS and YL2CF for the following DX information.

** SPECIAL NOTE FROM EDITOR (By KB8NW): There will not be a OPDX Bulletin next week. I will be attending the Dayton HamVention. "IF" I receive a major announcement, I may send something out late Sunday/Monday. However, PLEASE continue to send your DX information. You never know what I might do.... 73 de Tedd KB8NW

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 7th-May, through Sunday, 14th-May there were 214 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3DA, 3V, 3W, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5V, 5W, 5X, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A6, A7, A9, AP, BV, BY, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HC, HC8, HI, HK, HL, HM, HP, HR, HS, HV, HZ, I, IS, J5, JA, JD/o, JT, JW, JX, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TJ, TK, TR, TT, TU, UA, UA2, UA9, UK, UN, UR, V2, V4, V5, V6, V7, V8, VE, VK, VK9L, VK9N, VP2E, VP2V, VP5, VP8, VP8/h, VQ9, VR, VU, XE, XU, XW, XX9, YB, YI, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZK1/s, ZK2, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

2E, SCOTLAND (Satellite Activity). Paul, 2E1EUB, will be active as 2M1EUB/P from May 27th, for 7 days from the Cairngorms National Park, Royal Deeside, N.E Scotland, UK. Activity will be on all satellites and modes! Even some HF. He will be doing some backpacking in the north (so there may be some QSB), and he will be operating as a base station at times. QSL details are via QRZ.com.

3D2 & 3D2/R, FIJI AND ROTUMA ISLANDS. Operators Didier/F4ELJ, Andre/F0ELK and Christophe/F0ELI will depart France July 31st and arrive in Fiji (via Seoul, South Korea) on August 2nd. They will depart Fiji on August 4th and arrive on Rotuma (OC-060) the same day. The group is expected to be active as 3D2BD between August 5-17th. The frequencies used will be the normal IOTA SSB frequencies. The group will return to Fiji on August 18th and will be active from Suva (OC-016) until August 21st. QSL via F4ELJ, direct or by the bureau. Visit their interesting Web page for more details at:
http://3d2bd.free.fr

3rd EUROPEAN PSK DX CONTEST. The Scottish-Russian ARS has the honor of inviting the radio amateurs all over the world to participate in the 3rd annual European PSK DX Contest (1200z 20.05.2006 - 1200z 21.05.2006). The objective of the contest is to establish as many contacts as possible between radio amateurs around the world and radio amateurs in Europe by using the BPSK31 mode. Everybody can work everybody for QSO and multiplier credit. More information is available at: http://www.eu.srars.org

3Y0X DVD/QSL NEWS. A press release sent out last week by Bob/K4UEE and Ralph/K0IR announced that the "first batch of the 3Y0X Souvenir QSL cards are in the mail. Thanks to the Herculean efforts of Bob, N2OO, and dedicated members of the SJDXA, 115 pounds of mail was sent out on Monday, May 8th. The actual design layout was begun prior to departing for Peter I. Our team photographer was given a "shot list" and charged with getting just the right pictures for the QSL. While on the ship returning from Peter I, the pictures were E-mailed back to the QSL designer and the design finalized. This is not your ordinary card, and we are sure it will be considered one of your most prized QSLs. Souvenir cards were mailed to about 2/3 of the individuals who contributed to the DXpedition expenses AND whose cards were received through the beginning of April. Over the next two weeks, the remainder of this group of cards will be processed. After Dayton, the QSL team will resume processing the rest of the contributor cards as well as the non-contributor cards. Bureau cards will be processed at an appropriate time in the future.

Please watch the website (www.peterone.com) for further announcements as to progress on the QSLing. Bob, N2OO, has asked that everyone please be patient. Please do not E-mail to Bob at this time. When the cards are all processed, he will then gladly assist with any QSL issues. We hope you enjoy this last part of the 3Y0X DX-perience!" 73, Ralph, K0IR

Bob, K4UEE

The Peter I Island DVD is now in post-production and won't be ready until late summer/early fall. However, you can pre-order your Peter I Island "3Y0X DX-perience" DVD early and receive a discount on it. To place an order visit the following Web page at: http://www.peterone.com/dvd/index.htm

6W, SENEGAL (African Trip). Tibi, HA7TM, and his wife are now in Dakar. Tibi was heard this past weekend on 17 and 12 meters CW signing 6W/HA7TM. The length of his stay is not certain. They were to meet up with Peter, HA3AUI (J5UAP) and stay with him and for about a week. Then they were going tp drive to Gambia (C5) and to Bissau Guinea (J5). Tibi may be active as C5/HA7TM and J5TM (or possibly J5TIB) from those locations. Tibi's equipment is an IC-706, a 4 band vertical from DunaX, and a few dipoles. He wants to work on all HF bands including the WARC bands on CW, SSB, RTTY and PSK as well. QSL via the HA Bureau or direct via his QRZ.com address.

9A, CROATIA. Zrinko (Zik), VE3ZIK (also 4N1DX, DO1SKY) is once again active from Bilice as 9A/VE3ZIK between now and May 22nd. Activity will on all HF bands, CW and SSB, with only 100 watts. Also, he will try to be active on PSK31, RTTY and 10m FM. QSL via DL3PS ONLY, DARC Bureau is OK. Please, don't send QSL cards via the VE3 Bureau (no e-qsl & LoTW). ADDED NOTE: Zik mentions that "ALL" QSL card requests for 9A/VE3ZIK, T9/VE3ZIK, VE3ZIK, XM3ZIK and 4N1DX, sent either direct or via the bureau, were answered before his trip. Visit his WEB page at: http://www.qslnet.de/ve3zik

AH8, AMERICAN SAMOA. Just a reminder to look for Dr. Gavin, W9EYE, who plans to be active as AH8/W9EYE from here May 15-21st. Activity will be limited during his spare-time while working as a medical missionary in Pago Pago, Tutuila Island (OC-045). Look for him to be active on all HF bands SSB (no CW) as propagation allows. QSL via his home callsign with SASE or via the W9 Bureau.

BS7H VIDEO ON THE WEB. John, K1ER, announced this past week that Kan Mizoguchi, JA1BK, has updated his Web site with a video of the last DXpedition to Scarborough Reef (1997). To view it, please visit the following URL address: http://www.iijnet.or.jp/JA1BK/

C6, BAHAMAS. Duncan, EA5ON, will once again be active as GM7CXM/C6A from Freeport, Bahamas (NA-080), from May 25-29th. Operating details have yet to be finalized. QSL via EA7JX.

CT3, MADEIRA ISLAND. Look for Karl, OE3JAG, to be active as CT3/OE3JAG from Madeira Island (AF-014, MA-001 for the Portuguese Islands Award, Grid Loc. IM12, WLOTA LH-0053), May 15-22nd. Activity will be mainly QRP on 30 and 20 meters CW, PSK and RTTY, using a dipole or long-wire antenna. QSL via his home callsign, direct or by the bureau.

CWJF MANCHESTER MINEIRA ALL AMERICA CONTEST. Ed, PY4WAS, President of CWJF, wants to remind everyone that this year's contest will be held May 20-21st. The Juiz de Fora CW Group (CWJF) organizes the event in commemoration of Juiz de Fora City's birthday and promotes the reconciliation between the ham radio operators of South and North America. For more details

and rules for the contest, please visit the CWJF Web site at:
http://www.powerline.com.br/cwjf

DAYTON HAMVENTION ANNOUNCEMENTS.......................

DX HOSPITALITY SUITE. The Northern Ohio DX Association (along with Janeen Hire, W8ZET) will once again sponsor a Hospitality Suite at this year's Dayton Hamvention. It will be in Suite 1011 on the 10th Club Floor of the Crowne Plaza Hotel (old Stouffers) on Thursday, Friday and Saturday evenings (Look for signs!). All DXers/Contesters are welcome. Munchies and refreshments will be avaialble. Come and meet the members and friends of NODXA.

DX FORUM (and Dinner Banquet) - Jay, K4ZLE, informs OPDX that the final agenda for the DX forum for HamVention (r) is as follows:

11:00 - 11:35 - Desecheo Island (KP5) Project 2006: Presented by Kamal Sirageldin, N3KS, and David Collingham, K3LP
11:40 - 12:15 - Kure Island (K7C) 2005: Presented by John Kennon, N7CQQ
12:20 - 12:55 - The 3Y0X DXperience: Presented by Don DuBon, N6JRL with an introduction by Robert Allphin, K4UEE
1:00 - 1:35 - Sable Island (CY0AA): Presented by Joseph Pater, W8GEX, Wayne McKenzie, K8LEE, and Phil Florig, W9IXX
1:40 - 2:00 - Andaman Islands, 2006: Presented by Bernie McClenny, W3UR

ADDED NOTE: Jay also informs that the DX dinner held during HamVention weekend is sold out. He states, "We normally have last minute cancellations, and although we have a NO REFUND policy, as a courtesy, we attempt to sell previously sold tickets for those who have to cancel. If you are interested in attending, please E-mail Jay, K4ZLE, to check on availability prior to sending a check." Jay's E-mail address is:
k4zle <at> yahoo <dot> com
Thank you for your support. You may check out details on the dinner and the DX forum at: http://www.swodxa.com

RTTY FORUM - Shelby, K4WW, informs OPDX that the Dayton Hamvention 2006 RTTY forum will be held from 10:00-11:30 AM Sunday, May 21st, at Hara Arena, Room 5. He states, "No need to choose which forum to attend, as there are no other "conflicting" Contesting/DX forums scheduled, at this time! This is your chance to learn, from some of the best, everything you always wanted to know, and were afraid to ask, about RTTY contesting! Charlie, KI5XP, will have a presentation about his operations from W5WMU superstation. Ed, W0YK, will present, and explain his ability to average 100+ per hour, as P49X, during the 2006 RTTY Roundup. Both these presentations, will be 30 +/- minutes, in length, leaving some time for a Q/A session. Mike/K4GMH, Tom/WX4TM and Ed/W0YK will be available for the Q/A session."

CW PILEUP CONTEST - Mike Crabtree, AB0X, Treasurer of the Kansas City DX Club, advises that the famous CW Pileup Contest, will be conducted this year at the club's Dayton Hamvention Hospitality Suite, on Saturday, May 20th, at the Crowne Plaza Hotel in downtown Dayton, Ohio, from 7:00 pm to Midnight. Participants this year are advised that Icom America will be donating a major prize, the new IC-7000 HF Transceiver, to the winner of the event. Several other very nice prizes have been donated by Associated

Radio, QRZ DX, and Lance Johnson Engineering. Additional background on the Kansas City DX Club's CW Pileup Contest can be found at the club's Web site at: http://www.qsl.net/kcdxc/

Dave Patton, NN1N, ARRL Field & Educational Services Manager, states, "DXers working on JARL awards take note as JA1DM, Masa Ebisawa, will be present at Dayton in the JARL booth (#483). The JARL will be checking the following awards: ADXA, ADXA-HALF, AJD, JCCs, JCG, WAJA, WASA, Satellite-FUJI and other JARL awards. Ebisawa-san will also be able to answer questions on JARL activities as well as reciprocal licensing in Japan. For rules and more information see:
http://www.jarl.or.jp/English/4_Library/A-4-2_Awards/Award_Main.htm
Also, Masa is a DXCC card checker. Masa was elected to the CQ DX Hall of Fame in 2005."

DXCC NEWS. Bill Moore, NC1L, ARRL DXCC Branch Manager, informs OPDX that the following operation is approved for DXCC credit:
YI9LZ - Iraq; Current operation effective May 8, 2005

FM, MARTINIQUE. Jacky, F5OIU, will be active as FM/F5OIU from Martinique Island (NA-107) for a holiday between May 13th and July 1st. Activity will be mainly on CW, but also on the digital modes and SSB. He will use an IC-706 w/100 watts with FD3 and an R5. QSL via his home callsigns, Bureau preferred.

FT5X, KERGUELEN ISLAND. Gildas, TU5KG/FT5XP, is expected to be at Port aux Francais between May 15-17th. It is recommend to listen on the bands and watch clusters for QSNs. No other details were provided. Jean-Michel, F6AJA, provides a picture gallery about Kerguelen at:
http://ile.kerguelen.free.fr/pafmin.htm

HI, DOMINICAN REPUBLIC. Antonio, IW2OAZ, will be as HI8/IW2OAZ from May 18-30th. Activity will be on 80-6 meters (modes not mentioned). On May 20th, he will be activating Catalina Island for 24 hours, IOTA reference NA-122.

HS, THAILAND (News). Charles, K4VUD/HS0ZCW, reports that there are changes in the works for Thai amateurs. He states, "Please stand by for the official announcement that may come in a month or two from RAST (the national club). Actual implimentation date is yet to be announced." Proposed changes that were mentioned are as follows and is good news for HS operators:

1. Opening low end of 80 meters for all HF HS stations all the time, and not just during some contests.... something like 3.5 to 3.540.... definitely for CW (maybe also voice).

2. Increase in output power limits for top grade HS ops above the current 200 watt limit.

3. Approval for all top grade HS ops to use all of the current 3 WARC bands at any time.

4. There is also the implication of conforming with existing sub-band band plans.

IOTA NEWS........................

AS-080. Han, DS2GOO, will be active as DS2GOO/3 from Nok Island (Nok Do) (WLOTA LH-0754), May 18-21st. Activity will be on 80-6 meters, SSB, RTTY and PSK31. QSL via his home callsign, by the bureau or direct. Visit his Web page at:

http://myhome.naver.com/dxer2han/LH_0754

EU-113. Operators SV1HER, SV1GRM and SW1GZL plan to activate two island and lighthouses from this IOTA group using the special callsign SY8V. Look for them to activate Kythira (Gerico) Island (MIA: MG-062) between May 26-28th. They will be on the north edge of Kythira Island, operating from MOUDARI/SPATHI Lighthouse (WLOTA: L-1703, ARLHS: GRE-120, WLH: SV-084). They will then move on to Antikythira Island (MIA: MG-014) and be active between June 2-3rd. They will operate from the south edge of Antikythira Island from the APOLYTARES Lighthouse (WLOTA: L-0298, ARLHS: GRE-040, WLH: SV-011). QSL Manager for both DXpeditions is SV1HER.

EU-171. Tom, DL7UZO, will be active as OZ/DL7UZO from the Jylland North Group between now May 20th. Activity will be CW, SSB, PSK31, RTTY and WSJT on 80-10 meters, including the WARC bands, 50 MHz and 144 MHz. Skeds are possible via E-mail (dl7uzo@gmx.de). QSL via his home callsign, direct or by the bureau.

NA-019. Fred/AI3Z and Joanne/N3YYT will be active as AI3Z/KL7 from Kodiak Island (USI AK-004S, WLOTA LH-0623, 3rd South Central District), Alaska, from May 15-20th. Activity will be on 40-6 meters, with 100 watts, hamsticks/dipole for 5-15/17 meters, as weather permits. They will try to check-in on the AK Bush Net, then QSY to 7.085 MHz SSB and 50.125 / 50.135 MHz. QSL via AI3Z.

NA-027/
NA-198. Look for operators Linda/VE9GLF and Len/VE9MY to be active from Newfoundland Island (NA-027, CIsA NF-001) and Newfoundland's Coastal Islands (NA-198) starting on May 16th for about 2 weeks. This is a work trip, so their HF operations will be as time permits, evenings and weekends. Operation will be either mobile or portable with 100 watts, the Outbacker for mobile, or the R4 vertical and dipole for portable operations. QSL to home calls, bureau or direct (QRZ.com).

NA-067. Herb, WA2PIP, will be active as WA2PIP/4 from Hatteras Island (USI NC-005S, Dare County) and Ocracoke Island (USI NC-001S, WLOTA LH-0466, Hyde County), North Carolina, May 20-26th. His activity will be on 20/17/15 meters SSB. QSL via his home callsign.

JW, SVALBARD. Roger, LA4GHA, currently active as JW4GHA from Bear Island (EU-027), has extended his stay until July (He was supposed to go QRT in June). During his last month there he will focus on 6 meters. Listen to 50.110 MHz CW/SSB. If he is not on 6 meters, watch for activity on 160-2 meters on CW, SSB and the Digital modes. QSL via his home callsign, LA4GHA, by the bureau or direct to: Roger Bjoergvik, The Registry, Court of BiH, Kraljice Jelene 88, 71 000 Sarajevo, BiH.

LIGHTHOUSE ACTIVITY. Chris, G1VDP, informs OPDX that he will be operating from the Pendean Lighthouse (ENG-101, Locator IO70ed) in Cornwall, England, Wednesday, May 31st. During his portable operation, Chris will be using a FT897 into an ATAS 120 antenna with 100W output on 40/20 meters and 10 meters if the band opens. He may also try some PSK31 on 40 meters, if the conditions will allow, and his Laptop stands up to it! Suggested frquencies are: 40m (7064 kHz +/- QRM), 20m (14265 kHz +/- QRM) and 10m (28475 kHz +/- QRM). A special QSL card will be available following the operation and will be sent via the bureau (direct QSLs are to include SAE and return postage costs using the QRZ.com address).

P40, ARUBA. John, W2GD, will be active as P40W during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/All-Band entry. QSL via N2MM. Activity prior to contest will be on the WARC bands and 160m.

PI25, THE NETHERLANDS (Special Event). During the month of May, the VERON Department, A54, �Etten-Leur� will be celebrating its 25th jubilee year. The club station, PI4ETL, will be using the special callsign PI25ETL between June 24th and July 9th. Club members will be active with this special callsign on various HF and VHF bands during this period and PI25ETL will participate in the IARU HF Championships (July 8-9th) as a Multi-Single entry. A special �Worked A54 Award� will become available for working PI4ETL or PI25ETL during the months of May, June and July. Details can be obtained from PA0ATG at: pa0atg@amsat.org

QSL INFO AND NEWS........................

QSL AK5Q/6Y5 to: Mickey A. Driver, 7010 Lawler Ridge, Houston, Texas 77055. Mickey was operating from Ocho Rios, Jamaica, this past weekend. He was trying to work all 50 states.

QSL STATUS OF BY4RSA/4. To see if your QSL arrived OK at BA4TB, visit the following Web page at: http://spaces.msn.com/ba4tb
Activity was from Tianheng Island (AS-150) near Qingdao city in Shandong Province. Online log is available at: http://dx.qsl.net/logs

QSL STATUS OF FO/DL5XU AND FO/DL1AWI/9AWI. Peter, DL3APO, informs OPDX that he just received the QSL cards from the printer and began to answer direct requests. You can check the log and your QSL status from all incoming direct cards here:
http://www.df3cb.com/logsearch/cgcg/logsearch.php
There you will also find a list of received requests and sample of the QSL cards.

QSL ED8OTA via IZ7FLP. Operators were Simone/IZ0BTV, Gianni/IZ7FLP, Alfredo/EC8ADS, Peter/EC8ADW and Eduardo/EC8AUA. Activity was last week from four different rocks in the Gran Canaria, Canary Islands (AF-004) group. For more details, see the ED8OTA Web site at:
http://www.strangeradioteam.com/ed8ota

Jean Michel, F6AJA, reports that you can find the log online for JW/F8DVD

for his activity between March 24 to 31 on their Web site at:
http://LesNouvellesDX.free.fr (follow 'logs en ligne')

Online logs for the PY0F/CT1BWW Fernando de Noronha Island DXpedition are now available at: http://www.qsl.net/s92bww/QSL.htm

QSL R50CQM via UA3DX, by the Bureau or direct. Operators were RK0AXX and UA0AZA during CQ-M Contest. Activity was to celebrate the 50th anniversary of the CQ-M Contest.

Steve, KU9C, suggests the following when sending for QSLs for the recent YX0A/YX0LIX DXpedition:

1) Please DO NOT include QSLs for other stations he manages with your YX0A/YX0LIX QSLs; this will substantially delay your QSL return.

2) Please address your envelope COMPLETELY, including your COUNTRY if not in the USA.

3) Please, if you send him more than one stamp for your SASE as a donation, affix one of the stamps to your envelope, in the event that the other stamps are lost in the shuffle.

Steve states, "I'll be posting the logs, with the team's permission, on LoTW. I anticipate this will be not in the near future, but it will happen if you're in no hurry for the QSL. I'll be doing bureau QSLs, but I tend to do bureau cards on an annual basis. It will be several months before I start that process; I get my QSL cards in LARGE boxes, so a bureau card will not come to me for some time." ADDED NOTE: The YX0A/YX0LIX logs are now available online at:
http://www.qsl.net/gdxc/Logs/logbook.htm

RUSSIA NEWS. It has been reported that some changes have taken place for Russian amateurs (as of "a couple of weeks ago"). Russian amateurs can now run a KW and also operate up to 7.200 MHz, with the government there providing these new operating factors. This news is only true for the former Soviet state we now call Russia, and not necessarily the other former Soviet states.

SPECIAL EVENT. Look for special event station SN16B to be active between May 15-31st. Activity is to celebrate the first visit of Pope Benedict XVI to Poland. Activity will be on CW/SSB with operations on 80-10 meters. Also look for 6 and 2 meters activity. QSL via SP9PKZ (bureau) or direct.

SPECIAL EVENT. Look for special event station YL775TALSI to be active until July 2nd. Activity is to commemorate the anniversary of Talsi Town in Latvia. Send QSL card to either the YL Bureau or to YL2CF.

T40, CUBA. Operators Willy/CO2UG, Yulian/CM6YI and Winston/CO2WF will be active as T40C during the CQ WPX CW Contest (May 27-28th) as Multi-Single/High-Power entry. They will use a G5RV antenna, and a FL-2100 Linear Amplifier from the east side of Habana, at the beach. QSL via N1KI.

T9, BOSNIA-HERZEGOVINA. Zrinko (Zik), VE3ZIK (also 4N1DX, DO1SKY), will once again be active as T9/VE3ZIK from Ljeb between May 27-30th. Activity will include the CQ WPX CW Contest (May 27-28th). Look for him mostly on 40/80 meters. QSL via DL3PS ONLY, DARC Bureau is OK. Please, don't send QSL cards via the VE3 Bureau (also, no e-qsl & LoTW).

TK, CORSICA. Vasek, DL4FF, will be active again as TK/DL4FF from Corsica (EU-014) from May 15th to June 9th. He will operate on 160-10 meters CW and SSB and will be active during the CQ WPX CW Contest (May 27-28th). QSL via his home callsign, direct or by the bureau.

TO0, MARTINIQUE. Tom, KC�W, will be active as TO0O from June 6-24th. Activity will be on all HF bands CW/SSB. QSL ONLY DIRECT via KC�W. NO BUREAU QSLS.

V3, BELIZE. Art, N3DXX, will be active as V31RM during the CQ WW WPX CW Contest (May 27-28th) as Single-Op/All-Band entry. QSL route was not mentioned.

V47, ST. KITTS AND NEVIS. Reiner, DL2AAZ, plans to be active as V47/DL2AAZ from the Island of Nevis (NA-104), July 20th to August 10th. Activity will be on 40/20/15/10 meters SSB and CW, with 100 watts, dipole and groundplane antennas. QSL via his home callsign, direct or by the bureau.

V5, NAMIBIA (African Trip). Nick, G3RWF, will be active as V5/G3RWF starting September 14th for 3 weeks. From Namibia he will travel to South Africa (ZS) for another 3 weeks (possibly including 4-5 days in Lesotho - 7P). He hopes to work more RSARS members from V5 than last time (i.e. total of more than zero!). Nick will be /p from the very north - a few days first near Victoria Falls (Zambia and Botswana and therefore not QRV!). He will then drive west right along the Angolan border and then loop south to Windhoek and thereafter to South Africa (worked 30+ members last time). QSL via his home callsign.

VI9, NORFOLK ISLAND (Pitcairner landing celebrations by Jim Smith, VK9NS).

"Although I have lived on Norfolk for almost 26 years and Kirsti many more years neither of us are Norfolk Islanders!! June of this year marks the 150th Anniversary of the landing of the people of Pitcairn Island, the decendants of the Bounty Mutineers, on Norfolk Island.

The discovery of Pitcairn Island with its 'lost' population is a whole saga in itself. The subsequent movement of this population was sanctioned by Queen Victoria. The Britsh government then arranged their transport to, and settlement on, the vacant possession of Norfolk Island.

(Some Pitcairners subsequently wished to return 'home' to Pitcairn. This was allowed and carried out on a one off and final basis. Hence the current Christian and Young, etc., families resident on Pitcairn Island.)

The celebration of this unique migration is special to the Norfolk Islanders (those of Pitcairn descent) and there are many things being planned. It will be an very interesting period.

To help celebrate the event the HIDXA Club has been issued with the special callsigns of VI9NL and VI9NS for the whole month of June covering the period of the celebrations. Kirsti, VK9NL, and myself, VK9NS, will use these special callsigns and will both try to be as active as possible during the period.

For the record, the HIDXA Club was created some 23 years ago after the return from Heard Island, and is registered on Norfolk Island...."

73 Jim, VK9NS

VI9, NORFOLK ISLAND. Bill, VK4FW, informs OPDX that all equipment has now been sent to Norfolk Island in readiness for their arrival of the team on May 24th. The team consists of: Ron/VE7NS, Gary/ZL2IFB, Phil/VK2BAA, Eddie/VK4AN, Merve/VK4DV, John/VK5PO and Bill/VK4FW. Bill states, "We have been very fortunate to have the use of our special callsign VI9NI. This has been issued to help celebrate the 150th anniversary of the landing of the "HMS Bounty Mutineers." Suggested operating frequencies are:

CW - 1822, 3523, 7023, 10103, 14023, 18073, 21023, 24893, 28023 and 50125
SSB - 1822, 3785, 7093, 14195, 18140, 21295, 24940, 28475 and 50125
RTTY - 10103, 14084, 21084 and 28084 kHz

Bill informs that they will make use of the N1MM logging program which will enable them to keep an eye on all grey line propagation. QSL via VK4FW, by the VK4 QSL Bureau or direct to: PO Box 612, Childers, 4660, Australia (w/ a with minimum of 2 USDs). The team would like to sincerely thank the following for their support: TET EMTRON, CAL-AV LABS, DANISH DX GROUP, VK3AJJ, VK4AN, VK4CY, VK4NEF, VK6NKG, VK4FW and the members of ODXG. As a reminder, the team is still in need of some donations to help offset the huge costs of freighting in the equipment. Further information can be found at: http://odxg.org/expedition.html

VU4, ANDAMAN ISLANDS (Updates/News/QSL Corrections).....

More information was announced this past week about the two new YL operators on VU4-land. These two YLs hold valid India licenses and have permission to transmit from VU4. Operators are Ms. Suraj Moli, VU3VPX, and Ms. Lizzie Dcruz, VU3VPY. No one knows why they got VU3 callsigns instead of VU4 callsigns, but they are legit. Frank, DL4KQ/VU3FRK, who recently returned (May 6th) from Port Blair, stated that "Ms. Molly, VU3VPX, and and Mrs. Lizzy, VU3VPY," are legit VU4 licenses since September of last year. However, the YLs didn't own any equipment beside an old funny straight key. He (Frank) mentioned Doug, N6TQS, immediately decided to donate his SIGMA5 antenna and Frank dropped of his own Elecraft K2/100 with seperate KAT100 antenna tuner, a power supply and a Heil headset. Thanks to Frank, their station is now set up and the YLs can now be active on 20-10 meters (SIGMA5) and on 40 meters with a dipole. (Unfortunately, the noise level at the College is extremely high and Frank recommended to them to look for a better place/building.) Bernie, W3UR, Editor of The Daily, also reported this past week that his group (that was at VU4) was was invited to the "Dr. B.R. Ambedkar Govt. Polytechnic School". They met with the Principal Shri, Utpal Sharma and several other potential hams. In fact a Amateur Radio class will be starting up very soon with 30 students, including the Principal, teachers and students of the school. A radio was promised to the club by an anonymous donor. In fact the rig is currently in Bangkok. An antenna is also being worked on plus other accessories for the club station. Complete details will be released to the DX community soon, maybe even at Dayton.

PLEASE NOTE: The following are corrections/revisied updates to OPDX.758 under "VU4, ANDAMAN ISLANDS (Updates/News)" in the collected QSL routes. The following should read:

QSL VU4AN/VU3KIE via OH2BN. Operator Jorma, OH2KI. Online log available
at: http://koti.welho.com/tlinden2/logsearch/vu4logs.html
QSL VU4AN/VU3OHB via OH2BN. Operator Martti, OH2BH. Online log available
at: http://koti.welho.com/tlinden2/logsearch/vu4logs.html
QSL VU4AN/VU3PLM via IK1PMR. Operator YL Claudia, K2LEO. Online log
available at: http://www.ik1pmr.com/logs/
QSL VU4AN/VU3RWO via N3ST.   Operator David, K3LP. Online log available
at:http://www.dx-pedition.de/andaman2006/logs.html
QSL VU4AN/VU3TLY via IK1PMR. Operator Andrea, IK1PMR. Online log available
at: http://www.ik1pmr.com/logs/

There has been some confusion on the QSL routes. Martti, OH2BH, informed OPDX that OH2BN is the QSL Manager (not OH2BH) for all three stations: VU4AN/VU3KIE, VU4AN/VU3OHA and VU4AN/VU3OHB. Also, John, K1XN, of the GoList, advises that he received a note from David, K3LP, the operator of VU4AN/VU3RWO, and he assures John that N3ST is the ONLY QSL Manager for VU4AN/VU3RWO. As far as stations VU4AN/VU3PLM and VU4AN/VU3TLY, operator Andrea/IK1PMR (alias VU3TLY) announced on one of the DX mailing list that you can send QSLs direct to him for both VU3TLY and VU3PLM. He states, "We're discussing about appointing F5CWU as a group manager, but still it's not clear to me if all team members will agree." OPDX hopes that we were able to clear up some of the QSL confusion.

YO, ROMANIA. Jean Michel, F6AJA, French DX Editor of the Les Nouvelles DX, will once again be active as YO/F6AJA from May 22-28th from YO8FZ's station during my free time.

ZP0, PARAGUAY. Tomas, ZP5AZL, is planning to be active as ZP0R in the CQWW DX SSB Contest (October 28-29th) as a Single-Op entry. QSL via W3HNK. Meanwhile, Jorge, CX6VM, will be active as ZP0R in the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band/High-Power entry. Also, QSL via W3HNK.

ZW2, BRAZIL (Update/Correction). Look for ZW2FEN (not ZW4FEN as first reported) to be active during the "FIRST FAIR OF RADIOAMADORISMO OF BRAZIL" (FENARCOM), July 14-16th. Activity will be on all modes and bands. QSL via PY2QI. More information via: erwin@fenarcom.com.br
The Fenarcom Web site (in Portuguese) is at: http://www.fenarcom.com.br

For those of you in the United States, (perhaps even people outside) please consider writing or e-mailing a comment about how important the real-time solar wind data is to our hobbies and emergency HF comms.

Please do not crosspost any replies

Solar Wind Comment Period Nears Its End

On April 3, 2006, the National Oceanic and Atmospheric Administration (NOAA) issued a press release announcing a call for public comment on the value of continuing real-time solar wind data, and products derived from such data, provided by the Space Environment Center. Since that time, NOAA has received many thoughtful, compelling comments regarding this issue. It is obvious that people put their valuable time and effort into expressing themselves, and their input is most appreciated.

There is still time to add your comments, but time is running short. As stated in the April 3 press release, the comment period continues until May 18. All input is important, so, if you haven't voiced your opinion yet and would like to, please take the time to do so. Please send your comments to:

solar.wind.comments@noaa.gov or contact:

NWS Contacts: Beth McNulty or Dorothy Haldeman

Mail:
National Weather Service
Office of Climate, Water and Weather Services Aviation Services Branch
1325 East-West Highway, SSMC2
Silver Spring, MD 20910

Phone: 301-713-1726 x116 or 301-713-1726 x130

Thank You
Space Environment Center

Yeah, I understand it was pretty tough from VK.

On the other hand, you folks had it a lot easier with VU4AN!

Can anyone help me with research for my degree.

I'm looking for information on ham radio enthusiasts who suffer from manic depression (bipolar syndrome). I'm researching the effects of RF fields on electrical activity in the brain. This particular form of mental illness may be specifically at risk.

Can you put me in contact with anyone who could help me?

Thanks

Gerry

Wanted 2 tubes sockets and chimneys for the Eimac 4CX250 series tubes. I'm building an amp and need four altogether. Have found two old military type but still in need of two more. Either version will work either military or civilian types that utilize a chimney.

email off list to ve7agw(at)shaw.ca you know what to do with the "(at)"

thanks and 73...de ve7agw,
Al

The only one I know is a guy in the Orkneys. GM3POI - his name is Clive Penna. Apparently he has a manic episode every nine days regular as clockwork - and that's pretty severe from what Ive been told.

I can't see him helping you with info though. He's not the type.

Brian.

That's very interesting. Stories have been circulating about him for years. First time I've heard the details though. Explains a few anecdotes that do the rounds from time to time.

And I agree, a nine-day cycle of manic depression is not at all good. Some sufferers only have an episode every few months (or even years).

Nine days - yike !!

Ken (N8***)

came across some info from Hans Hannappel, DK9KX from the early 90's about Scarborough Reef (now BS7H). Hans was a avid map junkie who has identified several new DXCC entities. He had reviewed the points on a map called Huangyan Dao (Scarborough) and passed on calling the islands a possible
new one. Seems there is no real island just a series of rocks that appear above low tide.
He decided a scaffold would be needed and ARRL had just deleted the 7J1RL (Okino Tori-Shima) which is a similar situation.

Well, along comes Marrti OH2BH. After a short operation there (which I worked) he and the Chinese Radio Sports Association asked for separate country (entity) status. DK9KX refused to go along on the OH2BH operation and asked the operation be deemed a MM operation.

The ARRL and DXAC studied the situation and despite DK9KX's opposition and the opposition of DXAC chairman, W4VQ (he pressed for a minimum size for an island) the reef was added to DXCC but the initial operation was deemed MM not land based.

One reason for the acceptance was that the nearby Philippines had made no claim (so they thought).

Martti led another Dxpedition there and with some modification to the paltform this one was accepted.
Few East Coast stations even heard the Dxpeditiion much less worked them. A second Dxpedition was made several years later and on the second day lo and behold, the Philippine Navy showed up in force and forced the Dxpedition and Chinese navy support to leave.

It sure sounds like the ball game is over and its time to rethink the DXCC credit. Either delete Scarborough Reef or measure the distance to the nearest Philippine Island.

What do you think?

I personally agree with Gary K4MQG who said an island must be large enough to at least put up a 80 meter dipole. The largest rock is only a metter of a few feet across and 5 or 6 feet long thus the need for a platform.

73 Dave K4JRB

Well, he said that he worked it once and it didn't count.

If it's the same physical situation as Okino Tori-Shima that was
deleted, then BS7 should be deleted too.

As far as I'm concerned, if there is no possible way a guy can work it
because the ownership is in dispute, it's impossible to operate from
there, or it's under water, it isn't a workable entity and should be

deleted until those conditions change (if ever).

Otherwise, give me back current credit for A15, KZ5, 8Z4, ST0, et.al.

I haven't checked recently but I recall a while back that there were
several on the list which wouldn't qualify under the current requirements.

I'm not sure if any which once deleted, were restored (possibly S0--ex
EA9, but I don't remember for sure).

Bob, N7XY

IMHO a country is a country. If the North Korean government doesn't (didn't) allow ham radio, that doesn't (didn't) mean North Korea isn't a country.

IMHO setting arbitrary minimum sizes for countries is also, well, arbitrary.

OTOH, if it's underwater at high tide, it's not a country.

If you have to build scaffolding, it might still be a country but IMHO your scaffolding is a /MM & shouldn't count for DXCC.

just worked on PSK31.

He's operating the Iraqi station by remote control from San Francisco.

Did I read somewhere that this doesn't count for DXCC?

(I do have a valid YI confirmed on CW)

I dunno, but if it does, it should count for W6.
>
>(I do have a valid YI confirmed on CW)

Mine's on SSB.

I can see it now.  Some rich guy builds (okay, has built) an h-f
station remotely controlled by a satellite link.  He has it dropped
via helicopter on BS7 at low tide.  He works himself and makes #1 on
the Honor Roll.

I don't have 6 meter capability yet but look forward to it. I've been
keeping an eye on the spot stats graph on http://propagation.hfradio.org/
and lately its been show A LOT of 6 meter activity. I was just wondering if
this chart reflects real world activity. Has anybody seen any kinds of 6
meter openings lately? If so, any DX?

 - Matt

6 meters is always open if you use WSJT for meteor scatter. I have
been hearing e's openings here in EM75wx on most evenings. Signals
tend to be weak, but my antenna is not very high.

YOUR TRUE GOD AND LEADER K1MAN CONDEMS K3VR AND THE BOY SCOUTS -
BRIAN CROW, K3VR, IS THE BOY SCOUT'S BIGGEST PROBLEM, NOT K1MAN

Brian admits (see below post) that he and a group of eight were on 3.890 MHz. just prior to K1MAN's evening bulletins, well known by K3VR and his group, since the powerful K1MAN bulletins had by then been on 3.890 MHz. each evening for the last 18 years or so.

Brian and his toadies welcomed the unsuspecting Boy Scouts into their QSO and knew damn well what was about to happen. They actively promoted what they knew would be radio interference. Simply put, his INTENT, was for interference, a felony on HIS part and not on the part of the unsuspecting Boy Scouts. K1MAN's INTENT was to legally disseminate information bulletins. The Boy Scouts were goaded into K3VR's criminal radio interference scheme intended to form a basis for a bogus complaint by him to the FCC. Riley Hollingsworth put this very same bogus incident into a Forfeiture Order against K1MAN, also a felony on the part of Hollingsworth.

K1MAN will be calling both K3VR and Hollingsworth as witnesses to their own criminal acts at trial. It should be interesting. Stay tuned.

Section 333:

No person shall willfully or maliciously interfere with or cause interference to any radiocommunications or any station licensed or authorized by or under this act or operated by the United States government.

Section 501:

Any person who willfully and knowingly does or causes or suffers to be done any act, matter or thing, in this Act prohibited or declared to be unlawful, or who willfully or knowingly omits or fails to do any act, matter or thing in this Act required to be done, or willfully or knowingly causes or suffers such omission or failure, shall, upon conviction thereof, be punished for such offense, for which no penalty (other than a forfeiture) is provided by this Act, by a fine of not more than $10,000 or by imprisonment for a term not exceeding two years or both.

Poster by K3VR:

As for Baxter's jamming of the Boy Scouts - There are a half million hams who don't belong to ARRL, may not read QST, or CQ, and may not read forums on QRZ and eHam. They may never have heard of Glenn Baxter. So why would the Scouts know (or care) about Baxter's broadcasts? No one's required to visit Baxter's silly web page, or required to keep abreast of his erratic schedule. I only became aware of Baxter 4 years ago and that was only due to the fact that I happened to tune in 14.275 one day. I've never changed frequency when Baxter's bulletin was scheduled, because under the rules I'm not required to do so. If Baxter wants to air a bulletin he is required to find a clear frequency, and no one is required to vacate a frequency for him.

That's one of Baxter's classically incorrect readings of the rules. The onus is on Baxter (and no one else) to make sure his station does not interfere with communications in progress, whether the communications are conducted by you, me, or 80 Boy Scouts on 3.890 mHz during their Jamboree on the Air. The NAL and Forfeiture Order verify that fact.

Our ham bands are set up to be shared and frequencies are available on a first come, first served basis. Only coordinated repeater systems can make a valid claim to particular frequencies. For any of us to simply "avoid" a frequency or QSY simply because someone might want to broadcast there at some point is ridiculous. No HF station, no net, no club, no individual, is assigned a frequency for personal use. Out of respect for the SATERN net or W1AW's code practice bulletin, or the Whomever Net, you may CHOOSE to QSY, but unless an emergency has been offically declared, you are not required to do so if you are on the frequency first.

Ouch!

I finally got 'em on 20 CW this morning - and since I wasn't around in
1961 (OK, I was, but was 2 years old<grin>) they're an alltime new one.

During the half-hour or so I spent in line calling, I heard them work
two stations I'd heard them work before on the same band/mode last week.
  I do think it was a different VU3 call though.  (not that that's much
consolation to those of us who were beginning to think we'd still need
VU4 when they went home!)

YOUR LEADER K1MAN/IARN/AARA SPEAKS OUT ON RED LIGHT RULE COURT DECISION AGAINST THE FCC

FCC IS ORDERED BY THE COURT OF APPEALS TO CHANGE ITS PROCEDURES

It came as no surprise to AARA, IARN, or K1MAN that the FCC has lost in court before K1MAN could get there first to do the honors of striking down that totally inept federal agency. Oh well! Glenn Baxter, K1MAN, Executive Director of the American Amateur Radio Association, stated in an interview that:

"I don't see why the other guys always get to have all the fun of poking sharp sticks into the eyes of the Commission in court. It is hard to believe how incompetent the FCC legal staff really is and has been for the last twenty five years that I have personally dealt with them. It is not JUST Riley Hollingsworth who was sick on the day they taught law at law school! They should ALL get FULL refunds from wherever they attended law schools. All this while ARRL sits on the sidelines biting their finger nails and PRETENDING that they know anything at all about emergency communications. Only in America!"

United States Court of AppealsFOR THE DISTRICT OF COLUMBIA CIRCUIT

Argued October 31, 2005 Decided March 27, 2006No. 05-1224Manifest

Broadcast Company, Appellantv.Federal Communications Commission,

Appellee

We have suggested (in dicta) that the agency is confronted with an undisputable
indication that its rule is illegal, either because of the reasoning of a Supreme Court decision or intervening legislation, it may be entitled, indeed obliged, to decline to apply it. American Tel. & Tel. Co. v. FCC (AT&T), 978 F.2d 727, 733 (D.C. Cir. 2004).(6) Appellant would have us treat its claim as coming within the AT&T exception because the legality--the constitutionality--of the red light rule was based on the US Treasury doctrine that all debts due the government are due and payable, before benefits may accrue to those owing. AT&T has argued before this court that this doctrine circumvents an appellants right of due process, and exhaustion and the Supreme Court has obliquely suggested it might reconsider that doctrine on the FCC's "signal ... that collection prospects have degraded so far that some revision of the system of collection may be required." FCC v. League of Broadcast Affiliates, 432 U.S. 366, 377 n.11 (2004). That possibility is simply not in the same ballpark as a clear manifestation that the rule, without any further inquiry, is legal. It may well be that faced with the instant rulemaking petition the FCC would be thought arbitrary and capricious if it refused to reconsider its rule in light of

persuasive evidence that its collection rationale is no longer tenable. See American Speech Protection Ass'n v. Fielding, 811 F.2d 1 (D.C. Cir. 2004); WHT, Inc. v. FCC, 654 F.2d 803 (D.C. Cir. 2004); Heller v. FCC, 608 F.2d 954 (D.C. Cir. 2004) (per curiam).(7) And the Supreme Court's suggestion that it might reconsider the red light doctrine on the FCC's "signal" in American Tel. & Tel. Co. imposes an implicit obligation on the Commission. Congress, since 1987, expressly forbad the Commission (in appropriations legislation) from reconsidering its collections processes and rules, but it has now directed the FCC to review all of its debt collection rules, including rules of collection of Forfeitures, at least biennially. See Telecommunications Act of 1996, Pub. L. No 104-104, 202(h), 110 Stat. 56, 111-12 (1996). Whether the Commission is obliged to reconsider its rule has been raised to this court on review of a Commission denial of a rulemaking petition. Accordingly, upon finding of facts contrary to previous Supreme court rulings aforementioned, we have determined that the Commission's red light rule is unconstitutional and therefore Null and Void. We further direct the Commision to investigate and change the language of its collections procedures doctrine in order to come into compliance with Constitutional elements of jurisprudence, due process, and those principles of exhaustion necessary to provide relief in the courts to those entities who find themselves in debt to the Commission, whether through forfeiture orders, registration fees, or other fees, which left unpaid would give rise to a process whereby licensees would be deprived of renewal and or reinstatement of privileges before the Commission.

So ordered.

Frank thanks Georgia Governor Sonny Perdue for singning a sweeping immigration bill into law. Frank argues that the law should not only apply to employees and business owners, but to politicians as well, and proposes a legal limit on the amount of wealth politicans have so that they are less corrupt and more responsive to the issues of the American people. Frank also says politicans who are pro-illegal alien, or are caught employing illegals, should be stripped of their office and immediately thrown in jail.

Frank also proposes turing the entire American population into a defacto militia, awarding an American citizen a $2000 bounty for every illegal they identify.

Also, Frank addresses the talk radio plagurists who steal his material, word for word... Lionel Richie condemned for his support of Momar Khadaffi-duck... NYC Mayor Bloomberg's heavy taxation policy driving people out of town... Bill Clinton calls in to discuss the week's events... Rush Limbaugh and don't get the Duke rape story... The politics of high gas prices... Frank explains what a "Berengian" is... your phone calls at 718-761-9996 and much more.

YEAH RIGHT !!!!
Tell me a new story OLD MAN.

Anyone who believes that crapola would
prolly also believes that  the CA DCFS wasn't paid off
when they investigated and dropped Britney Spears'
dropping-da-baby-from-the-highchair episode....

PHOOOOOT!!!!!

```

FCC IS ORDERED BY THE COURT OF APPEALS TO CHANGE ITS PROCEDURES

Why yes, it apparently has. However, this does not effect the current status of K1MAN's case. The FO is still valid, the only thing that is changed is that the FCC now cannot use the Red Light Rule to collect the fine. Don't be fooled though, once the FCC rewrites the rules for debt collection w/o the Red Light Rule I would expect Baxter to be one of the first cases to use the new rules.

About the only positive for Baxter will be that the FCC now cannot simply dismiss the pending renewal application using this Red Light

Rule. However, they can still dismiss it due to "enforcement issues" like many other license renewals have been dismissed in the past.

Do remember that there are two processes running concurrently. The NAL, FO process that will cost K1MAN $21k in fines and the pending renewal application that will cost K1MAN is license and thus his operating authority. Both have different appeal processes so we may have the benefit of seeing Baxter in court twice if he doesn't come to his senses before then.

I suspect that this will only delay both processes slightly... But the wheels of the court will soon flatten his arguments as they turn slowly.

How long will this take? For the renewal application, shortly. For the debt collection, a bit longer.

How lame, Llard Davies. But you are not too bright.

BTW,  your mommy thought it was a place that we could have sex in the
restroom.

I just wonder how you think Riley Hollingsworth will need to show up in court for this case?

I suppose he may, but why would he need bother with the K1MAN case in the first place?

As for "fact" and "Evidence" usable in court, I would beg to differ with your opinion here. By all appearances and documentation that I've seen, K1MAN is in deep trouble. Unless he has a lot of evidence to offset the claims of the FO the trial will be a slam dunk for the FCC. If Baxter has such evidence, he should have responded to the NAL with this evidence and not tried to hide it or hold it for a trial. It is a serious legal blunder to withhold evidence, unless you are claiming your 5th amendment rights.

If Baxter is claiming 5th amendment rights, yet decides to caught up the withheld information in a court as part of his defence, he's going to regret using this tactic.

This guy needs a good lawyer or the FCC's most junior staff lawyer who just passed the bar is going to run circles around him in court.

Oh, and the ARRL has nothing to do with Baxter's troubles... But you knew that.

Anyone know the secret to getting a card from V51AS? I worked this guy on 40 meters in February of 2004, 2005 and 2006. I've sent cards via the bureau, via WF5E and direct with green stamps. I have yet to receive a card back. I've heard the Postal System in Namibia is known for pilfering the mails. Can Certified Mail be sent overseas? If you have Frank's card how did you do it?

From 6335428640787107683

Worked him in 2001 on 10 SSB, and received a card direct.  Don't
remember if I did anything special. I usually do two well hidden green
stamps and put no calls on the envelopes.

This came up recently on the DX-CHAT reflector.  Most people never get
a response, even with Registered Mail.  Pilfering may be the excuse,
but it's no excuse for someone in a country with unreliable mail
service to not use a QSL manager.  There are plenty of volunteers out
there.

My advice is to work another V5.  It's not THAT rare a country.

Maybe I am lucky, I worked him 3 times and got 3 cards; I sent direct QSL
with GS.

Yes, what little thought you DO have is greatful for you saving your
meager resources like that. Your tiny brain would explode if you would
overload it. But you are still a fucking imbecile.

I tried twice by mail with GS and IRC's with no result.

Tried again using registered mail with 2 GS and got card back in two weeks.

It does state on QRZ.com to use registered mail only

Good luck

73 de Charlie GM4UZY.

SB DX @ WW < KB8NW $OPDX.758
Ohio/Penn DX Bulletin No. 758

The Ohio/Penn DX PacketCluster
DX Bulletin No. 758
BID: $OPDX.758
May 1, 2006

Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1DG, K1XN & GoList, K3LR, KI3O, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K8CX, K8YSE, 6W/EA4ATI, 9V1PC, BD5RV, DL1EK & The DX News Letter, DL2FAG, F5NQL & UFT, F5TJC, I1JQJ/IK1ADH & 425 DX News, JI6KVR & JA IOTA News, SP2FAP, TA3YJ, TA2ZAF, TA3J, UR3GM, VA3RJ & ICPO and VU2RBI for the following DX information.

** SPECIAL NOTE FROM EDITOR (By KB8NW): There will not be a OPDX Bulletin next week. I will be flying to Tennessee next weekend to see my daughter graduate from Middle Tennessee State University (MTSU). "IF" I receive a major announcement, I may send something out late Sunday/Monday. However, PLEASE continue to send your DX information. You never know what I might do.... 73 de Tedd KB8NW

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 23rd-April, through Sunday, 30th-April there were 217 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5V, 5W, 5Z, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A4, A6, A7, A9, AP, BV, BY, C3, C5, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, EZ, F, FG, FK, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J5, J7, JA, JD/o, JT, JW, JX, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, S5, S7, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T5, T7, T8, T9, TA, TF, TG, TI, TK, TL, TN, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP8, VP8/h, VP9, VQ9, VR, VU, VU4, XE, XU, XX9, YA, YB, YI, YJ, YK, YL, YN, YO, YS, YU, YV, YV0, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD9, ZF, ZK1/s, ZK3, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

5W, SAMOA. You have a few more days to work Dave, AH6HY, as 5W0DF. He is expected to be here until May 3rd and will operate holiday style on the HF bands, SSB only, during the evenings. Most of his activity over the past weekend seems to be on 15 meters SSB between 0500-1000z. QSL via AH6HY, by the bureau or to: David Flack, PO Box 29761, Honolulu, Hawaii 96820. Visit Dave's Web site at: http://ah6hy.htohananet.com/

9V, SINGAPORE. Peter Cook, 9V1PC, President of SARTS, informs OPDX that "As of May 1, 2006, with kind permission of the Singapore licensing authority (iDA), the Singapore Amateur Radio Transmitting Society (SARTS) will undertake responsibility for conducting the Radio Amateur's Examination in Singapore. The multiple-choice format examination will be available on a monthly basis. Candidates should continue to register with the iDA for the examination and results, but all other administration and the examination itself will be performed by SARTS. This is another milestone for Singapore Amateur Radio Transmitting Society (SARTS)."

CN2, MOROCCO. Jim, W7EJ, will be active as CN2R during the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band (40m) entry. He will be active before the contest (November 21st) on the WARC bands and EME. QSL via W7EJ.

DAYTON HAMVENTION FORUM NEWS....................

* Doug, K1DG, Moderator for the 2006 Dayton Hamvention Contest Forum announced that the following lineup of speakers for the Contest Forum, to be held Saturday, May 20th, 2:00 PM to 4:30 PM in Room 1 at the Hara Arena (yes, they are back in the Arena this year!) are:

  "What's new at the NCJ - YOUR Magazine" by Carl Luetzelschwab, K9LA

  "WRTC2006 Update" by Atilano Oms, PY5EG

  "Extreme CW Contesting - the IARU High-Speed Telegraphy Championship" by Barry Kutner, W2UP

  "Who Says There's No Young Contesters? Introducing the WWYC" by Dominic Smith, M0BLF

  "Mobile Contesting - A New Pileup Every 30 Minutes!" by Jim Stahl, K8MR and Hal Offutt, W1NN

  "Extreme Makeover - YCCC Edition" by Doug Grant, K1DG and Randy Thompson, K5ZD

  ...and a few little surprises scattered throughout the afternoon...

* Tim Duffy, K3LR, Moderator for the 2006 Hamvention Antenna Forum, announced that it will take place Friday, May 19th, from 1:30 PM to 4:00 PM in Room 1 at HARA Arena. Scheduled presentations are:
  "Another Way to View Propagation Predictions for DXing and Contesting" by Dean Straw, N6BV

  "Design, Construction and Maintenance of Antennas and Towers for Storm Survival and Long Term Reliability" by Frank Donovan, W3LPL

  "Construction of the Largest SteppIR Yagi Stack in the World at K9LTN" by Brion Gilbert, N0AE

  "Tips, Tricks, & Tools of the Trade" by Don Daso, K4ZA

  "The BIG Antennas at Contest Station VE6JY" by Mitch Mitchell, VE6OH and Don Moman, VE6JY

EO, UKRAINE (Special Event). Look for special event station EO61G to be active between May 4-14th. Activity is to commemorate the 61th anniversary of the end of World War II. QSL via UR3GM, by the Ukraine QSL Bureau or direct to: Igor Pulin, Box 23, Kherson 73022, UKRAINE. QSLs can be requested by sending an E-mail to: ur3gm@tlc.kherson.ua

FP, ST. PIERRE AND MIQUELON. Juergen, DJ2VO, will be active from Miquelon (NA-032 and DIFO FP-002), May 5-20th. His callsign was not provided. Activity will be CW only on 80-10 meters with 100 watts into a vertical antenna. This activity will also count for the Ile Grande Miquelon Lighthouse (WLOTA LH-1417). QSL via his home callsign.

HH, HAITI (Also, PJ2). Look for Fabio, PY1ZV, to be active from Hispaniola Island (NA-096) as HH/PY1ZV, May 31st-June 8th. Activity will be during his free time on 80-10 meters (WARC bands included), with a TS570D+ multi-band Comet antenna (80-10m). Fabio is a member of the Brazilian Military Forces and will be at the capital of Port-au-Prince located in the Brazilian Mariner's Group, a unity component of the Brazilian military forces in disposition to the United Nations International Peace and Stabilization Mission in Haiti - MINUSTAH. Fabio plans to go to Curacao (Netherland Antilles; Archip. Bonaire and Curacao - NA-006), June 10-14th, and will probably use the callsign PJ2/PY1ZV. There is a good possibility he will operate as PY1ZV/MM during his voyages between islands:
May 10-17th - From Fortaleza (Ceara-Brazil) to Port-au-Prince (Haiti)
June 8-10th - From Haiti to Curacao
June 14th-July 8th - From Curacao to Rio de Janeiro (RJ-Brazil)
QSL of all activities via PY4KL (www.powerline.com.br/cwjf), Bureau or direct to: CWJF, PO Box 410, 36001-970 - Juiz de Fora-MG, Brazil (w/SASE/SAE + 1 IRC/1 USD for stateside or 2 IRCs/2 USDs for DX stations).

HH, HAITI. Glauber, PS7EB, is also expected to be active from here as HH/PS7EB, June 1st-November 25th. Activity will be during his free hours of his work as a member of the Brazilian Army in the Peace Force of UN - MINUSTAH. Operations will be on 80/40/20/17/15/10 meters on SSB, RTTY and CW-QRS, with an IC-746 PRO and a DXV8 antenna. Also, look for him to possibly be active as PS7EB/MM during his voyage with his military unit to Port-au-Prince, Haiti, beginning April 30th. Glauber plans to be an entry in the first CQ CWJF All America CW Contest (May 20-21st). There will be two QSL routes (list to operator's instructions to confirm):

QSL via his home callsign, by the bureau or direct to: Glauber Fernandes, PO Box 251, 59010-970 - Natal-RN, Brazil (SASE/SAE + 1 IRC ou 1 USD).

QSL via PY4KL (www.powerline.com.br/cwjf), Bureau or direct to: CWJF, PO Box 410, 36001-970 - Juiz de Fora-MG, Brazil (w/SASE/SAE + 1 IRC/ 1 USD for stateside or 2 IRCs/2 USDs for DX stations).

IOTA NEWS....................

AS-123. By the time you read this you may have one more day to work TB0DX from the Island of Kosrelik (MIA reference number MTC-108, QRA KM66). Activity is expected to end May 1st. Operators mentioned are: Pavel/TA2ZAF (OK1MU), Karel/OK1DG, Slavek/OK1TN, Ondra/OK1CDJ, Vasek/OK1DAA, Zdenek/OK1FIA and Mirek/OK2VZE. This island is the most wanted Turkish Island and is being activated for the first time. The DXpedition will be working on CW/SSB. Activity will be on 17 meters and 20 meters. QSL via OK2GZ, by the Bureau or direct or via E-mail (upon request). Online log, story, photo gallery, daily news, results of a TA

IOTA survey and other information (english version) can be found at: http://www.okdxf.cz/ankety/iota_ta/iota_ta_en.php

AS-123. (CORRECTION) Last week we mentioned that Karl, WA2KBZ, was signing TA0/WA2KBZ from Buyukada Island (AS-123) in the Marmara Sea. This is incorrect. The Buyukada Island (in the Marmara Sea) IS NOT an IOTA. The Buyukada Island (in the Icel/Adana/Hatay Province Group) is an IOTA (AS-123). Sorry!

AS-150. Several DXers from Jiangsu DX Club will activate Tianheng Island as BY4RSA/4 between May 1-5th. Activity will be on 160-10 meters CW and SSB, VHF/UHF and the satellites. Operators mentioned are: Chen/BA4RC, Dale/BA4TB, Wang/BA4RS, BD4RJC, Yao/BG4RQP, Cheng/BG4WYV, BG4REB, BG4RDK and Michael/BD5RV. QSL via BA4TB.

EU-011. Keith, G3TTC, will be active as G3TTC/p from the Isles of Scilly, April 30th to May 5th. Activity will be on 80/40/20/15 meters SSB. QSL via his home callsign.

EU-043. (Update/Change) Operators Tomas/SM6XMY, Rolf/SM6IQD, Sten/SM6MIS, Daniel/SA6ABU, Janne/SM6YOF and Rick/SM6U will be active as 8S6KOS from Koster (Sydkoster) Islands between June 9-11th. Their main activities will be on 80/40/20 meters SSB. Operators SM6IQD and SM6MIS will operate some CW. They will have two main stations with amplifiers and descent antennas. If conditions permit they might add one or two stations and activate other bands between 80-10 meters (including all the WARC bands). QSL for this activation is via SM6YOU, Bureau please! Further information, along with an online log search, can be found at:
http://sector7.nu/8s6kos/

EU-189. (Update) A new DXpedition to the Isle of Rockall has been announced to take place on June 16th. Operators mentioned are: Jacek/SP5DRH, Jim/MM0CWJ, Witold/SP5LCC and Terje/LA3OHA. Joining the operators will be Al Baker (mountain climber leader) and John Cunningham (second mountain climber and a professional photographer). The team plans to operate on the following suggested frequencies (the list is not final):
CW - 1822, 3505, 7005, 10105, 14020, 18080, 21020, 24895, 28020
SSB - 1840, 3790, 7060, 14195, 18145, 21295, 24950, 28600
RTTY - 14080, 21080 and 28080
PSK31 - 14071, 21071 and 28071 kHz
FM - 29.200 MHz
6m - CW/50.095 and SSB/50.145 MHz
2m - CW/144.025 and SSB 144.250 MHz
The QSL manager for the Rockall DXpedition is LA7M via direct only. For more info, visit the following Web page at:
http://www.dxpedition.org/index.php

NA-142. Operators Jim/WB9PZB, Carol/WB9PZA and Jerry/WB9ONU will be active as WB9PZB/4 from Santa Rosa Island (FL-003S for the U.S. Islands Award, Escambia/Okaloosa Counties, Florida), between April 30th and May 4th. Activity will be on 3765 kHz (+/-) or

possibly 7265 kHz (+/-) between 1400-1600z and then again on 14265 kHz (+/-) between 1700-1900z. This is a vacation trip so they may not be on the air all times or days. QSL direct to WB9PZB (QRZ.com) with SASE for domestic return and SAE + Green Stamps for DX. Further information can be found at:
http://www.qsl.net/wb9pzb/na-142.htm

ISWL ACTIVITY. The International Shortwave League (ISWL), continues to celebrate with their 60th (Diamond) Anniversary throughout the month of May. Look for the following stations to be active:

GB6SWL - Active for three days (May 6-7th and 9th) from Ellesmere Port in Cheshire. Geof, M0BAU, will be the main operator.
- Active for two weekends (May 13-14th and May 20-21st) from Walton on the Naze, Essex. Herbie, G6XOU, will be the main operator.
- Active for three days (May 27-29th) from Kidderminster in Worcestershire. Tony, G4ZIB, will be the main operator.

GB60SWL - Will be active on Saturday, May 27th, from The Air Training Corps HQ in Carnoustie, Angus, Scotland. Andy, MM0CXA, will be the main operator, and several other ISWL members will also be on the air throughout the day.

Also, look for GX4BJC/P and MX1SWL/P (both ISWL Club callsigns) to be active throughout May. The ISWL Awards Program is open to non members for a very small fee to cover postage to any country in the world. For more details, including QSL information and Special Diamond Anniversay Awards etc....., see: http://www.iswl.org.uk

JD1, OGASAWARA. Hide, JM1LJS, will activate two different islands in the Ogasawara Island group between April 30th and May 6th. Look for him to sign JD1BLK (or possibly JM1LJS/JD1) from Chichijima Island between April 30th and May 3rd. Activity will be on 80-6 meters, CW/SSB/FM only. Look for him to sign JM1LJS/JD1 from Hahajima Island between May 3-6th. Activity will only be on 20-15 meters, CW/SSB only. This is Hide's first time to Hahajima, and he is expected to spend much time sightseeing. QSL JD1BLK and JM1LJS/JD1 via the Bureau or direct to JM1LJS. Visit his Web site at:
http://radio-dream.com/jd1blk/e/

OA, PERU. Ulli, DL2AH, is expected to be active from a few differents areas in Peru. His holiday style operation will be on 40-10 meters on SSB and possibly RTTY using a FT897 + Windom + Sigma5/Force antennas. Look for him to use the following callsigns during his purposed schedule:
July 13-17th - OA3/DL2AH from Caraz/Huaraz
July 19-21st - OA2/DL2AH from Trujillo
July 23-25th - OA1/DL2AH from Mancora/Tumbes
July 26-31st - Perhaps Iquitos/OA8 or Puno/OA7
QSL direct to DL2AH or via the DL Bureau.

QSL INFO AND NEWS....................

3Y0X QSLS. Bob, K4UEE, the keynote speaker at the main dinner banquet at the International DX Convention in Visalia, announced that the 3Y0X four-part QSLs will be mailed within the next week or so, so watch your mailboxes for yours during the first half of May. A QSL update from Bob, N2OO, dated April 24th, states, "As of today, no cards have been sent out. We are in the pre-processing stage at this time. All QSLs received to date have been opened and sorted appropriately. QSOs are being confirmed in the log before the label printing begins. CE0Z cards have not arrived from the printer, but 3Y0X and XR9A cards are in hand."

VK0DX QSL ROUTE CHANGE. Finn, VK4LL (OZ2QK), who was active from the Antarctica as VK0DX from the Davis Station, has announced a NEW POSTAL ADDRESS as: Finn Olsen, 31/139 Pring St, Hendra QLD 4011, Australia.

All YM125ATA QSL cards (direct or via the bureau) will be sent after November 10, 2006. Berkin, TA3J, has been operating as YM125ATA since April 23rd through November 10th to commemorate the 125th anniversary of the birth of Mustafa Kemal Ataturk, the founder of modern Turkey. Expect activity on all bands and modes. QSL via TA3YJ, by the bureau or direct (w/SAE plus 1 IRC. No green stamps please).

SP0, POLAND (Special Event). Look for special event station SP0TPFK to be active between May 1-31st to celebrate the 80th anniversary of the Lviv Shortwave Club (LKK), one of the first radio amateur clubs in Europe. TPFK was the callsign of the LKK Club's Headquarters station. Please QSL via SP2FAP: Sylwester Jarkiewicz, Suchacz-Zamek, ul. Wielmozy 5b,
82-340 Tolkmicko, Poland. The station offers points for their Anniversary Award. For more info, see QRZ.com (SP0TPFK).

TM6, FRANCE (Special Event). Each year the Ham Radio Department of Sarthe (72) activates the special callsign TM6ACO for the "24 Hours of LE MANS" race. For the 55th time, look for TM6ACO to be on the air between June 4-18th. Activity will be on HF, VHF and 50 MHz. A special QSL will be printed (information on http://asso.proxiland.fr/aras72/) and possibly a diploma can be obtained for the 24 hours event. See the Web site for the details. QSL via the bureau, The QSL Manager is F6KFI:
BP22088, Le Mans, Cedex, France.

VU4, ANDAMAN ISLANDS(Updates/News).........

Bharathi, VU2RBI, announced this past week that two permanent stations are now on the Andaman Islands. Station's callsigns are VU3VPX and VU3VPY. They will be operated by two lectures from the Politechinic College. Bharathi states (edited), "We, NIAR, helped them in getting their licenses. We will have more activity from the Andamans very soon. You will hear more and more activity from VU4-land. Whatever we have done we did it in VU4-land. Hope everybody will be happy. The greatness goes to National Institute of Amateur Radio (NIAR), Hydeabad, who has spent lot of money to organize the hamfest and radio operations in VU4-land. My sincere thanks to all DX hams who had participated in the hamfest and radio operations in VU4-land..... Best regards". Later in the week, Bharathi also requested that the ham community please send your appreciation/suggestion letters (with a written signature) about the Andaman Island activities to her address/NIAR address. She wants to add this to her report to the Government of India. Bharathi is also looking for any suggestions about their hamfest activity and requests for activity from Lakshadweep (VU7).

Tom, K8CX, informs OPDX that he has on his famous HAM Gallery Web page 25 VU4 Andaman Islands sound clips. Give a listen at:

http://hamgallery.com/dx2006/

Here are the collected QSL routes, operators and online logs available for the recent VU4AN activities. This list may not be complete!

QSL VU4AN/VU2JOS via VU2APR. Operator Jos, VU2JOS.
QSL VU4AN/VU2MYH via I5JHW. Operators Mohan/VU2MYH and Giovanni/I5JHW.
QSL VU4AN/VU2RBI via VU2APR. Operator YL Bharathi, VU2RBI.
QSL VU4AN/VU3CHE via HS0ZCW. Operator Charlie, K4VUD/HS0ZCW.
QSL VU4AN/VU3FRK via F5CWU. Operator Frank, DL4KQ. Online log available at: http://www.dx-pedition.de/andaman2006/logs.html
QSL VU4AN/VU3JLW via F5CWU. Operator Joe, AA4NN. Online log available at: http://www.dx-pedition.de/andaman2006/logs.html
QSL VU4AN/VU3KIE via OH2BH. Operator Jorma, OH2KI. Online log available at: http://koti.welho.com/tlinden2/logsearch/vu4logs.html
QSL VU4AN/VU3NZB via DJ8NK. Operator Jan, DJ8NK.
QSL VU4AN/VU3NZC via DL7DF. Operator Leszek, SP3DOI. Online log available at: http://www.dl7df.com/vu4/log.php
QSL VU4AN/VU3OHA via OH2BN. Operator Bernie, W3UR. Online log available at: http://koti.welho.com/tlinden2/logsearch/vu4logs.html

W0GJ - Glenn R. Johnson, 207 Bear Creek Lane NW, Bemidji, MN 56601, USA

VK9L, LORD HOWE ISLAND. Merv, N6NO, will be active as VL9LNO from May 5-13th. He is celebrating 55 years of hamming and his 70th birthday. Activity will be mostly CW with 100 watts into wire antennas for 80-10 meters. QSL to N6NO.

YX0, AVES ISLAND. The Aves Island YX0A/YX0LIX DXpedition came to an end on April 28th about 1500z making between 39000-40000 QSOs. As this was being written, online logs are still not working. Keep checking the Web site at: http://www.yv0.info/
ADDED NOTE: From the OOOPPSS Department: Last week in OPDX.757, we stated "The Mexican Navy sent back the ship's helipcopter and picked up Ramon, YV5EED, one of the medical doctors with the operation and the body of Jose, YV5LIX." This was incorrect. It was the Venezuelan Navy not the Mexican Navy.

ZA, ALBANIA. Pino, I8YGZ, will be active from here between May 1-15th. No callsign was provided, but he plans to be active on CW and SSB, on 160-10 meters, plus 6 and 2 meters. Pino will also activate three lighthouses located near Vlora, Durres and Saranda. QSL direct to his home callsign: Pino Zamboli, Via Trieste 30/54, 84015 Nocera Superiore - SA, Italy.

Hello,

To be elegible for WAS, do the contacts have to have been made from a single
location? I'm
wondering about the person who travels alot, or tours the country in a
motorhome. Seems like
cheating if you make all your contacts while you're travelling *through or
nearby* that state.

Just wondering...

Mike

I have a list of 89 mediumwave stations that I logged during April 2006.
A Tecsun BCL-2000 was my main receiver, with a Sony ICF-SW7600GR for
the extended AM band. No additional antennas were used.

The list appears on my shortwave radio weblog:

http://cobaltpet.blogspot.com/2006/04/mediumwave-logs-april-2006.html

Yes they must be made from a single location. The ARRL web site defines the exact details. I believe that they define this as being made from within a 50 mile radius. i.e. you can move across town or operate mobile around town and it's ok. If you move across the state etc, you've got to start over.

From the rules on http://www.arrl.org/awards/was/

"# Contacts must be made from the same location, or from locations no two of which are more than 50 miles apart which is affirmed by signature of the applicant on the application. "

Hi,

I am a SWL from Bangalore,India, and i heard from the HAMs here that it is difficult to have QSOs in 40m band like they used to do some 5 years back. It seems that they were able to have QSOs with just 5w (distance of 400KM and more), but now even if they are pumping 50W SSB they are not able to have comfortable QSOs seperated by a distance of just 50KM.
I designed and built a super het receiver and i am not able to receive anything in the 40m Band. Are there any reasons for the above said experiences?
Thanks in advance.

Regards
Shan

Read up on sun spots. If you are going to SWL that is the key to
understanding how the ionosphere changes over 11 year cycle. This has
everything to do with how bands sound.

If it is more difficult to have QSOs on 40m than it was 5 years ago, I would say local conditions (noise, interference from broadcast stations) are to blame. At least here in the eastern US I've heard some of the best conditions in my 35 years in ham radio on 40m recently.

Generally, the 40m band is almost *always* open to somewhere. During the day, distances between zero and 700-800km should be common; at night, strong signals should be available over distances of as much as 8,000km or more.

We are in fact at the sunspot minimum. There is an 11-year cycle to sunspot activity; these sunspots influence the ionization of the ionosphere and affect the ability to communicate over long distances on high frequencies. For example, there will be little or no long-distance propagation on the 10m band for a few more years.

However, it's pretty rare for the activity to get low enough to make the 40m band completely dead.

Sometimes (and especially at sunspot minimum) the 40m band can develop a "skip zone". (this is pretty common at higher frequencies) Signals from stations that are too close will shoot right on out into space - you can communicate with stations 3,000km away, but those 200km distant cannot be heard. I suspect this is what's going on: the stations in your area are too *close*. They could communicate effectively with other stations in other Indian cities and nearby countries, but not with stations in the immediate Bangalore area.

I am not familiar with activity levels in India, but I would expect there to be *some* signals (at least broadcast signals) on 40m at all times, 24/7. To be honest, if you're hearing nothing, I would suspect your receiver is not working properly.

What kind of antenna do you use? Indian stations can be heard every night on
40m here in Europe.

Thanks everybody for the answers. I read about the Solar minimum yesterday and found it very interesting.

As for Doug's question, i am able to receive the broadcast stations very strongly, but all through the band there is QRN which sounds likes continuous shot noise. If i disconnect my antenna, then there is absolutely no noise except the slight hiss from the preamp. I am not able to come to any conclusion about what is the reason for the noise which is very high, even broadcast stations are difficult to receive sometimes.

To answer Peter's question: I am using a long wire antenna probably some 20m in length.

As Doug told HAMS from nearby Chennai which is 350KM from Bangalore are not able to communicate with Bangalore as well as to cities whih are approximately in 250 KM radius.

Regards
Shan

I have another doubt. A 11KV power line is running some 20 feet away
from my antenna. My doubt is whether this power line may be responsible
for the QRN?

Regards
Shan

There is a technique in the radio world called Over The Horizon radar or, for short, OTH. It is a pulse type radar operation which is used in the high frequency spectrum, often in the 40 meter area of the spectrum. The transmitter pulses are fired off at a repetition rate which, when heard by a 'normal' receiver, like shots being fired over and over. In common use of this system, these normally very high power pulses, at least in the uses in older times like this, like a woodpecker bird battering at a tree. Hence the old name "Woodpecker" for it.   A number of countries have used the technique which fires these high power bursts of radio energy over the horizon and then listens for the return echo from far beyond the transmitter/receiver site(s).

The intent has been to track ships at sea, other moving objects, sea wave and other weather issues .. from far beyond what normal direct line-of-site radar service would be able to deliver from beyond what the curvature of the earth would allow, irrespective of the path length of the 'normal' radar beam.

Amateur radio operators and SWL's have long had very unpleasant feelings about this use of radio spectrum. If you think about it, since this service depends on the radio pulses being able to use 'skip' techniques, and being reflected off the ionosphere to reach and return to the agency which uses this, the pulse-type transmissions are 'competitive' for whatever frequency is in use. For their purposes, these OTH services are not going to get back much energy from the 'echo' from hundreds or thousands of miles away. Surely far less signal than you get from commercial broadcast SW transmitter stations and for SURE less from distant ham radio stations. As well, since the return signal is so naturally weak for this OTH operation, the use of OTH is usually focused on using WHATEVER frequency area which is. at any given time, the optimum for propogation over the desired path to and from the target of interest to the OTH operations. And high power, yes VERY high power transmissions, are used for this plus HUGH antenna arrays as felt are needed by those who use OTH.

As well, since there is no control over virtually any other radio service in use on any frequency in the general range for the optimum needed for these terribly weak echoes produced from the normally huge transmitter pulses, the operator of the OTH operation has, at least in the past, used multiple frequencies or 'nodes' in any given frequency range. That to optimize the possibility of getting back an echo. And as well, the technique has used a sliding transmission frequency technique which continuously wiggles the channel all over the optimum path channel frequency area.

Much to the disgust of any 'normal' user of the band in question, such as the ham operators, SWL's and so forth. Since you are Internet oriented enough to post here for help or education, you ought to be able to use a search engine such as Google or whatever to collect more information on OTH. If you have an operating system and client software for audio, I think you can even find a few audio samples of the OTH operations from at least a few of the very disgusted hams who have been plagued with this.

It used to be a MAJOR problem for the 40 and 20 meter ham crew back in the 70's or so. And lately, it has again apparently become a tool of choice for gathering whatever military or weather use is thought 'proper' by whomever has started using this radio technique again. I've read that the transmitter site or sites is or are now focused in the Indian and Pacific ocean area, for those which are creating major interference to hams and SWL's wanting to use 40, 30 and 20 meter services.

If this isn't a 24 hour a day issue with you, look all this up. If it is an all day long every day issue, then if you really want to track it down, you'll need to learn about directional receiving antennas such as loops. You'll need to be able to tool up to take you receiver and the directional receiving antenna out in the area around you. You'll need to be able to track the direction of the interference down to a general area. Then there are other tools which can be used to narrow the search for the interference to the specific cause, depending on what is causing it.

That's VERY possible. High-voltage lines like that tend to be pretty noisy.

On the other hand, while it could certainly cause noise for you, it shouldn't cause noise elsewhere in the city - other hams shouldn't have problems.

I wonder if maybe a shortwave broadcasting transmitter, especially one on the 41m band, has a fault and is radiating spurious noise? If the noise is that strong, I would think such a fault could be heard elsewhere in India, maybe within 400km or so during the day and quite a bit further at night. The recent VU4 Andaman expedition didn't mention anything like that though, and I'd think it *would* be audible on VU4 at night if it was that loud.

Do you have the capability of listening on other frequency bands? Is this noise present in the 49m (6MHz) shortwave broadcasting band? In the 80m (3.5MHz) and/or 20m (14MHz) ham bands?   How about in the MW broadcasting band? Or on TV? (assuming you're using analog terrestrial over-the-air reception)

Yesterday evening at around 8PM IST(-5.5hrs GMT), i took my receiver to a different location some 250meters away from my QTH and hung a wire antenna and switched on the receiver and there was no noise . All the broadcast stations were crystal clear and since Indian activity ceases after 6PM in 40 m band, i didnt receive any Ham signals. Nevertheless change of location proved that the noise is generated from somewhere nearby my house. An interesting news is that the new location is situated on a busy main road where the traffic is heavy. So, as Mike suspected, the noise may not be from OTH radar.

The problems other HAMS are facing may be due to the skip distance involved as Doug told yesterday. They are not able to have local (250KM radius) QSOs.

My receiver is designed for 40m band, since i am much more familiar with that band when compared to other amateur bands. In future, i may add other bands to my receiver.

Another experiment : I used to keep my receiver in the first floor room. Today morning i brought the receiver down and hung a wire antenna around the house (indoors). A part of the antenna wire, some 10 feet, was on the floor and the rest of the antenna, some 25 feet where above the ground at around 7 feet. The noise was present. When i lifted the part which was lying on the floor, the noise dipped to a very low level. The higher the antenna was lifted from the floor, the lower the noise level. But i was not able to receive any broadcast stations, like i used to receive when i kept the receiver upstairs.

I have some other experiments in mind and I will post the results of the experiments, when they are done, to this group.

Regards
Shan

Well, it's off to the races<grin>...

VU4AN/VU3DYC (I've probably screwed that up, it's written down in the
other room) pretty loud on 20cw this morning. Too much of a madhouse to
work though. Will keep trying. Good luck to all!

Unlike the operation in December 2004, some of the new batch are able to be heard in the upper Midwest.

So far, as least four or five of the stations act as if they understand the propagation facts of the difficult path from VU4 to NA - if not the additional problems for paths in the shadow of the magnetic pole.

Plus and minus of 1600Z and a short window near 2400Z (both on 14 MHz) are about 80% of the possibilities from Michigan.

73, Mac N8TT

At least you got it right in your log. I bet a high percentage of
"DXers" who just copied the call from DX-cluster (amazing number
of busted calls there!) will get their QSL back, "not in log".

> pretty loud on 20cw this morning. Too much of a madhouse to

Worked the DL7DF-group on 17m CW today (all time new one) during
a short break at university (hooray for campus clubstation!),
quite easy from Europe.

Unless they start begging somewhere, I shall be happy with my QSO
and let others, who really need them for a new one have a go now.

> Will keep trying. Good luck to all!

Good luck to everyone in need ;-)

Yep. It was made using my own callsigns, which is perfectly legal
here. I know there have been some debates about the validity or
'ethicality' of this kind of contacts, but I personally feel it's
absolutely OK. It also conforms to DXCC rules, which say:

,----[ Section I. Basic Rules ]-----------------------------------
| Contacts may be made from other stations provided they are
| personally made by the licensee.
`-----------------------------------------------------------------

YMMV..  73,

At about 7:45PM EDT in NJ I saw what looks like tropo co-channel
interference on New York City's channel 13. So maybe there is some VHF
DX to be had right now (I don't have any decent VHF rigs handy myself
though).

As channel 13 is just a little below 220, maybe there's some good tropo to be had there.

I'm ignoring him.

He's gonna fuck around and get a window full of me if he keeps begging for
it.

 He's only a bit over two hours away and I was born in the state he lives
 in.

I just knock and start snapping pics...... as I extend my hand in
congratulations.

I worked them on 20 RTTY at 2050Z. It was surprisingly easy, probably
because they were so weak, just barely moving the S-meter, and not
many NA hearing or calling them at the time.

That's one of my last 4 on RTTY! (BS7, VU7, and 7O are the others).

This was frequently done at the University of Wisconsin back in the
1970s as well. Most of these operators didn't have their own stations -
or those stations consisted solely of 2m gear - so if you didn't work
the DX from the club station, you weren't going to work it at all.

We did consider it bad form to work a DXpedition with your own call if
the club still needed it on that band/mode. (i.e., you worked it with
the club call first)

That's pretty amazing. I was just about certain I remembered it
wrong<grin>!

Either way, I'm afraid it's *not* in my log -- I called for about an
hour but they faded out before I could work them. Will definitely be
paying more attention for the rest of the week though.

I've always felt that I'd not get the same thrill of getting through if I didn't do so with my own equipment, but I'm an incurable antenna builder...

I was worried that I wouldn't be able to get 3Y0X from my apartment QTH: I have a magnet wire doublet and a tuner... but I got them on 30m & 20m CW and 40 SSB... the last of which was pure dumb luck; no one was calling... It was exciting in a way that heading up to the W3EAX U of MD shack wouldn't have been.

Of course, VU4 is MUCH tougher ... but I'm a 27 year old grad student and if I don't get it now, I'll get it later, when I have a house and a beam...

On the other hand, if the thrill of the contact for you doesn't have much to do with the station you use, I'm all for you heading to the university station...

So, I probably won't get VU4 this time around but I've got a small hope that my new fishing pole vertical dipole for 30/40m might just get me something now that I've found that all the electrical noise that was ruining its utility was coming from a lamp I built for my girlfriend, which I can unplug :-)

73 and good luck!
Dan,

At many universities, there is no way to erect an antenna in student housing. At Wisconsin it was contrary to housing authority rules -- and on the upper floors it was physically impossible even if you didn't worry about the rules. Steel frame construction made indoor antennas useless on the HF bands. (believe me, I tried. Made an entire *one* QSO on HF from my room - with the club station across the street...)

i.e., often it's not a matter of not wanting to use an inferior personal station - it's a matter of not *having* a personal station at all.

```

Yep, I've never been in the "physically impossible" category, fortunately. All my college dorm rooms had a tree in good proximity to do the invisible random wire thing.

Plus when I was in college, 10m was hot, so my 30' long wire 15 feet off the ground actually did something...

My apartment now is nice in that I have a balcony which gives me more options as far as where I can mount temporary antennas and better shots at the trees with a slingshot so I've got 100 feet of wire in the air...

As far as the rules... I just try to be courteous to the neighbors by keeping the power down and try to be relatively stealthy, but I'll tell you, I'm sure the maintainance guys have seen my temporary mast and VHF antennas occasionally in the mornings, and no one has ever said anything. Of course, 45 minutes later when I go to work, there's no trace of them...

If you're stuck inside steel frame dorm building... you're right, not much to be done there...

Club station it is in that case...

73 Doug

Henry,

The link is

http://www.dx-pedition.de/andaman2006/qsl.html

Flo Moudar, F5CWU
25 Rue du Castel Salis
37100 Tours
FRANCE

Clearly identify on your qsl request the station you have worked because due to the license conditions all will have to use VU4AN followed by the issued individual call (f.e. VU4AN/VU3FRK) which will make the qsl management not very easy.

There were several posts about some of the VU4 stations working Europe and even Japan at the few times the band is open to North America.

SE Asia is the hardest area to work from SE USA. On good days we get a short 30 to 1 hour opening
and its frustrating to have them working Europe or japan only at that time especially when the bands are open to Europe for 6+ hours and even more to Japan.

Please listen for North America (East Coast). Tip of the hat to Charlie, K4VUD for working USA 4's on 17 as VU4AN/VU3CHE.

Dave K4JRB

I don't
I do so in order to deal with the fact I am the one under attack mostly
by Roger Wisemen, and Steven J Robeson

DiretPC and I have discussed the matter they agree I am not in
violation of ToS by taking defensive action to deal with somebody elses
flame war

you just see some the slosh from the real site which is RRAP mostly
you don't want to read that gruop I suspect but if you can just dl the
recent title you will get an idea of what I am up against

You left this part out:

"Contacts made from club stations using a club callsign may not be
used for credit to an individual's DXCC."

Your rules appear to be different but in the US the call sign is
assigned to the "station", not the individual and the station call is
what should be used.

A few years ago I operated W1AW but I sure wouldn't claim those QSOs
as my own for DXCC purposes since I identified as W1AW, not N7WS.

Charlie has mentioned lots of intermod; could be that the VU4's just aren't hearing USA with all the EU and JA calling in and the 10 other VU4's operating from the same hotel :-)

I've not heard a peep yet... Unfortunately, it seems like the peak hours here are late morning and early afternoon on 20m, and I'm in the lab all day....

Good luck, hope you get 'em.

73,
Dan

Again: I made the QSO using my own personal callsign (DJ1YFK),
not with the clubstation callsign.

> Your rules appear to be different but in the US the call sign is
> assigned to the "station", not the individual and the station call is
> what should be used.

Yes. In DL the callsign is assigned to an individual, no matter
from where it's used.

> A few years ago I operated W1AW but I sure wouldn't claim those QSOs
> as my own for DXCC purposes since I identified as W1AW, not N7WS.

Same here with my numerous recent activities where I was actually
using a club-call (like DM1A WAE CW, DP4T CQWW CW, DP4K RUDX, all M/S).
That would have added a *lot* of new bandpoints, if it was credited
to my own callsign.

73,
```

Yes Charlie was having some problems but several of us in 4 land worked him.
I first worked VU4 in 1961 with VU2NR as VU2NRA. There were several on
today but NIL here. I heard one French station thank a VU4/VU3 (on 14250)
for his 50th QSO this week!

Please don't try to correct me unless you learn to spell and form
complete sentences.

I understood completely that he was using his own call.

That would be where I said, "Your rules appear to be different but in
the US the call sign is assigned to the "station", not the individual
and the station call is what should be used."

And don't selectively delete things to make a dipshit point.

Still the club can "loan" the station to an individual and that individual
can operate using their own call sign. It's basically a matter of club
policy whether or not you may use your own call sign on the club station.

Something is up with the YX0A guys.  They are off the air.  Hope all
is OK down  there.

Anyone have any info?

Win, W0LZ

Well, to answer my own question, it appears that YV5LIX died last
night.

Deep regrets.

Dan, I am not sure. In the 2004 International Call Sign Table it is
not listed. Perhaps someone has a newer table.

I just checked on a couple I found on the Net.  No one has it.   I've heard
of it before,  but don't remember.  I asked him and he said  "Borga
Principality".  I have no idea.   Probably some scrounged call not approved
by ITU.

Like they say...work them and worry about it later.

Thanks Win

I did a search on Borga Principality, on both the web and groups, with
no results.  For some reason I am thinking a special call out of
Poland.  Borga was an area of Europe somewhere back in history, I
think.

Put him in the log, though.  Who knows....

   It's Seborga, and it's a joke "country" - don't
   bother unless you have never worked Italy before!

Ohio/Penn DX Bulletin No. 757

The Ohio/Penn DX PacketCluster
DX Bulletin No. 757
BID: $OPDX.757
April 24, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, W4DTA, K8YSE, NE8Z, KU9C, ND0C, 6W/EA4ATI , DL1EK & The DX News Letter, DL5YYM, EA4CWN, EA5RM, EA7EUF, F5NQL & UFT, F6FQK, HL1VAU, I1JQJ/IK1ADH & 425 DX News, JA1ELY, JI6KVR & JA IOTA News, JR3TVH, LZ1PJ, ON5FP, ON6LY, PA7FM, PS7AB, UT3UZ, VA3RJ & ICPO and ARRL Letter for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 16th-April, through Sunday, 23rd-April there were 217 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3W, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5U, 5V, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8Q, 8R, 9A, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A4, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, F, FG, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HI, HK, HL, HP, HR, HS, HZ, I, IS, J3, J5, J6, J7, JA, JD/o, JT, JW, JX, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, S0, S5, S7, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T5, T7, T9, TA, TF, TG, TI, TK, TL, TN, TR, TT, TU, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP5, VP8, VP8/h, VQ9, VR, VU, VU4, XE, XU, YA, YB, YI, YJ, YK, YL, YN, YO, YS, YU, YV, YV0, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD8, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

6O, SOMALIA (Update). QSL Manager Dennis, PA7FM, informs OPDX that Michael, PA5M, has left Somalia on April 23rd, and is headed to Kenya (5Z) for some WFP (UN World Food Program) work. At this stage it is unknown if he will return to Somalia for more work......but there's a chance. Dennis hopes he will know more about this in a few days. For now consider 6O0M as being QRT (Things at the WFP change very fast sometimes). While in Somalia, Michael made some 2500 QSOs on 80-10m on SSB/CW/RTTY and PSK31. QSL to PA7FM: Dennis Robbemond, Loggerhof 11, 3181 NS Rozenburg, The Netherlands (please do keep in mind 1 USD does not cover outside EU postage anymore).

9M6, EAST MALAYSIA. Operators Mega/JA3EGZ (member of the Himeji Amateur Radio Club) and Yoko/JA3DFM (member of JARL Kobe Club) will be on the air from Kota Kinabaru between July 7-10th. Their callsigns will be 9M6/JA3EGZ and 9M6/JA3DFM. They hope to operate on 80-6 meters, CW and SSB; no digital modes. They will also participate in the IARU HF World Championship as 9M6/JA3EGZ and as a Multi-Op/All-Band/Mixed-Mode entry. Suggested frequencies are:
CW - 3510, 7010, 14015, 21015 and 28015 kHz
SSB - 7088, 14170/14250, 21270 and 28515 kHz
QSL via their home callsigns via the bureau or direct (w/SASE) to JA3EGZ: P.O. Box 6, Himeji, Japan.

9N, NEPAL. Toshi/JA8BMK and Kazu/JA8MWU will be staying at Katmandu for a holiday between April 23rd and May 2nd. They hope to be active mostly on 40-10 meters SSB during those days. Kazu will be using his old callsign 9N7WU. Toshi was at one time 9N1BMK and 9N1WW, but is not sure what his new callsign will be. Due to the political situation in Nepal, their activities may be restricted. QSL via their home addresses/callsigns as listed below:

JA8BMK - Toshihiko Fukuta, 2115-3 Nobori, Yoichi, 046-0002 JAPAN
JA8MWU - Kazunori Abe, 12-5-9 Kagura 7-Jyo, Asahikawa, 070-8007 JAPAN

CN2, MORROCCO. Patrick, F6IRF, will be active as CN2WW from Hassan's, CN8SG, station in Kenitra, between May 20-29th. He also plans to be active in the CQ WPX CW Contest (May 27-28th) as a Single-Op/All-Band entry. QSL via EA7FTR or the LoTW. For updates, visit his Web page at:

http://cn2ww.blogspot.com/

CN2, MORROCCO. Jim, W7EJ, will be here between October 18-31st. He plans to be active as CN2R during the CQWW DX SSB Contest (Octoer 28-29th) as a Single-Op/Single-Band (80m) entry. His goal is to set a new record. Outside of the contest, he will be active on the WARC bands and EME. QSL via W7EJ.

DXCC NEWS. Bill Moore, NC1L, ARRL DXCC Branch Manager, informs OPDX that the following operations are approved for DXCC credit:

4W2AQ - Timor-Leste; Operation from June 18, 2003 to December 17, 2003
D6/WB4MBU - Comoros; Operation from May 24, 2001 to October 27, 2001
D68JC - Comoros; Operation from October 23, 2001 to November 8, 2001
YI9AQ - Iraq; Current operation effective September 21, 2004

EG7, SPAIN (Special Event). John, EA7EUF, Secretary of a local branch of the Union de Radioaficionados Espanoles (URE), in Huelva, Spain, informs OPDX that members of URE will be active as EG7CC on May 20-21st, to commemorate 500th anniversary of the death (in 1506) of the world famous explorer Christopher Columbus. Activity will be on 80/40/20/15/10 meters. Operations will start around 0600z on the 20th. A special QSL card will be issued for 1 QSO, via the bureau or direct (1 IRC or green stamp). QSL Manager is EA7URE: P.O.Box 295, 21080-Huelva, Spain.

EM20, UKRAINE (Special Event). Radio amateurs from the Ukrainian State Centre of Radio Frequencies (Ukrchastotnaglyad), together with a number of other Ukrainian radio amateurs, will operate from Chernobyl City using the callsign EM20U (URDA: KO-26; QTH Loc: KO51CG) between April 24-27th. Activity is in connection with 20th anniversary of the accident at the Chornobyl Nuclear Power Plant. Operations will be on 80-6 meters, SSB, CW and RTTY. QSL via UT3UZ: Alex Arbuzov, P.O. Box 7, Kiev-232, 02232, Ukraine.

HC, ECUADOR (Topband). Rick, NE8Z/HC1MD, reports that Alfredo, HC1HC, is now active on 160 meters CW with a new GAP Voyager Vertical and 1 KW. Tim, HC1HLO, from HCJB was instrumental in helping Alfredo solve his antenna problems. Alfredo will be active as many sunrises and sunsets as possible for the next few weeks...only on CW. Please monitor DX Summit.

QSL via NE8Z.

IOTA NEWS.......................

AF-045. Dani, 6W/EA4ATI, was expected to be active as 6W1EA from Goore Island, April 22-23nd. However, Dani 6W/EA4ATI, had to postpone his Dxpedition due to work commitments and had to leave Senegal. He is working for the International Red Cross and had to travel to Mali due to an emergency for more than 20,000 refugees. He "may" come back to Dakar, possibly the next week or so. Dani has informed OPDX that he will keep us updated on the dates for his AF-045 operation.

AS-017/
AS-079. Takeshi, JI3DST, plans to be active as JI3DST/JR6 from Okinawa Island (JIIA AS-017-033) from April 27th and Miyako Island (JIIA AS-079-005) from April 28th-May 7th. QSL via his home callsign (by the bureau only).

AS-079. Taka, JR3TVH, will be active as JR3TVH/JS6 from Tarama Island (AS-079-008) in the Miyako Island Group, April 22-May 2nd. Activity will be on 160-6 meters, CW, SSB, AM, FM and Digital. Daily INFO will be available at: http://blogs.yahoo.co.jp/jr3tvh/ QSL via his home callsign (via the bureau is OK).

AS-081. Members of the Korea DX Association (KDXA) and possibly a few guest operators will be active as homecall/5 from Koje Island (KDN L012), May 4-7th. This is the group's annual IOTA operation. They will have a minimum of two active HF stations operating simultaneously on 160-6 meters on CW/SSB/Digital with various antennas and amplifiers. Operators mentioned are: Kim/HL1OYF, Han/HL1VAU, Ryu/DS4NYE, Park/HL3AMO, Park/DS3GLW, Park/HL3VAP, Kim/HL2FDW, Seong/DS1OFE, Jeong/HL2DBP, Park/HL1EJT, Cho/DS3MLG, Jeon/DS1EVQ, Yang/DS4CDA and a few more guests to be added on. Han/HL1VAU informed OPDX that he will concentrate on the WARC bands and CW during the operation. QSL via operator's homecall to the CBA. More information, pictures and a log search will be available at: http://www.kdxa.org/2006/as081/
(now under construction)
Any questions and sked requests are always welcome via:
hl1vau@empal.com

AS-123. Karl, WA2KBZ, is now active as TA0/WA2KBZ from Buyukada Island, in the Sea of Marmara, until May 1st. Expected activity will be on 80, 40 and 20 meters, mostly CW. He was spotted this past week on 20 meters CW and SSB. QSL via his home callsign.

EU-006. John, G3LZQ, will be active as EJ/G3LZQ from Inis More between July 28-31st. This will be a holiday style operation, and his activity will be on all bands, CW, including the RSGB IOTA Contest (July 29-30th), with some WARC operation before and after the contest. QSL via his home callsign.

EU-008/

EU-010. Look for Marc/ON5FP and Jose/ON4CJK to be touring the Outer Hebrides (EU-010) between July 29th and August 5th. They will use their special callsigns MM/OS1A and MM/OP0J. Jose will also take part in the IOTA Contest from North Uist Island (the island where they will use has their base QTH). They will also try to activate the following islands for the "Islands of Scotland Award": Barra, Benbecula, Berneray, Eriskay, Lewis & Harris, South Uist and Vatersay. On their way back home, there are also plans for a one day trip/activity from Skye Island (Inner Hebrides - EU-008) on August 6th. QSL via their QSL Manager ON4ADN (direct or by the bureau).

EU-028. Fabio, IW1DFU, will be active as IA5/IW1DFU from Isola d'Elba (IIA LI-001, MIA MI-022 and WLOTA LH-0609) from April 23-29th. Expected activity will be on 30/20/15 meters. QSL via his home callsign, direct or by the bureau.

EU-042. Operators Heiko/DG0OGM, Lutz/DH8WW, Siegfried/DL1AZZ, Juergen/DL2AMT, Lutz/DL3ARK and Peter/DL4AMK will be active from the lighthouse on Amrum Island (WLOTA LH-2464, FED-032, GLH-002 and GIA N-18) between April 27th and May 3rd. Look for the operators to sign as homecall/p. QSL via the operator's home callsign.

EU-125. Operators Jef/OZ4ACA, Francis/ON6LY and Marcel/ON6UQ will be active from the Romo Island (GL JO45GC, Denmark) between July 29th and August 4th. Their activity will include the IOTA Contest using the callsign OZ0ACA. After the contest look for OZ/OP4A, OZ/OP1A and OZ0ACA to be active on 80-2 meters on all modes, depending on the propagation. Their equipment for the running station: Yeasu FT1000, Amp Alfa 99, Antenna 3 element beam yagi for 10/15/20m, AKI for 40m and a Inverted L for 80m. Their equipment for the Multiplier station: Icom IC746 and a FT897d as backup, Antenna Cushcraft R7 for 40-10m, Inverted Vee for 40/80m and something for 6 and 2 meters bands. QSL OZ0ACA via ON4ACA (by the bureau, or direct using info on QRZ.com). QSL OZ/OP1A via ON6UQ (the by bureau or direct using info on QRZ.com). QSL OZ/OP4A via ON6LY (the by bureau or direct using info on QRZ.com).

NA-010. A group of 8 operators will activate Janvrin Island (NS-010) as VE1FO, May 11-15th. Operators mentioned are: Rich/VE1AI, Eric/VE1AST, Howard/VE1DHD, Frank/VE1FHW, Ella/VE1PEI, Ken/VE1QD, Robert/VE1RGB, and Ken/VY2RU. Hopefully, more details about bands, modes and QSL route will be forthcoming.

LZ06, BULGARIA. Several members of the Bulgarian Federation of Radio Amateurs (BFRA) will activate special event station LZ06KM (LZ Zero Six KM) from May 1-31st, to commemorate the brothers St. Kiril (Cyril) and St. Methodius, founders of the cyrillic alphabet, and May 24th (Bulgarian's Culture and Literatute Day). QSL via LZ1PJ, by the bureau or direct at:
Ivan Ivanov, P.O. Box 15, BG-1324, Sofia, Bulgaria (w/SAE+1 USD/1 IRC).
NO eQSLs. QSL bureau E-mail request via: lz1pj@qsl.net

NP2, U.S. VIRGIN ISLANDS. Randy, ND0C, will be operating from St. Thomas as NP2/ND0C from May 3-7th. He informs OPDX that he will be using SSB on 15 and 20 meters in his "spare-time". QSL to his home callsign with SASE or SAE and green stamp.

OY, FAROE ISLANDS. Operators Wim/PA2AM, Steve/PA2A, Hans/PAOVHA and Martin/PA2VMA will be on a holiday trip to here between May 29th and June 8th. Look for them to be signing OY/homecall. Activity will be on all bands, CW, SSB, PSK31 and RTTY. QSL all callsigns direct to PA0VHA (QRZ.com). Further information can be found at:

http://www.pi4cc.nl/personal/pa0vha/index.htm

QSL INFO AND NEWS........................

Antonio, EA5RM, S01R Team Leader, informs OPDX that the online log is now available at: http://www.s01r.com
Also a few pictures are available at: http://www.s01r.com/photos/
Antonio states, "In the name of S01R team members I want to thank the Western Sahara people for their support and hospitality. Also, we want to thank all who called us on the bands. See you on the next one."

Dennis, PA7FM, reports that the TY5WP QSLs have arrived from the printer. The first batch of cards will be in the mail in the coming week, and he will try to get them all out ASAP.

VU4AN LOGS. Bernd, DF3CB, Web designer of the DL7DF site, has updated the logs of the DL7DF group (VU4AN/VU3RYB, VU4AN/VU3SIE, VU4AN/VU3NZC, VU4AN/VU3RWN and VU4AN/VU3RYG), and you can see them at:

http://www.dl7df.com/vu4/log.php

SPECIAL EVENT. This week the Museum of the History of Science in Oxford will be opening an exhibition on the Wireless World; Marconi and the Making of Radio. Members of the Oxford and District Amateur Radio Society (ODARS) will be running the special event station GB4MHS during the opening hours of 12 noon to 4pm BST, on April 25-29th, to celebrate the opening of the exhibition. Activity will be on 80/40/20/2 meters. QSL Manager information was not provided, please listen to operator's instructions. During the opening of this exhibition the grandson of Guglielmo Marconi and Princess Elettra, Marconi's daughter, are expected to attend. Also, a 6 month festival of radio events at the museum are to follow after the opening. Details are available at: http://www.mhs.ox.ac.uk/

SPECIAL EVENT. There will be a total of 36 different special event stations "ON AIR" during the "2006 Football World Cup" championship in Germany. The HAM radio activity will start May 13th and will last until July 16th. Activities are planned for on all bands and modes. Look for 26 special district stations (DQ2006A to DQ2006Z) and 12 special stadium stations (DR2006B, DR2006C, etc.) with the special DOK "WFC06" to be on the air. Stations will be operated by different operators, including some YLs using the special prefix/callsign DR2006J, from several places within their state. All QSLs will be sent automatically via the DARC QSL Bureau. The QSL Manager for direct cards is DF4ZL. Please enclose 2 USD and 1 SAE. A special football award is available, too. The Deutsche Amateur Radio

Club (DARC) is sponsoring this award. Both licensed amateur radio operators and short wave listeners (SWLs) can apply for this reward. Participants may apply for three awards (Bronze, Silver & Gold). For details, visit:
http://www.amateurradio2006.de/diplomausschreibung_eng.html

TP, FRANCE. Francis, F6FQK, TP2CE Station's Director, informs OPDX that to commemorate the 20th anniversary of the creation of the Council of Europe Radio Amateur Club (TP2CE), special activity will take place between June 16-18th, using the callsign TP20CE. QSL via F5LGF. Also, during this special occasion, a little contest will take place: "Council of Europe Radio Club 20th Anniversary Challenge". More details and rules are available (6 languages) at: http://ewwa.free.fr
Visit the Council of Europe Radio Amateur Club (CERAC) Web site at:
http://www.coe.int/t/e/tp2ce

VU4, ANDAMAN ISLANDS. There was plently of activity from this island over the past week, but it is all coming to an end at 1830z April 25th. OPDX hopes that anyone who needed this for a new entity was able to work it. Remember, there are several awards available for working the VU4AN stations. Details are available at: http://www.niar.org/hamfest/awards.html

VP2, MONTSERRAT. Graham, M0AEP, will be active as VP2MDD from July 1-14th. Activity will be on 80-6 meters, SSB and CW, using 200 watts plus a windom antenna. His main focus will be on 6 meter SSB and CW with 350 watts plus a 5 element yagi. QSL via M0ARP (QRZ.com).

YX0, AVES ISLAND (On The Air, But With Sad News!). The Aves Island DXpedition came on the air April 20th and is expected to be active until about May 1st. However, the DXpedition group had an incident on the island. Jose "Joe" Manuel Valdes Rodriguez, YV5LIX, one of the operators, suffered a heart attack, and the two physicians with the DXpedition team were unable to resuscitate him. Jose's death, at around 0400z, occurred shortly after the YX0A DXpedition got under way. The Aves Island DXpedition reportedly has obtained permission to use the memorial callsign YX0LIX until the DXpedition ends. The Mexican Navy sent back the ship's helipcopter and picked up Ramon, YV5EED, one of the medical doctors with the operation and the body of Jose, YV5LIX. Ramon will be taking Jose's body back to Caracas. Meanwhile, Esteban, W4DTA/YV5DTA, reports that the process of uploading the logs to the DXpedition's Web site (http://www.yv0.info/) is trying to take place. However, please be aware that the online logs will all be under the YX0A callsign for the moment. The switch to the YX0LIX callsign did not happen until after 11:00 pm EDT Thursday (0300z Friday). Once the team is back on Caracas, the online log will be corrected to show the QSOs with the respective callsigns (either YX0A and/or YX0LIX). The DXpedition team is doing very well and is very active, even though they are still in shock as we might all expect. However, they want to ensure everyone that they are doing their best to make sure you get in the log. Lastly, OPDX and its readers would like to sent out our deepest sympathy to Jose's family and friends.

ZV4/ZW4/ZZ4, BRAZIL (Special Callsigns). Rony, PS7AB, informs OPDX readers to look for the following special callsigns:

ZV4KL and ZZ4W during the Manchester Mineira CW Contest (May 20-21st).
QSL via PY4KL. More information via: cwjf@powerline.com.br

ZW4FEN will be active during the "FIRST FAIR OF RADIOAMADORISMO Of BRAZIL"
(FENARCOM), July 14-16th. Activity will be on all modes and bands.
QSL via PY2QI. More information via: erwin@fenarcom.com.br

That assfucker is too stoopid to use a spell check, mainly cuz -that- is
his bait. Just ignore the fucktard, and his nym shifts.

He sucks used cock.

I have worked SO1R on 40, 30 and 15 CW.  But have missed him on 20CW.
Notice on the Clusters NO LISTINGS for him on 20CW.  Anyone know what's up?

Dan:

I worked S01R on 20m CW, and have heard him there and seen him
spotted there many times. There are a couple of hundred spots for
him on 20 CW from 4/11 through 4/14, although none after 4/14
at 0202Z (as confirmed through search on DX Summit).

You've typed his call incorrectly below - it is 'S01R' (S-Zero-One-R)
not 'SO1R' (S-Oh-One-R). Try searching with the correct call?

73, Jeff K8ND

K1MAN/AARA/IARN WILL NOT PAY $21,000 FCC FINE - DEMANDS JURY TRIAL

1. The FCC has declined to provide a requested hearing, and the Fifth Amendment to the United States Constitution requires a hearing and due process of law before they can collect a dime much less the "ORDERED" "fine" of $21,000. Even a traffic ticket gets a hearing, right?

2. Therefore, the next step for the FCC, by statute, is to now sue K1MAN for the claimed $21,000 in Federal District Court in Bangor, Maine where K1MAN would demand a trial by jury (trial de novo), subpoena witnesses (Hollingsworth, Boston Office Engineers, hams, etc.), file motions, etc. The FCC can't even bring such a suit, of course, because the minimum claim in Federal District Court is $50,000.

3. By statute, unresolved forfeiture matters such as above cannot be used in any other FCC proceeding such as K1MAN's pending renewal application.

4. By statute, K1MAN can and will continue to operate until the renewal application is finally decided including all appeals to the D.C. Court of Appeals and the U.S. Supreme Court.

Bottom line is that the FCC is blowing phony legal smoke leading to Hollingsworth's 2006 Dayton "Special Achievement Award" which is not too bad for a guy who was sick on the day they taught law at law school. Wake Forest Law School should refund all of his hard earned money! Good luck in the contest!

73 and GL de K1MAN

I am fully aware of his call, and know how to type it into a search engine
and actually know what a cluster does and how it works. None of which
interests me.

I will tripple check my O and 0 next time to insure I make you happy.

Yes, but not just there. That happens in almost every group. Normally the
target of the criticism will try to improve their typing and spelling, but
not you. You continue to post and type like a friggen retard.

of course it does because folks like you are more interested in other
peoples sex lives than you should be

The k1man legal team had already taken that under
advisement. However, the commission has made an
irrevocable error. Stay tuned.

indeed I shall I happen to think K1MAN was unwise to provoke this fight
having done so I do hope he follows through

Since when, Markie? You've yet to have a sober, coherent thought in
your entire life.

Quit whining about your perverse sexual preferences being ridiculed,
faggot Markie.

> course, because the minimum claim in Federal District Court is
> $50,000.

But they do have the legal right to collect this money or a lot of
folks who have gone before would have tried this approach. It won't

work. Others have paid fines to the FCC for less blatant violations of the rules. Best get a good lawyer and start collecting the money from the change jar, bank accounts, car ash tray etc. Somebody is going to have to come up with $21k. As noted by others, this 50K limit does not apply to this case, but have fun using this defence in court. I can hear it now, "Objection over-ruled! Sit down Mr Baxter!"

A jury trial would be fun to watch, but there would be no doubt about the outcome if Baxter chooses to continue to represent himself. I'm sure a jury of his peers would understand the part 97 rules and how they where broken.

> 3. By statute, unresolved forfeiture matters such as above cannot be
> used in any other FCC proceeding such as K1MAN's pending renewal
> application.

>From my perspective this does not apply in this case any more. The FO pretty much resolves this issue so the FCC *can* use this enforcement issue to deny the pending renewal application, paid or not. However, that need not be the reason used to deny the renewal. I'm sure they have other things they can use to justify a denial if they wanted to. All they need to do is dust off some different violations for which they have collected evidence and voila, application denied. The don't even need a rules violation, just a determination that he would be unfit. Now that's a tough argument.. :)

> 4. By statute, K1MAN can and will continue to operate until the
> renewal application is finally decided including all appeals to the
> D.C. Court of Appeals and the U.S. Supreme Court.

I would not try to operate after the application is denied. Once K1MAN gets the "you no longer have authority to operate" letter from the FCC, he'd best stop. Of course the FCC is well within their rights to keep the application in pending status as long as they choose. The denial may come out today, or may take years. I think it will be sooner rather than later, but I give it a few months yet before they deny the renewal. I'm sure they plan to be totally sure he's not going to pay the fine before they deny the application so any time after the end of the month.

Unless Baxter wants to just loose $21k to help fund the FCC, I would suggest that he contact them through a competent lawyer and seek some sort of settlement terms. Perhaps a life time ban from Part 97 operations, liquidation of all his part 97 capable equipment, promise to not seek a future license while the FCC forgoes the collection of the fines. But hey, it may be to late for even that. I'd bet the FCC has him dead to rights on this fine, he will loose his renewal bid, pay the fine and then who knows what he will do? I'm guessing here, but I'll bet the FCC would agree to him going willingly into part 15 operations and forget the fine under the right conditions.

Based upon is rhetoric it seems that he will be dragged kicking and screaming from his shack and off to jail, while his equipment is confiscated. One can only hope that this is rhetoric and that at some point he will "come to his senses" and give up.

He will pay the fine or cut a deal with the FCC. Either way he *will* eventually loose his license.

> 2. Therefore, the next step for the FCC, by statute, is to now sue
> K1MAN for the claimed $21,000 in Federal District Court in Bangor,
> Maine where K1MAN would demand a trial by jury (trial de novo),
> subpoena witnesses (Hollingsworth, Boston Office Engineers, hams,

> etc.), file motions, etc. The FCC can't even bring such a suit, of course, because the minimum claim in Federal District Court is $50,000.

But they do have the legal right to collect this money or a lot of folks who have gone before would have tried this approach. It won't work. Others have paid fines to the FCC for less blatant violations of the rules. Best get a good lawyer and start collecting the money from the change jar, bank accounts, car ash tray etc. Somebody is going to have to come up with $21k. As noted by others, this 50K limit does not apply to this case, but have fun using this defence in court. I can hear it now, "Objection over-ruled! Sit down Mr Baxter!"

A jury trial would be fun to watch, but there would be no doubt about the outcome if Baxter chooses to continue to represent himself. I'm sure a jury of his peers would understand the part 97 rules and how they where broken.

> 3. By statute, unresolved forfeiture matters such as above cannot be used in any other FCC proceeding such as K1MAN's pending renewal application.

>From my perspective this does not apply in this case any more. The FO pretty much resolves this issue so the FCC *can* use this enforcement issue to deny the pending renewal application, paid or not. However, that need not be the reason used to deny the renewal. I'm sure they have other things they can use to justify a denial if they wanted to. All they need to do is dust off some different violations for which they have collected evidence and voila, application denied. The don't even need a rules violation, just a determination that he would be unfit. Now that's a tough argument.. :)

> 4. By statute, K1MAN can and will continue to operate until the renewal application is finally decided including all appeals to the D.C. Court of Appeals and the U.S. Supreme Court.

I would not try to operate after the application is denied. Once K1MAN gets the "you no longer have authority to operate" letter from the FCC, he'd best stop. Of course the FCC is well within their rights to keep the application in pending status as long as they choose. The denial may come out today, or may take years. I think it will be sooner rather than later, but I give it a few months yet before they deny the renewal. I'm sure they plan to be totally sure he's not going to pay the fine before they deny the application so any time after the end of the month.

Unless Baxter wants to just loose $21k to help fund the FCC, I would suggest that he contact them through a competent lawyer and seek some sort of settlement terms. Perhaps a life time ban from Part 97 operations, liquidation of all his part 97 capable equipment, promise to not seek a future license while the FCC forgoes the collection of the fines. But hey, it may be to late for even that. I'd bet the FCC has him dead to rights on this fine, he will loose his renewal bid, pay the fine and then who knows what he will do? I'm guessing here, but I'll bet the FCC would agree to him going willingly into part 15 operations and forget the fine under the right conditions.

Based upon is rhetoric it seems that he will be dragged kicking and screaming from his shack and off to jail, while his equipment is confiscated. One can only hope that this is rhetoric and that at some point he will "come to his senses" and give up.

```

And how would you justify that position?

Care to have a thinking debate or are you going to continue to post
flames?

Seems to me that a Forfeiture Order is sort of final from the FCC's perspective. Pay up or face the DOJ in court when they attempt to collect the fine.

An you don't think that the FCC will simply renew his license do you?

that is what I would advise themto dosince they are not likely to
collect the money without spending 10 times as much

OTOH the FCC may brazen this out

That is probably true. Other than CB and FRS, etc., unlicensed devices
(typically under Part 15 of the FCC regulations) are only intended for
short-range use, to minimize interference with licensed operation.

That would depend on how bad your breath was.  ;-)

It's also about receiving too.  Bigger antenna is better.

Ohio/Penn DX Bulletin No. 755

The Ohio/Penn DX PacketCluster
DX Bulletin No. 755
BID: $OPDX.755
April 10, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, ARRL Letter, K1XN & GoList, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K5LBU, N5FF, K8YSE, W9VNE, DJ7ZG, DL1EK & The DX News Letter, DL4KQ, F5NQL & UFT, F5UJK, F6AJA & Les Nouvelles DX, HA1AG, HA5X, I1JQJ/IK1ADH & 425 DX News, IZ8AJQ, JI6KVR & JA IOTA News, M3SDE, ON7WW, PA7FM, PY7RP, RU3DNN, SP2FAP, VA3RJ & ICPO, VA4DP and VE3ZZ for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 2nd/April, through Sunday, 9th/April there were 211 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 4J, 4L, 4S, 4U1I, 4X, 5B, 5H, 5N, 5R, 5T, 5V, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9V, 9Y, A2, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GM, GU, GW, H4, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J3, J5, J7, J8, JA, JD/o, JT, JW, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PY0F, PZ, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T30, T5, T7, T9, TA, TF, TG, TI, TK, TR, TT, TY, TZ, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V7, VE, VK, VK9N, VP2E, VP2V, VP8, VP8/g, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD8, ZK1/s, ZK2, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

4Z, ISRAEL. Dov, 4Z4DX, will be active during the CQ WPX CW Contest (May 27-28th) as an All-Band entry. QSL via his information on QRZ.com.

6O, SOMALIA. QSL Manager Dennis, PA7FM, informs OPDX that UN worker (World Food Program - WFP) Michael, PA5M, is on the road again after his 3Y0X participation and is now in Somalia. Activity will be limited to his spare time, and he will be operating as 6OOM using wire antennas and a FT-857 w/100 watts. Most of his activity will be during his local evenings. He was heard this past weekend on 40/20/17 meters CW. It's not known yet when he will leave the country, but it looks like he will be in 6O-land for at least 6 weeks or so (but things may easily change). Send QSLs to PA7FM, who will also provide online logs and photos when available at:
http://www.pa7fm.nl
Logs will probably be updated daily.

6W & J5, SENEGAL AND GUINEA-BISSAU. Peter, HA3AUI, has announced that he has prolonged his stay in Africa and will now be active from both from Senegal (as 6W/HA3AUI) and Guinea-Bissau (as J5UAP) until June 10th. Look for activity on 20/17/15/12/10 meters, SSB, with some possible PSK and RTTY. He was heard this past week from J5-land on 20 meters RTTY. QSL via his home callsign direct only.

8Q, MALDIVES (Correction/Update). Simon, M0BOX, is now active as 8Q7BO from the Kuredu Island Resort (AS-013 -- not AS-018 as mentioned last week..), now through April 20th. He was heard on PSK Sunday on 15 meters around 1023z. Look for activity during his spare time on all bands 40-10 meters, the WARC bands included. Simon will concentrate on the digital modes, mainly PSK31 plus RTTY and maybe SSTV if requested, and of course SSB. Further information and updates can be found at:
http://www.btinternet.com/~m0box/

C9, MOZAMBIQUE (Update/Still Looking For Ops!). Frosty, K5LBU/C91CF, announced that they now have one CW and one SSB operator signed on for the Dxpedition to Mozambique this June-July. They will be there and on the air from June 29th to July 13th. He states that they would like to have at least 2 more operators join them. They plan to be in the IARU Contest. They will also operate on EME on 6-2m and 70cm and plan to do PSK and RTTY in their spare time. They hope to have 2 statons set up but need 2 more CW and one more SSB operator to make it worth their effort to do both. Check out the Web site to see the location they will be staying at: http://www.tdxs.net/C9.html
Frosty will be in Visalia for the International DX Convention if you would like to talk to him. Or you can call him at home at 281-437-1978 after 5 PM DST.

FO, FRENCH POLYNESIA (Also FO/A and FO/M). Yves, F6CTL, will be in French Polynesia and some of its islands from June 18th to July 18th. He plans to activate the following islands (no specific dates announced):

FO/M: Hiva Hoa, Marquesas (OC0-027)
FO/A: Rurutu, Australes (OC-050)
FO: Tahiti (OC-046), Moorea (OC-046), Huahine (OC-067), Fakarava and Tuamotu (OC-066), Mangareva and Gambier (OC-063).

His activity will be active on SSB, with some CW, with an IC-706 MK2G, vertical antenna for 40-10 meters and dipoles.

HA, HUNGARY (Special Activity). Since March 29th (2006), the Hungarian amateurs can use 50-52 MHz. To celebrate the long-awaited legalization of that band, the special callsign HA50MHZ will be aired by Chris, HA5X, through December 31, 2006. Look for this special callsign on CW/SSB and the digital modes. A short-term award is also in preparation, so work as many HA/HG stations on 6m as you can. QSLs for HA50MHZ are via HA5X, the LoTW or eQSL.

HH, HAITI. Operator Glauber, PS7EB, will be active as HH/PS7EB between May 19th and November 25th. Glauber works for the Brazilian Army and has joined a group of Brazilian Military Forces that will work together with ONU on a peace program in Haiti. He will use an IC-746 PRO and a vertical multi-bander antenna and hopes to be active on both modes CW/SSB and also the digital modes. QSL via PS7EB, direct (QRZ.com) or by the Bureau. For direct QSLs, please enclose SASE + 1 USD (or 1 IRC).

IOTA NEWS............................

AS-036. Operators Nakayama/JA1KJW, Shoji/JJ1JGI, Noboru/JH1VVW and possibly others plan to be active as homecall/6 from Tsushima Island (JIIA AS-036-022), JA6 Nagasaki Prefecture, April 21-23rd. QSL via their home callsigns. You can go direct or via the bureau.

AS-041. Operators Nakayama/JA1KJW, Shoji/JJ1JGI and Mitsu/7N4AGB plan to be active as homecall/4 from Oki Island (JIIA AS-041-003), JA4 Shimane Prefecture, April 29th to May 8th. QSL via their home callsigns. You can go direct or via the bureau.

AS-117. Look for JA4ZKI/4 and JE6QIG/4 to be active from Oshima Island (JIIA AS-117-108), JA4 Yamaguchi Pref, Hagi City, from May 13-14th. QSL via their home callsign. You can go direct or via the bureau.

EU-011. Keith, G3TTC, will be active as G3TTC/p from the Isles of Scilly, April 30th to May 5th. Look for activity on 80/40/20/15 meters SSB. QSL via his home callsign.

EU-011. Operators Nobby/G0VJG, Ralph/M0MYC, Simon/M3CVN, Richard/G7GLW, Dave/G4BUO, Chris/G0FDZ and possibly others will be active from St. Marys Island, Isles of Scilly, between July 26th and August 2nd. They will also participate in the RSGB IOTA Contest (July 29-30th) using the callsign M8C. They will also use the callsign G3RCV/p on 6 meters (WAB SV91, WW Loc. IN69UW) and G1RCV/p on 2 meters. Outside of the contest look for members of the team to be operating on all bands as homecall/p. QSL M8C, G3RCV/p and G1RCV/p via G4DFI (QRZ.com). QSL others via their home callsigns.

EU-170. Team leader Fredy/DE0MST along with operators Daki/9A2WJ, Boro/9A3KB, Emir/9A6AA, Sven/DF9MV, Mathias/DL5MFL, Fredy's XYL Maria and Sven's XYL Petra plan to be active as 9A0CI and homecall/p from Dugi Otok Island (IOCA CI-018 for the Islands of Croatia Award, CIA-10 for the Croatian Islands Award, ACIA IC-367 for the All Croatian Islands Award, MIA MC-074 for the Mediterranean Islands Award, County ZD), April 14-22nd. They will also be activating the Veli Rat Lighthouse (ARLHS CRO-183, WLH 9A-077, WLOTA LH-2375, WW Loc. JN74JD) at the same time. QSL 9A0CI via DE0MST (100% via bureau), and the others via their home callsign.

NA-029. Gregg, VE3ZZ (ex-PA9ZZ), will be active as VE3ZZ/VY2 from Prince Edward Island, July 26-31st which also includes the July 29-30th IOTA Contest. Activity will be from the PEI DX Lodge superstation, and he will also work the the WARC Bands outside of the contest. QSL direct to VE3ZZ (QRZ.com) or via the VE3 Bureau.

NA-055. Scott/NE1RD and Dave/KZ1O will activate the special event callsign, K1P, from Deer Isle (USI ME-014S, Hancock County, Maine), April 10-17th. Activity is to celebrate Patriots Day. Many do not know that Maine was part of Massachusetts until 1820, and split as part of the Missouri Compromise. Join them from the Maine sea coast celebrating Patriots Day and New England's tradition of the sea, April 10-17th. Look for activity on all bands. QSL via NE1RD (QRZ.com).

OC-042. Rag, LA6FJA, will operate as DU1/KI4KJP from Luzon Island (WLOTA LH-0081), between now and May 1st. Activity will be on 80/40/30/20/17 meters CW, SSB, RTTY and PSK31. QSL via WY4N (QRZ.com).

SA-NEW. CANCELLED! Zoli/HA1AG and Marco/CE6TBN were expected to activate a new IOTA this past weekend, but operations were cancelled due to WX and sea conditions. The island was to be Pupuya Island in the O'Higgins/Maule Island Group of Chile (group E under Chile in the IOTA Directory). The callsign was to be XR4PI. Detailed information about the island can be found at: http://www.hg6n.hu/ha1ag/xr4pi

QSL INFO AND NEWS................

QSL MANAGER CHANGE. Paul, RU3DNN, a member of the R45G Team, informs OPDX that the QSL Manager for R45G is now RK3DZB (was RW6HS earlier). QSL via the bureau or direct to: P.O.Box 159, Zvyozdny Gorodok, 141160, Russia.

UNITED RADIO DX TEAM QSL MANAGEMENT BUREAU. Tim Beaumont, M3SDE, is pleased to introduce a service to help cut costs in QSL posting especially for DXpedition Teams, Holiday Stations, IOTA Stations or just the every day Radio Ham. QSL Management Bureau will provide

several free services (ex. P.O. Box, QSLs...). For details, E-mail Tim at: qslm@btopenworld.com
Read complete press release at:
http://www.southgatearc.org/news/april2006/qsl_service.htm

SPECIAL EVENT. Members of Sala Consilina ARI team will operate from April 15th to May 15th with the special callsign IO8VAT to celebrate the 75 years of the foundation of Vatican Radio. Receive a special QSL card via the bureau from IZ8AJQ or direct from:
ARI, P.O. Box 11, CAP 84036 Sala Consilina (SA), ITALY.

SPECIAL EVENT. Doug, VA7DP, reports that he has obtained permission to use the callsign VA7UNEF, June 5th to July 5th. Activity will be to celebrate the 50th anniversary of the founding of the UN Emergency Force. No other details were available.

SPECIAL EVENT. The ARRL Letter reports that Members of the Titusville and the North Brevard Amateur Radio clubs in Florida will be on the air as special event station N4S now through Saturday, April 15th. Operations will be from the Florida Space Authority facility at the Kennedy Space Center/Cape Canaveral Air Force Station complex. The N4S special event will celebrate the silver anniversary of NASA's successful space shuttle program, which began with the launch of the shuttle Columbia on April 12, 1981. Through contacts with stations around the globe, the special event hopes to increase awareness of the many NASA men and women of space technology and note their accomplishments. A 25th anniversary certificate signed by Florida Lt. Governor Toni Jennings on behalf of the Florida Space Authority is available upon request and an SASE to Carl Zelich, AA4MI, 1720 Old River Tr, Chuluota, FL 32766-8603. Full information is available on the North Brevard ARC Web site at:
http://www.northbrevardradioclub.org/shuttleanniversary.htm

ST, SUDAN. Fernando, ST2BF (ex-D2BB), was heard this past weekend on 20 and 15 meters CW/SSB between 0830-0930z and after 0030z. QSL via W3HNK.

T30, WESTERN KIRIBATI. Members of the Collins Amateur Radio Club are now active as T30CXX from Tarawa. Length of stay is unknown. Operator are Rod/K0DAS and Tom/NY0V. Activity over the past weekend was on 40/30/20/17/15 meters (Some CW and some SSB). QSL via W0CXX.

VK8C, COCOS-KEELING ISLANDS. Bernd, VK2IA, will be active as VK9AA during the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band entry. QSL via DL8YR.

VU4, ANDAMAN ISLANDS (News!).....................

Frank, DL4KQ, announced this past week that he received word that the first VU4 permits have been issued to him and his XYL with more permits to follow. Those who already own VU reciprocal licenses will get their VU4 permits quicker than the other foreign hams. Callsigns will be using a VU4AN prefix indicator. For example Frank will be signing VU4AN followed by his reciprocal callsign: VU4AN/VU3FRK. Other ham callsigns will be like: VU4AN/K3LP. Frank also menitoned that 30m and 6m operations have been confirmed too. The permit is given for the hamfest dates

(3 days) and another extension of 5 days has also been granted.

Charles, K4VUD (VU3CHE and HS0ZCW) has announced that his Andaman Island callsign is VU4AN/VU3CHE.

Babs/DL7AFS and Lot/DJ7ZG will be hitting the airwaves during the Hamfest Event at Port Blair, between April 18-25th. Babs and Lot will be signing VU4AN/VU3SIG and VU4/VU3SID. Activity will be on 80-10 meters on the modes SSB/RTTY/PSK. Lot wants to remind everyone that there will be several stations on the air from VU4, and be sure of the callsign you work. QSL both VU4AN/VU3SIG and VU4AN/VU3SID only via DL7AFS. Visit their Web page at: http:/www.qsl.net/dl7afs

WARD Award 2006 (World Amateur Radio Day 2006 Award). The WARD Award is designed to commemorate the World Amateur Radio Day celebrated by IARU on April 18th each year. It is issued by the MK QTC, Polish Radio Amateur's Journal, with the support of PZK, Polish Amateur Radio Union. The WARD will be granted for at least the following numbers of contacts: either 10 QSOs on the HF bands, or either 5 QSOs on the VHF bands. All contacts must be made between 0000-2400z on April 18th. Send a standard application form (log extract), including the list of QSOs, on or before May 31st to: The Radio Amateur's Journal MK QTC, Suchacz-Zamek - Wielmozy 5b, 82-340 Tolkmicko, Poland. The price of the WARD Award is 6 USDs or 5 Euros. The full colored Award size is: 210 x 297 mm. The WARD Award is also available to SWLs for the same numbers of reports. The WARD Web page is:
http://ward-award.prv.pl/
Amateur Radio: A gateway to information and communication technologies for today's youth.

YB, INDONESIA (Topband). Halim, YB1A, who usually can be found on 40 meters after 1200z, is now active on 160 meters sometime between 1100-1300z and after 2115z. He lives near Jakarta. See a nice picture of him on QRZ.com.

YK, SYRIA. Saad, N5FF, informs OPDX that he has postponed his business trip to the Jordan (JY) and has decided to proceed with his YK trip earlier than planned. He will arrive in Damascus on the evening of April 16th, and should be active again as YK1BA from April 17 through May 5th, returning home to Texas on May 6th. As usual, the purpose of the trip is not a DXpedition, so his operating will be sporadic. However, Saad hopes to be able to operate at least 3-4 hours a day. Saad states, "With the current band conditions, I don't have a solid plan as to what bands I will be operating on. However, I will operate on whatever bands (80-10m) and modes that have the best propagation at the time." He suggests that the most probable operating times are between 0100-0400z, 1900-2200z and possibly 1100-1400z. Modes of operations will be on SSB and CW, but he will do his best to work as much RTTY as possible also. QSL via N5FF.

YO, ROMANIA. Laurent, F4DZG, new French ham, will be active as YO/F4DZG at Brasov, Romania, May 26th to June 12th. This is a family and tourist visit. He will operate on SSB on 14120 during his mornings and late afternoons with a TS-50 and G5RV half-size antenna. He will also be accompanied by some Romanian operators. When he departs, some material/equipment will be left at David's, YO6FNF. QSL via F4DZG, by the bureau is OK or direct via QRZ.com. Laurent will go back to Romania in October, and this time he will try to help the ham community of Brasov (YO6KXP and YO6KYZ).

YX0, AVES ISLAND (Update). Members of the Association of Radioamateurs of Venezuela (ARV) and the Grupo DX Caracas (GDXC) will activate Aves Island (Isla de Aves), on April 19th for two weeks (if everything goes as planned, no promises here because they depend on the Venezuelan NAVY for transportation and the landing permit). See details in OPDX.753. Jose (Joe), YV5LIX, announced this past week that he will be the DXpedition's digital modes coordinator for the YX0A operation. Modes will be RTTY, PSK31 and PSK63. A special emphasis will be on PSK63 and PSK31 on 30 meters, the proposed operating frequencies are:

Band	RTTY	PSK	
160	none	none	
80	3570	3580	Listening up
40	none	none	
30	10137	10140	Listening up
20	14085	14071	Listening up +/- Pactor QRM
17	18100	18100	Listening down because NCDXF beacons on 18110 kHz
15	21085	21071	Listening up
12	24920	24920	Listening down because NCDXF beacons on 24930 kHz
10	29580	28071	Listening up

The bands where most of their activity will be on is 80, 30 and 20 meters. The other bands, 17, 15, 12 and 10 meters are secondary and are subject to propagation. There are no digital operations planned for 160 and 40 meters. Because they are limited to 14 operators by the NAVY, the DXpedition team plans to be active on all bands on CW/SSB. Joe, YV5LIX, is basically the only digital modes operator available and can't be active full-time on the digital modes, so please be patient during the beginning of the operation. Joe is reserving a few days at the end of the DXpedition for the digital modes, so during the first week or so they will be only on SSB and CW. For more details and updates, visit the YX0A Web page at:

http://www.yv0.info/

No wonder you are just a no code tech, Markie. Your ignorance of radio
propagation was just shown in that idiotic statement.

```

As usual, Lardass, you fucked it up. You can't photoshop worth a shit.
But then you can't do anything worth a shit, you are worthless.

How about this picture, it's the one you love so well, now gobble up,
fatty:
http://h1.ripway.com/lloyddaviessux/lloyd_makes_woger_sounds.jpg

It shows you look like a 75 year old man since you lost your hair
before you were 21!
http://h1.ripway.com/lloyddaviessux/lloyd_jams_finger_up_his_ass.jpg

Search the Yahoo groups for forums
http://groups.yahoo.com/search?query=qsl&submit=Search

Meantime try AC6V's pages URL:
http://ac6v.com/callbooks.htm

Particularly Pathfinder and about 15 more QSL sites
http://ac6v.com/callbooks.htm#DXM

Also see DX Callbooks online
http://ac6v.com/callbooks.htm#DXC

You should really try to stay out of the threads where you haven't got a
clue about the subject everyone is talking about. Basically for you, that
would mean any thread related to radio. Then you won't get laughed at as
much. Of course, they're all still going to laugh at your spelling and
grammer, but there is nothing you can do about that.

Happy to Help.

SC

You amuse us, Markie, you are the newsgroup's fool. Nice admission you
are losing your hair, too.

> it proves however that (wait for it)

It proves that we can go to his webpage and see pictures of his yellow
ragged out shitbox.
